Book an Experience at Canada's Home for Music!

National Music Centre's school programs at Studio Bell use music as lens for understanding the world around us, while connecting students to the ongoing evolution of Canada's music story. Our hands-on, ears-on, minds-on programs are based on Alberta's K-12 curriculum and programs of study. Featuring items from NMC's rare and unique collection, programs are led by talented musician educators who bring core-curriculum concepts to life.

With four new programs of varying lengths and activities, teachers can choose the trip that works for their students!

THE ULTIMATE EXPERIENCE: GRADES 2-6

THE CLASSROOM EXPERIENCE: GRADES 2-6

THE GALLERY EXPERIENCE: GRADES K-12

THE TOUR EXPERIENCE: GRADES 5-12

INSPIRING STUDENTS THROUGH THE SOUND OF MUSIC

Are you looking for an unforgettable field trip for your students? Well, Studio Bell, home of the National Music Centre (NMC), is just the place to strike a chord in young learners.

Led by talented musician educators, NMC's hands-on, ears-on, minds-on programs are based on Alberta's K-12 curriculum and programs of study. Students can explore the museum and encounter fascinating items from the National Music Centre collection, watch demonstrations to see instruments come to life, and engage in interactive activities that will activate their musical awareness.

"We get such incredible feedback from the schools that visit us," said Paige Foley, NMC's Programs Manager. "This is where kids come to be inspired. Students often leave surprised by all the ways that music relates to subjects like math and science. Making learning fun is our ultimate goal!"

Since opening in 2016, NMC has inspired nearly 70,000 students to learn through the lens of music, and realized its mission of amplifying the love, sharing, and understanding of music in Canada. NMC now has more experiences for teachers to choose from, including four different programs and add-ons for those planning the ultimate field trip experience.

ALL ABOARD!!

Iron Horse Park is open to the public, Sundays, from Victoria Day long weekend to Thanksgiving.

The park is operated by the Alberta Model Engineering Society, a volunteer organization whose members want to share their hobby and the awesomeness of trains with children of all ages. Stop in for a picnic, a train journey, or a walk around the grounds. For \$3 per person you can enjoy a journey on the miniature railway. Birthdays and special events can be booked online or at the park.

820 Railway Gate SW, Airdrie, AB T4B 0L4

Visit www.ironhorsepark.ca or call **403-948-2601** for more info.

LEARN ABOUT THE HISTORY OF RANCHING

The Bar U Ranch was founded in 1882 as the Northwest Cattle Company and is the only Parks Canada administered National Historic Site that commemorates the importance of ranching in Canada.

Explore historic treasures that include the blacksmith shop, harness repair shop, round-up camp, saddle horse barn, and restored workhorse barn. Experience life on the ranch from 140 years ago.

Ranching-focused school programs are comprised of demonstration, interactive talks, sensory experiences, and environmental hikes delivered by Parks Canada interpreters in 30-minute segments.

Programs:

1. Historic Bar U

- a. Belly of the Bar U: experience the variety of methods practiced to maintain self-sufficiency. Featured are the cookhouse, garden, root cellar, and storage sheds.
- b. Take-A-Hike: A Creekside trek where students learn about riparian ecology and rangeland management.
- c. Round-Up Camp: students learn how cowboys lived and worked on the range through storytelling.

2. Art on the Range

- a. Cookhouse – painting activity
- b. Leathercraft – try your hand braiding
- c. Blacksmith Shop – learn about the art of Blacksmithing

3. The Bar U Ranch Rangeland and Cattle Management

Take a 2-hour interpretive hike that discusses, animals of the Bar U Ranch, rangeland, and cattle management – now and then.

Add on a wagon ride through the historic core and rangeland.

The Waterton Planetarium

Waterton Lakes National Park

Discover the cosmos with a trip to the Waterton Planetarium in Waterton Lakes National Park. This inflatable dome planetarium experience features enriching full-dome film programs that perfectly compliment Sky Science learning, as well as Indigenous Sky Lore of the First Nations.

