THE STORY OF THE CITYSCAPE ARTWORK

Cityscape was reimaged over the summer of 2024. While construction work was underway, our team made an extraordinary discovery.

Hidden within the walls of Cityscape we uncovered a series of grand Art Deco panels featuring Goddess-like figures. These ethereal women, whom we've affectionately named 'The Celestial Sisters,' took our breath away and inspired an all-new astronomical theme for the city's highest sky bar.

"The Sisters" have been part of the heritage of Hilton San Francisco Union Square for nearly six decades, but had fallen out of memory. They quietly waited to be rediscovered, which magically happened during our 60th anniversary year.

The stars had finally aligned.

With awe-inspiring views of the city below and the stars above, Cityscape now offers an experience that blends the night sky with artistry, handcrafted cocktails, fine wines, and the timeless beauty of 'The Sisters.' We are proud to once again showcase these storied works of art, bringing their legacy to life for all to enjoy.
