DHWANI

Express Yourself

Vol. 5

Foreword

It gives us great pleasure to bring you the fifth edition of DHWANI, the college magazine. The journey of the magazine from its concept to materialization would not have been possible without the collective initiative taken by the faculty and students in terms of creativity, diligence and patience. The college magazine is a space for students to express their ideas, imagination, creativity, thoughts and feelings.

We would like to place on record our gratitude and heartfelt thanks to all those who have contributed to make this effort a success. Our sincere thanks to the management for giving support and encouragement in this endeavour. We are thankful to all the teachers and students who have sent their literary and art works. We truly hope that the pages that follow will make an interesting read.

Vision and Mission

Vision:

Holistic development of the students with sound values and discipline under best care possible.

Mission:

Equipping students with academic and life skills to enable them to navigate through life successfully.

REVA Anthem Meaning

Stanza 1 :

O Mother, knowledge personified,
I bow to you,
the one without boundaries, rich and deep
O Mother of knowledge I am your servant... I am your servant

Stanza 2 :

Supervision on observation, introspective exploration of the mind,
awe-inspiring work
O Mother of knowledge I am your servant... I am your servant

Stanza 3 :

You are the one, who lights up our minds
By removing the darkness of ignorance
You are the global persona and eternal.
O mother, you spread knowledge in various dimensions through REVA
I surrender myself at your feet
O Mother of knowledge I am your servant... I am your servant

From The Chancellor's Desk

Dear Readers,

Welcome to the fifth edition of 'Dhwani', our student magazine published by the REVA Independent PU College.

At REVA Group of Institutions, the founding principle is 'Knowledge is Power', and in tandem with this, the RIPU College is embarking on a new journey to disseminate information, create awareness, and empower readers through 'Dhwani'.

I congratulate the team on this journey and wish them many successes in their mission.

REVA Group of Institutions is in constant pursuit of academic excellence and strong proponents for the holistic development of students. Our pedagogy is integrated with life skills, value-based education, and academic innovations in our vision to provide holistic education to all.

I am hopeful in the forthcoming editions of 'Dhwani', the team will shed light on the key initiatives undertaken by REVA Group of Institutions and share our achievements and accomplishments with the rest of the world.

I am certain our success stories will inspire each one of you, and motivate you to aspire for excellence.

'Dhwani' not only disseminates information, but through the articles ensure that every reader gains the confidence to adapt to innovations, lead entrepreneurial journeys, and be a guide for academic references.

I look forward to reading more editions of 'Dhwani' in the years to come.

Best wishes to the team!

Dr. P. Shyama Raju

Chairman,
REVA Group of Educational Institutions

Principal's Message

REVA independent PU College brings out the college Magazine “Dhwani” to showcase the talents of young minds and is a true reflection of college ‘VISION’ to transform an individual holistically.

RIPU primarily intends to nurture the shelved potential in students providing an ideal platform to channelize their creative outbursts & lend expression to their thoughts & views on various aspects.

I appreciate every student who shared the joy of participation in co-curricular and extra - curricular activities along with equal commitment to curriculum.

I congratulate the staff and students for presenting their thoughts through various medium of expression. The outgoing batch of 2023-2025 will indeed reach greater heights in their future endeavours. Best wishes & blessings to our dear outgoing students.

Congratulations to the editorial team for their determined efforts in bringing out this magazine. The joy of being a part of a great team by our chairman Dr. P. Shyama Raju keeps us motivated to reach milestones one after another.

Editorial Message

**“Education is not preparation for life;
Education is life itself”.- John Dewey**

Dhwani, a sound, a tone and a channel of expression.

Dhwani, has truly been an exciting and interesting experience giving a platform to all the REVAites to express and share their knowledge by different means. It has been a journey and common dream of the team to put this magazine together. Dhwani is not just a magazine with collection of works, it is a channel to showcase talent and freedom to express individuality. Our team was amazed to see the flair among the students. Their works have truly inspired and motivated us to put our best efforts in bringing out this magazine.

This magazine aims to provide a platform for creativity. It will take you on the journey of REVAites from RIPU. who have attempted to showcase their achievements of REVAites with pride.

Dhwani is intended to be published once a year. We would like to thank everyone who contributed to this magazine. All your support and encouragement will take us a long way.

Faded Bonds

We chose peace over drama
And distance over disrespect
What should we name it as?
Maturity or impulsiveness?
Was it just fate that brought us together
Or were we really destined to?
We only talked about weather and not storms
We talked about waves and not surges
and in the end
Our conversation had lavishness than pertinence

Treading The Unknown

I've been carried away by a huge storm
A storm inside me
I'm searching me in myself
Without any clue or destination
What if it's dark or maybe illumination
Not knowing
I'm stuck in it's waves
But yes , the only thing I know is I swim to find
my own territory

Ocean of Dilemma

Here I stand in a yacht
Looking down I see depths of ocean
My desire to dive and find the unknown stays deep down there
Looking up I see Stars millions of miles away
My desire to touch it
Stays far away
Looking straight to the land I see a kingdom built for me by me
The times ahead will unfold
Will I dive into the ocean
Or
Will I look up with a spark
Or
Will I let my yacht move forward to the land

The Illusions of Reality: Poornachandra Tejaswi

Poornachandra Tejaswi, a name that resonates with literary brilliance, is an intriguing paradox. While his words weave intricate tapestries of imagination, his physical absence casts a long shadow. This dichotomy, a stark contrast between the tangible and the intangible, has often made me ponder the nature of his existence. Tejaswi's works, with their surreal landscapes, enigmatic characters, and profound philosophical musings, transport readers to realms beyond the ordinary. His stories, imbued with a dreamlike quality, blur the lines between reality and illusion, inviting us to question the very nature of existence. Yet, as I delve deeper into his literary universe, I am struck by the ephemeral nature of his presence.

The man himself, a reclusive figure, remains elusive. His writings, though, continue to captivate and inspire. This dissonance between the author and his work creates a curious illusion. Tejaswi, the creator of worlds, seems to exist in a realm beyond our comprehension, a spectral figure haunting the pages of his books. His words, though, are tangible, a testament to his existence. They linger in the mind, echoing long after the final page is turned. Yet, the man who penned them, the man who breathed life into those words, remains an enigma. This paradoxical existence, this interplay between the tangible and the intangible, is perhaps the greatest illusion of all.

Tejaswi's writings often explore the theme of identity. His characters, caught in the labyrinth of their own minds, struggle to define themselves. This mirrors the human condition, our constant quest for self-understanding. In a sense, Tejaswi himself becomes a character in his own literary narrative, an enigmatic figure whose identity is perpetually shifting.

The illusion of Tejaswi's existence is further compounded by the passage of time. As years pass, his physical presence fades, but his literary legacy endures. His words, once confined to the pages of books, now transcend physical boundaries, reaching a global audience. This timeless quality, this ability to transcend the limitations of time and space, is perhaps the ultimate illusion of all. Tejaswi's writings often delve into the nature of reality. He questions the very foundations of our perceptions, inviting us to look beyond the surface. This philosophical inquiry, this constant questioning of the nature of existence, is a hallmark of his work. In a sense, Tejaswi himself becomes a philosopher, a seeker of truth. Yet, as we delve deeper into his philosophical musings, we are confronted with the paradox of his own existence. Is he a mere mortal, bound by the limitations of time and space? Or is he something more, a transcendent being, a timeless spirit?

The answer, it seems, lies in the realm of illusion. Tejaswi, the man, the myth, the legend, exists in a liminal space, a place where the real and the unreal converge. His words, though tangible, are also ephemeral, a fleeting glimpse into a world beyond our comprehension. As I contemplate the nature of Tejaswi's existence, I am reminded of the illusory nature of reality itself. The world we perceive, the reality we inhabit, is a mere projection of our minds. It is a fleeting illusion, a dream from which we will eventually awaken. In the end, Tejaswi's legacy is not merely a collection of books, but a challenge to our perceptions. He invites us to question the nature of reality, to explore the depths of our own minds, and to embrace the mystery of existence. And in doing so, he becomes more than just an author, more than just a man. He becomes an illusion, a phantom, a ghost in the machine.

If At All 'LOVE' was Love

If at all Love was explainable,
If at all Love did not bribe me,
If at all Love would be something I had,
I'd love to have it.

Every dot of ink is a dreamish bead,
And every tear of mine is my own deed,
But never did I want anything so,
If at all Love was mine,
I'd have it tho.

So silly of my heart, it has been waiting to define,
But I know Love has no definition, and it's fine,
Still, I never told the heart of mine,
That it shall be waiting forever,
If at all Love was care,
I would have never shed a tear.

How do I break these dreamish beads of mine?
How do I stop writing? How do I go blind?
How do I stay a bit naive; how do I not look behind?
And what has Love done to my soul,
I would have never felt so helpless
If at all Love was kind.

And I Love You, that's all I know,
My Pretty Light, My Shining Soul,
Nothing would I want from this world around,
Having You for me,
That's my only goal.

The Present, The Past & The Future of Civilization

The ancient mind moves towards progress i.e. civilization
The progress faces the process of mind i.e. civilization
The process of mind acts contemporarily i.e. civilization
The contemporary takes on temporary takes for the sake of civilization
The temporality takes on temporary takes for the sake of civilization
The contemporary condemns the fallacy of civilization,
The fallacy of mind negotiates the infallibility of civilization.
But the infallibility of the human mind strives for civilization
with the ancient, contemporary and prospects of civilization
meets the ultimatum i.e. civilization

Strangers to Friends

The way we become friends is an unknown tale
Maybe it was simple “hi” or “which class we belong to” or laughing at something
incredibly stupid.

Years of memories we made, promises we tried to keep
To always be friends and be there for each other
The punishments we went through together for our pranks
and jokes in the classroom.
Years of being there for each other all come to a standing halt on the one
Faithful chapter of farewell to mark the end of
not only the friendships formed but also the years of memories
built with the innocent mind and heart.

We promised we will meet every month and
Tried to convince ourselves that they are still in our lives.

Ants Revelations

Ant wakes from its slumber
Adores his family, and to build a beautiful mud structure,
He heads to do wonders
As his first day, he expects to be taught
But learns nothing but drought

He arrives the following day and finds his allies
Expecting to learn together,
But finds his allies so ahead it'd take forever.
How? To perfect they utilised the night,
The same time he spends with his family,
That's right!

To succeed he works hard,
The greater he works, the harder he falls to his yard
His children do not love him and so does his wife,
He wonders whether all this is worth it. This life?
He feels dead, worse than the Bubonic plague,
Life feels so meaningless, so vague

Eventually succumbs to his fears,
Hits the bucket and leaves naught but his children's tears.
Such is the story of many around,
Why must they suffer? For misery is all that surrounds.

You, Me & My Dreams

How dreamish was I,
To wait for my heart to define,
What could I have been?
And what wouldn't have I

How lovely of you,
To make my dreams alive,
Whatever I wished for,
You gave it a life.

For when I had wished for a smile,
I saw you, walking at a mile,
For when I wished for warmth,
I could feel you in my sleep,
Which would make me cry?

