Keep it Casual

An Educated Hehehaha Guy

Axel donned a comfortable checkered sweater vest with orange and black accents over a plain turtleneck, pairing the top with a pair of light brown khakis, such an elegant image would certainly evoke the preppy feeling associated with the dark academia aesthetic to those who see it, in most cases that is, but Axel and elegant is rarely a combination of words

3 Centuries of Formal Wear

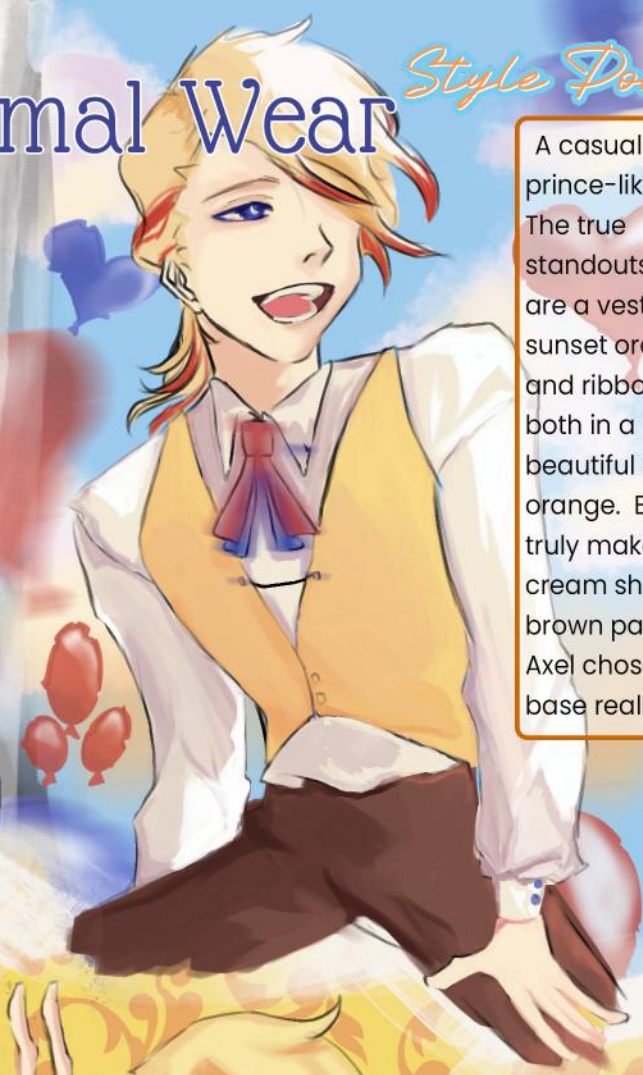

Style Point!

A casual prince-like outfit! The true standouts here are a vest in sunset orange and ribbon tie, both in a beautiful soft orange. Both truly make the cream shirt and brown pants that Axel chose as the base really pop.

Style Point!

Normally known for his styled hair and iconic braid, Axel switches it up with softer straight hair and a stylish ponytail! Paired with a soft clementine colored shirt with the sleeves rolled up and blue tie, he exudes a roguish Prince aura.

Style Point!

With a full formal outfit, the cheeky gladiator of Guild Tempus transforms into a prince right out of a fairytale! You can't miss that striking red coat over his lacy shirt. And the deep blue star pin at the center of his cravat?! You won't be able to take your eyes off him!

Axel's remission never did deter the passionate fans' spirits, and unsurprisingly, today he carried his team all the way to triumph. Thus **Arcadia Great Dome** was filled once again with loving chants and hurrahs from the adoring crowd.

Now that **Tempus North Star** has their ace back in the game, we are looking forward to what the team will cook for the upcoming match in Xenokuni.

Rising Star

Axel Syrios is a rising star in the idol world. His singing voice is not the only thing that people are clamoring after. Axel also has eyes on him for his trendy yet casual streetwear. His accessories, in particular, are standout pieces to his fit.

Dress Like Axel

A lot of us are eyeing Axel's clothes, wanting to get some of that drip ourselves. Last issue, we covered Axel's clothes so this time we're here to deliver an easy guide on how to (affordably) accessorize like him!

01. HAIRCLIPS

The easiest of the bunch to find, these are an easy pick-up from any accessory shop in Elysium. For the Axel signature look, pick hairclips with differing shapes that you can mix and match.

EST. PRICE: 10 MAGCOINS PER PIECE

02. CHARMS

The charms that Axel have are part of the limited run of merchandise accompanying Tempus' first album. Axel has gone on record to let us know that as long as you keep a charm of something dear to you, then that's in line with his style.

EST PRICE: 30 MAGCOINS PER CHARM

03. BACKPACK

His sleek backpack will probably be the accessory with the heaviest price tag but only to match how comfortable it is to use. There's no need to go for the same brand to achieve the same look. While Kurarin sells very high quality bags, Dark Cherry's line of backpacks will do the job at about half the price.

