MONICA LA DIVA

DOLCE&GABBANA

For Dolce&Gabbana, Monica Bellucci embodies the dream of la dolce vita. This book tells the story of a diva and her unique style.

Monica Bellucci and Dolce&Gabbana have an unbreakable bond. Their first meeting took place during a casting session for a fashion show, when it was love at first sight. Since then, the muse has continued to inspire the two designers, who are now paying their respects to her wholly Italian sensuality, beauty, and charisma in this volume. The unique style of the contemporary diva is presented in a large-format photo book, as a celebration of the career and beauty of the model, actress, and woman.

Babeth Djian, editor of the French magazine Numéro, has curated the art direction of the volume; Jean-Baptiste Mondino has created 12 wonderful portraits of Monica specifically for this project, which will be accompanied by the advertising campaigns, editorials, and most iconic shots in which she posed for the great masters of photography. Two previously unpublished interviews with Monica Bellucci and Domenico Dolce and Stefano Gabbana seal this indissoluble connection forever.

NIKE APPAREL

LOOK GOOD, FEEL GOOD, PLAY GOOD

The first book to chart a visual history of women's sportswear, and the key role that Nike has played in it over the last 50 years.

This is a book about Nike sportswear and what it means to women. The garments women wear, and why they wear them. It's about athletes, from the elite to the aspiring amateur, running marathons or running errands. It's about the spaces we perform in, and the way we use clothing to do it: from the track and the fitness studio, to an online world and the street outside.

Look Good, Feel Good, Play Good visualizes the relationship between women and the garments they wear through five design archetypes from sporting history: warm-ups, jerseys, leggings, sport bras, and shorts. Steeped in narrative, history, and Nike's abundant archive, the book's rich imagery spans reproductions of Nike's trade catalogues that date back to the early 1980s, period and contemporary photography, sketches, advertisements, fabric swatches, seasonal color palettes, original design proposals and patents, logos, product and campaign shots, and everything in between.
