Here you will find fast facts about our wide range of possibilities. Detailed descriptions of all articles can be found in our digital product folder.

**Sizes:** Please note that the dimensions given for bed linen are always approximate. We allow extra fabric on top of the bed linen sizes to allow for the average amount of shrinkage during washing.

**Fillings:** In general, our bed linen is sized for bedding filled with feathers and downs. If your fillings are made from cashmere, silk, synthetic materials or wool, please state the filling type and dimensions when ordering to ensure the bed linen fits the filling perfectly after the first wash.

**Pattern repeats:** Due to technical reasons, we cannot take individual pattern repeat requests into account.

**Standard closure:** All qualities, except Jersey, have button closure for duvet covers and envelope closure for pillowcases. Jersey qualities have only a zipper closure for both duvet covers and pillowcases.

**Alternative closures:** If you would like closures which differ from our standard finish, please add a note to your order. A zipper closure and buttons are possible without surcharge. All other closures have the following surcharges:  
Duvet covers with envelope or bottle end closure: CHF 30.–  
Concealed button panel: pillow cases: CHF 10.– / duvet covers: CHF 20.–