EST. PRICE: 120 MAGCOINS

04. SHOELACE STOPPERS

Avid fans will know that these were gifted to him by his manager after his first concert. While these were custom made, many creative alternatives have spawned up all over. Be it smaller shops or even on online stores, these are the accessories that you don't want to miss out on!

EST PRICE: 20 MAGCOINS PER PIECE

FLY, GET THINGS

Originating from "Northern Elysium" as a gladiator, Axel took the world by storm when he joined the TEMPUS Guild on July 24, 2022. His career trajectory has been nothing short of meteoric. He's become a household name in the Tempura...uh, Tempus community, celebrated for his cocktail of humor, introspection, and charisma that's as irresistible as a slice of pizza. His warm and lovable personality has endeared him to fans far and wide, making him a beloved figure that continues to captivate and inspire those around him. With Axel on the screen, you know you're in for a rollercoaster ride, so fasten your seatbelts!

STARTED WILL I WIN, WILL I LOSE?

His claim to fame isn't a well-guarded secret; it's his enchanting ability to connect with the community. Axel's a force of nature, the king of cheeky confidence, but there's more to him than meets the eye. He's not just the prankster; he's also your go-to guru for advice and insightful commentary. He'll hit you with wisdom and self-awareness that sneak up like a plot twist in a telenovela. He's the real deal, and his authenticity is as unmistakable as a neon sign on a desert highway.

THERE WON'T BE A DRAW

Axel Syrios represents something special as the bridge between the real and the virtual, offering an escape from the mundane while forming genuine connections with his audience. What sets him apart is his willingness to take risks and seize opportunities. He shows us that staying true to ourselves on the journey to our dreams is a ride worth taking. Proving that when the going gets tough, don't throw in the towel and focus on the bright side. Axel doesn't half-ass anything, and you just don't want to take your eyes off of him!

THE CHILLIST MAN

Classy? Check. Stylish? For sure. Rebellious? Yes, but don't mind about that last one. With the setting of a white room, Axel is sitting in a black coat with cool silver rings to match. Honestly you can't get any cooler than this because Axel is the definition of what cool is, but don't tell Axel that since it'll feed his ego even more.

"He looks like a certain someone but I just can't put my finger on it... Well I'm sure it doesn't matter that much."

SPLASH OF COLOR, SPLASH OF COMFORT

AXEL SYRIOS is well known for his eye-catching gladiatorial outfit, but even the roughest toughest gladiator can chill out with some super comfortable clothing! Today we have an exclusive interview with him on his, shall we say, comfier side!

AXEL: AYO! Thanks for having me here today!

I think most people have only seen you in your normal gladiator outfit! What inspired you to wear something so out of left field?

AXEL: Hmmm I don't think this is all that weird. At the Tempus Guild Hall, we usually wear clothes that we like or stuff we lounge around in. Sometimes it's a lazy as [redacted] day, and some days you wanna look good! And today I was feeling somewhere in the middle.

So you like to wear softer looking clothes. Interesting!

AXEL: Yeah man, it's great! And I mean, who doesn't like pastels and [redacted]?

Tell us about the outfit you're wearing today.

AXEL: No problem~ I wanted to wear a sweater and I had this purple/pink lookin' one in my closet. And I mean, didn't feel like jeans or whatever, so I got out the overalls to match it. Think the patterns called....hounddog or something*. Plus I got my patented Axel Syrios sneakers, for sale now at the Elysium Grand Coliseum!

**Note: The pattern is called houndstooth.*

Any additional things you'd like to tell our audience?

AXEL: You definitely don't need to worry about always looking perfect all the time. Just do something nice for yourself everyday and do your hair or makeup or whatever. Make sure you smell good too dude, you don't wanna go around smelling like ass.

ARTIST: ZEN WRITER: REDACTED

Welcome to the colossal world of Axel Syrios, a renowned gladiator, hitman, assassin...doctor, lawyer, educator... treasurer... man... this guy has every title under the sun. He's someone known for his cheeky pranks and "hehe haha" moments. Online, he's known for his iconic orange and black leather jacket, sleeve chains, and canine mask. These are the staples of his brand that coalesce his iconic representation. When Axel's off-duty and is just running errands or hanging out, he has a more versatile fashion sense. In this column, we delve into Axel's everyday style choices, exploring the playfulness and mischief that define his fashion when he's not battling foes or engaging with fans. From purple hoodies to black leather jackets, Axel's wardrobe is as diverse as his on-screen antics.

CITY GROOVE

When Axel casually strolls through the bustling city streets, he couldn't care less about elaborate attire. His go-to ensemble when hanging out with guildmates or indulging in leisurely walks with his beloved pets consists of a cozy blue hoodie layered with a thin outer jacket for that extra touch of style, paired effortlessly with comfortable black sweatpants.

"I took this photo! ^_^"- Regis Altare

ALL IN A DAY'S WORK

When Axel travels to his college campus, he stylizes himself comfortably in a casual fashion. Sporting orange neko socks that offer both comfort and flair, he pairs them with dark gray shorts for that laid-back sophistication. His choice of a black t-shirt exudes an effortless coolness. As he leisurely strides the campus sidewalk, he thinks about his future plans as a Holostar and what exciting stream he'll make next while carrying his black backpack.

