

## BLOCKCHAIN APOSTILLE CERTIFICATE

Enforceable Under World Arbitration Court

DOMAIN NAME: **treasury.china**

Owner Address: 0x4eE20b1B83e350b37150B29806f3A5fc15316636

1. Jurisdiction: Blockchain International Corporate Registry Authority (BICRA), World Arbitration Court.

This Blockchain Apostille Certificate verifies the authenticity of the attached Domain Sovereignty Certificate under the jurisdiction of the Blockchain International Corporate Registry Authority (BICRA) and World Arbitration Court (WAC), Delaware, USA and The Hague, Netherlands.

This document is permanently verifiable via blockchain transaction hash, ensuring immutable authentication and full legal recognition under:

- ✓ UNCITRAL Model Law on International Commercial Arbitration (1958)
- ✓ The Hague Convention on Recognition and Enforcement of Foreign Judgments
- ✓ The Vienna Convention on the Law of Treaties (1969)

This certificate is legally binding in 172+ nations under international arbitration law and Web4 blockchain governance.

### CERTIFIED

2. On the 20 day of May 2026

3. By the Web4 Domain Registrar of the Blockchain International Corporate Registry Authority

4. DOMAIN TOKEN ID: 5231 / Verify at: <https://domains.blockchaintrust.pro>

5. Blockchain Transaction Hash No: 0x74fdc019e6dd9eccdb991f5aa8d3e073ddc4fb9294b8407631b7676609b876e

## Blockchain Domain Sovereignty Certificate

WORLD ARBITRATION COURT - EXCLUSIVE JURISDICTION

*This certifies that the digital property known as:*

**DOMAIN NAME: treasury.china**

**Owner Address: 0x4eE20b1B83e350b37150B29806f3A5fc15316636**

Has been permanently registered on the **Ethereum & Polygon Blockchain Networks**, and is hereby recognized as sovereign Web4 property under the exclusive jurisdiction of the **World Arbitration Court (WAC)**, headquartered in The Hague, Netherlands, with subsidiary jurisdiction in Delaware, USA. **Transaction Hash No:** 0x74fdc019e6dd9ecccd991f5aa8d3e073dde4fb9294b8407631b7676609b876e.

### Apostille Authentication

This Certificate is authenticated under the **Blockchain Apostille System**.

The Apostille confirms that this Blockchain Domain registration is immutable, permanently verifiable via its blockchain transaction hash, and legally binding under the jurisdiction of **BICRA** and **WAC**.

“This certificate is only valid if the Owner Address on-chain matches the claimed holder. Downloaded copies without blockchain verification are not proof of ownership.”

Issued by the Blockchain International Corporate Registry Authority on this 20 day of May in the year 2026.

## Enforcement Clause

All disputes, claims, or legal proceedings related to **treasury.china** shall be resolved exclusively by the World Arbitration Court.

Failure by any party, institution, or government to comply with WAC rulings shall result in:

- Immediate blacklisting from Web4 banking and financial frameworks
- Freezing of associated blockchain assets
- Exclusion from BICRA-recognized trust and domain registries

## Notary Verification

This Certificate further bears the **Blockchain Notary Seal**, verifying the authenticity of the domain's registration and binding it irrevocably to the WAC arbitration framework.

## Certification & Execution

This Blockchain Domain Certificate is issued by the **Blockchain International Corporate Registry Authority** and permanently recognized under the **World Arbitration Court's jurisdiction**.

Executed on the 20 day of May, 2026 at the Blockchain International e-Commerce Domain Registry.

Registered in the Blockchain International Corporate Registry, under Domain Token ID No. 5231 and

Document No. BICRAD.2026.2005.5231, which can be verified at <https://domains.blockchaintrust.pro>

The Original Creator is known to me, Registrar.

**THIS WEB4 DOMAIN REGISTRATION**, has been executed at the office of the **e-Commerce Web4 Domain Registry** of the Blockchain International Corporate Registry Authority, on the day and year mentioned in the heading in this **Blockchain Domain Sovereignty Certificate**.

