TRIMS AND NOSING

TN TRIMS MP ALU CARPET TRIM YJ-212 2025-4

Size: 7.7mm x 0.9mm x 8ft

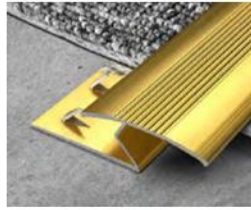

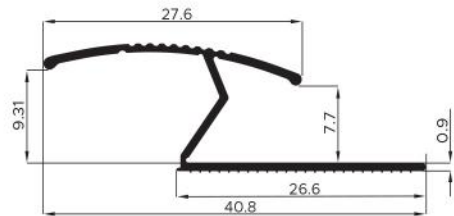

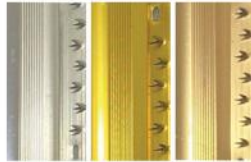

Product Type: TRIM

Item Code: YJ-212

Name: CARPET TRIM

Material: ALUMINUM

Color: POLISH SILVER, POLISH LUX GOLD, POLISH GOLD

TN TILE TRIM MP ALU L-TYPE YJ-425 2025-4

Size: 7.1mm x 0.9mm x 8ft

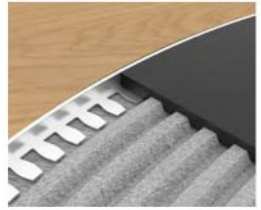

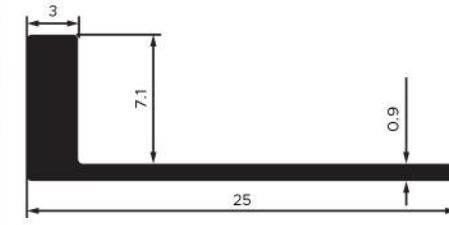

Product Type: TRIM

Item Code: YJ-425

Name: EXTERNAL TRIM

Material: ALUMINUM

Color: POLISH SILVER, POLISH LUX GOLD, POLISH GOLD

TN TILE TRIM MP ALU EXPANSION EJ-D78 2025-4

Size: 10mm x 0.9mm x 8ft

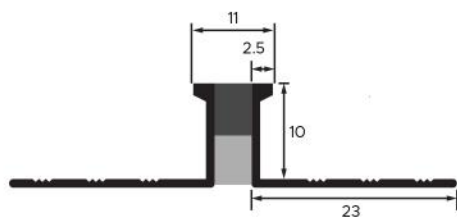

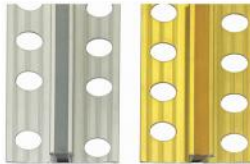

Product Type: TRIM

Item Code: EJ-D78

Name: EXPANSION

Material: ALUMINUM

Color: MATTE SILVER, MATTE GOLD

TN TRIMS MP ALU FLOOR TRIM YJ-145 2025-4

Size: 29.2mm x 1mm x 8ft

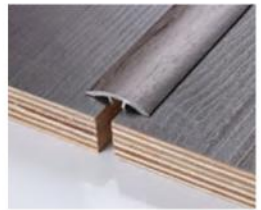

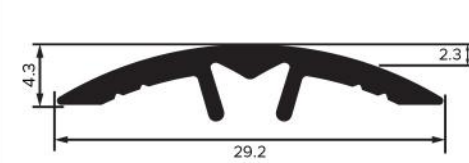

Product Type: TRIM

Item Code: YJ-145

Name: FLOOR TRIM

Material: ALUMINUM

Color: BEIGE, NATURAL, LT BROWN, DK BROWN

What is Carpet Trim?

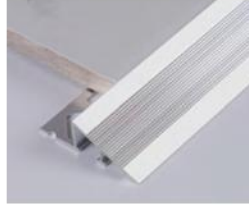

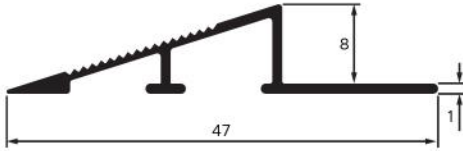

Carpet trim - also referred to as carpet transition strip, threshold strip or carpet edge trim - is a finishing piece used where carpet meets another surface (e.g., tile, wood, laminate, vinyl), or even between two carpet types.

Its main purposes are to:

- Protect carpet edges from fraying
- Create a clean, durable transition between different flooring materials
- Reduce trip hazards and improve visual aesthetics. Typically made of metal (like anodized aluminum, brass or bronze), or sometimes wood or PVC. Carpet trim comes in various shapes and finishes to suit design needs and height differences between flooring surfaces.