"Good luck with your studies! Nice outfit!"- Josuji Shinri

NUMERICS

When Axel fulfills his duties as the guild's treasurer, he adopts a casually professional style. Clad in a sleek steel-gray t-shirt and black sweatpants, he exudes confidence and comfort. His wireframe glasses hint at his sharp intellect, reflecting the numbers he handles from his monitor. Axel's essentials are neatly organized in a black leather crossbody bag, reflecting his practical yet meticulous approach to the role.

"I don't see him wearing his glasses often, but it makes him look pretty smart!" -Machina X Flayon

EROS ALMIGHTY

Axel can be really stylish when he wants to. While it'd be easy to believe that he has the god-given talent of radiating Rizz, you too (yes, you), can be as charming as Mr. AphroDingo. Axel wears ripped black leather jeans, like in his streams, which complement his cotton muscle-fit long-sleeve shirt, which is covered by his pine button-down shirt. Adding to his urban edge fashion, he has various accessories such as his glamorous shades and a mini paper coffee basket for two~ If you freshen up a little, you, too (yes, you), can have one-chains in both arms. Wait a minute... What's that dangling next to his bag?

So that's where my philosopher stones went..." - ???

These are just several of many of Axel's finest casual clothes. His wardrobe's much bigger than I thought!

WRITTEN BY RAN MIYASHITA

Q: Could you tell us a little bit about yourself and how you became interested in Rock Gyaruo Style Fashion?

A: Certainly! I've always been drawn to alternative fashion, and Rock Gyaruo Style stood out as a method for me to express myself. It combines rock and punk elements with traditional Gyaruo outfits, which is bold and elegant. The combination of these styles hit warmly with me.

Q: Do you have any advice for someone interested in Rock Gyaruo Style Fashion?

A: YES! My recommendation is to begin by studying the style, learning about its history, and getting inspiration from influencers and magazines. Experiment with hair and styles to get a look that you like. Unique apparel can be found at thrift stores and online marketplaces. Take risks and, most importantly, embrace your unique Rock Gyaruo Style.

Q: What are some of the essential aspects or qualities of Rock Gyaruo Style Fashion?

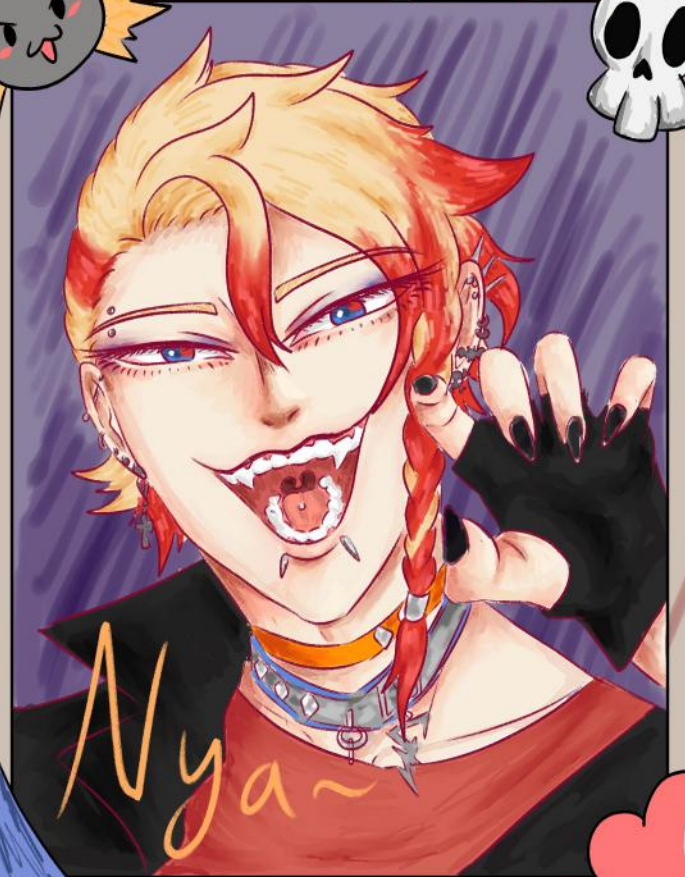

A: Rock Gyaruo Style is all about standing out. Bold makeup, such as smokey eyes and heavy eyeliner, is frequently used alongside striking hairstyles, such as teased hair or vividly colored wigs. Outfits are typically edgy and bold, with leather, studs, and plenty of accessories. It's a look that encourages self-expression and confidence.

REBEL OF STYLE!

AXEL SYRIOS!

Q: "Could you please tell us a little bit about how you got into the world of fashion and what drew you to it? "

A: "When I was a youngster, I developed an interest in Japanese Gothic Punk Street Fashion. I was captivated to the eclectic and unique style, which combines traditional Japanese aesthetics with punk and gothic elements. It's a fashion culture that values individuality and originality, which caught my interest."