<http://watertonplanetarium.ca>

info@darkskyguides.ca

Waterton Lakes National Park (WLNP) is an amazing place for students of all ages to discover, explore, and reconnect with the natural environment. Recently named the world's first transnational International Dark Sky Park by the International Dark Sky Association, WLNP is quickly becoming a recognized astrotourism destination that draws people to discover the night sky, thanks to efforts that have been made to minimize the area's light pollution footprint at night. Aside from being an International Dark Sky Park, WLNP has also been declared a Natural World Heritage Site by UNESCO, a World Biosphere Reserve through the UNESCO MAB program, the world's first International Peace Park, and Canada's fourth National Park.

A visit to Waterton Lakes National Park can be an enriching experience at any time of the year. The tourism season runs from early May to early October, when full services are available. But considering the National Park is open year-round, there are plenty of opportunities to discover all that the area has to offer, even during the winter months. While some services are limited or unavailable during the winter, there are a number of businesses that cater to off-season travel to the National Park.

Dark Sky Guides (DSG) is a small family-owned business, operated by year-round residents of Waterton Lakes National Park. DSG historically offered guided interpretive nighttime tours and stargazing opportunities in WLNP, by providing tour participants with the chance to stargaze using quality telescopes, binoculars, and other stargazing equipment. The Dark Sky Guides are storytellers that deliver personable, memorable, interpretive tours that focus on showcasing the night sky, the moon and neighboring planets, deep sky objects like distant nebulae and star clusters, the Milky Way Galaxy, constellations, and even Aurora Borealis and nocturnal creatures. Ultimately, Dark Sky Guides encourage people, young and old, to foster their own personal connection with both the night sky and Waterton Lakes National Park. The company is committed to promoting WLNP as a noteworthy dark sky area, and to create awareness of the area's official status as the World's first transnational International Dark Sky Park.

Recently, DSG has expanded its operations to offer year-round experiences including wintertime snowshoe tours, as well as introducing the area's only inflatable dome planetarium. As part of this shift to offering year-round experiences, DSG has recognized an opportunity to share the night sky with peoples of all ages. In particular, helping children and students to discover the night sky, and connect with the cosmos, has become a priority of DSG, considering the ever-increasing threat of artificial light at night, which is expanding around most urban municipalities.

The Waterton Planetarium features various full-dome film programs for viewers to discover the cosmos from the comfort of the inflatable dome planetarium, located in Waterton Lakes National Park's old Falls Interpretive Theater, near Cameron Falls.

Dark Sky Guides President and Co-Founder, Keith Robinson, is a year-round resident of WLNP and has been a tour guide in the area for decades. He is available to help plan any visit to WLNP and can provide information about all services, amenities and experiences offered in the area, as well as offer additional contacts, to create the perfect itinerary (email: keith@darkskyguides.ca).

Teachers: Get in on the **Pennies for Pins** program and earn money for your classroom just by bowling at Heritage Lanes!

Bowl at our school rate, and for each point your group gets, we donate a penny back to the class.

Field Trip Group Rates:

One bowling game, includes shoe rental \$5.49/student

Add a hot dog and a pop for an additional \$4.00 or two slices of pizza and a pop for \$5.00.

This pricing is available Monday to Friday, during school year from 9:00 am to 3:00 pm

For full information, call Keera at 403-309-6385.

The graphic features a light blue background with white clouds. At the top center, the text 'GRANARY ROAD' is written in a large, white, outlined font, with 'Field Trips' below it in a black, rounded font. A cartoon bee is positioned to the right of 'Field Trips'. To the left, there are two photos: one of a large wooden building and another of children playing in a field. To the right, there are two more photos: one of a large spider on a web and another of a goat. At the bottom, there are illustrations of a yellow school bus, a chicken, a sheep, a frog, and a mushroom. A green banner at the bottom contains contact information.

GRANARY ROAD™
Field Trips

- Play in the park
- Meet our farm friends
- Learn about nature
- Alberta Teaching Curriculum
- Grades K-12
- Customizable for each group
- Educational
- Unforgettable

For more information, email: fieldtrips@granaryroad.com
www.granaryroad.com | 403-453-7623

BRING YOUR STUDENTS TO GRANARY ROAD FOR THEIR NEXT FIELD TRIP!