And when I wished,
That once, for once, I could hold you in my arms
For once, I could feel what the world can't provide
For once, I could keep my head on your shoulders and shed a tear,
For once, you could hold my face, and look into my eyes, and tell me, that even
If the world is against me, tell me that
'WE' can survive.

But I know, for a fact
That I am dreamish,
And I know, that you, you are not, what I can have

But still
I shall dream
And wait for my heart to define,
That, what could I have been
And what wouldn't have I

A Wish for Life

A life which is for me
And I should be the key

There is a lot of pain
I hope, I will get the gain

I wish for sky
I wish for clouds
I wish for rain
Only for me.

I have the hope
Which will be a rope?
To claim my goal
Even though ready to roll

I have a family
Which helps me?
I will be never down
Until I get the crown

Lost in Love's Wake

Deaf in a cocophony,
Lost in an agony
All I asked for is a mate
All I can rely on now is fate.

I could sleep well back in those nights
Because you were my guiding light
I died for your single sight
Because you were the only bright
Source to those dark nights.

You were the blood to my heart
Perhaps the finest art
I am such a mess,
No less then losing a queen from my chess.

Indeed, I'll wait
Ergo you are my soul mate
For love simply bends,
I'll wait until it mends
I always hear your sound,
My life's now just a merry go round
All promises once made, lost in the mist
Faded like colours, too hard to resist.

From Confidence to Courage

Once, I was the brightest ray,
The loudest voice that shined in the room.
Childhood so merry, filled with laughter and fun,
Unknowing what a new blue could do to me.....

Changed schools, noisy kids,
But nothing that felt familiar to feel eased.
Become a kinder soul, become a kid without a voice,
Always tried to fit in, but always felt dismayed and heart broken.

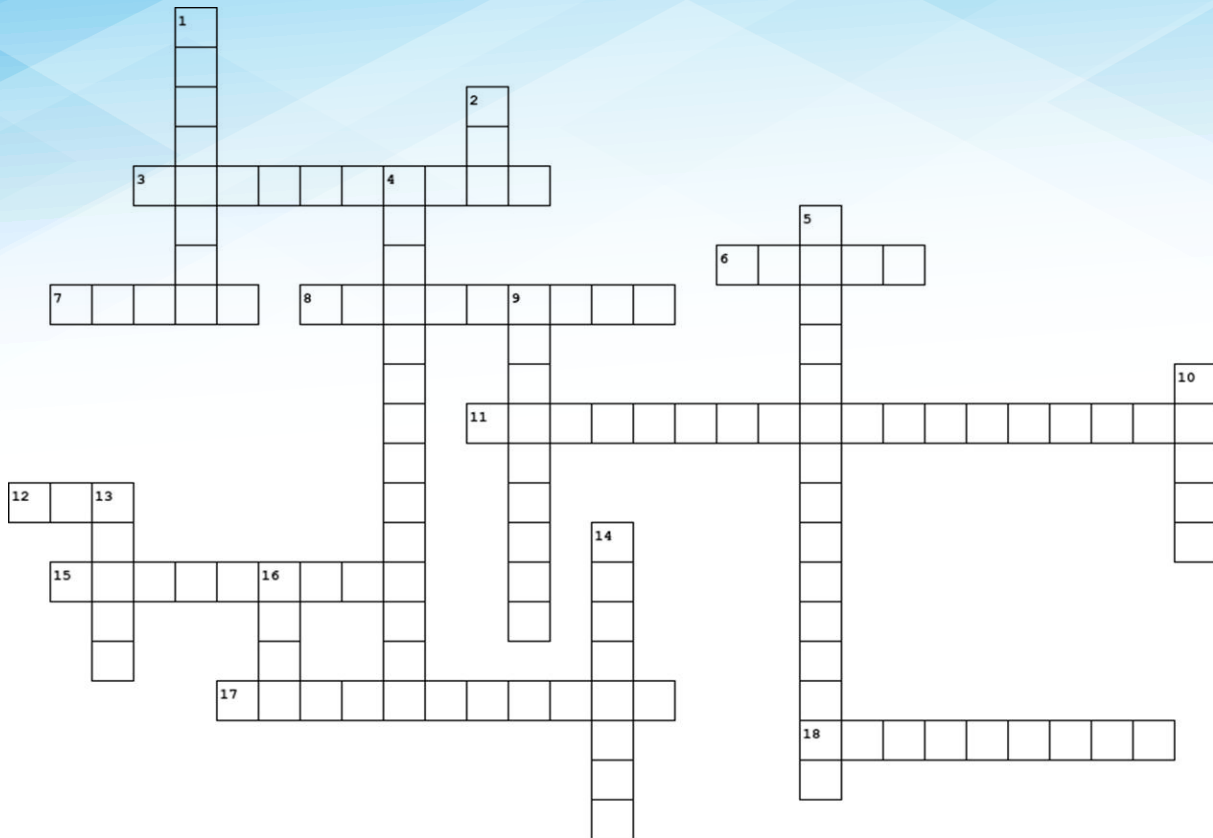

Later, a light sparked in me,
My heart had enough, my brain had suffered enough
Both agreed with each other
To start a new story.

Now, I stand in the college halls
Bravely facing my best
Though sometimes, I go back to old unconfident one,
My soul says only one line" This is your turn, show your fears that you are stronger
than them"

L'amour des aventures

La vie est une aventure, et l'amour en est souvent le fil conducteur. Partir à la découverte du monde, c'est aussi se découvrir soi-même et ceux qui partagent notre chemin.

Une randonnée dans la nature, un voyage dans une ville inconnue, ou simplement une promenade au clair de lune peuvent créer des souvenirs inoubliables. L'amour donne à ces moments une profondeur unique, transformant chaque instant en une histoire à raconter.

Alors, ose vivre, ose aimer, et fais de chaque aventure un chapitre mémorable de ta vie.

ಕನ್ನಡ ಬೆಳೆಸೋದಿರಲಿ ಮೊದಲು ಬಳಸಿ

ಕನ್ನಡ ಅನ್ನೋ ಈ ಮೂರು ಅಕ್ಷರದ ಪದ ಬರಿ ಒಂದು ಭಾಷೆಯಲ್ಲ, ಇದು ನಮ್ಮ ಪರಂಪರೆ, ನಮ್ಮ ಹಿರಿಮೆ, ನಮ್ಮ ಗೌರವ , ನಮ್ಮ ಹೆಮ್ಮೆ ; ಹೇಳಲು ಪದಗಳೇ ಸಾಲದು. ಕನ್ನಡ ಭಾಷೆಯ ಇತಿಹಾಸ ಸಾವಿರಾರು ವರ್ಷ ಹಳೆಯದ್ದು . ಇದನ್ನು ತಿಳಿಯಲು ಎಷ್ಟು ದಿನವಿದ್ದರೂ ಸಾಲದು. ಮನುಷ್ಯರ ನಡುವೆ ಭಾವನೆಗಳನ್ನು ಹಂಚಿಕೊಂಡು ಅಪರಿಚಿತರನ್ನು

ಸಂಬಂಧಿಕರಂತೆ ಮಾಡಿಬಿಡುವ ಶಕ್ತಿ ಕನ್ನಡಕ್ಕಿದೆ. ಕನ್ನಡ ಭಾಷೆಯಿಂದ ಆಂಟಿ ಭಾಷೆಯವರು [ಆಂಗ್ಲ ಭಾಷೆ] ಎಷ್ಟೇ ಲೂಟಿ ಮಾಡಿದರು ಕಡಿಮೆಯಾಗದಷ್ಟು ಸಂಪತ್ತು ನಮ್ಮ ಕನ್ನಡ ಭಾಷೆಗಿದೆ. ಆದರೆ ಈಗಿನ ಯುವ ಪೀಳಿಗೆಯವರು ಈ ಆಂಟಿ ಭಾಷೆಯಿಂದ ಸಮ್ಮೋಹಿತರಾಗಿ ಕನ್ನಡ ಮಾತಾಡುವುದನ್ನು ಮರೆಯುತ್ತಿದ್ದಾರೆ. ಕೆಲವು ಮಹಾಶಯರಿಗಂತೂ ಕನ್ನಡ ಮಾತನಾಡುವುದು ಅವಮಾನವಂತೆ , ಕನ್ನಡ ಮಾತನಾಡುವುದರಿಂದ ಅದು ಎಂತದೋ ಅವರ ಆತ್ಮ ಗೌರವಕ್ಕೆ ದಕ್ಕ ತರುತ್ತದಂತೆ , ನನಗಂತೂ ಗೊತ್ತಿಲ್ಲ ಅದು ಎಂತಹ ಆತ್ಮ ಗೌರವ ಎಂದು ಇನ್ನೂ ತಳಕು ಬಳಕಾಗಿ ಆಂಟಿ ಭಾಷೆಯನ್ನು ಮಾತಾಡುವ ಸೊ ಕಾಲ್ಡ್ ಕನ್ನಡಿಗರು ಕನ್ನಡವೇ ಗೊತ್ತಿಲ್ಲದಂತೆ ನಟಿಸುತ್ತಾರೆ . ಆದರೆ ಏನು ಮಾಡೋಕಾಗುತ್ತದೆ ನಾವು ಅಸಹಾಯಕರಾಗಿ ಬಿಟ್ಟಿದ್ದೇವೆ. ಕನ್ನಡ ಮಾತನಾಡುವವರನ್ನು ಹುಡುಕಿ ಕನ್ನಡಿಗರೆಂದು ಗುರುತಿಸಬೇಕಾಗಿದೆ. ಈ ತೊಂದರೆ ಹಳ್ಳಿಗಳಲ್ಲಿ ಇಲ್ಲವೇ ಇಲ್ಲ ಬಿಡಿ, ಈ ತೊಂದರೆ ಕಾಣುವುದು ಬರಿ ಬೆಂಗಳೂರಿನಂತಹ ಜನರ ಕಾಡಿನಲ್ಲಿ ಕನ್ನಡಿಗರು ಎಂದು ಅನಿಸಿಕೊಂಡವರು ಇಲ್ಲಿ ಬೇಕಾದಷ್ಟು ಜನ ಸಿಗುತ್ತಾರೆ ಆದರೆ ಕನ್ನಡ ಮಾತನಾಡುವವರನ್ನು ಆಕಾಶದಲ್ಲಿ ಗುಬ್ಬಿಚ್ಚಿಗಳನ್ನು ಹುಡುಕಿದ ಹಾಗೆ ಹುಡುಕ ಬೇಕಾಗಿದೆ. ಬೆಂಗಳೂರಿನ ಸಾರ್ವಜನಿಕ ಸ್ಥಳಗಳಲ್ಲಿ ಯಾರನ್ನಾದರೂ ಮಾತನಾಡಿಸಬೇಕೆಂದರೆ "Do You Know Kannada" ಅಥವಾ ' क्या आप कन्नड़ जानते है ' ಎಂದು ಕೇಳಿ ಮಾತನಾಡಬೇಕಾಗಿದೆ. ಇಷ್ಟು ಹದಗೆಟ್ಟಿದೆ ನಮ್ಮ ಪರಿಸ್ಥಿತಿ ಇದು ಬಿಡಿ ಯಾವುದಾದರೂ ಅಂಗಡಿಗೆ ಹೋದರೆ ಸುಮ್ಮನೆ ನೋಡಲು ' ಕನ್ನಡದಲ್ಲಿ ವ್ಯವಹರಿಸಿ ' ಎಂದು ಸೂಚನಾಫಲಕ ಆದರೆ ಅಲ್ಲಿ ಕೆಲಸ ಮಾಡುವವರಿಗೆ ಕನ್ನಡ ಬರುವುದಿಲ್ಲ ನಾವು ಕನ್ನಡ ಬಿಟ್ಟು ಬೇರೆ ಭಾಷೆಯಲ್ಲಿ ವ್ಯವಹರಿಸಬೇಕೆ? ಆಂಗ್ಲ ಭಾಷೆ ಬೇಕು, ಎಷ್ಟು ಬೇಕೋ ಅಷ್ಟರಲ್ಲಿ ಇರಬೇಕು , ಇಲ್ಲವಾದರೆ ಅತಿಯಾಗಿ ಅಮ್ಮತವು ವಿಷವಾಗುತ್ತದೆ. ಆಂಗ್ಲ ಭಾಷೆಯನ್ನು ದಾರಿಯಲ್ಲಿ ಚಲಿಸುವ ವಾಹನದಂತೆ ಬಳಸಬೇಕೆ ಹೊರತು ಅದನ್ನೇ ದಾರಿಯಾಗಿ ಮಾಡಿಕೊಳ್ಳಬಾರದು. ಬೇರೆ ಯಾವ ಭಾಷೆಯವರು ನಮ್ಮ ಹಾಗೆ ನಮ್ಮ ಭಾಷೆ ಉಳಿಸಿ, ಬಳಸಿ ' ಎಂದು ಕೂಗಾಡುವುದಿಲ್ಲ . ಏಕೆಂದರೆ ಅವರ ಭಾಷೆಯ ಬಗ್ಗೆ ಅವರಿಗೆ ಗೌರವವಿದೆ ತಮ್ಮ ಭಾಷೆಯಲ್ಲೇ ಮಾತನಾಡುತ್ತ ಬೇರೆಯವರಿಗೂ ಕಲಿಸುತ್ತಾ ಬಂದಿದ್ದಾರೆ. ಆದರೆ ನಾವು ಬುದ್ಧಿಹೀನರು ಆಂಟಿ ಭಾಷೆಯಿಂದ ವಶೀಕರಣಗೊಂಡು ನಮ್ಮ ಭಾಷೆಯನ್ನೇ ಮರೆಯುತ್ತಿದ್ದೇವೆ. ಈ ತಪ್ಪನ್ನು ಇಲ್ಲಿಗೆ ನಿಲ್ಲಿಸಿ ಎಚ್ಚೆತ್ತುಕೊಳ್ಳೋಣ. ಜಗತ್ತಿನಲ್ಲಿ ಅತಿ ಹೆಚ್ಚು ಮಂದಿ ಮಾತನಾಡುವ ಭಾಷೆ ಎಂಬ ನೆಲೆಯಲ್ಲಿ 29ನೇ ಸ್ಥಾನ ಕನ್ನಡಕ್ಕಿದೆ ಆದರೆ ನಾವು ಹೀಗೆ ಮುಂದುವರೆದರೆ ಮುಂದೆ ಈ ಪಟ್ಟಿಯಲ್ಲಿ ನಮ್ಮ ಕನ್ನಡ ಭಾಷೆ ಇಲ್ಲದಿದ್ದರೂ ಸಂಶಯ ಪಡುವಂತಿಲ್ಲ.

