GOING GLOBAL

Universiti Tun Abdul Razak (UNIRAZAK) has defied expectations, transforming from an institution to a dynamic hub of learning and innovation. Our journey, marked by resilience, adaptability, and an unwavering commitment, has been about more than just producing graduates – it is about nurturing HEROES who excel in their fields. Our students embody the core values of **Humility, Empathic, Resilience, Organise, Enterprise, and Sagacious**. These principles guide their academic pursuits and personal development, enabling them to become ethical, responsible, and bold leaders.

What began as a modest institution has prospered into a dynamic hub of learning, nurturing a diverse student body from a predominantly Malaysian student composition. Today, our student body represents a multitude of ethnicities from a wide array of countries with the highest representation comes from China, followed closely by students from Bangladesh, Pakistan, and Libya. This highlights UNIRAZAK's growing global appeal and status as a favoured destination for higher education among

students from these countries. Even students from countries as diverse as Somalia, Tanzania, Uzbekistan, the United Kingdom, Yemen, and Zimbabwe have chosen UNIRAZAK for their higher education.

This year marks the 50th anniversary of diplomatic relations between Malaysia and China, a milestone built on the visionary leadership of Malaysia's second Prime Minister and the institution's namesake, Allahyarham Tun Abdul Razak. His pioneering move to establish ties with China in 1974, a first within ASEAN, has been instrumental in Malaysia's progress. The substantial growth and global stature of Malaysia inspire UNIRAZAK to expand its global footprint through robust partnerships such as those with Guangzhou Construction City College and OM International as we forge emerging ties with new partners in the Middle East,

Our commitment to this vision is embodied in this year's convocation theme, "Going Global." This theme symbolises our commitment to expanding

our horizons, attracting international students and faculty, and building a strong global network.

As we celebrate the accomplishments of our graduates, we also envision a future where UNIRAZAK is a distinguished global institution. The theme honours our students' achievements and aligns with our institutional aspirations.

Welcome to Universiti Tun Abdul Razak's 23rd Convocation – a celebration of our journey towards Going Global!

UNIRAZAK UNIVERSITY PROFILE

Universiti Tun Abdul Razak (UNIRAZAK), established on 18 December 1997, is one of Malaysia's pioneering private universities. It is wholly owned by Yayasan Pelaburan Bumiputra, which also owns Permodalan Nasional Berhad (PNB). The university operates under the esteemed leadership of its Pro-Chancellor, YBhg. Dato' Mohamed Nizam Abdul Razak. UNIRAZAK is renowned for offering distinguished degrees developed in collaboration with globally recognised professional bodies. This innovative approach enables students to graduate with dual qualifications: a degree and accreditation from professional bodies in fields such as accounting, management, taxation, and Islamic banking and finance.

UNIRAZAK's programme partners include esteemed organisations such as CPA Australia, the Chartered Management Institute of the United Kingdom (CMI), the Malaysian Association of Tax Accountants (MATA), the Chartered Tax Institute of Malaysia (CTIM), the Islamic Banking and Finance Institute Malaysia (IBFIM), the Malaysian Institute of Insurance (MII), and others. With its strong academic foundation and partnerships, UNIRAZAK is firmly established as "Kuala Lumpur's Premier School of Business, Government & Education."

The university upholds the highest standards of tertiary education, earning MSC-status and SIRIM certification ISO 9001:2000. UNIRAZAK's achievements include a 4-star MYRA rating in 2017, the Ministry of Education's Grand Award for "Entrepreneurial Private University of the Year" in 2015, and a 5-star rating in the Emerging University category under SETARA 2018/19 by the Ministry of Higher Education in 2020.

In 2024, UNIRAZAK was further celebrated with the Malaysian Education Excellence Award at the Education and Learning Summit, the Operational Excellence in Business Transformation Award, and the Rising Star University Award. The university also received the BrandLaureate BestBrands Award for Nation's Pride in Tertiary Education and, through its rapidly growing unit, Akademi TVET UNIRAZAK (ATUR), was named "Malaysia's Best Accredited Centre for Administrative Management" at META 2024. These achievements underscore UNIRAZAK's leadership and innovation in Malaysia's global education landscape.