Using an interactive learning approach, we offer curriculum-based field trip options centered around 11 themed exhibits. Our facility, which is spread over 36 acres and features 3.5 kilometres of trails, delivers hands-on activities that positively impact the students' minds. We bring **FUN** to every opportunity, while creating unique experiences through meaningful modalities. Through hands-on activities, engaging videos, and interactive learning opportunities, Granary Road delivers content aligned with Alberta's teaching curriculum. Where the Park is a learning environment in its entirety, each individual exhibit sets down a unique educational proposition through learning walls, questionnaires, and fun activity features.

Your Field Trip to Granary Road will include general access to all the exhibits plus three Educational Exhibit Lessons. These are learning opportunities that use interactive activities, engaging videos, and curriculum-based content to elevate comprehension. Each lesson is hosted by our Granary Road Guide and is approximately 25 to 30 minutes in length.

Whether by bus or car, travelling to our venue will be just part of the field trip experience! The sense of adventure will have already begun by the time you've hit the road, and we suggest you take this opportunity to further expand on the occasion. Use the travel time to educate, laugh, or just relax!

When you arrive at Granary Road, you will be greeted by our Hosting Team who already has your itinerary set out and ready to go. Simply follow their lead and let the day's enjoyment unravel!

The Lethbridge Corn Maze features many engaging activities in an authentic farm setting. Navigate through any of the 3 corn mazes, hedge maze, and puzzle maze. There are many different farm animals to visit and feed in our petting zoo. The giant slide, "rat rollers", tractor rides, and zip lines are sure to bring fun for all.

INTERVARSITY

PIONEER CAMP ALBERTA

We offer a wide range of fun and challenging activities for every season. Schedules are flexible to accommodate your plans and we are available to assist you before your arrival. Pioneer Camp adheres to the safety standards set by the Alberta Camping Association and Christian Camping International. All our year-round staff have current first aid training with at least a standard level.

BOOK YOUR EVENT OR RETREAT

Our year-round, winterized facilities are available for group bookings from September through June following our Summer Camp Programs. Contact us to book your group experience today!

TWO SPECTACULAR LOCATIONS!

Explore our two beautiful locations in Sundre and Rocky Mountain House with their own unique landscape and facilities. Experience the same enthusiastic welcome, spirit of adventure and dependable staff team at both!

We acknowledge that we are on Treaty 6 and 7 Territories in Alberta of the many First Nations, Métis, and Inuit whose footsteps have marked these lands for centuries.

ON-SITE, IN-SCHOOL & VIRTUAL PROGRAMS
FOR KINDERGARTEN TO GRADE 9

Book your class today at leightoncentre.org
or email education@leightoncentre.org

282027 144 St W Foothills, AB | 403-931-3636 | [f](#) [t](#) [i](#)

Let us take your class on an unforgettable journey of creative discovery!

Beautiful in every season, our Art & Nature School Field Trip is a four-hour on-site visit that introduces students, teachers, and parent volunteers to the history, art, and nature of Leighton Art Centre. In addition to completing an art project in our historic art studios, groups join an Art & Nature Educator on a visit to the Leighton Heritage Home and Gallery and explore portions of the 80-acre property, complete with spectacular Rocky Mountain view.

Our Art To Go and Virtual Art & Nature programs are perfect for those who wish to bring the Leighton Art Centre experience right into their classroom.

Programs available year-round. Visit our website for more details (*NEW* Program Guide!) and book well in advance for best date selection. Financial assistance available.

Funding Learning Outside the Classroom and Beyond

Make an astronomical impact among students by providing them with an innovative, immersive and interactive learning experience. Help families to raise the funds necessary for their children to participate in enriching activities and outings by introducing FundScrip, Canada's number one gift card fundraising program. It's safe, it's easy and eliminates unnecessary spending. Find out if FundScrip is right for your school's programs by requesting our free information kit today.

Discover the wonders of flight at the Alberta Aviation Museum's relaunched Theory of Flight field trip program. This immersive full-day experience offers a captivating journey into the world of air and aerodynamics, igniting young minds with the fundamentals of flight. Responding to demand, the enhanced program now features all-ages tours and themes, promising lasting memories for students. Witness aviation marvels up close in the historic Hangar 14, a treasure of Edmonton's aviation history. Registration opens on September 1st, 2023. Don't miss this exceptional opportunity for your students.

info@birchbayranch.com
www.birchbayranch.com

GET READY FOR ADVENTURE AT BIRCH BAY RANCH!