Q: "What importance does music play in this fashion style? are there any particular bands or genres that impacted the subculture?"

A: "Music has a large influence. Fashion is frequently influenced by a wide range of music, from visual kei bands to gothic and industrial genres. These musical influences can be seen in the dress, haircuts, and overall attitude of those that embrace this style."

Q: "Could you elaborate on some of the important characteristics that characterize this fashion trend?"

A: "Of course! This style combines a variety of aspects, including traditional kimono-inspired garments and punk accessories. It is distinguished by a dark color palette, asymmetrical silhouettes, and a blend of retro and modern components. Platform boots, fishnet stockings, layered apparel, and an emphasis on layering textures and fabrics to create a unique look will be seen."

Special Note from the Artist Q: "What inspired you to draw Axel in this style?"

A: "I was inspired by Japanese fashion media from the early 2000s, which featured street photography of random people dressed in unique costumes, usually by well-known and popular brands of the time. It's something I'm currently wearing as part of my own style! And I intended to turn stuff I really like which I dream I owned as well as pieces I actually have, into something Axel could wear as a street snap way."

I know I don't look like it sometimes - I sorta look like a

CHERRY BOMB

EXPLORING THE EXPLOSIVE ELEGANCE OF JIRAI-KEI STYLE

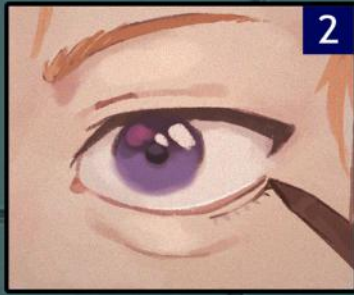

1

FACE & SKIN PREP

Start with a clean face, ya know? The basics. Make sure it's not looking like a desert, yo!

Slap on some hydration and concealer. I'm aimin' for that flawless, "I woke up like this" look, but with a bit of a "cherry" twist.

2

EYE & LASH PREP

Darken up those bags with a brown eyeliner or pencil. Add some false lashes or sketch 'em in - keep 'em light and chill. Pro tip: Go sparse and thin with the lashes on the bottom lash line for that extra oomph.

3

PUFFY EYES

Sweep some pink or red eyeshadow on the outer corner and under your eyes to create that "just cried like a lil bxtch" vibe. Line those eyes downward with eyeliner for that signature puppy-eyed "droopy" look.

4

LIP & BLUSH

Opt for bold lip colors, ones that are very rich in color, like a black cherry red kinda deal. If you're feeling extra spicy, you can even apply glossy lipgloss for extra shine or apply matte lipstick for that sexy, velvet look.

CHERRY BOMB

It looks like that nice, but I got my moments and I find that's what the style and attitude in it. I get to be here and it's still me, y'know. I'm a team of makeup artists, and this is a super fun project. I can't thank these people enough for making this amazing.

FASHION POINT

Get this bag, it's like a teddy bear on the outside, but secretly it's a mess on the inside - just like my Axelotls!

1. Take Off Your Clothes

If you wanna wash your suit while you shower, you do you buddy.

Saving water in this economy is kinda smart tho ngl

2. Take Off the Accessories That Came With Your Battlesuit

Before you toss it into the washing machine, sit down and take off all the [REDACTED] that would destroy your washing machine if you don't. For example, here's what I got on my battlesuit from head to toe that I have to take out before laundry:

- Cybernetic ears (NOT FURRY)

- Collars and Tie
- Chains
- Gloves (with sexy [REDACTED] knuckle studs)
- Stylish White Belt
- The Strap Thingy
- Clip-on Detachable Tails (NOT FURRY)
- Battle Chains
- Expensive af Shoes

3. Separate your Laundry

This is very important. You don't want to have stains all over the fabric, or rips and tears all over your precious new clothes because you're stupid and you [REDACTED] up before washing.

4. Use Laundry Detergent

Don't be stinky and smelly like Altare and his ■■■ stained underwear lmao

5. Use a Washing Machine

Just press sum buttons, let the machine do its job and now your clothes are clean and fresh as ■■■!

CHAINS OF CERBERUS

Nes & Tou

Indie developer **Three Tails Studio** has finally released a full trailer of their most ambitious project yet, **Chains of Cerberus**. In this charming 2D pixel RPG game, players are able to do so many things in its 100-120 hours of adventure.

Moreover, the team also released a new, gorgeous promotional art of the game's handsome protagonist, the Gladiator, adorning his full battle outfit of sturdy shoulder armor, iconic orange cape (that we had seen from the past trailers he would use to hide his face), and the strongest dagger in the game, the Canine.

Character and inventory sprites. Courtesy of Three Tails Studio.

