Christmas
GIFT CATALOGUE

“People will come from east and west and north and south, and **will take their places at the feast in the kingdom of God**” Luke 13:29 NIV

In the gospels, we see Jesus frequently sharing meals with others. Whether it was dining with sinners and tax collectors, feeding the 5,000, or the Last Supper, Jesus regularly taught and built relationships with people over a meal. Following His example, OM workers create such opportunities for people to come together, share a meal and experience the transformative power of fellowship. Conversations flow naturally around a table and we often find that a shared meal can lead to topics of a heavenly nature.

As we prepare for our Christmas celebrations, our schedules are filled with invites both sent and received. We are blessed to live in a world where we have the freedom to celebrate our Lord’s nativity and much more: we have also been invited to come together and feast at our Master’s table.

Would you give generously this Christmas to help us send out as many invites as we can across the globe? Over two billion (28 per cent) of the world’s population know nothing of this invitation nor have ever heard the Good News. By coming and working together we are able to share more invitations to this Kingdom feast.

Your financial gift to support the work of OM in Canada and around the world allows us to accelerate our core ministry: to proclaim and demonstrate the life, love, and hope of our Lord Jesus Christ for the least reached.

Inviting you to help us send out many more “invites”,