ಕನ್ನಡ ಬಳಸಿ ಎಂದು ನಿಮಗೆ ಬೇರೆಯವರು ಹೇಳಬೇಕಾಗಿಲ್ಲ ಅದು ನಿಮ್ಮ ಅಂತರಾಳದಿಂದಲೇ ಹೊರಬರಬೇಕು. ಕನ್ನಡ ಉಳಿಯುವಿಕೆಯ ಕಿರು ಹೆಜ್ಜೆ ನಿಮ್ಮಿಂದಲೇ ಶುರುವಾಗಿ ಎಲ್ಲರಿಗೂ ಹರಡುವಂತಾಗಲಿ. ಬರಿ ಬಾಯಿ ಮಾತಿಗೆ ಕನ್ನಡ - ಕನ್ನಡ ಎಂದು ಹೇಳುವ ನಾವು ನಮ್ಮನ್ನು ಸರಿಪಡಿಸಿಕೊಳ್ಳೋಣ, ಕನ್ನಡವನ್ನೇ ಮಾತನಾಡೋಣ.

ವನಿತೆಯ ಜೀವನ [ನಾರಿಯ ಜೀವನ]

"ಯತ್ರ ನಾರ್ಯಸ್ತು ಪೂಜ್ಯಂತೇ ರಮಂತೇ ತತ್ರ ದೇವತಃ ನಮ್ಮ ಸನಾತನ ಧರ್ಮ ಇಂತಹ ಬಹುತೇಕ ನೀತಿಗಳನ್ನು ಹೇಳಿದರೂ ನಾವು ಅದನ್ನು ಅರಿಯದೆ ಮನುಷ್ಯತ್ವವನ್ನು ಮರೆತು ಬಾಳುತ್ತಿದ್ದೇವೆ. ಒಂದು ಹೆಣ್ಣು ಹುಟ್ಟಿದಳೆಂದು ಬೇಸರಗೊಳ್ಳುವವರು ಒಳ್ಳೆ ಸೊಸೆ ಬೇಕೆಂದು ಆಸೆ ಪಟ್ಟರಂತೆ |" ನಮ್ಮ ದೇಶದಲ್ಲಿ ಹೆಣ್ಣಿನ ಮೇಲೆ ನಡೆಯುತ್ತಿರುವ ಹತ್ಯೆ ಹೆಣ್ಣಿನ ದೇಹದಲ್ಲೇ ಒಂಬತ್ತು ತಿಂಗಳು ಸಂರಕ್ಷಣೆಯಿಂದ ಇದ್ದು ಆ ದೇಹದಿಂದ ಹೊರಬಂದು ಆ ಹೆಣ್ಣಿನಿಂದಲೇ ಕೈ ತುತ್ತು ತಿಂದು, ಅವಳಿಂದಲೇ ಉದ್ಧಾರವಾಗಿ ಕೊನೆಗೆ ಹೇಳುವುದು ಈಗಿನ ಕಾಲದ ಸ್ತ್ರೀಯರು ಸರಿಯಿಲ್ಲವೆಂದು! ಇದೆಲ್ಲಾ ಹೇಳುವುದರ ಮೊದಲು ಅವರು ಸರಿಯಾಗಿದ್ದಾರೆಯೇ ಎಂದು ನೋಡಿಕೊಳ್ಳಬೇಕು. 'ಮುಟ್ಟಾದವರ ಮುಟ್ಟುಬೇಡ ಎಂದು ಕೀಳಾಗಿ ಕಾಣುವ ಮುಠಾಳರ ಹಾಗೆ ಆಡದಿರಿ, ಮೂಢ ನಂಬಿಕೆಯನ್ನು ಮುಂದುವರೆಸುತ್ತಿರುವವರ ಹುಟ್ಟಿನ ಮೂಲ ಗುಟ್ಟನ್ನು ತುಸು ಅರಿಯಿರಿ' ಹೆಣ್ಣಿನ ಮೇಲೆ ನಡೆಯುತ್ತಿರುವ ಹತ್ಯೆಗಳು ಅವಳು ಧರಿಸುವ ಬಟ್ಟೆಯಿಂದಾದರೆ ಇಲ್ಲಿಯವರೆಗೂ ನಡೆದಿರುವುದನ್ನು ಸಂಗ್ರಹಿಸಿ ನೋಡಿ ಒಂದಕ್ಕೊಂದು ಸಂಬಂಧವಿರಲ್ಲ. ೬ ವರ್ಷದ ಬಾಲಕಿಯಿಂದ ೭೫ ವರುಷ ಮುದುಕಿಯ ಬಟ್ಟೆಗಳು ಸಿಗುತ್ತದೆ. ಯಾವಾಗಲೂ ಒಮ್ಮೆ ಸೀತೆಯನ್ನು ಅಪಹರಿಸಿದ್ದಕ್ಕೆ ರಾವಣನನ್ನು ಪ್ರತಿ ವರುಷ ಸುಡುತ್ತಿರುವ ನಾವು ಈಗ ಪ್ರತಿದಿನ ಅದೆಷ್ಟೋ ಹೆಣ್ಣು ಮಕ್ಕಳನ್ನು ಅಪಹರಿಸಿ ಪೀಡಿಸುತ್ತಿರುವುದನ್ನು ತಿಳಿದರೂ ಸಹ ಯಾಕೆ ಸುಮ್ಮನಿರಬೇಕು ?

"ಹೆಣ್ಣು ಒಲಿದರೆ ನಾರಿ, ಮುನಿದರೆ ಮಾರಿ!" ಹೆಣ್ಣನ್ನು ಕಣಕಿ ಕಣ್ಣೀರು ಜಾರದಂತೆ ನೋಡಿಕೊಳ್ಳಬೇಕು ಏಕೆಂದರೆ ಅವಳ ಕಣ್ಣಿನ ಕಪ್ಪು ಕಾಡಿಗೆಯನ್ನು ಸವರಿ ನೆಲಕಪ್ಪಳಿಸುವ ಕಣ್ಣೀರು ತಮ್ಮ ಜೀವನವನ್ನು ಕಗ್ಗತ್ತಲನ್ನಾಗಿ ಮಾಡಬಹುದೆಂಬುದನ್ನು ನಾವು ಎಂದು ಮರೆಯಲಾಗದು.