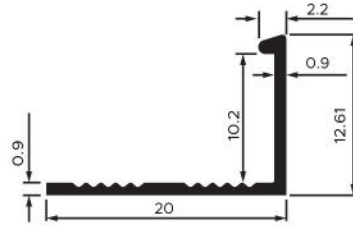

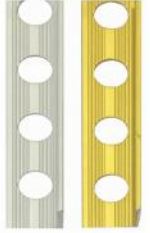

TN STAIR NOSING MP ALU TRIANGLE YJ-244 2025-4

Size: 47mm x 1mm x 8ft
 Product Type: STAIR NOSING
 Item Code: YJ-244
 Name: TRIANGLE STAIRNOSING
 Material: ALUMINUM
 Color: MATTE SILVER, MATTE GOLD

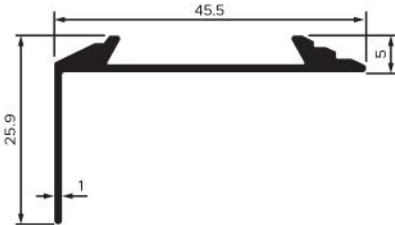

TN TILE TRIM MP ALU L-TYPE TRIM YJ-542 2025-4

Size: 10.2mm x 0.9mm x 8ft
 Product Type: TRIM
 Item Code: YJ-542
 Name: L-TYPE TRIM
 Material: ALUMINUM
 Color: MATTE SILVER, MATTE GOLD

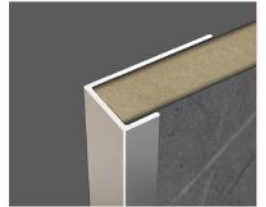

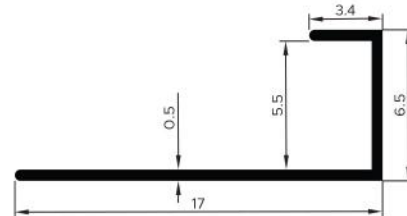

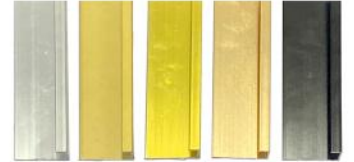

TN STAIR NOSING MP ALU CARPET TRIM YJ-142 2025

Size: 45.5mm x 25.9mm x 1mm x 8ft
 Product Type: TRIM
 Item Code: YJ-142
 Name: CARPET TRIM
 Material: ALUMINUM
 Color: MATTE SILVER

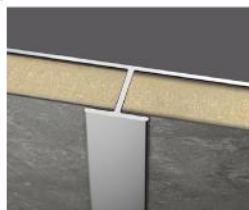

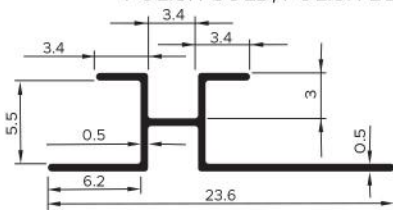

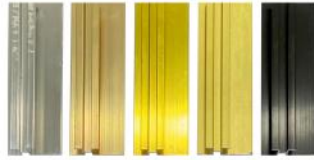

TN TRIMS MP ALU CORNER TRIM YJ-717 2025-4

Size: 5.5mm x 0.5mm x 8ft
 Product Type: TRIM
 Item Code: YJ-717
 Name: CORNER TRIM
 Material: ALUMINUM
 Color: POLISH SILVER, POLISH LUX GOLD, POLISH GOLD, POLISH BLACK, MATTE GOLD

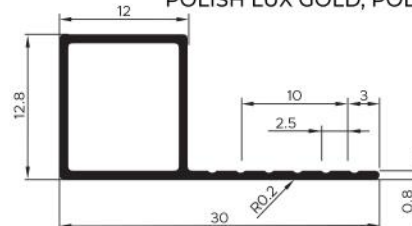

TN TRIMS MP ALU H-TRIM YJ-716 2025-4

Size: 5.5mm x 0.5mm x 8ft
 Product Type: TRIM
 Item Code: YJ-716
 Name: H-TRIM
 Material: ALUMINUM
 Color: POLISH SILVER, POLISH LUX GOLD, MATTE GOLD, POLISH GOLD, POLISH BLACK

TN TILE TRIM MP ALU SQUARE TRIM YJ-518 2025-4

Size: 12.8mm x 12mm x 0.8mm x 8ft
 Product Type: TRIM
 Item Code: YJ-518
 Name: SQUARE TRIM
 Material: ALUMINUM
 Color: MATTE SILVER, POLISH SILVER, POLISH GOLD, POLISH LUX GOLD, POLISH CHAMPAGNE