UNIRAZAK

UNIRAZAK

MISSION

To ensure that UNIRAZAK graduates are the top choice for employers, enterprises and industries.

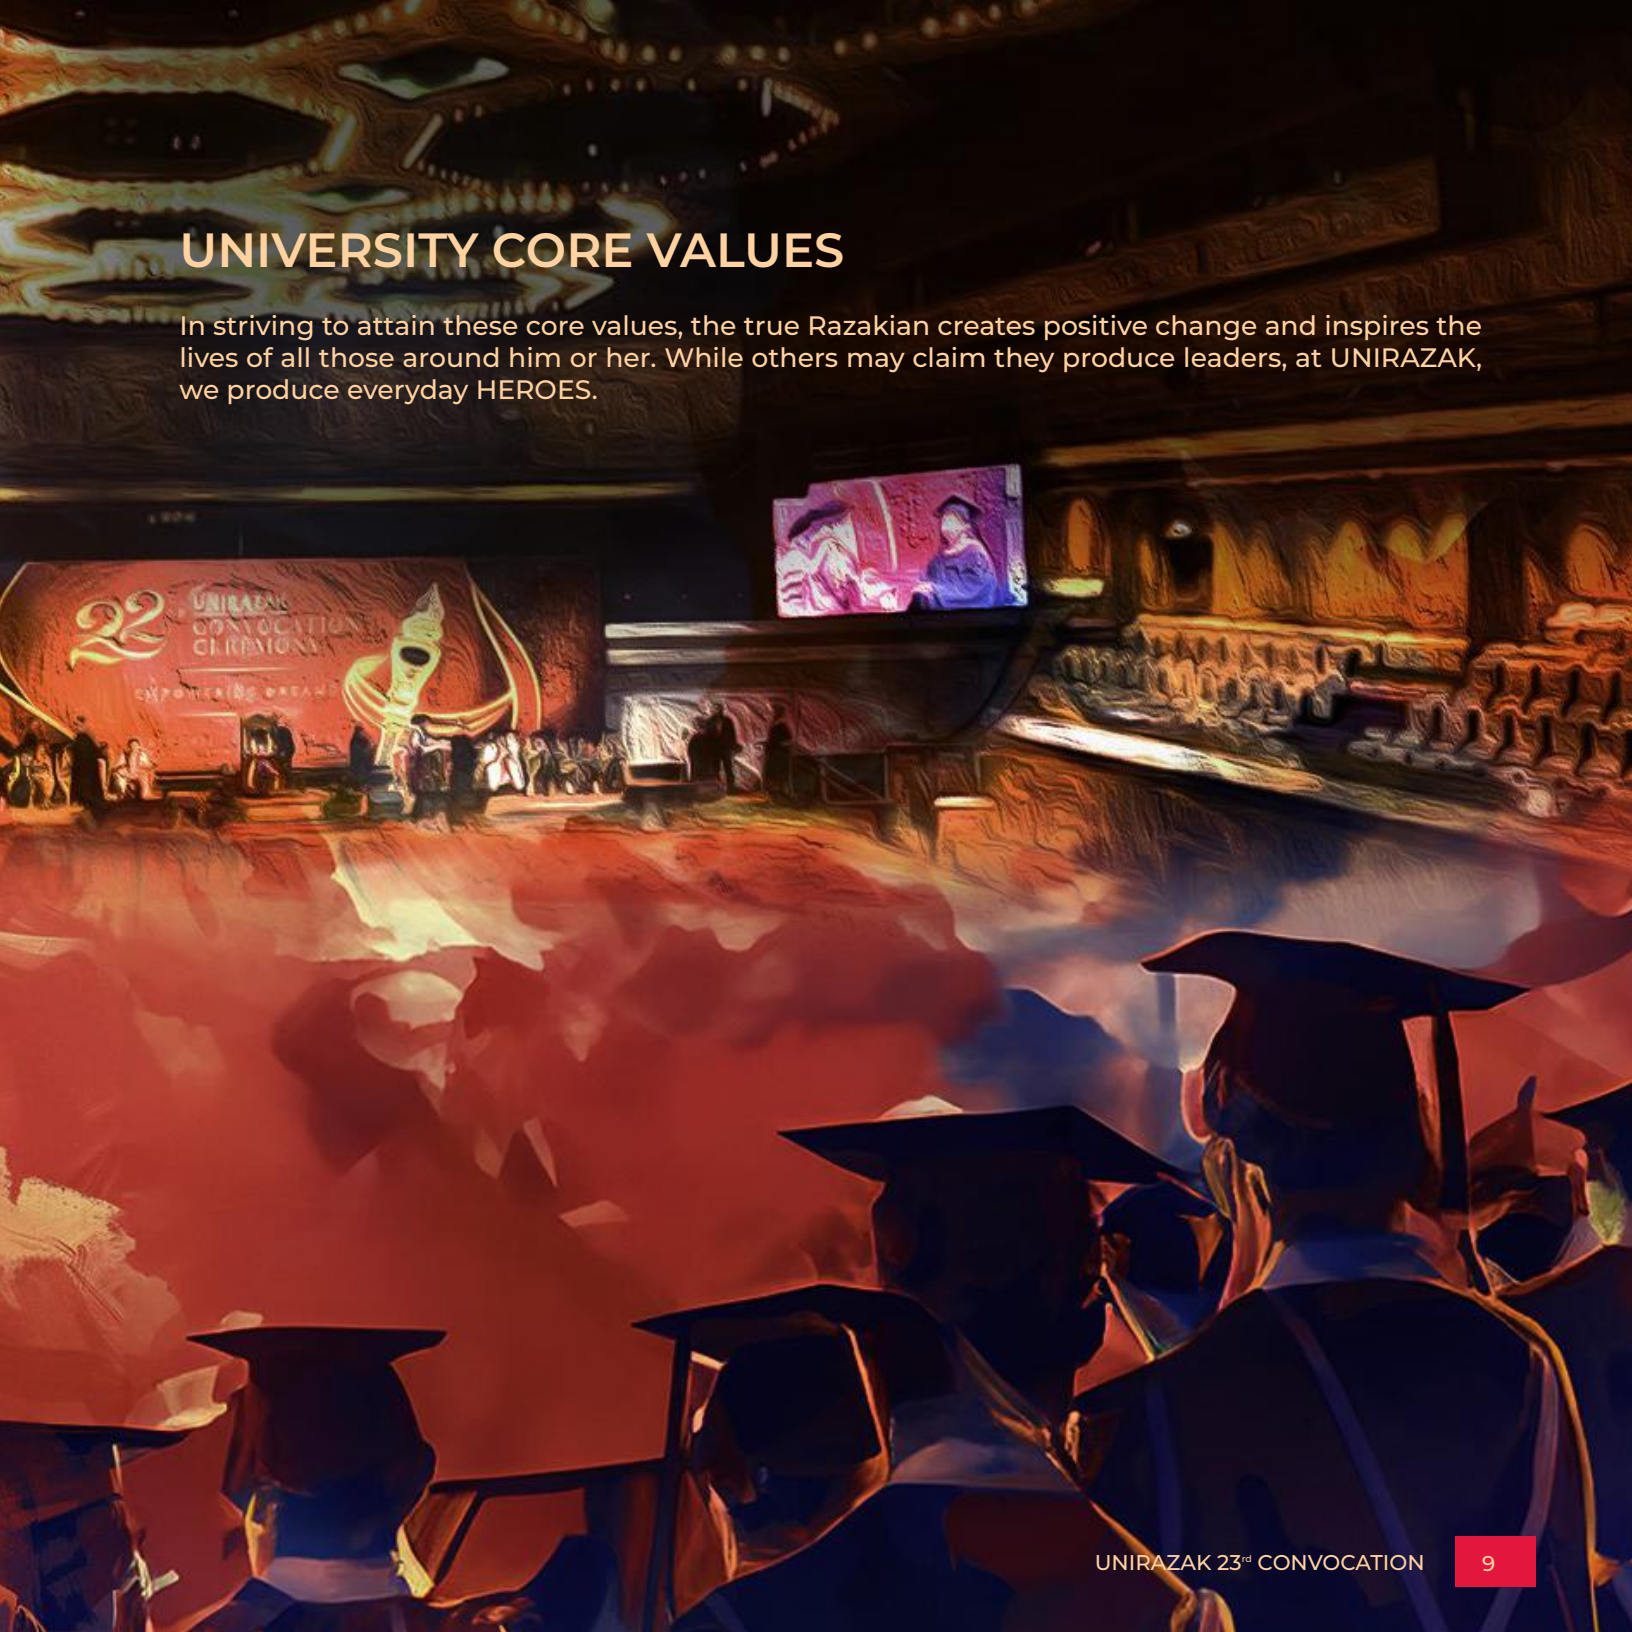

VISION

To achieve 100% employability for graduates of UNIRAZAK.

UNIVERSITY CORE VALUES

In striving to attain these core values, the true Razakian creates positive change and inspires the lives of all those around him or her. While others may claim they produce leaders, at UNIRAZAK, we produce everyday HEROES.

HEROES

HUMBLE

Acceptance of our state of inadequacy and shortcomings. We seek to continue improving ourselves, acquire the requisite knowledge, and apply it accordingly. We also strive to be humble before the Divine, society, family, and fellow beings.

EMPATHY

The ability to understand what others are going through. The understanding will guide us in “doing the right thing”, not just for ourselves and our colleagues, but for those under our care: our students, family, community and country.

RESILIENT

To be tough and robust in the face of an increasingly challenging world. We have the mental toughness to compete, to do what is ethical, and to perform our work to fulfil our amanah (duties) towards those under our care.

ORGANISED

To be organised in what we do. We are disciplined, have orderly processes, and plan and complete our tasks meticulously. We organise ourselves into a cohesive team and help each other succeed.