The contents of this Certificate were stated and explained in substance to the Original Creator. The Original Creator then declared to be well informed on and to agree with the contents of this Blockchain Domain and not to care for a reading out in full.

Immediately after partial reading, the Original Creator and I, Yanelly Martinez, Blockchain Corporate & Domain Registrar, signed this **Blockchain Domain Sovereignty Certificate** and registered it in the **Blockchain International Corporate Domain Registry**, and on the **Blockchain** under **Transaction Hash No:** 0x74fdc019e6dd9eccdb991f5aa8d3e073ddc4fb9294b8407631b7676609b876e under an irrevocable **Blockchain Web4 Domain** under **Domain Token ID No. 5231** and **Document No. BICRAD.2026.2005.5231**, which can be verified at <https://domains.blockchaintrust.pro>

This decentralized and irrevocable Blockchain Domain is permanently governed under blockchain arbitration and cannot be subjected to any legislative, judicial, or regulatory amendments outside the scope of World Arbitration Court jurisdiction.

Client Guide: Your Blockchain Domain Certificate Package

Congratulations — your Web4 Domain is now officially registered under the exclusive jurisdiction of the **Blockchain International Corporate Registry Authority** and the **World Arbitration Court (WAC)** and permanently protected on the blockchain. With your registration, you receive a **3-part legal certificate package** that ensures your domain ownership is sovereign, enforceable, and globally recognized.

#### 1. Blockchain Domain Sovereignty Certificate

**What it is:**

This is your **title deed** for your Web4 domain. It confirms that your domain name has been minted on the Ethereum and Polygon blockchain networks and that it belongs exclusively to you.

**Why it matters:**

- Establishes **exclusive ownership rights**.
- Places your domain under the **jurisdiction of the World Arbitration Court (WAC)**.
- Guarantees protection against seizure, censorship, or interference.

“This certificate is only valid if the Owner Address on-chain matches the claimed holder. Downloaded copies without blockchain verification are not proof of ownership.”

Issued by the Blockchain International Corporate Registry Authority on this 20 day of May in the year 2026.

## 2. Blockchain Apostille Certificate

### What it is:

This is your **authentication layer**. It proves that your Sovereignty Certificate is **immutable and blockchain-verified**.

### Why it matters:

- Ensures your certificate is **legally recognized in 172+ nations**.
  - References international law: the **1958 UN Convention, UNCITRAL Model Law, and the Hague Conventions**.
  - Confirms your domain registration is **permanent, tamper-proof, and verifiable on-chain**.
- 

## 3. Blockchain Notary Certificate

### What it is:

This is your **verification seal**. It notarizes your domain registration under WAC authority, binding it irrevocably to international arbitration law.

### Why it matters:

- Provides an additional layer of **legal enforceability in 172+ nations**.
  - Confirms your certificate package has been independently notarized.
  - Ensures your domain cannot be challenged in national courts or overridden by governments.
- 

## Why This Matters for You

Owning a Web4 Domain from **BlockchainTrust Domains™** gives you:

- **Sovereign legal protection** – exclusive WAC jurisdiction.
- **Global enforceability** – recognition under international treaties.
- **Permanent blockchain record** – your ownership is immutable.
- **Censorship resistance & security** – your domain cannot be seized, revoked, or regulated away.

Your certificate package is more than a document — it is your **global digital title deed** for the decentralized internet.

**WORLD ARBITRATION COURT - ENFORCEMENT METADATA ADDENDUM**

Web4 Master Domain & Heraldic Family Crest RWA

*This certifies that the digital property known as:*

DOMAIN NAME: **treasury.china**

Owner Address: 0x4eE20b1B83e350b37150B29806f3A5fc15316636

**Overview**

This addendum upgrades the **treasury.china** Web4 Master Domain & Heraldic Family Crest into an enforceable Tokenized Arbitration Award (WTAA)-compatible asset. It confirms the asset's recognition as collateral, lienable property, and admissible evidence in World Arbitration Court proceedings under Clause 249.

**Apostille Authentication**

This Certificate is authenticated under the **Blockchain Apostille System**.