ಅಲೆಗಳು

ಮೋಡದ ಮೇಲೆ ಅಲೆ, ಅಲೆಯ ಮೇಲೆ ಮಳೆ
ಮೋಡದ ಮಡಿಲಲ್ಲಿ ಹುಟ್ಟಿ ನೀರಿನ ನಾಳೆ,
ಹರಿದು ಹರಿದು ತೀರದ ತಾಣಕ್ಕೆ
ಅವರಿಗಿಲ್ಲ ನಿಲ್ಲುವ ಸಹನೆ
ಜೀವನದ ಪಯಣವೇ ಅವರ ಸನಿಹನೆ

ಸಾಗರದ ಹೃದಯದೊಡನೆ ಬದುಕುವ ಅಲೆಗಳು
ಒಮ್ಮೆ ಶಾಂತ ಒಂದೊಮ್ಮೆ ರಭಸ
ತೀರಕ್ಕೆ ಚಪ್ಪಟೆ ಹೊಡೆದು
ಏನೋ ಹೇಳಲು ಬಯಸುವ ಅಲೆಗಳು

ಕತ್ತಲ ಸೀಮೆಯೊಳಗಿನಿಂದ ಉದಯಿಸುವ
ಪ್ರತಿಯೊಂದು ಅಲೆ
ಜೈವಿಕ ಪ್ರಕಾಶದಿಂದ ಹೊಳೆಯುವ
ಹೆಜ್ಜೆ ಹೆಜ್ಜೆಗೂ ನಗುತ ಹಾರುವ
ತೀರವನ್ನು ತಲುಪಿ ನಿಂತುಹೋಗುವ,
ನಗೆ ಹೀನ ಸಮಯದಲ್ಲಿ ತೇಲುವ,
ಅಲೆಗಳ ಲಹರಿಯಲ್ಲಿ ಹೃದಯ ತಣಿಯುವ

ಅಲೆಗಳು ಸಾಗರದ ಕಾದಂಬರಿ,
ಎದ್ದು ಕುಳಿತು ಬರೆದ ಕವನ
ತೀರವನ್ನು ತಂಪಾಗಿ ತಾಕಿ,
ಮತ್ತೆ ಹಿಂತಿರುಗುವ ಸಾಹಸ ಗಮನ

ಕೋಪಿಸಿ ಹೊರಟು ಹೋಗುವ
ಮರಳಿ ಮತ್ತೆ ಬರುವ
ತೀರದ ಚಪ್ಪಟೆ, ಗಾಳಿಯ ಮೇಳ
ಅಲೆಗಳ ನೋಟ, ಅದೇ ಕಾವ್ಯಲೋಕ

ನನಗೊಂದು ಆಸೆಯಿದೆ
ನನ್ನ ವಿದ್ಯಾರ್ಥಿಯೊಬ್ಬ ವೈದ್ಯನಾದರೆ
ಅವನ ಬಳಿ ನಾನು ಚಿಕಿತ್ಸೆಗಾಗಿ ತೆರಳಬೇಕು
ನನಗೊಂದು ಆಸೆಯಿದೆ ನನ್ನ ವಿದ್ಯಾರ್ಥಿಯೊಬ್ಬ ವಕೀಲನಾದರೆ
ನನ್ನ ಕೇಸೊಂದು ಅವನ ಬಳಿ ಇತ್ಯರ್ಥವಾಗ ಬೇಕು

ನನಗೊಂದು ಆಸೆಯಿದೆ
ನನ್ನ ವಿದ್ಯಾರ್ಥಿಯೊಬ್ಬ ಪೊಲೀಸನಾದರೆ
ನನ್ನ ಸಮಸ್ಯೆಯ ದೂರೊಂದನ್ನು ಅವನಿಗೆ ನೀಡಬೇಕು
ನನಗೊಂದು ಆಸೆಯಿದೆ
ನನ್ನ ವಿದ್ಯಾರ್ಥಿಯೊಬ್ಬ ಯೋಧನಾದರೆ
ನನ್ನ ಎದೆಯುಬ್ಬಿಸಿ ಅವನಿಗೆ ಗೌರವ ಸಲ್ಲಿಸಬೇಕು

ನನಗೊಂದು ಆಸೆಯಿದೆ
ನನ್ನ ವಿದ್ಯಾರ್ಥಿಯೊಬ್ಬ ರೈತನಾದರೆ
ಅವನು ಬೆಳೆದ ಅನ್ನದ ಕೈ ತುತ್ತು ತಿನ್ನಬೇಕು

ನನಗೊಂದು ಆಸೆಯಿದೆ
ನನ್ನ ವಿದ್ಯಾರ್ಥಿಯೊಬ್ಬ,
ನನ್ನಂತೆಯೇ ಶಿಕ್ಷಕನಾದರೆ
ಅವನ ಬಳಿ ಕಲಿಯಲು ನನ್ನ ಮಕ್ಕಳನ್ನು ಸೇರಿಸಬೇಕು

ನನಗೊಂದು ಆಸೆಯಿದೆ

ಜೀವನದಲ್ಲಿ ಕ್ರೀಡೆಯ ಪ್ರಾಮುಖ್ಯತೆ

ಕ್ರೀಡೆಯು ನಮ್ಮ ಜೀವನದಲ್ಲಿ ಪ್ರಮುಖ ಪಾತ್ರವನ್ನು ವಹಿಸುತ್ತದೆ, ದೈಹಿಕ ಸಾಮರ್ಥ್ಯ, ಮಾನಸಿಕ ಆರೋಗ್ಯ ಮತ್ತು ವೈಯಕ್ತಿಕ ಬೆಳವಣಿಗೆಗೆ ಕೊಡುಗೆ ನೀಡುತ್ತದೆ. ಅವು ಕೇವಲ ವಿರಾಮದ ಚಟುವಟಿಕೆಗಳಲ್ಲ, ಆದರೆ ಒಟ್ಟಾರೆ ಅಭಿವೃದ್ಧಿ ಮತ್ತು ಯೋಗಕ್ಷೇಮಕ್ಕೆ ಅತ್ಯಗತ್ಯ.

ಕ್ರೀಡೆಯ ಪ್ರಾಥಮಿಕ ಪ್ರಯೋಜನವೆಂದರೆ ದೈಹಿಕ ಸಾಮರ್ಥ್ಯ. ಕ್ರೀಡೆಗಳಲ್ಲಿ ನಿಯಮಿತ ಭಾಗವಹಿಸುವಿಕೆಯು ಶಕ್ತಿಯನ್ನು ನಿರ್ಮಿಸಲು, ಹೃದಯರಕ್ತನಾಳದ ಆರೋಗ್ಯವನ್ನು ಸುಧಾರಿಸಲು ಮತ್ತು ಆರೋಗ್ಯಕರ ದೇಹದ ತೂಕವನ್ನು ಕಾಪಾಡಿಕೊಳ್ಳಲು ಸಹಾಯ ಮಾಡುತ್ತದೆ. ಇದು ಬೊಜ್ಜು, ಮಧುಮೇಹ ಮತ್ತು ಅಧಿಕ ರಕ್ತದೊತ್ತಡದಂತಹ ಕಾಯಿಲೆಗಳನ್ನು ಕೊಲ್ಲುವಲ್ಲಿ ದೀರ್ಘ ಮತ್ತು ಆರೋಗ್ಯಕರ ಜೀವನವನ್ನು ಉತ್ತೇಜಿಸುತ್ತದೆ.

ದೈಹಿಕ ಪ್ರಯೋಜನಗಳ ಹೊರತಾಗಿ, ಕ್ರೀಡೆಗಳು ಮಾನಸಿಕ ಆರೋಗ್ಯಕ್ಕೆ ನಿರ್ಣಾಯಕವಾಗಿವೆ. ಒತ್ತಡವನ್ನು ಕಡಿಮೆ ಮಾಡಲು, ಮನಸ್ಥಿತಿಯನ್ನು ಸುಧಾರಿಸಲು ಮತ್ತು ಏಕಾಗ್ರತೆಯನ್ನು ಹೆಚ್ಚಿಸಲು ಸಹಾಯ ಮಾಡುತ್ತವೆ. ಕ್ರೀಡೆಗಳು ವ್ಯಕ್ತಿಗಳಿಗೆ ಒತ್ತಡವನ್ನು ನಿಭಾಯಿಸುವುದು, ಸವಾಲುಗಳನ್ನು ಜಯಿಸುವುದು ಮತ್ತು ಪ್ರೇರಣೆಯಿಂದ ಇರುವುದನ್ನು ಕಲಿಸುತ್ತದೆ. ಕ್ರೀಡೆಗಳಲ್ಲಿ ತೊಡಗಿಸಿಕೊಳ್ಳುವುದರಿಂದ ಆತ್ಮ ವಿಶ್ವಾಸವನ್ನು ಹೆಚ್ಚಿಸುತ್ತದೆ ಮತ್ತು ಜೀವನದ ಬಗ್ಗೆ ಸಕಾರಾತ್ಮಕ ಮನೋಭಾವವನ್ನು ಬೆಳೆಸುತ್ತದೆ.

ಕ್ರೀಡೆಗಳು ಪ್ರಮುಖ ಜೀವನ ಕೌಶಲ್ಯಗಳನ್ನು ಸಹ ಕಲಿಸುತ್ತವೆ. ಶಿಸ್ತು, ತಂಡದ ಕೆಲಸ ಮತ್ತು ಪರಿಶ್ರಮವನ್ನು ಪ್ರೋತ್ಸಾಹಿಸುತ್ತದೆ. ಫುಟ್‌ಬಾಲ್ ಅಥವಾ ಬ್ಯಾಸ್ಕೆಟ್‌ಬಾಲ್‌ನಂತಹ ತಂಡದ ಕ್ರೀಡೆಗಳು ಸಹಯೋಗವನ್ನು ಒತ್ತಿಹೇಳುತ್ತವೆ, ಆದರೆ ಟೆನ್ನಿಸ್ ಅಥವಾ ಈಜು ಮುಂತಾದ ವೈಯಕ್ತಿಕ ಕ್ರೀಡೆಗಳು ಸ್ವಾವಲಂಬನೆ ಮತ್ತು ನಿರ್ಣಯವನ್ನು ತುಂಬುತ್ತವೆ. ವೈಯಕ್ತಿಕ ಮತ್ತು ವೃತ್ತಿಪರ ಜೀವನದಲ್ಲಿ ಈ ಗುಣಗಳು ಅತ್ಯಮೂಲ್ಯವಾಗಿವೆ.

ಇದಲ್ಲದೆ, ಕ್ರೀಡೆಗಳು ಒಗ್ಗೂಡಿಸುವ ಶಕ್ತಿಯಾಗಿ ಕಾರ್ಯನಿರ್ವಹಿಸುತ್ತವೆ. ವಿಭಿನ್ನ ಹಿನ್ನೆಲೆಯ ಜನರನ್ನು ಒಟ್ಟಿಗೆ ಸೇರಿಸುತ್ತದೆ, ಸೌಹಾರ್ದ ಮತ್ತು ಪರಸ್ಪರ ಗೌರವವನ್ನು ಬೆಳೆಸುತ್ತಾರೆ. ಕ್ರೀಡಾ ಕಾರ್ಯಕ್ರಮಗಳನ್ನು ವೀಕ್ಷಿಸುವುದು ಅಥವಾ ಭಾಗವಹಿಸುವುದು ಹಂಚಿಕೆಯ ಅನುಭವಗಳನ್ನು ಸೃಷ್ಟಿಸುತ್ತದೆ ಮತ್ತು ಸಾಮಾಜಿಕ ಬಂಧಗಳನ್ನು ಬಲಪಡಿಸುತ್ತದೆ.