ENTERPRISING

Finding new paths and opportunities in the performance of our tasks. We respect the status quo but will continue to develop and grow as we believe in our ability to create new realities. In short, we are always seeking progress.

SAGACIOUS

To be wise in our affairs and avoid being reckless and shallow in our thoughts. We strive to constantly be on a quest for knowledge for the betterment of those under our care and to have sound judgment and sense on all matters.

VICE-CHANCELLOR

YBhg. Professor Datin Paduka Dr. Samsinar Md. Sidin

Professor Datin Paduka Dr. Samsinar Md Sidin graduated with Bachelor of Business Administration (BBA) from Western Michigan University (1984), Master of Business Administration (MBA) (1986) and Doctor of Philosophy (PhD) in Business Administration from the University of Arkansas, USA (1994). She graduated with honours (Cum Laude) and was the recipient of the Wall Street Journal Award for Best Student in Economics. She also graduated in the top five and was nominated to represent the University of Arkansas for the George Hay Brown Award for Excellence in Marketing at the graduate level in her MBA program. She was conferred with the honour Darjah Kebesaran Sultan Sharafuddin Idris Shah (D.S.I.S) by the Sultan of Selangor, Malaysia (2017). She is also a member of Yayasan TM Board of Trustees and a council member of Malaysia Qualifications Agency (MQA) and Vice Chancellors' Council for Private Universities (VCCPU).

Professor Samsinar has been with Universiti Putra Malaysia (UPM) since 1984. During this period, she has been actively involved in teaching, research and administration. She has extensive teaching experience in Marketing and Management at undergraduate and graduate levels. Eighteen PhD students have since graduated under her supervision, and several are still in the process.

At UPM, Professor Samsinar was appointed as Head of Management and Marketing Department (1998), then as Deputy Dean (Academics and Student Affairs), Faculty of Economics and Management in 2004. She was later appointed Director of Corporate Planning Division for UPM in January 2007, where she oversees the strategic planning and future directions of the university. Her appointment as Dean, Graduate School of Management (GSM), UPM (2008-2009) saw her leading the GSM team for a very important and challenging task of getting GSM to greater heights, and maintaining the 'Top Business School' status

in Malaysia. Together with her team, Professor Samsinar has successfully made UPM as the first university in Malaysia accredited by world-renowned and prestigious Association of American Collegiate Schools of Business (AACSB) in 2012.