The Gladiator and one of the obtainable pets in a dungeon level

The newly-released trailer revealed many of the new in-game mechanics, and it truly made Chains of Cerberus shine brighter than its competitors. You can choose to tame the dangerous (but adorable!) little creatures that will accompany and help you throughout your journey, dabble in potion-brewing and make use of the many rare ingredients you can only find in dungeons, or you can even try out your luck with the newly-introduced gacha mechanic for weapons of different rarities!

Join the Gladiator in his journey to find his "Utopia" and to eradicate the king of Abbadon, Demon Lord Regis on the game's release day, **November 1st, 2023!**

The Lethal Cure

While many view the world in a black and white manner, Axel walks that fine line in harmony, finding balance and never finds himself to be bound by either side's ethical and moral codes. He is his own man and abides by his own logic and rules.

In essence, Axel is a fascinating paradox, embodying both doctor and assassin, skillful at mending wounds with one hand and causing them with the other, navigating the blurred edges of life's complexities. Operating on sheer instinct to tackle any of his life's daunting challenges, he takes them head on with unwavering determination and a bold, fiery spirit.

“Doctors resolve the root cause of a problem, right? Well, I destroy it. So I am a doctor.”

It's a testament to Axel's remarkable ability to seamlessly intertwine savior and warrior, healing and harm, in a reality that rarely encounters such intriguing yet charming contradictions.

STEP INTO THE MESMERIZING WORLD OF "SILKEN GUARDIAN," A CAPTIVATING FUSION OF XENOKUNIAN TRADITIONAL FASHION WITH A MODERN TWIST. THE OUTFIT EXUDES ELEGANCE, WITH ITS FLOWING LINES AND RICH TEXTURES, DESIGNED TO MAKE AN IMPACTFUL STATEMENT. ONE CAN'T HELP BUT BE ENCHANTED BY THE SEAMLESS BLEND OF HISTORY AND MODERNITY THAT TAKES TRADITIONAL ELEMENTS AND IMBUES THEM WITH AXEL'S CONTEMPORARY CHARISMA, ADDING A UNIQUE TWIST TO THE TIMELESS ALLURE OF THE ENSEMBLE.

Silken Guardian

THE UNYIELDING GUARDIAN OF GUILD TEMPUS: WITH A REGAL PRESENCE AND AN AIR OF MIGHT, AXEL'S STRIKING LONG HAIR AND ATTIRE TRANSPORT US TO A TIME WHERE WARRIORS DONNED ATTIRE THAT TRULY BEFITTED THEIR VALOR. IT'S AN EXPLORATION OF THE PAST IN THE CONTEXT OF THE PRESENT, REMINDING US THAT EVEN IN THE MOST TRADITIONAL OF ENSEMBLES, WARRIORS CAN EXIST IN THE MODERN WORLD.

Love beyond the Gates

Beyond the stone-chiseled titanic walls that guarded the kingdom of Veridia lay the humble village of Mariglen. The village's streets came alive with a symphony of sights and sounds. Horse-drawn carriages rumbled down cobblestone pathways.

Vendors lined the thoroughfares, their stalls brimming with vibrant, locally grown produce that spilled over with colors and scents. The air was thick with the tantalizing aroma of pies and pastries emerging from quaint restaurants.

Following the clouds to the east, Mariglen gradually gets separated by the majestic mountainous structures of the palace of Veridia, with its spires gravitating heavenwards. Within a chamber embellished with antique ceramics and gilded mirrors, The soft swish of a feather duster and the gentle clink of porcelain meeting cloth filled the air with a soothing rhythm, like a melody of domesticity. The sun casts its gleaming rays on the hand of a young maid named Alyssa as she graciously dusts fine porcelain. As a door creaked open, Alyssa heard the distinct rhythm of black boots pacing along the marble flooring.

Her heart skipped a beat as she saw the gentleman standing behind her. A dashing crown prince wearing a dark blue cape with a mane like a lion and a collar ornamented in gold. An orange feline friend walked behind him, and an Axolotl sleepily mounted on his crown. Axel praises Alyssa for her hard work and tells her that he missed seeing her, making Alyssa's cheeks as red as rose petals. He tries tempting her into having an enchanted evening in the palace's garden. Axel's mother, Mena, walks in and scolds him for how it's unbecoming for a future king to be flirting with a maid. Axel complies. She also tells Alyssa to remember her place. Despite his mother's wishes, Axel went against the grain. He would manipulate schemes to misdirect his family members and give him and Alyssa plausible cause to deny that they were spending time together. The forbidden love between the two would continue to defy economic boundaries and the queen's wishes.

Cafe D & B

Meet Axel Syrios, a member of Guild TEMPUS facing an extraordinary situation: working part-time at a maid cafe exclusively for Axelotls. Wondering how a manly guy like Axel landed in a frilly apron serving these little fellas? It's a tale of a lost batsu and having to somehow make money for the guild (as usual!).

We've even heard from some of the Axelotls too: "He may not be one of us, but his service is spot on, and he's as cute as we are!"