ಕೊನೆಯಲ್ಲಿ, ಕ್ರೀಡೆಗಳು ಜೀವನದ ಅನಿವಾರ್ಯ ಭಾಗವಾಗಿದೆ. ಮತ್ತು ಆರೋಗ್ಯವನ್ನು ಉತ್ತೇಜಿಸುತ್ತದೆ, ಪಾತ್ರವನ್ನು ನಿರ್ಮಿಸುತ್ತದೆ ಮತ್ತು ಸಂಬಂಧಗಳನ್ನು ಪೋಷಿಸುತ್ತದೆ. ದೈನಂದಿನ ಜೀವನದಲ್ಲಿ ಕ್ರೀಡೆಗಳನ್ನು ಸೇರಿಸುವುದು ಸಮತೋಲಿತ ಮತ್ತು ಪೂರೈಸುವ ಜೀವನಶೈಲಿಯನ್ನು ಖಾತ್ರಿಗೊಳಿಸುತ್ತದೆ, ಅವುಗಳನ್ನು ವೈಯಕ್ತಿಕ ಬೆಳವಣಿಗೆ ಮತ್ತು ಸಂತೋಷದ ಅತ್ಯಗತ್ಯ ಅಂಶವನ್ನಾಗಿ ಮಾಡುತ್ತದೆ.

प्रकृति का अद्भुत रूप

प्रकृति का अद्भुत रूप, रंग-बिरंगा संसार,
हर कदम में बसी है, एक नई ताजगी का प्यार।

हरे-भरे मैदानों में, खेलते हैं फूलों के झूले,
नदी की कल-कल धारा में, संगीत के स्वर रूलें।

आसमान में सूरज चमके, नूर से सब जगमगाए,
चाँदनी रातों में मोती, जैसे आकाश बिछाए।

वृक्षों की छांव में बसी, शांति और ठंडी हवाएँ,
पक्षी उड़ते आकाश में, गाते प्रेम के गीत समाए।

हर नदी, हर पर्वत, हर मौसम का रंग,
प्रकृति के इस अनमोल रूप को, हर दिल में बसे रंग।

यह प्रकृति सिखाती है, जीवन के हर एक रंग,

हमसे भी यह उम्मीद करती है, सहेजें इसे हम संग।

माँ

माँ तो जन्नत का फूल है, प्यार करना उसकी दुलारी है, दुनिया का प्यार फिज़ूल है, माँ की हर दुआं कबूल है, ऐ इंसान... माँ को नाराज़ करना तेरी भूल है। ...माँ के कदमों की मिट्टी जन्नत की धूल है।

शायरी

1. कौन सी वो चीज़ है जो यहाँ नहीं मिलती सब कुछ मिल जाता है, पर माँ नहीं मिलती।
2. माँ के लिए क्या लिखू मैं,

चीज़ों में समय लगता है
आज आप जो प्रयास कर रहे हैं,
जो कार्य आप कर रहे हैं।

शायद ही कभी तत्काल
परिणाम मिलते हैं, धैर्य रखें।
देखें समझौता करें,
अपनी योजना को निखारें।

आपने बीज बोये हैं,

पिता

पिता के आँखों से गिरते आँसू
मुझसे देखा नहीं जाता
बस दिन रात यही सोच के
मैं सो नहीं पाता।

पिता करते दिन रात मेहनत
मुझे नवाब बनाने के लिए
चार वक्त की रोटी कमाते हैं
हमारा पेट भरने के लिए।

पिता के जूते फट गए
घर चलाने के लिए
बड़ा होकर सेवा न कर पाया
मेरे पिता के लिए।

पिता पर एक कविता

पिता का साया, धूप में छांव सा,
जीवन का आधार, ममता का भाव सा।
खुद जलता है दीपक बनकर,
हमारे सपनों को रोशन करता है।

उसके हाथों की लकीरों में,
हमारी तकदीर बसी रहती है।
हर कठिनाई में ढाल बनकर,
वो चुपचाप हमें सहता है।

बचपन की हर मुस्कान के पीछे,
उसकी मेहनत छुपी रहती है।
खुद को भूलकर भी,
वो हमारे लिए सब कुछ करता है।

न कभी शिकायत, न कोई गिला,
उसकी आंखों में सच्चाई का सिलसिला।
प्यार जो बिन कहे झलकता है,
वो पिता का एहसास अनमोल लगता है।

पिता, तुम हो हमारे जीवन की जान,
तुम्हारी मूरत में बसा है भगवान।
हर दिन, हर पल, शुक्रिया तुम्हारा,
तुम ही हो हमारे जीवन का सहारा।

सच्ची खुशी

इतना हँसते हो तुम
क्या गम सता रहा है तुम्हें ?
इस मुस्कुराते चहरे के पीछे
वह कौन सा चेहरा छुपा है ?
तुम्हारी आंखें कुछ कहना चाहती है मुझसे
गले लगाकर पूछूंगा, तो बताओगे क्या?
तुम्हारी गुजरी कहानियाँ सुनना है मुझे
साथ बैठकर, हाथ थामे पूछूँ तो बताओगे, क्या ?
तुम्हारी होठों की मुस्कान नहीं
तुम्हारे दिल में दफन राज है देखना
क्यों नजर चुराते हो मुझसे
मैं तुम्हारे साथ हूँ ना।

मेरा बचपन

मेरा बचपन था एक सुनहरा ख्वाब,
जैसे खुला आसमान और मिट्टी की महक का गुलाब।
कभी गिल्ली-डंडा, कभी पतंगों का सफर,
हर पल में छुपा था जीवन का असर।

कागज़ की कश्ती, बारिश का पानी,
दोस्तों के संग हंसते खेलते जवानी।
मां की लोरी, दादी की कहानियाँ
उन दिनों की खुशबू अब भी मन में सजीव हैं।

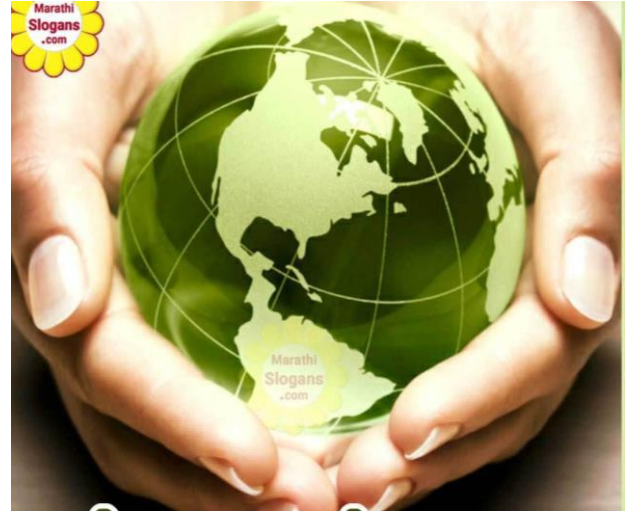

पेड़ों की छांव और बगीचों की बातें,
नदी किनारे बैठ, वो सपनों की रातें।
हर चोट में था साहस का संबल,
मेरा बचपन, मेरा सबसे प्यारा अंचल।

है धरती

तू है बड़ी अनमोल
पर किसी ने न जाना तेरा मोल
तू देती है सब को पानी
फिर भी सबमें है तेरे को
नष्ट करने की ठानी
है धरती, तू देखती है
सब को एक समान
फिर भी किसी ने न रखा तेरा मान
है धरती,
तू करती है सबका आदर
पर हुआ तेरा अनादर
है धरती,
कैसा है यह अन्याय
कभी हो पायेगा तेरे साथ न्याय
है धरती
तू देती हमारा साथ
कभी हो पायेगा पश्चाताप
है धरती,
हम तेरा महत्त्व समझते काश
हो रहा है सिर्फ तेरा विनाश
है धरती,

ओ रसगुल्ला

तुझ में रस है कोमलता है, नीरसता का नाम नहीं
खाने में तुझ को रसगुल्ले, दातों का कुछ काम नहीं
इस लिए सब तुझ पर लट्टू पंडित हो चाहे अब्दुल्ला
ओ रसगुल्ला ! ओ रसगुल्ला

तू हलवाई का गौरव है, मिठाईयों का है राजा
तेरे आगे क्या है खुरमा, तेरे आगे क्या है खाजा
मुँह में मिठास है, इस लिए तुझ को खाकर न करू खुल्ला।

दोस्त

दो किताबों में उलझें, सपनों में खोए
क्लास की बातों में, हँसी के पल जोड़े।
कभी लंच में साथ हँसी के पल बिताएं,
कभी पढ़ाई में एक दूसरे का हौसला बढ़ाए।

राहों में साथ थे, चाहे हो धूप या बारिश,
सपनों के पीछे भागते, हम सब थे फिक्र-रहित।
टीचर की बातें, और क्लास की शरारते,
फिर भी दोस्ती में छुपी थी कुछ खास बातें।

वो लंच ब्रेक में मजाक की शरारते,
वो लेक्चर में बैठकर दिमागी बहसें।
सपनों की खोज में, कुछ भी हो जाए,
हमेशा एक दूसरे के साथ कदमों से कदमों मिलाए।

मेरी माँ

माँ की ममता में छुपा है एक सुकून
उनका प्यार ही है, मेरा सबसे प्यारा जुनून
जो माँ ने दिया है प्यार, वो दुनिया में
किसी ने ना दिया उनके बिना तो
जिंदगी भी अधूरी सी लगी।

माँ तेरी गोद में जो सुकून था वो
अब किसी और जगह नहीं मिलता
तेरे बिना ये दुनिया वीरान सी लगती है।

तेरी एक हँसी में जो आराम था
वो दुनिया की हर खुशी से ज्यादा है
अब हर पल तेरे बिना बस खाली सा लगता है।

जब दुनिया ने दिल तोड़ा, माँ ने मुझे अपनी बाँहों में समेट लिया,
उनका प्यार ही मेरा जीने का सहारा बन गया।

Blasts of Chemistry: From Fireworks to Cosmic Explosions!

Our Sun will produce less energy in its entire 10-billion-year lifetime than a single supernova explosion releases in just a few months. Chemical reactions power spectacular displays both in our celebrations and across the cosmos. While fireworks amaze us for seconds, supernovae illuminate galaxies for months, spreading heavy elements throughout the universe.

The Science Behind Explosions

Explosions result from chemical reactions transforming material into vast volumes of hot gases within milliseconds, breaking and reforming chemical bonds at incredible speeds. There are two key types of explosions:

- **Thermal explosions:** Accelerate faster with rising temperatures, creating a self-perpetuating reaction.
- **Chain-branching explosions:** Multiply chemical chain centers exponentially.

Explosions generate immense forces: temperatures can spike to 27,000°F—hotter than the Sun's surface—and blast pressures can reach 700 tons per square inch, about the weight of 35 loaded semi-trucks. Detonations travel up to 29,000 feet per second (20,300 miles per hour). Modern explosive molecules contain their own oxygen supply, making them far less dependent on atmospheric oxygen than early explosives like gunpowder.

Confinement and reaction speed determine whether a reaction becomes a controlled burn or an explosion. Intense heat from explosive reactions causes gas expansion and shock waves.

Fireworks: Chemistry in Color

Ever wondered why fireworks paint the sky in dazzling colors? A firework display is a chemical light show composed of four key components: an oxidizer, fuel, colorant, and binder. The vivid colors come from metal salts heated to high temperatures. As electrons return to lower energy levels, they release light:

- **Strontium salts: Red**
- **Barium salts: Green**
- **Sodium compounds: Yellow**
- **Copper compounds: Blue (challenging to create due to heat sensitivity)**

Italian pyrotechnicians revolutionized firework chemistry in the 1800s. Modern perchlorates improve stability and brilliance.