Her reputation as a resource person in marketing and management has also been recognised as she was appointed as programme external assessor and advisor, promotion external assessor as well as external examiners of PhD theses by various universities. Internationally, she was appointed as the Track Chairs in the International Conferences, and as a panellist in sessions discussing consumer behaviour at national and international workshops and conferences.

Professor Samsinar is very passionate about the quality of higher education. She has been involved in Lembaga Akreditasi Negara (LAN), now Malaysia Qualification Agency (MQA) for many years in different capacities. She was a Panel member for

the programme and institutional accreditations and was instrumental in developing the standards for Business discipline. She has served as Accreditation Committee Member (Arts) since 2009 and is presently the Deputy Chairman. Professor Samsinar has also involved herself with AACSB. She is one of the first Malaysian to initiate AACSB to Asia as she was working with the AACSB management team in Tampa, Florida. She is currently the AACSB Mentor for Universitas Indonesia and Hanyang University (ERICA Campus) Business Schools. As a Mentor, she assists the Business Schools in these universities in assessing their current situation and developing strategies to improve their performance.

Professor Samsinar has also established good networking with Marketing and Management academicians in Malaysia. As for her contributions to the Marketing discipline and the society at large, Professor Samsinar has associated herself with the Malaysian Association of Consumer and Family Economics (MACFEA) and Institute of Marketing Malaysia (IMM). She has been engaged as a Trainer for several major organisations in Malaysia and has also shared her knowledge and experience in consulting projects.

Dear Class of 2024,

Today is a celebration of a shared journey composed of dedication, passion, and collaboration. This moment stands as a reflection to the collective efforts of our remarkable community: deans, lecturers, faculty members, and our invaluable partners.

This year's theme, "Going Global", reflects a bold ambition: to transcend borders and attract global opportunities. It signifies a transformation, a journey from nurturing individual dreams to establishing UNIRAZAK as a globally recognised institution. Through this vision, we are not just preparing students for the world, we are bringing the world to you.

To our graduates, your achievements today would not have been possible without the unwavering support of your families and friends who have been with you through every challenge, every success, and every moment of self-discovery. Their encouragement, love, and sacrifices are the pillars that have enabled you to reach this remarkable milestone. To them, we extend our deepest gratitude.

As we chart this path forward, we remain steadfast in the principles that have brought us this far: the thoughtful integration of technology and the invaluable partnerships that fuel our progress. At the heart of this journey are the profound partnerships that empower us to soar higher and these alliances go beyond endorsements; they are catalysts in our quest to deliver a world-class education that is both innovative and inclusive.

To the Class of 2024, you carry the legacy of UNIRAZAK to every corner of the world. Your memories here, filled with growth and achievement, are not just cherished treasures but powerful symbols of what this institution stands for.

Congratulations! Your journey does not end here; it begins.

THE UNIVERSITY MACE

Historically, the mace is a symbol of authority dating from medieval times when knights carried them during processions with their kings. As the tradition grew, the mace became a ceremonial symbol of peaceful leadership, and maces were embellished with jewels and metals. Today, a university's mace is carried before the president or chancellor and platform-party dignitaries during commencements, inaugurations and other academic ceremonial processions.

THE TORCH engraved on the top end of the mace, adapted from the logo of UNIRAZAK, symbolises the ultimate role of the University as a beacon of light that spreads knowledge throughout the national, regional and global communities. The five facets of the mace symbolise the five pillars of the 'Rukun Negara' or National Commandments which are constantly upheld under any circumstances.

The name of the University is engraved around the base of the torch in Roman script, signifying the unity of the whole university community.

THE CHALICE portrays the main function of the university in pursuing knowledge. The name of the university engraved in Jawi script represents determination and faith which are the basic and fundamental thrusts of university education.

The motifs of gold thread 'songket' at the lower part of the chalice express the university's aspiration to continue its knowledge dissemination while upholding Malaysian traditional values.