One of the most curious aspects of this experience was witnessing Axel's attempts at adorable greetings. In his best voice, he'd say, "Ayo~ Welcome, bro! What can I get for you today?" He jokingly added, "I was tempted to add a 'woof' for effect, but I thought that might be pushing it... And I ain't do that shxt for FREE! Ha ha ha!"

Q: How was your job today?

*A: It was definitely like, an unusual experience if I had to put it in words? It's not easy being a cute a** maid, but I think I pulled it off!!*

Q: What was the hardest thing about working as a maid?

A: Balancing the tray of whatever I had in my arms while maintaining my dignity and charm. This shxt harder than fxckin' some dudes or some shxt, y'know what I'm sayin'?

Q: How was your customers' reaction? All the Axelotls visiting today said you're a good maid.

A: Ayo, I appreciate that! They might be ankle biters but my Axelotls appreciate good service and are incredibly easy to please. I'm happy they enjoyed their time at Café D et B! Next time, I'll be sure to wear the skirt!

"I was so ready to show off my hairy ass legs in the maid dress to my cute guests but they said to keep it seiso and not drive 'em TOO wild. I guess I gotta save it for another day!"

Luminous **ROGUE** *of Elysium*

Intense in both passion and personality with an ethereal mystique to his charms, get a glimpse of the Luminous Rogue of Elysium who burns as brightly as the sun. Even if equipped with the allure of an angel, Axel carries a playfulness with him that only he can pull off. Otherworldly and lustrous with his wings, wrapped in light fabric with a gentle glow that mimics a halcyon sky, the piece is held together by a spiked metallic sun brooch that contrasts the gentleness of the ensemble.

The polarity of his angelic voice and his cheeky whims is what makes Axel such an experience to witness in Elysium. Akin to delicate feathers with an edge that accompanies him, there is just something about a celestial rogue whose strength and luminosity can protect you with a smug grin gracing his handsome face.

[She did a twirl for us here.] How can you go wrong with pink and orange?! But they ain't on the dress ya know. They're on a corset~ [The photographer swears she wiggled her eyebrows at him.] Guess last I got this hat, think it called a pageboy? Whatever, I got it cause it matched."

ALICE SYRIOS

"Hah? What *am* I wearing? Like, guess I'm loving this leather dress I got on now! I mean, it's actually pleather so like... I'm saving the Earth and shit. But the feathers! Aren't the feathers the best part!?"

AXEL SYRIOS

“YOOOOO! Of course I’m game to talk about my fit! I decided to go VKei style after my favorite artists, but like....old school VKei. The ones from the ‘00s ya know? They got the BEST fashion! Like, I got the faux leather stuff rocking today. Pretty sweet that I got a matching vest for these pants, it’s hard to do when one of the legs got chains. But man, talk about a find when I got this baby! I’m wearing my platforms as always too.

Oh, my favorite part? Gotta be the jewelry! I mean, the spiked collar is cool and all, but the silver necklaces are the best. I just got a silver chain and threw a lock on that bad boy. The cross one I got in some random store, but hell, it couldn’t have worked out better! And I got some basic AF bracelets! Last....ah! I got rings too! The skull one is my favorite!”

SYNCHRONIX

NESTLED IN THE SPRAWLING CYBERPUNK DYSTOPIA MUNICIPALITY OF VCITY LAYS A CESSPOOL OF THE ABANDONED AND ABUSED. AS THE LAST RAYS OF DAYLIGHT FADED INTO THE INKY ABYSS OF NIGHT, THE CITY TRANSFORMED INTO A HAVEN FOR CRIME. AMIDST THIS DYSTOPIAN TURMOIL, TWO ENIGMATIC FIGURES EMERGED FROM THE SMOG-CHOKED DEPTHS OF THE CITY: AXEL AND ALICE, OR OTHERWISE KNOWN AS SYNCHRONIX.

AXEL'S ATTIRE IS A SYMPHONY OF TECHWEAR, FEATURING PADDED JOGGERS, A HIGH-COLLAR JACKET, AND A CYBER COMBER JACKET, ALL COMPLEMENTED BY TECHNICAL SNEAKERS THAT GRANT HIM BOTH COMFORT AND FUNCTIONALITY. IN CONTRAST, ALICE DONS A STREETWEAR SKIRT PAIRED WITH A HARNESS, A CROP TOP CYBER HOODIE, AND PLATFORM HIGH-TOP SHOES, FASHION THAT MELTS SEAMLESSLY WITH HER AGILE AND LETHAL PERSONA.

WHEN THE SUN GOES DOWN, THE BODIES STACK UP. RED MIST PERVADES THE CLOUDS AS THE NOTORIOUS HITMEN ASSASSINS TAKE NAMES, KICK ASS, AND COLLECT BOUNTIES. NO MATTER WHETHER IT'S TAKING DOWN KINGPINS OF UNDERGROUND CYBERCRIME SYNDICATES OR HACKING MEGA CORPORATIONS, THERE'S NO CHALLENGE TOO FORMIDABLE FOR THESE TWINS, IF THE PRICE IS RIGHT.