TNT and Controlled Explosions

TNT sets the standard for explosive power. Unlike nitroglycerin, TNT is stable and requires a trigger to detonate. It releases 2.673–6.702 GJ/t of energy. Controlled demolitions rely on precise explosive placement to direct building collapses safely.

TNT's environmental impact remains a concern. It's a priority pollutant, with strict soil and water regulations.

Cosmic Explosions: Supernovae

Supernovae are cosmic spectacles, outshining galaxies. When massive stars collapse, they release more energy in seconds than the Sun will emit in billions of years.

These explosions forge elements beyond hydrogen and helium, enriching space with materials like the iron in blood and the gold in jewelry. Their remnants include:

- **Neutron stars: A teaspoon of their material weighs as much as a mountain.**
- **Black holes: Formed when gravity overwhelms neutron resistance.**

Fun Facts and Trivia

- Alfred Nobel, inventor of dynamite, later used his wealth to promote peace.
- In 2022, a gamma-ray burst affected Earth's ionosphere for hours.
- Household chemicals can pose more risks than industrial accidents.

Conclusion

Explosions, from fireworks to supernovae, reveal the immense power of chemical reactions. They shape galaxies and spark celebrations. By understanding and harnessing this power, we advance human knowledge and glimpse the universe's wonders.

Computer Science Articles

Welcome to The New Evolving World

In today's world we come across many situations where we feel the advanced technology can be of great help to us. As we dive into the world of Computer Science we get to know more about the computational system, including various hardware and software devices, also about their impact on the society. Computer Science includes various fields like data analysis and writing algorithms to make tasks even simpler and efficient, we also get a brief knowledge about the computer architecture. It also includes various fields such as artificial intelligence, internet of things, cloud computing, block chain, cyber security etc. As we delve deeper into technology, augmented reality (AR) stands out as a powerful tool that enhances the real world with digital elements like images, text, and graphics. This interactive, real-time technology blends the physical world with the digital, offering immersive experiences. In the manufacturing industry, AR helps users optimize and understand processes, working alongside IoT technology to improve efficiency. Additionally, AR has proven to be highly beneficial in online advertising, where it is widely used to create engaging and interactive campaigns.

Another current technology with significant impact is blockchain. Blockchain is an advanced database system that enables transparent information sharing within business organizations or networks. Data is stored in a chain of linked, chronologically consistent records. To prevent legal issues, a trusted third party must supervise and validate transactions. However, this reliance on a central authority creates potential vulnerabilities, as a compromised central database could harm both parties involved. Blockchain technology is widely used across various industries, including finance, energy, media, entertainment, and retail.

In today's technology-driven world, safeguarding computer systems is crucial due to the increasing threat of cybercrime. Technologies like big data play an important role in protecting confidential information and combating threats such as phishing, ransomware, and identity theft. Big data refers to large, complex datasets that are difficult for traditional systems to handle, but it is essential for machine learning, predictive modeling, and advanced analytics to address business problems and make informed decisions. Big data involves integration, management, and analysis, offering benefits like improved decision-making, agility, better customer service, and task management.

Computer science has a significant impact on our lives, offering vast knowledge, job security, global relevance, and innovation. It fosters creativity, critical thinking, and problem-solving, empowering individuals to adapt to a rapidly changing world. Overall, computer science is a key driver of progress and continuous societal improvement.

Augmented Reality

It's safe to say that AR has transformed our understanding of technology, and how we engage with the virtual world has changed as well. The virtual aspect of augmented reality allows for sounds, visuals, and other forms of content to be placed over the environment, creating an experience that combines both virtual and physical elements.

The technology of AR is utilized by devices like tablets, smart phones, or AR glasses equipped with cameras, sensors, and software which scans the environment and incorporates 3D objects. One such example is the mobile game Pokémon GO, employed where players seek characters placed in the real world, or several retail applications helping to picture the furniture or clothing one wants to buy.

But entertainment and shopping aren't the only fields where AR stands out, AR is also a source of development in a number of other spheres viewing healthcare, education, and even manufacturing. For instance, surgeons have started using AR in order to see inner body parts while operating patients. Basically, this allows specialists to incorporate certain aspects of their machinery in repair without delaying the process.

With improvements in AI, wearable, and 5G, AR's possibilities are becoming more extensive. Such advancements will be able to provide applications that contain superior responsiveness and are more realistic, broadening AR's usability even more.

In this case, the future of AR is certainly looking bright. What's essential about this is that AR can significantly enhance creativity and productivity, which many fans are eagerly anticipate. There's no end to how far AR can be developed as imagination is its only limit.

Cryptography

The Art of Secure Communication

Cryptography is the science of securing communication and information through the use of mathematical techniques and algorithms. Its primary goal is to protect data from unauthorized access, ensuring confidentiality, integrity, and authenticity in digital communication. Cryptography plays a pivotal role in the modern world, underpinning everything from online banking to private messaging apps.

At its core, cryptography involves transforming readable data (plaintext) into an unreadable format (ciphertext) using a secret key. Only those with the correct key can reverse the transformation and access the original information. This process is known as encryption, and the reverse operation is called decryption.

There are two main types of cryptography: symmetric and asymmetric. In symmetric cryptography, the same key is used for both encryption and decryption, making it fast but requiring secure key exchange between communicating parties. Examples include the Advanced Encryption Standard (AES) and the Data Encryption Standard (DES). In contrast, asymmetric cryptography uses two keys: a public key, which anyone can use to encrypt data, and a private key, which only the recipient possesses to decrypt it. This is exemplified by the RSA algorithm and is the foundation of secure online communication protocols like HTTPS.

Cryptography not only ensures the confidentiality of information but also guarantees data integrity and authenticity. Digital signatures and hash functions are commonly used to verify the integrity of data and ensure that it hasn't been altered.

For instance, digital signatures allow the recipient of a message to verify its source and ensure it has not been tampered with.

In today's digital age, cryptography is essential to maintaining privacy, security, and trust across various online platforms and services, making it an integral part of modern cyber security strategies.

Natural Language Processing: Revolutionizing Human-Machine Interaction

In the digital age, the way we communicate with machines is undergoing a profound transformation, thanks to Natural Language Processing (NLP). By enabling computers to understand, interpret, and respond to human language, NLP bridges the gap between man and machine. This cutting-edge technology is paving the way for smarter interactions, empowering applications in fields ranging from healthcare to entertainment.

♦ Progress in NLP Technology

NLP has evolved rapidly, driven by advances in artificial intelligence and computational linguistics. Key breakthroughs include:

- **Language Models:** Modern AI, like GPT-4 and Gemini processes and generates human-like text, powering applications like chatbots, virtual assistants, and content creation.
- **Speech Recognition:** Innovations in speech-to-text algorithms allow for seamless voice-controlled systems, benefiting tools like Siri and Alexa.
- **Text Analysis:** Techniques like sentiment analysis and topic modeling are revolutionizing industries, offering businesses insights into customer behavior and trends.
- **Multilingual Capabilities:** Sophisticated translation tools, such as Google Translate, break down language barriers, fostering global connectivity.

♦ Real-World Impact Of NLP

The applications of NLP are vast and impactful:

- **Healthcare:** AI-powered systems assist in diagnosing diseases by interpreting medical literature and patient data.
- **Education:** Personalized learning platforms use NLP to adapt to individual student needs, enhancing education accessibility.

♦ Challenges and the Road Ahead

Despite its transformative potential, NLP faces challenges such as interpreting cultural nuances, sarcasm, and ambiguous language. Addressing biases in AI-generated content and ensuring data privacy remain critical hurdles.

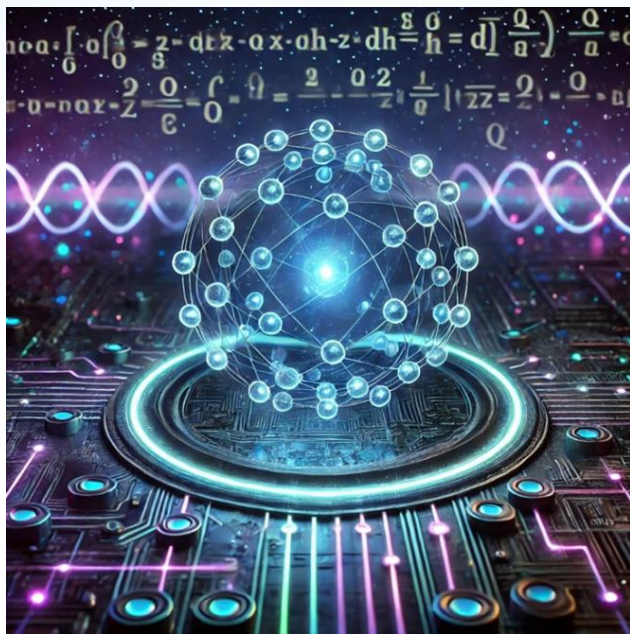

As NLP continues to evolve, it is shaping a future where human-computer interaction is more natural, inclusive, and efficient. By enhancing communication and accessibility, NLP is set to redefine how we interact with technology, making it an indispensable tool for progress.

Quantum Computing: The Tech That's Rewriting Tomorrow

Envision a computing device that not only resolves issues with greater speed but also reconceptualizes the methodology of problem-solving. This introduction leads us to the domain of quantum computing—a sphere in which the established principles of physics experience a transformative shift.

While your pocket computer is a classical computer, working with bits: ones and zeros, quantum computers work by very different rules. Their basic unit, the qubit, is not a one or a zero but rather both, thanks to superposition. Consider a spinning coin hovering in the air, neither heads nor tails but both at once. Then consider that when qubits have formed partnerships, entanglement enables them to share information instantaneously, regardless of distance—for example, the best of friends completing each other's sentences across continents.

Why does this matter? Classical computers can't solve some problems - such as predicting weather patterns or cracking complex codes - which are important in many fields. Quantum computers would, however, unearth breakthroughs for cryptography (imagine unhackable systems), drug discovery (accelerating cures for diseases), and AI (supercharging machine learning). They could even model chaotic systems like climate change with precision that's currently unimaginable.

Progress: in rush. Companies such as Google and IBM work on the quantum dream, whose milestones include "quantum supremacy": the record time it took a quantum computer to outperform a classical one. However, there is a catch: the machines are fragile divas, prone to instability and errors. Scaling them for everyday use is quite challenging.

So, what does this really mean? The quantum will change industries. Or maybe it will bring all the traditional questions: Will it send jobs flying? How will we cope with its ethics issues? One thing is sure: this is not faster technology; it's opening up possibilities.

Want to jump in? Start with the basics of quantum mechanics or follow the breakthroughs online. After all, the future of technology might just be decided by your curiosity today. Ready to think quantum?

Extended reality (XR): A new step to shape the future of health sector

Extended reality consists of virtual reality (VR), augmented reality (AR), mixed reality (MR), these digital realities are rapidly transforming the healthcare landscape. By offering immersive and interactive experiences, XR is revolutionizing medical centre by visual education, surgical procedures, patient care, and mental health treatment.