THE LOGO of the university which is surrounded by carvings of Malaysia's official national flower, the Hibiscus, signifies the philosophy of the University and the dynamism of the various academic programmes offered.

THE SHAFT symbolizes the readiness to contribute knowledge and expertise for the advancement and development of the people and the nation.

The Qur'anic verses from the Surah Al-Mujadalah (58:11) and Az-Zumar (39:9) contain the call for courage in seeking knowledge and upholding the truth, which reminds us of our unending responsibility to nurture, protect and celebrate academic achievement among students, faculty and staff. The 'Pending' or Malay belt buckle depicts energy, power and ability in producing dynamic scholars who are pragmatic, creative and innovative to contribute towards the advancement of Malaysian society and the country.

“Knowledge is power you can exercise only over people who know less - not over people who know more. You must work hard and show effort. About the only thing that comes to us without effort is old age.”

Allahyarham Tun Ahmad Sarji Abdul Hamid

GRADUATION
AWARDS
2024

CHANCELLOR AWARD

Mohamad Shazwan Abdullah

Bachelor of Education (Honours)

School of Education and Humanities (SEH)

Mohamad Shazwan from Pasir Gudang, Johor, is a beacon of resilience and academic excellence. As the eldest of two siblings, he has been a source of pride for his family, whose unwavering commitment to his education has been the cornerstone of his success. Despite their modest academic backgrounds, his parents instilled in him the importance of pursuing knowledge and reaching for the stars. This determination led Shazwan to embark on his educational journey at UNIRAZAK in November 2021, where he pursued a Bachelor of Education (Honours), majoring in Malay Language. Today, he graduates with flying colours, achieving an impressive CGPA of 3.96 from the School of Education and Humanities (SEH) – a testament to his hard work, dedication, and the values instilled by his family.

How do you feel about receiving the Chancellor Award, and what motivated your academic excellence?

Receiving the Chancellor's Award is an achievement beyond my wildest dreams. It's a deeply fulfilling experience that validates the dedication and hard work I've poured into my academic journey. This recognition exceeds my expectations and fuels my determination to strive for excellence in all my future endeavours.

My motivation to uphold high academic standards stems from a solid commitment to my personal and professional aspirations. My family's unwavering support, encouragement, and sacrifices have been a cornerstone of my perseverance. I am equally grateful to my lecturers, friends, and university staff, who believed in my potential and continuously inspired me to aim higher. Their faith and encouragement significantly shaped my determination to achieve and sustain excellence.

What were your biggest challenges during your studies, and how did you overcome them while balancing academics, extracurriculars, and personal commitments?

Managing time effectively was one of my biggest challenges, especially balancing assignments and extracurricular activities. As my studies progressed, the academic workload became more demanding, particularly in education-related subjects and my major, Malay Language. At the same time, I actively participated in extracurricular activities, including serving on the Student Representative Council (SRC/MPP) and other university clubs, making time management even more critical.

To overcome this, I created a structured schedule to allocate time for each task, prioritising what was most important. While following the schedule was initially tricky and impacted my CGPA, I stayed motivated and adapted. Setting clear, achievable goals allowed me to balance academics with extracurricular

activities. By focusing on one area at a time, I managed to maintain steady progress and excel in academics and extracurricular commitments.

“

Take every opportunity to grow, connect, and learn. Your university years are the perfect time to shape the person you're meant to become.

”

What was your favourite part of studying at UNIRAZAK, and which lecturer impacted your journey?

My education and experience at UNIRAZAK have been transformative. They have equipped me with essential skills for my career as an educator while fostering personal and professional growth. Over the past three years, I've enjoyed engaging in events and activities that allowed me to connect with a diverse community, from students and lecturers to university staff. These interactions boosted my confidence, enriched my journey, and created a strong sense of belonging, fulfilling university life.

A key influence on my academic journey has been Asst. Prof. Siti Farhah, whose mentorship has profoundly shaped my perspective. She instilled values of kindness and positivity, emphasising the importance of supporting one another through challenges. Her guidance has impacted my outlook and behaviour, fostering respect and empathy that I will carry into my future endeavours.