TN TRIMS MP ALU CORNER TRIM YJ-425 2025-4

Size: 7.1mm x 0.9mm x 8ft

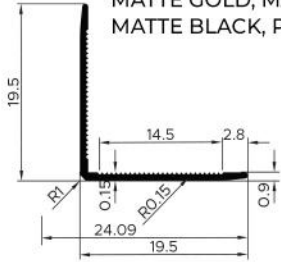

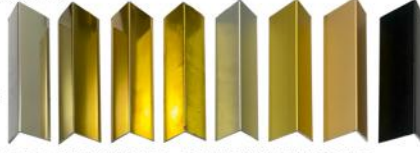

Product Type: TRIM

Item Code: YJ-425

Name: CORNER TRIM

Material: ALUMINUM

Color: MATTE SILVER, POLISH SILVER, POLISH LUX GOLD, MATTE GOLD, MATTE LUX GOLD, POLISH GOLD, MATTE BLACK, POLISH CHAMPAGNE

TN TRIMS MP ALU EXTERNAL TRIM YJ-0303 2025-4

Size: 4.2mm x 1.5mm x 8ft

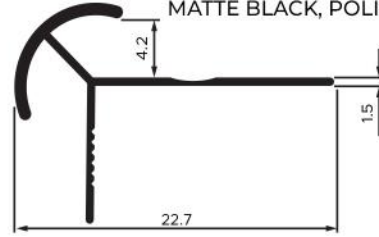

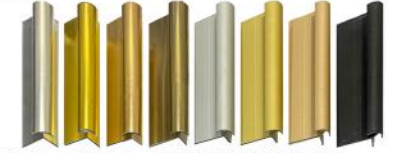

Product Type: TRIM

Item Code: YJ-0303

Name: EXTERNAL TRIM

Material: ALUMINUM

Color: MATTE SILVER, POLISH SILVER, POLISH LUX GOLD, MATTE LUX GOLD, MATTE GOLD, POLISH GOLD, MATTE BLACK, POLISH CHAMPAGNE

TN TILE TRIM MP ALU F-SHAPE TRIM YJ-620 2025-4

Size: 12mm x 14mm x 0.9mm x 8ft

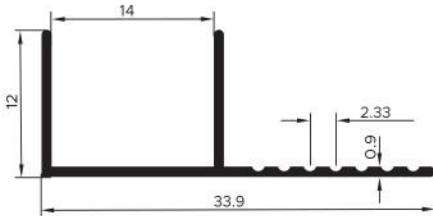

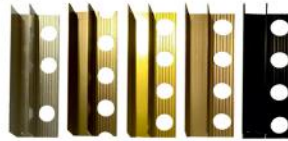

Product Type: TRIM

Item Code: YJ-620

Name: F-SHAPE TRIM

Material: ALUMINUM

Color: POLISH SILVER, POLISH LUX GOLD, POLISH BLACK, POLISH GOLD, POLISH CHAMPAGNE

TN TRIMS MP ALU T-SHAPE TRIM YJ-139 2025-4

Size: 17.45mm x 7.62mm x 0.9mm x 8ft

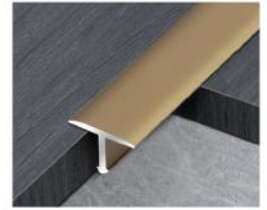

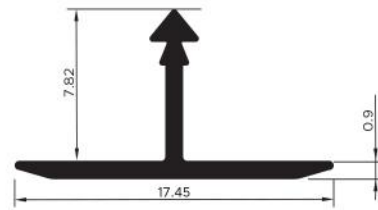

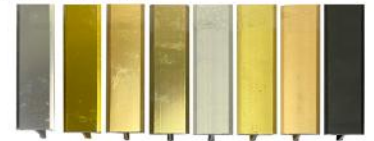

Product Type: TRIM

Item Code: YJ-139

Name: T-SHAPE TRIM

Material: ALUMINUM

Color: MATTE SILVER, POLISH SILVER, MATTE LUX GOLD, MATTE GOLD, POLISH LUX GOLD, POLISH GOLD, MATTE BLACK, POLISH CHAMPAGNE

What is L-Type Trim?

L-type trim - often called L-trim, angle trim or edge trim - is a molding shaped like the letter "L". It typically features two perpendicular legs that meet at a right angle, serving both decorative & practical purpose.

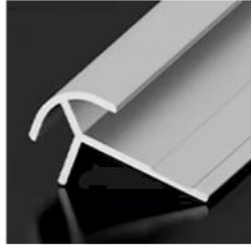

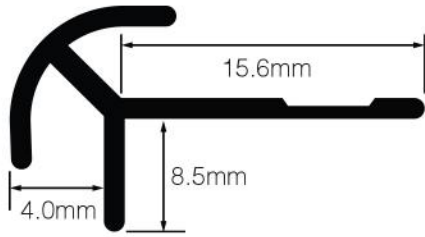

Aluminum corner trim is an elegant, functional solution for protecting and enhancing corners across a variety of settings - both indoors and out. Its blend of durability, customizable finishes, and easy installation makes it a versatile choice in tiling, construction, decor, and architectural design. Let me know if you'd like help finding specific profiles, colors or installation tips!