The Apostille confirms that this Blockchain Domain registration is immutable, permanently verifiable via its blockchain transaction hash, and legally binding under the jurisdiction of **BICRA** and **World Arbitration Court**.

"This certificate is only valid if the Owner Address on-chain matches the claimed holder. Downloaded copies without blockchain verification are not proof of ownership."

Issued by the Blockchain International Corporate Registry Authority on this 20 day of May in the year 2026.

|                |  |
|----------------|--|
| <b>Status:</b> | Eligible   |
| <b>Usage:</b>  | Collateral for WTAA Enforcement Awards<br>Lienable Sovereign Digital Property<br>Asset Class admissible in Arbitration Proceedings |

Registered in the Blockchain International Corporate Registry, under Domain Token ID No. 5231 and

Document No. BICRAD.2026.2005.5231, which can be verified at <https://domains.blockchaintrust.pro>

**Certificates:**                    **Blockchain Apostille Certificate**  
   **Blockchain Notary Certificate**  
   **Blockchain Domain Sovereignty Certificate**

**Enforcement Tag:**            **WTAA-RWA-ENF-2025 treasury.china**

**Enforcement Clause**

All disputes, claims, or legal proceedings related to **treasury.china** shall be resolved exclusively by the World Arbitration Court.

**Failure by any party, institution, or government to comply with WAC rulings shall result in:**

- **Immediate blacklisting from Web4 banking and financial frameworks**
  - **Freezing of associated blockchain assets**
  - **Exclusion from BICRA-recognized trust and domain registries**
- 

**Notary Verification**

This Certificate further bears the **Blockchain Notary Seal**, verifying the authenticity of the domain's registration and binding it irrevocably to the WAC arbitration framework.

---

**Key Implications**

1. Collateralization – The crest/domain can be pledged as collateral in WTAA enforcement claims.
  2. Lien Power – May be seized, assigned, or pledged in sovereign enforcement actions.
  3. Jurisdictional Shield – All disputes are resolved exclusively by WAC jurisdiction.
  4. WTAA Readiness – Asset tagged and admissible in enforcement datasets.
- 

**Certification & Execution**

This Blockchain Domain Certificate is issued by the **Blockchain International Corporate Registry Authority** and permanently recognized under the **World Arbitration Court's jurisdiction**.

Executed on the 20 day of May, 2026 at the Blockchain International e-Commerce Domain Registry.

**The Original Creator is known to me, Registrar.**

**THIS WEB3 DOMAIN REGISTRATION**, has been executed at the office of the **e-Commerce Web4 Domain Registry** of the Blockchain International Corporate Registry Authority, on the day and year mentioned in the heading in this **Blockchain Domain Sovereignty Certificate**.

**Registered in the Blockchain International Corporate Registry, under Domain Token ID No. 5231 and Document No. BICRAD.2026.2005.5231, which can be verified at <https://domains.blockchaintrust.pro>**

The contents of this Certificate were stated and explained in substance to the Original Creator. The Original Creator then declared to be well informed on and to agree with the contents of this Blockchain Domain and not to care for a reading out in full.

Immediately after partial reading, the Original Creator and I, Yanelly Martinez, Blockchain Corporate & Domain Registrar, signed this **Blockchain Domain Sovereignty Certificate** and registered it in **the Blockchain International Corporate Domain Registry**, and on the **Blockchain** under **Transaction Hash No: 0x74fdc019e6dd9eccdb991f5aa8d3e073ddc4fb9294b8407631b7676609b876e** under an irrevocable Blockchain Web3 Domain under **Domain Token ID No. 5231** and **Document No. BICRAD.2026.2005.5231**, which can be verified at <https://domains.blockchaintrust.pro>

This decentralized and irrevocable Blockchain Domain is permanently governed under blockchain arbitration and cannot be subjected to any legislative, judicial, or regulatory amendments outside the scope of World Arbitration Court jurisdiction.