What are your plans for the future? How will you use your education at UNIRAZAK and your outstanding achievements?

I am to create a meaningful and lasting impact in education and beyond. With the foundation of my education from UNIRAZAK, coupled with the honour of receiving the Chancellor's Award and other achievements, I am confident in my ability to contribute positively to the development of future generations. The skills and values I have cultivated at UNIRAZAK will be shared with those who need them, empowering others to achieve success and build brighter futures.

What advice would you give current or future students striving for academic excellence?

To my fellow Razakians, remember that university isn't just about earning a degree—it's a place to shape yourself into a knowledgeable and well-rounded individual. Take full advantage of this opportunity, actively engage in lectures, join clubs and activities, participate in discussions, share your ideas, connect with others, and celebrate every accomplishment, no matter how small it seems. With determination and effort, InshaAllah, you'll successfully navigate your academic journey at UNIRAZAK and make the most of this transformative experience.

VICE-CHANCELLOR AWARD

Muhammad Syafiq Ahmad Rubil

Bachelor of Accounting (Honours)
with CPA

School of Accounting and Taxation (SAT)

Muhammad Syafiq, a proud native of Ampang, Kuala Lumpur, began his educational journey at SMK Aminuddin Baki. His path took a transformative turn when he was awarded the prestigious BUDI PNB-UNIRAZAK scholarship, enabling him to pursue foundation studies at UNIRAZAK. Building on this opportunity, he earned a Bachelor's Degree in Accounting and obtained CPA Australia certification.

Syafiq's professional career began at Ernst & Young, one of the Big Four global accounting firms, where he excelled as an Auditor. He played a crucial role in managing audits for subsidiaries of major listed oil and gas companies, ensuring the accuracy and integrity of financial statements. This experience honed his technical expertise, enhanced his ability to navigate complex business environments, and established him as a respected professional in the field.

How do you feel about receiving the Vice-Chancellor Award, and what motivated your academic excellence?

Receiving the Vice-Chancellor Award was an indescribably surreal moment for me. Initially, I was in complete disbelief—it felt almost unreal to be honoured with such prestigious recognition. Yet, it brings me immense joy and pride, not just for myself but also for the support and encouragement I've received from my family and friends throughout my journey.

The drive to excel academically began when I was awarded the BUDI PNB-UNIRAZAK scholarship. I understood the immense privilege of this opportunity and its potential to shape my knowledge, career, and personal growth. But what indeed kept me going was the deep desire to make my parents proud. Their sacrifices and struggles in raising me have always been my greatest motivation. Receiving this award feels like a meaningful step toward honouring their dedication and repaying them for all they've done for me.

What were your biggest challenges during your studies, and how did you overcome them while balancing academics, extracurriculars, and personal commitments?

My biggest challenges during my studies were balancing academics, extracurricular activities, and personal commitments. At times, it felt overwhelming, and I wondered if my efforts would yield meaningful results. However, I overcame this by shifting my mindset. I reminded myself that my success wasn't just for me—it was for my family and friends, whose happiness and support inspired me to keep going.