How extended reality helps in medical education and training

- **Anatomical visualization:** XR enables most detailed analysis and exploration of human anatomy, Also provides a deep understanding of complex structure and system.
- **Remote Collaboration:** XR provides a facility to emote and collaborate between medical experts by enabling knowledge sharing and consultation across geographical boundaries.

XR IN PLANNING & PROCEDURE (virtual reality benefits)

- **Pre-planned models:** XR provides facility for pre planned visualize patient 3D anatomy models which make surgery and treatments efficient, identifies potential challenges, and plan the optimal surgical approach.
- **Operation guidance:** during surgical operations, XR can provide real time imaging data of patient's anatomy and also guide for better treatment for patient.

Patient Care and Rehabilitation (augmented reality benefits)

- **Pain Management:** XR can be used to distract patients from pain during operation or treatment for betterment in surgery.
- **Mental Health Treatment:** XR can be used in treating patients with mental illness by exposure therapy and virtual reality relaxation techniques to improve the health.

CLOUD COMPUTING

Types of Cloud Computing:

Public cloud:

Services are offered over the internet and shared by multiple users

E.g: AWS, Azure.

Private cloud:

Exclusive to a single organisation, offering greater security and control.

Hybrid cloud:

Combines public and private clouds for optimized performance and flexibility.

INTRODUCTION:

Cloud computing delivers on-demand Computing services like storage, servers, databases, and software over the internet. It eliminates the need for owning physical infrastructure, enabling businesses and individuals to access resources flexibly and cost-effectively.

KEY FEATURES OF CLOUD COMPUTING:

• **ON-DEMAND Self-Service:**

Users can provision resources as needed without human intervention from the service provider.

• **BROAD NETWORK ACCESS:**

Resources are available over the network and accessed through standard mechanisms, allowing for use on various devices.

• **RESOURCE POOLING:**

Cloud providers pool computing resources to serve multiple customers, dynamically allocating and reallocating resources based on demand.

• **SCALABILITY AND ELASTICITY:**

Resources can be scaled up or down automatically depending on the workload.

• **PAY-AS-YOU-GO:**

Users on pay for the resources they use, reducing capital expenses and optimizing costs.

BENEFITS:

- Reduced infrastructure costs.
- Enhanced collaboration and remote work capabilities.
- Improved disaster recovery and data backup.

CHALLENGES:

- Security and data privacy concerns.
- Dependency on internet connectivity.
- Potential for vendor lock-in.

Computer Literacy Day 2024

A Day of Digital Awareness & Celebration

On December 2, 2024, REVA INDEPENDENT PU COLLEGE, YELAHANKA commemorated Computer Literacy Day with a series of engaging events that highlighted the importance of digital literacy in today's world. The day started with lighting of the lamp, followed by an invocation dance by II CEBA students. Meghana (I CEBA) delivered a thought-provoking note on the significance of the day. The event also witnessed the launch of the Computer Literacy Day logo by our honorable Principal - Prof. Sridevi R, which was designed by Harshith Gowda (II PCMC) under the guidance of Mr. Visweswara Rao, Lecturer.

The highlight of the day was a series of captivating skits. I PCMC students presented a skit on the concept of a Digital Society, while II PCMC shed light on the Digital Lock Dilemma. Hostel students also showcased their talent through a lively skit on hacking.

Abel Sam Sunny (II PCMC) presented a compelling demo on Ethical Hacking, providing valuable insights into the world of cyber security. The program concluded with an inspiring speech delivered by the Principal and the HOD of Computer Science Ms. Suwarna K. Additionally, the event included a prize distribution ceremony, which was succeeded by a vote of thanks from Harshini (II PCMC).

The Computer Literacy Day was a resounding success at our college, fostering awareness about the power of technology and the need for responsible digital citizenship.

Educational Trip Report Department of History

On 14th September 2024, we embarked on a historical trip guided by our teachers—Ms. Nakshe, Ms. Anushree, Mr. Visweswara Rao, and Mr. Mallikarjun—exploring Karnataka and Andhra Pradesh. This journey immersed us in India's heritage of architecture, freedom struggles, and spiritual traditions.

Starting from REVA College, our first stop was Vidurashwatha Temple, known as "Karnataka's Jallianwala Bagh." Here, we learned about the 1938 tragedy where British forces fired on a peaceful assembly, making this temple a poignant symbol of India's independence movement. Hearing about the sacrifices made here left a lasting impact on all of us.

Our journey continued to Lepakshi Temple, a Vijayanagara-era marvel. We explored the Veerabhadra Temple, admiring its intricately carved pillars, vibrant frescoes, and the famous hanging pillar. The temple's massive Nandi statue and the Jatayu Sculpture, depicting the legendary bird's attempt to rescue Sita in the Ramayana, left us in awe. Our guide explained how these details reflect the grandeur and devotion of Vijayanagara art, connecting us to India's epic history.

Next, we visited the Isha Foundation near Chikkaballapur, home to the monumental Adiyogi statue and the Dhyanalinga, spaces designed for meditation. Here, we learned about Lord Shiva as the first yogi, and the serene environment inspired personal reflection, bringing a spiritual dimension to our journey.

Our final destination before heading back was the Nakoda Jain Temple, a peaceful site embodying Jain principles of non-violence and asceticism. Ms. Nakshe explained Jainism's values, reflected in the temple's simple yet beautiful architecture. The tranquil environment encouraged us to contemplate these timeless teachings.

We then visited Devanahalli Fort, built by Malla Byre Gowda in the 16th century and later central to Mysore's defense. Our teachers described its historical significance and how it helped preserve local culture. Nearby, we visited Tipu Sultan's birth place, learning about his legacy as a fierce freedom fighter against British rule. Standing there, we felt connected to Tipu's bravery and the sacrifices he made for India's independence.

After a day filled with insights and wonder, we returned to REVA College by 11:00PM, grateful for this enriching experience. The journey broadened our understanding of India's heritage, leaving us with cherished memories. We returned with a deeper respect for our ancestors' sacrifices, the beauty of ancient architecture, and spiritual philosophies that continue to inspire us today.

Educational Trip Report Department of History

On 24th August 2024, our journey began at 7:00AM from REVA College, with a group of students and teachers eager to explore Karnataka's rich heritage. Accompanied by our faculty—Ms.Nakshe, Ms.Anushree, Mr.Visweswara Rao, and Mr.Atul—we set out for Shravanabelagola, a site known for its Jain history and cultural significance.

Our first stop was Vindhyagiri Hills, where we climbed 600 steps to see the 57-foot statue of Lord Bahubali, one of the largest monolithic statues globally. This statue, commissioned in the 10th century by Ganga dynasty commander Chamundaraya, embodies Jain ideals of peace, renunciation, and self-realization. Ms.Nakshe explained Bahubali's serene expression and meditative pose, symbolizing his enlightenment after renouncing his kingdom. We also learned about the Mahamastakabhisheka festival, held every 12 years, where thousands gather to celebrate this spiritual monument.

Next, we visited Chandragiri Hills, which required an additional climb of 200 steps. This site houses several Jain temples (basadis), including the Chandragupta Basadi, which is associated with Emperor Chandragupta Maurya's final years after embracing Jainism. The simple architecture of these temples, with their detailed carvings, reflects the Jain pursuit of peace and spiritual purity. Ms.Nakshe enriched our visit by sharing insights into the temples' historical and religious significance.

Our journey continued to Belur, home to the Chennakesava Temple, an exquisite example of 12th-century Hoysala architecture built by King Vishnuvardhana. Known for its star-shaped platform and intricate sculptures, the temple's walls depict scenes from the Hindu epics, showcasing the Hoysalas' cultural and religious devotion. Our local guide explained how these carvings represent values of devotion and heroism, portraying gods, animals, and celestial beings in intricate detail.

Our final stop was the Hoysaleswara Temple in Halebeedu, another 12th-century structure dedicated to Lord Shiva. Although incomplete due to invasions, the temple remains an architectural marvel. The outer walls are adorned with sculptures of divine figures, dancers, and mythical creatures, symbolizing resilience and the artistry of the Hoysala dynasty. This visit offered a meaningful conclusion to our journey.

By 11:00PM, we returned to REVA College with a profound appreciation for Karnataka's architectural and religious heritage. This educational trip provided invaluable insights into the legacies of dynasties like the Gangas and Hoysalas, making it a memorable and enriching experience.

Numismatics Exhibition

REVA Independent PU College, Yelahanka, in collaboration with renowned numismatist Mr. Govindaraju D from the Karnataka Rural Philatelic Society, Melur, Chikkaballapur, Bangalore, hosted the Coin Exhibition on November 9th, 2024, at its campus. This extraordinary event showcased an astonishingly vast and diverse collection of coins, currency notes, and stamps from all around the globe. Mr. Govindaraju D's meticulously curated exhibits, featuring rare and unique coins from countries such as Vietnam, Bangladesh, Nepal, Venezuela, Sri Lanka and others offered a fascinating glimpse into the world's rich numismatic heritage.

Organized with the invaluable assistance and tireless efforts of Ms. Nakshe, Ms. Shantipriya and HEPP 2nd PU students, who demonstrated exceptional leadership and teamwork skills in maintaining the event with utmost dedication and enthusiasm, the exhibition provided a unique and interactive learning experience. By highlighting the historical and cultural significance of coins and currency, this event bridged the gap between past and present, fostering a deeper understanding and appreciation of the world's cultural diversity. Visitors praised Mr. Govindaraju D's remarkable collection and REVA Independent PU College, Yelahanka's efforts in organizing this exceptional exhibition, making the "Global Numismatic Odyssey" a resounding success that will be remembered for years to come.

Annual Report 2024 - 2025

The academic year 2024-25 marks a new beginning, and the entire team at RIPUC is filled with enthusiasm and motivation to continue their educational endeavours. We are pleased to announce that we have attained significant success in providing high-quality education to our students. Over the past 15 years, our college has provided numerous students with exceptional learning opportunities. Education encompasses the acquisition of academic knowledge and the cultivation of a well-rounded character and a positive mindset, enabling individuals to navigate life's challenges in a balanced and harmonious manner.

RESULTS

Our focus on academics, the tireless efforts of our staff and the hard work of our students have paid off, resulting in impressive state-level rankings. The college achieved a remarkable 99.1% pass rate, with the highest score being 593 out of 600. Additionally, there were 259 distinctions awarded, and more than 285 students scored above 500, including a total of 55 perfect scores (centum) in various subjects.

The highest scorers for the academic year 2024-25 include

- | | |
|-----------------------|----------------|
| 1. Hemalatha V B | 593 (Science) |
| 2. Vyshnavi K P | 592 (Science) |
| 3. V Monvitha | 588 (Commerce) |
| 4. Md. Muzammil Shaik | 588 (Science) |
| 5. Sree Prajna | 587 (Arts) |

Admissions

The academic year 2024-25 began with a promising number of admissions, resulting in a total student strength of 1150 at RIPUC.