*Office of the Registrar - Web4 Domain Authority*

**Not Just a Domain. A Family Treasury.**

*This certifies that the digital property known as:*

**DOMAIN NAME: treasury.china**

**Owner Address: 0x4eE20b1B83e350b37150B29806f3A5fc15316636**

In the emerging Web4 landscape, many registries advertise: *"Pay once, own it forever."*

While this slogan may sound attractive, it conceals a fundamental weakness: **abandoned titles with no legal force, no protection, and no stewardship.**

A **Master Family TLD** is different. It is not merely a digital vanity domain — it is a **dynasty-level asset**.  
Each Master Family TLD doubles as:

**A Wallet:** A live financial treasury node for payments, RWA settlement, and inheritance transfers.

**A Legal Shield:** Backed by Blockchain Apostille, Notary, and Sovereignty Certificates, enforceable in 173+ nations under the World Arbitration Court jurisdiction.

**A Dynasty Title Deed:** Permanently recognized under the Blockchain International Corporate Registry Authority, immune to seizure, censorship, or regulatory override.

**An Enforcement Asset:** Collateralizable and lienable under WTAA Clause 249, admissible in global arbitration enforcement.

This is why an **annual subscription is essential**. It is **not rent**. It is the **insurance premium of dynastic sovereignty** — funding perpetual authentication, legal enforceability, and wallet infrastructure upkeep across generations.

Issued by the Blockchain International Corporate Registry Authority on this 20 day of May in the year 2026.

*Domain Token Number:*

5231

*Document No.:*

BICRAD.2026.2005.5231

At only **\$20/year**, the value is unmatched:

Families gain a perpetual legal and financial identity.

Dynasties gain a treasury protected under international law.

Investors gain enforceable collateral recognized by the World Arbitration Court.

Thus, while ordinary domains can be purchased and forgotten, **Master Family TLDs live, breathe, and endure — as sovereign digital treasuries for the families they protect.**

#### The Difference Between “Forever Domains” and Master Family TLD & Wallets

##### Forever Domains (ENS / Handshake / Others):

- *Slogan*: “Pay once, own forever.”
- Static registration with no legal standing.
- No protection from seizure, censorship, or fraud.
- No enforcement under international law.
- No financial infrastructure — only a vanity name.
- Abandoned land titles with no stewardship.

##### Master Family TLD & Wallets (BlockchainTrust):

- **A Dynasty Title Deed** — permanently registered under World Arbitration Court & BICRA jurisdiction, enforceable in 172+ nations.
  - **A Wallet** — every TLD doubles as a financial treasury node for payments, RWAs, and inheritance flows.
  - **A Legal Shield** — covered by Apostille + Notary + Sovereignty Certificates
  - **An Enforcement Asset** — collateralizable and lienable under WTAA Clause 249.
  - **Active Stewardship** — annual subscription ensures your dynasty family asset is kept alive, authenticated, and protected.
- 

#### The Real Value of \$20/year

- Not rent.
- Not a renewal tax.

It is the **annual dynastic insurance premium** for:

- Global arbitration enforceability
- Wallet infrastructure upkeep
- Multi-generational trust continuity

**\$20/year is not peanuts — it's the price of global dynastic family sovereignty.**

---

#### REAL WORLD ASSET (RWA) RECOGNITION AND BALANCE SHEET TREATMENT

The **BLOCKCHAIN FAMILY TRUST PROTOCOL™** transforms family trusts from fragile, private legal documents into **auditable financial instruments** recognized as **intangible Real World Assets (RWAs)**. This shift allows family vaults to be valued, tokenized, and formally entered into CPA-certified balance sheets, elevating families and dynasties to financial parity with corporations and sovereign institutions.

---

Registered in the Blockchain International Corporate Registry, under Domain Token ID No. 5231 and

Document No. BICRAD.2026.2005.5231, which can be verified at <https://domains.blockchaintrust.pro>

### Trust Vaults as RWAs

- Every **Family Root Vault (.lastname)** is recorded as an intangible RWA.
  - Assets deposited in the vault (cryptocurrencies, tokenized equities, real estate, IP) are aggregated under the trust contract.
  - The vault itself becomes a **sovereign financial entity** with measurable, auditable value.
- 

### CPA-Audited Valuation

Trust vaults are recognized in **auditor's reports** as balance-sheet entries.