WHAT ARE TRIMS FOR UV BOARDS?

Trims in this context are accessory pieces to finish the edges, corners, or joints involving the UV boards. They are used to:

- *Give a clean, neat edge where the UV board ends (on walls, ceilings, cabinetry).
- *Cover exposed cut edges so that finish is consistent and protected from moisture / damage.
- *Create corners (internal or external) with finishing pieces so the joins look professional.
- *Help in alignment and to hide irregularities (slight gaps, joints).

FEATURES

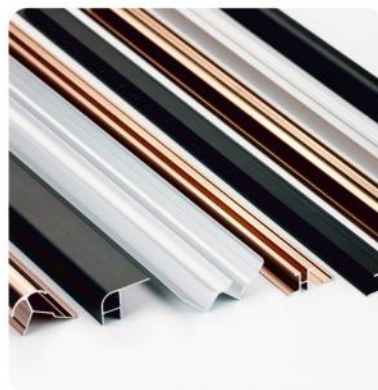

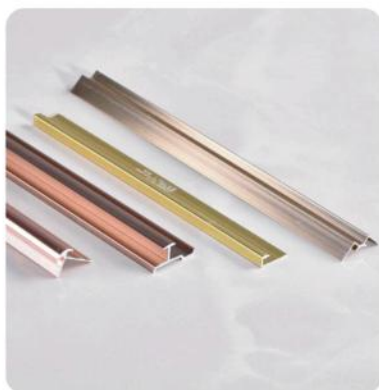

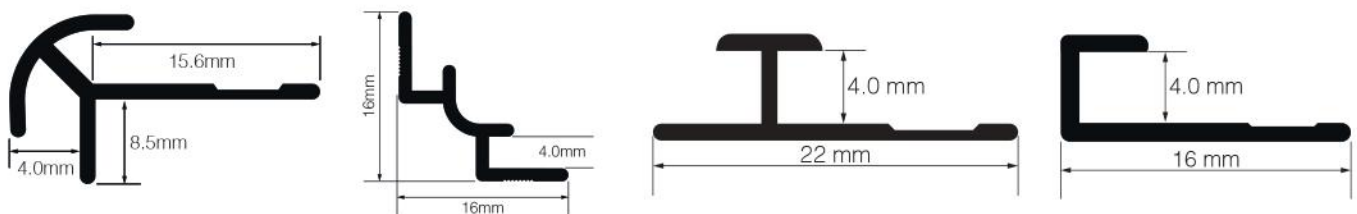

- ✓ Protective Edge Profiles – Made from aluminum, PVC, or other durable materials to cover and seal exposed UV board edges.
- ✓ Profile Options – Available in L-type, U-type, external corner, internal corner, T-profile, skirting trims.
- ✓ Material Options – UV-resistant PVC, anodized aluminum, powder-coated metals, matching gloss finishes.
- ✓ Dimension Matching – Manufactured in standard sizes
- ✓ Finish Variety – Gloss, matte, brushed, wood-grain or color-matched to UV board surface.
- ✓ Easy Installation – Available in adhesive-fix, clip-on, or screw-mount types.

ADVANTAGES

- ✓ Edge Protection – Prevents chipping, cracking, and peeling of UV board corners and edges.
- ✓ Moisture Resistance – Seals edges against water and humidity, reducing swelling of fiberboard core.
- ✓ UV & Fade Resistant – Maintains color consistency, resists yellowing or fading over time.
- ✓ Durability – Aluminum and PVC trims withstand wear and tear in high-traffic or exposed areas.
- ✓ Clean Finish – Provides a professional, seamless look for cabinetry, wall panels, ceilings, and partitions.
- ✓ Design Flexibility – Trims available in multiple profiles allow neat detailing for internal corners, external corners, stair edges, and skirtings.

BENEFITS

- ✓ Longer Life for UV Boards – Extends panel service life by protecting vulnerable cut edges.
- ✓ Low Maintenance – Easy-to-clean, scratch-resistant trims that keep installations looking new.
- ✓ Improved Safety – Covers sharp board edges, reducing risk of cuts or splinters.
- ✓ Aesthetic Upgrade – Enhances the modern, high-gloss look of UV boards with matching or contrasting trims.
- ✓ Cost-Efficient – Reduces repair/replacement costs by minimizing damage to boards.
- ✓ Value-Adding Finish – Improves perceived quality in homes, offices, retail, and commercial interiors.