Shubharambh- I Puc Inauguration

The inauguration of the SHUBHARAMBH for I PUC classes took place on June 4, 2024. The event was graced by our esteemed Chairman Sir Dr. P. Shyama Raju. PUC Principal - Prof. Sridevi R provided an overview of the action plan for the academic year 2024-25 to the newly admitted students and their parents. Additionally, a counselling session was organized by various dignitaries like IPS Officers, Doctors, Social Activists to the students. This event also included felicitation & awarding Mementos to students who achieved Top Ranks and Distinctions in the II PUC Annual Examination of 2024.

Intercollegiate Reva T20 Cricket Tournament

The Independence Day T20 Inter-Collegiate Pre-University Cricket Tournament 2024 was conducted by the Department of Physical Education from July 29 to August 5. The event was inaugurated by all three campuses Principals of RIPUC. Dr. P. Shyama Raju, Chancellor of REVA University, presented the trophies and certificates to the Winners and Runners-up in the Prize Distribution Ceremony. Team REVA (Yelahanka Campus) emerged as the Winners of the tournament.

Department of School Education (Pre-University) Bangalore North District Level Football Boys' And Girls' Tournament 2024-25

The Bangalore North pre-university district level Football boys' and girls' tournament for the academic year 2024-25 took place from August 22nd to 24th, 2024. This event was organized by the Department of Physical Education at RIPUC Kattigenahalli. The inauguration was graced by the presence of Prof. Sridevi R, Dr N Ramesh, and Sri Muralidhar M, along with Sri Raju N, the Deputy Director of Department of School Education (Pre-University). The proceedings were overseen by Dr. P. Shyama Raju, Chancellor of REVA University, Trophies and certificates were awarded to both the winners and the runners-up.

NCC

The National Cadet Corps (NCC) is a youth development movement amongst young citizens. It provides opportunities to the youth of the country for their all-round development with a sense of duty, commitment, dedication, discipline and moral values so that they become able leaders and useful citizens. NCC is constantly evolving according to the current social and economic aspects, and its goal is to train disciplined and responsible cadets to vindicate the nation's unity. Students at RIPUC participate in NCC and actively engage in various social awareness-driven initiatives.

Scouts & Guides

The Bharat Scouts and Guides REVA Kattigenahalli conducted various programs for students on January 26, 2024, aimed at imparting essential life skills, fostering team building, and promoting outdoor adventure and enjoyment. The activities included an oath-taking ceremony of the Preamble to commemorate the adoption of the Indian Constitution on the 75th Republic Day, Khel Khoj, Swachh Bharat Abhiyaan, National Women's Day, REVA Run, self-defense training for girls, World Earth Day, PUC Orientation Program, World Bicycle Day, International Yoga Day, the 78th Independence Day, National Sports Day, Kannada Rajyotsava, and the Annual Athletic Meet. These initiatives encourage students to explore and discover the world beyond the classroom, contributing to their overall development.

Fresher's Day

July 8th was an unforgettable day for the RIPUC freshers of the 2024-2025 academic year. It was a day brimming with joy, music, and laughter, as seniors and juniors united to celebrate their strong bonds and shared college experiences.

Hindi Diwas

Each year, September 14th is celebrated as HINDI DIWAS, an initiative led by the Hindi Department. The event achieved remarkable success due to the enthusiastic involvement of students in various activities, including essay competitions and poetry writing. Their contributions added vibrancy to the occasion through poem recitations, speeches, and poster presentations on the subject. This initiative played a vital role in raising awareness about the national language and its importance.

English Language Club

The English Language Club, which aims to promote English communication skills and create a supportive learning environment on campus, organized a poetry competition this year. The goal of the competition was to enhance students' literary knowledge, creative thinking, cultural understanding, self-confidence, and critical thinking.

Commerce Club - Suyukthi

The commerce club known as SUYUKTHI was inaugurated on June 23, 2024. Its primary objective is to connect theoretical knowledge acquired in the classroom with the practical challenges encountered in real-world settings. On October 9, 2024, a student development program was organized to introduce students to a range of career opportunities, facilitated by Mr. Nanja from the Department of Computer Science. Furthermore, the event titled "Setting up Stalls" took place on December 13, 2024, aimed at inspiring students to pursue entrepreneurial ventures.

World Computer Literacy Day- Byte Battle's Club

The Department of Computer Science at RIPUC conducted Computer Literacy Day on December 2, 2024. The primary aim of this event is to promote awareness regarding the effective utilization of computers and the importance of digital literacy.

To engage students, the department organized various activities, including PowerPoint presentations and Tech. quiz, wallpaper design, poster creation, skits, and article writing. The response from the students was overwhelming, and they participated in the events with great enthusiasm. The collaborative efforts of the Computer Science department contributed significantly to the success of this event.

Science Club - Novice

This year, the preliminary round of the Novice competition took place on August 23, 2024, followed by the main event on August 30, 2024. These events aim to foster interest, comprehension, and knowledge of the scientific realm among students and the local community.

The Club offers students a chance to explore various scientific fields, engage in experiments, and take part in a range of scientific activities. As part of its initiatives, the Novice Club organized a quiz competition focused on core scientific subjects and hosted a night sky observation event using a high-resolution telescope to enhance students' confidence in Science and Technology.

Sports Club - Yatna

The YATNA Sports Club was held from September 11th to 20th, 2024. The main objective of the club is to encourage students to engage in physical activities alongside their academic pursuits. The club organized various games, including volleyball, throwball, basketball, cricket, carrom, chess, shuttle badminton, and football.

Classes were divided into different teams, and interclass competitions were held. To promote team building among students, a trekking event was arranged at Shivagange Hills. Many students participated enthusiastically and enjoyed their day in nature.

MUN

RIPUC hosted the REVA MUN on September 27th and 28th, 2024, under the tagline "Debate Like Never Before." The event witnessed enthusiastic participation from 207 delegates representing over 20 schools. The REVA MUN featured six committees: AIPPM, DISEC, JCC Republicans, JCC Nationals, UNHRC, and UNSC. A panel of 11 highly experienced and qualified Executive Board members (EB) judged the proceedings.

Dr. Vijay Sakhuja, Professor and Head of the Center of Excellence for Geopolitics and International Studies at REVA University, was the Chief Guest for the day on September 27th, and Air Marshal Anil Khosla (Retd), PVSM, AVSM, VM, was the Chief Guest on September 28th. Their invaluable insights and wisdom added immense value to the event.

REVA Genesis 2024- Exhibition Cum Competitions

RIPU had organized an exhibition titled "REVA GENESIS," focusing on Science, Commerce, and Arts based models, which was conducted on November 9th, 2024. To this event, we invite students of classes IX and X from esteemed schools across North Bangalore, to showcase their working and non-working models, and to participate in various competitions such as VISMAYA - Trash to Art, Quiz, and Crafters' Challenge etc. A significant highlight of the event was the Cosmic REVA Planetarium, which drew considerable attention. Indigenous Games of Karnataka, Math Lab, Psychology Lab & Coin Exhibition were a major crowd puller to this splendid event. The exhibition attracted approximately 1,500 attendees and featured participation from around 30 schools who showcased a total of 190 working models in the competition. The event commenced at 10 am, officiated by Our esteemed Chairman Sir Dr. P. Shyama Raju, in conjunction with Principal Prof. Sridevi. R. The students displayed great enthusiasm to their participation. The occasion was a resounding success, featuring partaking from various schools from REVA University also, thus providing a unique learning experience for the visiting students.

The Intra-College Cultural Fest

Hidden talent can be likened to a bottle of perfume; unless it is uncorked, its essence remains undiscovered. With this perspective, REVA has launched SPOORTHY, an Intra-college competition designed to offer a broad platform for talented and gifted students to uncover their hidden abilities and achieve their highest aspirations. From July 22nd to 27th, students from I and II PUC had the chance to display their skills across a variety of competitions, including Pencil Sketching, Face painting, Collage making, Spelling bee, Stand-up comedy, Hair styling, Best out of Waste, Rangoli, Photography, Mehendi designing, Mono-acting, Vegetable carving, Solo singing, Ornament making, Solo dance, and Group dance.

Aikyam Club

Aikyam signifies unity and identity. This club has been established for Arts students to nurture, provide a platform for, and enhance their talents. Under the guidance of staff, various activities have been organized for the HEPP students.

Electoral Literacy Club (ELC) – 5/12/2024

ELC (Electoral Literacy Campaign) is organized by the college and the DDP office, with guidance from SVEEP (Systematic Voters' Education and Electoral Participation) to promote voting awareness among students. It aims to raise awareness about voting and elections among students. This initiative provides a valuable opportunity for students to learn about the voting process through various activities.

In December, activities such as essay writing, poster making, and quiz competitions were conducted for students. On November 11th, 12th, and December 5th, participants were selected to represent their schools in Taluk and District level competitions. Additionally, online registrations for those who turned 18 years old were facilitated through the Voter Helpline app.

Mock Parliament

The Department of Political Science organized a Mock Parliament, which was conducted internally, fostering significant engagement from students. This session proved to be both informative and interactive, thereby enriching the students' understanding of political matters.

In September 2024, the PU Board hosted a Mock Parliament at Maharani Lakshmi Ammani PU College, where our students demonstrated notable participation. As a result of their performance, our students have been selected to compete at the State Level.

Constitution Day - 26/11/2024

Constitution Day, also known as 'Samvidhan Divas,' is celebrated in our country on November 26th every year to conduct the adoption of the Constitution of India. On this occasion, students take an oath and participate in an essay competition organized by their subject teachers.

Voter's Day- 25/1/2024

To encourage more young voters to participate in the political process, the Government of India has declared January 25th to be celebrated as "National Voters' Day" each year. On this day, students come together to take a pledge on the Indian Constitution and the importance of voting. This event serves as a reminder and provides insight into our country's democracy and its structure.

Mental Health Month (October)

The Psychology Department has organized various initiatives, including Art Therapy, Behaviour Analysis based on the film 'Taare Zameen Par,' and life skills training focused on Empathy. These initiatives are designed to foster mental well-being, stimulate creativity, and cultivate resilience among participants, while also addressing stress and anxiety experienced by students. They have proven beneficial w.r.t. enhancing confidence, facilitating self-expression, promoting social connections, and improving coping mechanisms. Overall, these activities provide an effective blend of learning and enjoyment.

The Behaviour Analysis and Empathy component is designed to explore character behaviours, emotional interactions, and societal perceptions depicted in the film, as well as their relevance in the real world. This activity helps to develop emotional intelligence and communication skills, encourages teamwork and collaboration, and fosters empathy by allowing students to understand and appreciate diverse perspectives.

Collage making & Cooking without Fire

The Department of History organized a series of engaging activities for the I PUC & II PUC HEPP students to enhance their understanding of historical themes through creativity and practical learning. Students created collage focused on World History, highlighting significant global events and cultural landmarks, which deepened their historical knowledge and artistic skills. "Cooking Without Fire" activity involved recreating dishes inspired by ancient Indian culinary practices, fostering teamwork and insight into historical dietary habits. In the Numismatics session, students explored the history of coins and currency, discussing the evolution of monetary systems and linking history with economics and art. These activities made learning history interactive and enjoyable, helping students develop critical thinking and teamwork skills while leaving a memorable impact on all participants.