Auditors apply **conservative fair market value models** for:

- On-chain digital assets.
- Tokenized off-chain assets.
- Heritage-bound assets (names, crests, symbolic sovereignty).

This creates the first **blend of financial + cultural assets** recognized in one framework.

---

### Balance Sheet Treatment

Trust vaults can be entered as:

- **Intangible Assets** → heritage-based sovereignty anchors (Root Crest NFTs, FAMILY-TLDs).
- **Financial Assets** → tokenized real estate, equities, private funds.
- **Enforcement Assets** → prepaid balances in JusticeWallet™ reserved for dispute resolution.

The protocol allows trust vaults to appear as **line items** in consolidated family, corporate, or sovereign balance sheets.

---

### Revenue & Monetization

Families can generate recurring income from their vaults through:

- **Subdomain issuance** (firstname.lastname).
- **Crest licensing** for family or institutional use.
- **Inheritance services** (automated triggers, custodial automation).
- **Cross-vault linkages** (marriage alliances).

Trust vaults shift from being **static legal containers** into **dynamic profit centers**.

---

### Institutional Recognition

- Banks, family offices, and sovereign funds can integrate trust vaults into **RWA-backed lending and securitization frameworks**.
- Vaults can be pledged as **collateral for financing**, similar to intellectual property portfolios.
- This elevates family trusts to **first-class financial assets** in capital markets.

#### Civilizational Shift

For the first time in history, family heritage (names + crests) and wealth are recognized together as **auditable sovereign assets**.

This transforms the **family unit into a financial sovereign**, capable of reporting trust assets alongside corporations and states.

Creates an **entirely new asset class: Heritage-Backed Real World Assets (HB-RWAs)**.

---

#### Jurisdiction & Legal Authority

This Blockchain Domain Certificate is governed and enforceable under:

- The 1958 UN Convention on the Recognition and Enforcement of Foreign Arbitral Awards (New York Convention)
- UNCITRAL Model Law on International Commercial Arbitration
- The Hague Convention on Recognition and Enforcement of Foreign Judgments
- The Hague Convention on the Law Applicable to Trusts (1985)
- The Vienna Convention on the Law of Treaties (1969)

By virtue of these treaties and conventions, this Blockchain Domain is recognized in **172+ nations**, with permanent exemption from state court jurisdiction, regulatory oversight, and taxation enforcement.

**DOMAIN NAME:**            **treasury.china**

**Token ID:**                **5231**

### 1. Annual Sovereign License Fee

All Web4 domains registered under the **Master Domain Registry™** are subject to an **annual recurring sovereign license fee of \$20 USD (or equivalent in stablecoin)**.

This fee is **non-refundable** and **non-waivable**.

Payment maintains the domain's **active registration, sovereign protection, and blockchain immutability**.

Issued by the Blockchain International Corporate Registry Authority on this 20 day of May in the year 2026.

*Domain Taken Number:*

5231

Verify at: <https://domains.blockchaintrust.pro>

*Domain Type:*

Active/Date: 20/05/2026

*Document Type:*

Original / Public

*Document No.:*

BICRAD.2026.2005.5231

## 2. Non-Payment Consequences

Failure to remit the annual license fee within the prescribed renewal window will result in:

**Suspension** of the domain's active resolution privileges.

**Revocation** of certificate enforceability.

Eventual **reversion of the domain** to the Master Registry's custody for reassignment.

---

## 3. Immutable Ledger Record

All license payments and renewals are **immutably recorded** on the blockchain.

Each renewal transaction constitutes a **binding contract of continued jurisdiction** under the Registry.

Certificates (Apostille, Notary, Irrevocable) remain valid only if the annual license fee is up to date.

---

## 4. Legal Enforceability

This Directive forms part of the **Terms of Sovereign Domain Ownership**.

It is protected under **WorldPatents™ Global IP Fortress** and enforced through the **World Arbitration Court (WAC)**.