Birch Bay Ranch offers a range of outdoor activities and experiences for groups of all ages. Students will experience adventure and have fun while trying new things, gaining confidence, teamwork skills, and building relationships with their peers.

In the spring and fall, activities include horseback riding, rock climbing, ziplines, high and low ropes course obstacles, archery and target activities, field and gym sports, and nature exploration.

Winter activities include snowshoeing, nature walks, indoor and outdoor horseback riding, gym sports, select ropes course activities, and self-led outdoor activities.

Birch Bay Ranch also offers meeting and learning spaces, campfire and picnic areas, and delicious meals and snacks in the indoor dining hall. In addition, bunk-style accommodation and a group camping area are available for overnight trips and retreats.

Give your students an experience and adventure they'll never forget!
Book a field trip at Birch Bay Ranch, just 30 minutes east of Edmonton.

Visit www.birchbayranch.com for more information.

Get Outside the Classroom!

Kuriakos Outdoor School programs allow students to experience values of belonging, growth, and togetherness. Students will be encouraged to challenge themselves, as they build new relationships and share common experiences. You'll be amazed at the difference an Outdoor School experience can make in your students!

We work closely with school groups to develop a program that suits each school's needs, providing accommodation, programming, and food service. Kuriakos Outdoor School offers a variety of curriculum-based activities to meet your students' objectives and your instructional goals.

Haven't planned something like this before? We have! We are happy to assist with paperwork, parent communication, and other logistics.

Programs available September-October and May-June, and through the winter upon request.

- ⇒ Ropes Courses
- ⇒ Snowshoeing
- ⇒ Swimming
- ⇒ Wilderness Site
- ⇒ Canoeing
- ⇒ Campfires
- ⇒ Climbing Tower
- ⇒ Skating
- ⇒ Archery
- ⇒ Crafts

Building
Cultural
Awareness

"Our Festival experience was so fun!
We appreciated the School Liason's help planning
our school trip to make it work best for us and our
timing. The knowledge of the volunteers, the friendly
atmosphere, the vast amount of open space for us
to eat and have some downtime to play between
activities and the convenient drop-off and pick-up
spots were fantastic!"

- *Evansview School*

K-7 Curriculum
Connected
Programming

Don't forget to book time for
engaging and **creative** paid activities:

- printmaking
- cultural exploration
- storytelling and literary art
- Indigenous views culture and tradition
- and more!

**Mark your calendar for
the best field trip of the year!**

YOUR ALBERTA LEGISLATURE

Connecting People to Parliament

EXPERIENCE PARLIAMENTARY DEMOCRACY

Home to over 100 years of debate and decision-making, the Legislative Assembly of Alberta delivers engaging programs on democracy, governance, citizenship, parliamentary traditions and history and the roles of elected representatives.

EXPLORE BOTH VIRTUAL AND ON-SITE OPTIONS

Choose from a variety of programs during the 2023-2024 school year, including virtual and on-site options. Live-streamed and on-site guided tours of the Legislature Building are fun and can be tailored to suit the needs, interests and grade level of any class. On-site field trips can be enhanced with additional programming, and interactive virtual presentations offer classes an in-depth look at Alberta's history and democracy.

BOOK AN EDUCATION PROGRAM

Education programs are fun, engaging and free.

Please visit www.assembly.ab.ca/visit/tours#school-tours for more information.

Gymnastics for All!

Unique and Exciting!

Most students would say that the best field trips are about having fun, while most teachers feel that field trips should be about education.

So where is the happy medium?

Here at Ortona, we combine fun games, activities and gymnastics circuits to create a field trip that is not only engaging and exciting but also physically challenging and educational for every grade level.

We offer field trips year-round for all grades and for students of all abilities including special needs.

Promoting **physical literacy** is beneficial for improving academic performance, cognitive skills, mental health, psychological wellness, social skills, and healthy lifestyle habits.

Why choose gymnastics?

Gymnastics helps develop self-esteem, self-discipline, self-awareness, and utilizes physical literacy to form the healthy foundation for an active lifestyle.