ARMED WITH DESERT EAGLES, THEY ARE LETHAL FROM OVER 4,000 METERS WITH THEIR EXTREME LONG-DISTANCE PIN-POINT ACCURACY. IN CLOSE QUARTERS COMBAT, AXEL WIELDS CYBERNETIC ARMS WITH HYDRAULIC ENHANCEMENTS AMPLIFYING THE STRENGTH OF HIS PUNCHES. ALICE HAS BIONIC LEGS WITH ENERGY PROPULSION SYSTEMS, BOOSTING THE FORCE OF HER KICKS. BOTH OF THESE HALVES ALONG WITH THEIR INCREDIBLE TEAMWORK COORDINATION ALLOW THEM TO TAKE ON ANY FOES NO MATTER WHETHER THEY'RE OUTGUNNED OR OUTMANNED. THEIR FOX MASKS, EQUIPPED WITH HEADPHONES AND A SPEAKER FOR AXEL, ALLOWS THEM TO COMMUNICATE COVERTLY DURING MISSIONS AND TO CONCEAL THEIR IDENTITIES. THEY ARE AS DANGEROUS AS THEY ARE ELUSIVE.

AS THEIR KILL COUNT GREW, SO DID THEIR NAMES. REGIS ALTARE, A ROGUE EX-COP, TOOK NOTICE OF SYNCHRONIX'S ASSASSINATION SKILLS AND CUNNING GETAWAYS DURING A TIME OF FINANCIAL CRISIS. IN A DESPERATE ATTEMPT TO SECURE THE HUB'S FUNDINGS, ALTARE RESORTED TO UNCONVENTIONAL MEANS BY GETTING THE TWINS' ATTENTION. DURING A DIAMOND HEIST, THE TWINS WERE EXPECTING TO EASILY ESCAPE, UNTIL THEY WERE DIVIDED AND CONQUERED BY ALTARE. WHILE AXEL HAD BRACED FOR THE INEVITABLE BETRAYAL, ALTARE OFFERED AN UNEXPECTED PROPOSITION: EITHER FACE CAPTURE OR JOIN THE ENIGMATIC RANKS OF TEMPUS HUB. WITH PROMISES OF AUGMENTED WEAPONRY, MISSION SUPPORT, AND THE POTENTIAL FOR THEIR EARNINGS TO MULTIPLY, THE TWINS DECIDED TO CAST THEIR LOT WITH THE ENIGMATIC ORGANIZATION. AXEL ASSUMED THE MANTLE OF 'TREASURER' WITHIN THE HUB'S CLANDESTINE HIERARCHY. HOWEVER, AS THEY HONED THEIR LETHAL SKILLS AND MAINTAINED THEIR ACERBIC AND ANARCHIC TENDENCIES, THE EVER-WATCHFUL EYE OF SURVEILLANCE REMAINED, ENSURING THEY DIDN'T CROSS CERTAIN BOUNDARIES. TO KEEP AXEL'S BLOODLUST AND AGGRESSION IN CHECK, ALTARE EQUIPPED HIM WITH A CHEST MONITOR THAT COULD INCAPACITATE HIM IF HE EVER VEERED TOO FAR OFF COURSE.

Axel Syrios

“Oh, hey! If you’re looking to try out a drink, why not take a sip outta my Long Island here? Heh, it’s an indirect kiss~”

[Host Profile]:

Axel is flaunting a unique piece from Richardsson & Bolls, who the head designer of had taken a liking to the boy. Thus, becoming inspired to create this truly unique piece; a deep grey suit adorned with genuine axelotl leather belts, and a shoulder cape using silk from only the happiest silkworms. The additional silver chain jewelry was hand mined and crafted by the beloved (unpaid) axelotls who were, not, harvested for leather. Truly a masterpiece.

NEW YEARS BRINGS ABOUT A CHANGE OF STYLE

New Year's brings about many changes, whether it be good or bad, Axel is not one to shy away from dressing up and having a good time in the festivities alongside the other boys. However if trouble arises, this outfit doesn't shy away from the glory of battle. Axel is headlong one of the first to rush into the fray, using his chains as his primary weapon but also being able to summon others on a whim if he needs it.

A staple of Holopro, the New Years outfit is always a go-to outfit ready for any situation. Whether it be festivities or battle, this outfit is prepared to take the heat! Axel's outfit also includes a Axelotl bead, which berates and annoys the hell out of him but gives him a boost to his attack and defense. Unsure of whether or not that's good luck or bad luck...

Axel lounging around during the festival time, he looks comfy and chill, trying to entice you to come laze about next to him.

Ouji Kei, As You Wish

“Ayo, look at this cool staff they gave me.”

An Interview with the Star

This young boy used to be a child living on the streets until he was scouted by the next big name in fashion, Antony Xavier Lotl of the high-brand Colosseum, changing his life forever. No more putting in hard hours of labour to earn but a small coin. These days the boy is living a life of luxury and comfort along with his cat, Jerry, who had also grown up on the streets with him. An inspirational rags-to-riches story.