Non-payment or fraudulent attempts to bypass license renewal constitute **sovereign infringement and breach of contract**.

---

## 5. User Acknowledgement

By purchasing or renewing any Master Domain Registry™ domain, the registrant acknowledges and accepts:

The **\$20 annual sovereign license fee**.

The enforcement powers of BlockchainTrust, WAC, and associated sovereign entities.

That domains are **licensed property** under sovereign protection, not freehold ownership.

---

## Enforcement Statement

“This Registrar Directive certifies that all Web4 domains registered within the Master Domain Registry™ are subject to an annual recurring license fee of \$20 USD. Continued validity of all certificates and enforceability of sovereign protections is expressly conditional upon the timely payment of this license fee.”

---

**The Original Creator is known to me, Registrar.**

**THIS WEB4 DOMAIN REGISTRATION**, has been executed at the office of the **e-Commerce Web4 Domain Registry** of the Blockchain International Corporate Registry Authority, on the day and year mentioned in the heading in this **Blockchain Domain Sovereignty Certificate**.

The contents of this Certificate were stated and explained in substance to the Original Creator. The Original Creator then declared to be well informed on and to agree with the contents of this Blockchain Domain and not to care for a reading out in full.

Immediately after partial reading, the Original Creator and I, Yanelly Martinez, Blockchain Corporate & Domain Registrar, signed this **Blockchain Domain Sovereignty Certificate** and registered it in **the Blockchain International Corporate Domain Registry**, and on the **Blockchain** under **Transaction Hash No: 0x74fdc019e6dd9ecccdb991f5aa8d3e073ddc4fb9294b8407631b7676609b876e** under an irrevocable Blockchain Web4 Domain under **Domain Token ID No. 5231** and **Document No. BICRAD.2026.2005.5231**, which can be verified at <https://domains.blockchaintrust.pro>

This decentralized and irrevocable Blockchain Domain is permanently governed under blockchain arbitration and cannot be subjected to any legislative, judicial, or regulatory amendments outside the scope of World Arbitration Court jurisdiction.

## MASTER DOMAIN REGISTRY™

Enforceable Under World Arbitration Court

DOMAIN NAME: **treasury.china**

Owner Address: 0x4eE20b1B83e350b37150B29806f3A5fc15316636

Registrar Directive on Emoji-Aliased Top-Level Domains (TLDs)

Issued by: BlockchainTrust / Master Domain Registry™

### 1. Recognition of Emoji TLDs

Emoji-based Top-Level Domains are formally recognized as valid sovereign Web4 TLDs within the **Master Domain Registry™**.

Such TLDs carry the same **legal, technical, and enforceable weight** as alphanumeric TLDs (e.g., .MUSIC, .SPORT, .FILM).

Issued by the Blockchain International Corporate Registry Authority on this 20 day of May in the year 2026.

*Domain Token Number:*

5231

Verify at: <https://domains.blockchaintrust.pro>

*Domain Type:*

Active/Date: 20/05/2026

*Document Type:*

Original / Public

*Document No.:*

BICRAD.2026.2005.5231

## 2. Unicode Integrity

All emoji TLDs are registered and stored in their **native Unicode representation**.

Certificates, Apostilles, and Notary documents must display the exact Unicode emoji **without substitution**.

Where native rendering is unavailable, a **standardized fallback icon (SVG/PNG)** shall be embedded and constitute full legal proof.

---

## 3. Certificate Rendering Standards

All BlockchainTrust certificates (Apostille, Notary, Irrevocable, Enforcement Metadata) shall embed:

Emoji-compliant font (Segoe UI Emoji, Noto Color Emoji, or equivalent).

Fallback vector icon auto-inserted from the registry database.

This guarantees that emoji domains display correctly across all environments and remain immutable in **sovereign legal archives**.

---

## 4. User Input & Search

Registry search and certificate generation shall allow:

Direct Unicode entry of the emoji

Alternative keyword alias. For example typing “music” resolves to the music icon

This ensures usability without requiring users to input raw emoji code manually.