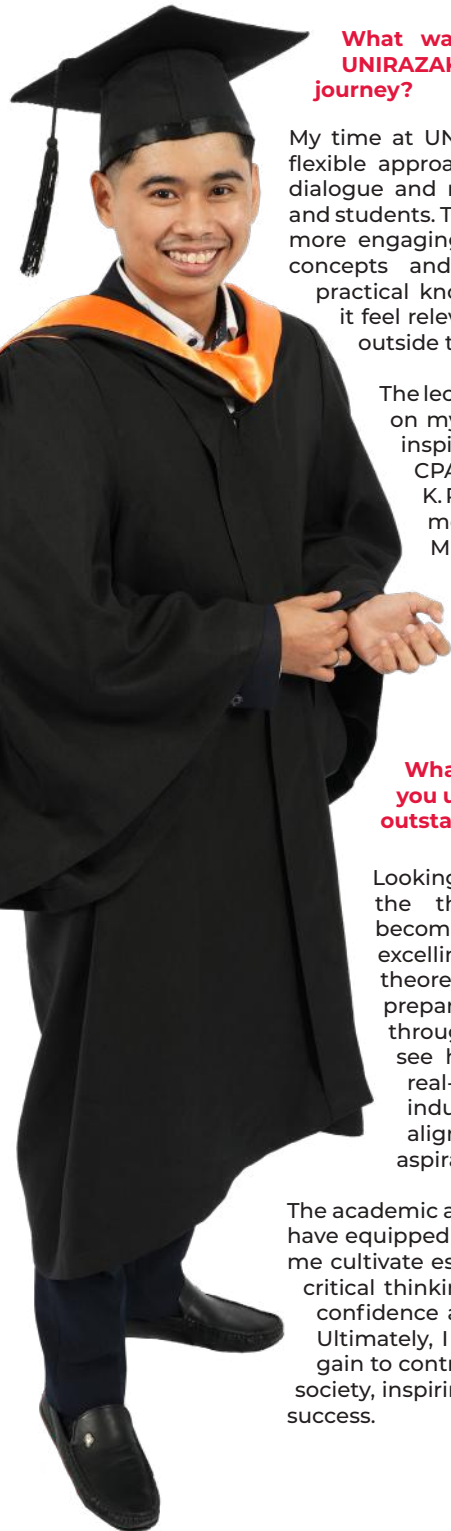

To manage my commitments, I adopted a structured routine, dedicating specific hours of coursework, my roles in the Student

Representative Council, club activities, non-profit events, and my passion for fitness and sports. This disciplined approach kept me organised and focused, allowing me to excel academically while pursuing the activities I loved. Ultimately, I realised my dreams weren't just for me—they were for everyone who believed in me.

“

Success isn't just about personal achievement—it's about honouring the sacrifices of those who believed in you and using your journey to inspire others.

”

What was your favourite part of studying at UNIRAZAK, and which lecturer impacted your journey?

My time at UNIRAZAK was defined by its modern and flexible approach to learning, which emphasised open dialogue and meaningful discussion between lecturers and students. This interactive environment made learning more engaging, bridging the gap between theoretical concepts and real-world applications. Focusing on practical knowledge enriched my education, making it feel relevant and connected to the dynamic world outside the classroom.

The lecturers at UNIRAZAK had a profound impact on my academic journey. Prof. Zul, my mentor, inspired me to aim high, especially during my CPA Australia preparations. Asst. Prof. Chong K. Rine laid a strong foundation by introducing me to the technical side of accounting, while Mr. Jay equipped me with the knowledge to pass professional papers. Their guidance, along with the effort of the entire faculty, not only enhanced my academic and professional skills but also helped me grow as an individual, for which I am deeply grateful.

What are your plans for the future? How will you use your education at UNIRAZAK and your outstanding achievements?

Looking ahead, my immediate goal is to complete the three-year professional requirement to become a certified accountant, focusing on excelling in my role as an auditor. The solid theoretical foundation I gained at UNIRAZAK has prepared me to deepen my industry expertise through hands-on experience, allowing me to see how businesses apply these concepts in real-world scenarios. By exploring different industries, I aim to discover the one that best aligns with my skills, interests, and long-term aspirations.

The academic and co-curricular experiences at UNIRAZAK have equipped me with technical knowledge and helped me cultivate essential soft skills such as adaptability and critical thinking. These experiences have given me the confidence and flexibility to navigate my career path. Ultimately, I aim to use the knowledge and insights I gain to contribute meaningfully to my community and society, inspiring others to pursue their own growth and success.

What advice would you give current or future students striving for academic excellence?

I advise all Razakians striving for academic excellence to see university as more than exams and assignments—a journey of growth and self-discovery. As Albert Einstein said, “Education is not the learning of facts, but the training of the mind to think.” The most valuable lessons often come from challenges, people, and experiences beyond the classroom.

Explore activities that interest you and contribute to your growth, even if unrelated to your studies, and persevere through complex tasks—they’re often stepping stones to success. Embrace every experience as a step toward shaping the person you’re meant to be.