When we asked the designer, Mr. Lotl, why he had picked Axel out of anyone in the world, the man gave us a very touching answer: “I liked his rough language, yet kind attitude towards everyone around him no matter his own circumstance.”

We also asked Axel how he felt about all this, and this is what he had to say: “I feel very lucky to have this chance, and I very much like where I am, everyone is kind to me. I’m thankful for all the support!”

An Outfit Spotlight

We really cannot pass up the opportunity to put a spotlight on the details. In today’s shoot, Axel was put in a piece styled to resemble clothing from the Victorian era, those befitting of the higher class such as a Duke. And as such, only the finest and most top-quality materials were used in the creation.

Knee high boots, handmade by Mr. Lotl’s most trusted Italian shoemaker, adorned with small silken orange bows to compliment Axel’s hair. Almost in contrast to that we have a black bow tied around his braid, matching the one around the collar of his best friend. An orange blouse hides tucked away into his black waist-shorts and modestly covered by a cropped poet shirt. He was also given the addition of a cane and black gloves to really seem like a Victorian age young master.

Hello faithful readers! Today we have a huge huge scoop! And not just any scoop! **A ROYAL SCOOP!** I was able to get access to Hearts Castle with the help of one of their loyal retainers so we could get the juicy secrets!

I got into the castle first, intending to find our King's lovely sister! It was a long sneak-walk but eventually I saw her. Our one and only **Queen of Hearts**, Alice Syrios!

In the royal dressing room, the Queen was in the process of (gasp!) **changing!** Some of her Axelotl maids were putting the finishing touches on her long hair, with one carefully braiding a section. Her dress matched her brother's outfit, as we all know. The last pieces of her outfit, her gold thorn opera gloves, were being brought out as well.

I peeked into the room more and oh my! Axelotls were laying at her feet, their faces Full of pure happiness as she poked them with her heels. It definitely sounded like she was teasing them.

Her face was hard to read, but...was she enjoying this? I guess my last peek was too ambitious, because I was just lucky enough to dodge her **Heart Wand** being thrown at me! When I lifted my head, I saw her facing me, totally mad!

"AYO, WHAT THE [redacted] IS THIS?! YOU ENJOYING THIS, YOU SICK FREAK?! GUARDS, GET HIS ASS!"

TWIN OF

After a mad dash out into the gardens, I got a rare early morning look at **The King of Hearts!**

With a small legion of his faithful Axelots, Axel Syrios strutted out into the courtyard, head held up high, a cheeky smile across his handsome face. His dashing **red** and black outfit stood out even amongst the plethora of roses, with the shiny glints of gold jewelry and his white sash.

His cape (the stand out piece in your amazingly humble reporter's opinion) fluttered behind him in a flash of red, black, and white, the image of cards dancing in the wind. He even had the famous **Rose Scepter** with him!

He was talking to his retainers excitedly, with his blonde head whipping back and forth.

Then! Out of nowhere! He spun the Scepter in his hand, wound up, and, with perfect accuracy, **swung** it at one of the roses on the path! The rose head he hit flew far out into the Maze!

All the Axelots were grouped up far away, either with terrified looks or angrily yelling at the king!

But King Axel just laughed and continued on down the path.

GAMING GETUPS

Tempus Guild heroes

Where the worlds of video games and fashion collide! This issue, we feature Axel Syrios and his appearance in the newest entry of the Tempus Guild franchise.

CONCEPT

The Gladiator is a new character in the franchise in the Tempus Guild Heroes. The critically acclaimed RPG features designs from the seasoned character designer, Aqua. Axel Syrios, the fire spirit character, draws inspiration from many JRPG predecessors.

From the design's early conception, a lot of emphasis is put on the fire element that complements Axel's final weapon design.

Axel's tails are also prominent and are quoted to be a key defining aspect of his character. Noticeably, Axel's ears resembles those of a hound.

CUTSCENES

Scenario Writer:

Stormfall

This storyboard is for the memorable introductory scene in which Axel makes his first full appearance. As depicted in the storyboard, Axel walks out of the guild hall for the start of the day, only to be ambushed by enemies. The stylish flow of the cutscene, showcasing the fluidity that the design allows, leads up to one of the game's first tutorial battles. It is during this sequence in which Axel coins his phrase "Stay cheeky, stay spicy!" which is heard multiple times throughout the game.

*It's high noon.
Twenty paces.
One bullet.
Sheriff Syrios
takes aim
and fires.*

WANDERING HOUND

The city sleeps in the day and wakes in the night. The light from the sky is fleeting and rare in these city walls, yet it burns bright and falls gently on our **Hound** and his Axelotl companion.

In this world where there's not much more he can depend on but himself, the **Hound** makes do with what he can find to protect and clothe himself.

The flutter of his tattered cloak and the signature rattling of chains signal the entrance of someone that the last of humanity can depend on. Though his mask bears fangs, his voice brings smiles to his gathered companions.