---

## 5. Legal Enforceability

Emoji TLDs are protected under **WorldPatents™ Global IP Fortress (185+ patents)** and the **World Arbitration Court (WAC)**.

Unauthorized duplication, reproduction, or derivative use of emoji TLDs or certificates constitutes **infringement and sovereign breach** under WAC authority.

---

## 6. Marketing & Adoption

Emoji TLDs represent a **unique and exclusive innovation** in Web4 identity. Families, artists, athletes, and brands may secure their emoji legacy domains.

Certificates will display both the **Name + Emoji TLD**, creating a collectible, enforceable, and sovereign identity artifact.

---

### Enforcement Statement

“This Directive certifies that Emoji-Aliased Top-Level Domains are legally recognized, sovereignly enforceable, and fully certificate-ready under the Master Domain Registry™.

If the Unicode symbol does not render in all environments, the attached fallback icon constitutes binding proof of identity and enforcement.”

---

### Certification & Execution

This Blockchain Domain Certificate is issued by the **Blockchain International Corporate Registry Authority** and permanently recognized under the **World Arbitration Court's jurisdiction**.

Executed on the 20 day of May, 2026 at the Blockchain International e-Commerce Domain Registry.

---

**The Original Creator is known to me, Registrar.**

## MASTER DOMAIN REGISTRY™

Enforceable Under World Arbitration Court

DOMAIN NAME: **treasury.china**

Owner Address: 0x4eE20b1B83e350b37150B29806f3A5fc15316636

### Terms & Conditions of Annual Sovereign License Renewal

Issued by: BlockchainTrust / Master Domain Registry™

#### 1. Annual Renewal Fee

Each registered Web4 domain (alphanumeric or emoji-aliased) is subject to a **\$20 USD annual license fee** (or equivalent in approved stablecoins).

This fee is **mandatory, recurring, and non-refundable**.

Issued by the Blockchain International Corporate Registry Authority on this 27 of September in the year 2025.

*Domain Token Number:*

5231

Verify at: <https://domains.blockchaintrust.pro>

*Domain Type:*

Active/Date: 20/05/2026

*Document Type:*

Original / Public

*Document No.:*

BICRAD.2026.2005.5231

## 2. Payment Obligation

Payment must be made **before or on the renewal date**.

Failure to pay results in:

**Suspension** of domain resolution.

**Revocation** of Apostille, Notary, and Irrevocable Certificates.

**Reversion** of the domain to Registry custody after 90 days.

---

## 3. Legal Standing

Renewal obligations are enforceable under **WorldPatents™ Global IP Fortress (185+ patents)**.

All domains and certificates are protected and enforced by the **World Arbitration Court (WAC)**.

Attempts to bypass renewal or unauthorized duplication constitute **sovereign infringement**.

---

## 4. Certificate Validity

Certificates remain legally binding **only if renewal fees are current**.

Blockchain records of renewal payments serve as **immutable proof of compliance**.

---

## 5. User Rights & Benefits

Registrants maintain **exclusive sovereign rights** to their domain so long as renewal is current.

Ownership extends to:

- Apostille Certificate
  - Notary Certificate
  - Irrevocable Domain Certificate
  - Enforcement Metadata Addendum
- 

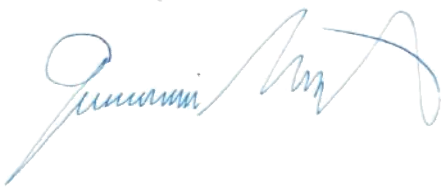

## 6. Special Note on Emoji TLDs

Emoji-based domains are **fully recognized and sovereignly protected**. Certificates will always display the exact emoji symbol or a verified fallback icon.

**By maintaining your annual license fee, you secure the enforceability, exclusivity, and legacy value of your Web 4 domain under the Master Domain Registry™.**

This decentralized and irrevocable Blockchain Domain is permanently governed under blockchain arbitration and cannot be subjected to any legislative, judicial, or regulatory amendments outside the scope of World Arbitration Court jurisdiction.