Gymnastics is one of the three foundation sports decreed by the International Olympic Committee; and is the ultimate human movement experience.

Ortona Gymnastics Club is a not-for-profit, independent sports organization that was formally incorporated in 1976.

As one of the oldest gymnastics clubs in Edmonton with roots stretching back to 1972, Ortona has a long history of community involvement, athlete development and child/youth sport activity and movement. Ortona is very proud of its legacy in the Edmonton community.

We look forward to your participation in gymnastics at our club.

You are never too young — or too old — to gain something positive from the sport of gymnastics at Ortona.

Book your field trip today.

What you need to provide:

- Schools and groups are responsible for the transportation of their students to and from our facility;
- Each participant's guardian is required to provide a completed waiver;
- Teacher and parents volunteers welcome with a completed waiver.

Ortona provides the instructors, physical activity, and fun!

What we offer:

Bring your students to experience and enjoy a range of exciting sports, games, and other recreational and fitness activities at one of Canada's premier universities. We offer multiple sessions to fit each school's needs:

- 1 hour of gymnastics and fitness games inside Ortona's facility
- 1.5 hours of gymnastics and fitness games inside Ortona's facility
- 2 hours of gymnastics and fitness games inside Ortona's facility
- Full day multi-sport session featuring Ortona's facility as well as various areas of the Saville Sports Centre's gyms.

Please contact us for further program details, pricing, or to book your field trip:

Email: fieldtrips@ortonagymnastics.com

Phone: **(780) 492 – 7492** and leave a message for the field trip coordinator.

Rabbit Hill Snow Resort has been introducing youth to the excitement of winter sports for over 65 years. It is one of the largest areas in Northern Alberta, located on the South West Side of Edmonton.

Introducing skiing and snowboarding creates a lifelong way for students to stay active during the winter season. Students can develop physical, decision-making, and communication skills in an alternative learning environment. Our professionally trained Snow School instructors focus on skill development and improvement while promoting safety in an enjoyable atmosphere.

NEW! We are now booking school groups for our SUMMER TUBING experience. Slide down one of only two installations in Canada, it offers a unique and fun experience for ages four and up!

Rabbit Hill will work with you to tailor a flexible package that fits the needs of your group, large or small.

Contact our Group Coordinator to find out how easy it is to organize your trip!

211 1st Avenue S.W., Sundre, AB T0M 1X0
403-638-3233
www.sundremuseum.com
E: sundremuseum@telus.net

Hours of Operation:
Monday to Sunday 10 am – 5 pm

SUNDRE & DISTRICT MUSEUM

Featuring the World of Wildlife Exhibit

Take a walk on the wild side as you travel the globe with our World of Wildlife exhibit. You will see six continents represented in over 170 animal mounts in this natural science display.

Travel back in time! Celebrate the way we were by exploring our four acre heritage village. Here you will find a number of buildings including a trapper's cabin, barn, blacksmith shop, pioneer house, schoolhouse and others. See how early Sundre and area pioneers lived. Educational guided tours and programming are available.

We offer tours, group rates and even a night at the museum for those interested in a more personal experience. Bring your picnic lunch and enjoy our green spaces. Be sure to check out our events and follow us on Facebook.

Open year round – come connect with us!

Embark on an unforgettable field trip packed with collaborative, engaging, and hands-on learning!

Explore dynamic interpretive programs for students in kindergarten to grade 9 and high school.

Sit back and let the 360-degree visuals of the Zeidler Dome Theatre transport you on a trip to the Milky Way Galaxy. Featured shows include Forward! To the Moon, Legends of the Northern Sky, and One Sky!

From the edge of your seat, travel to untouched terrains, including diving into the deepest oceans and even soaring above the highest mountain peaks. With high-quality visuals, storylines, and immersive sound, a film in IMAX® is an experience your students won't soon forget.

Take an expedition of discovery through five permanent themed galleries! Tinker and test gadgets and gizmos in The Science Garage - a budding place for imagination and creativity. Launch a marble down a custom-made track before tackling the rotating rock-climbing wall. Be part of an optical illusion in the Ames Room where objects may appear larger than they actually are.

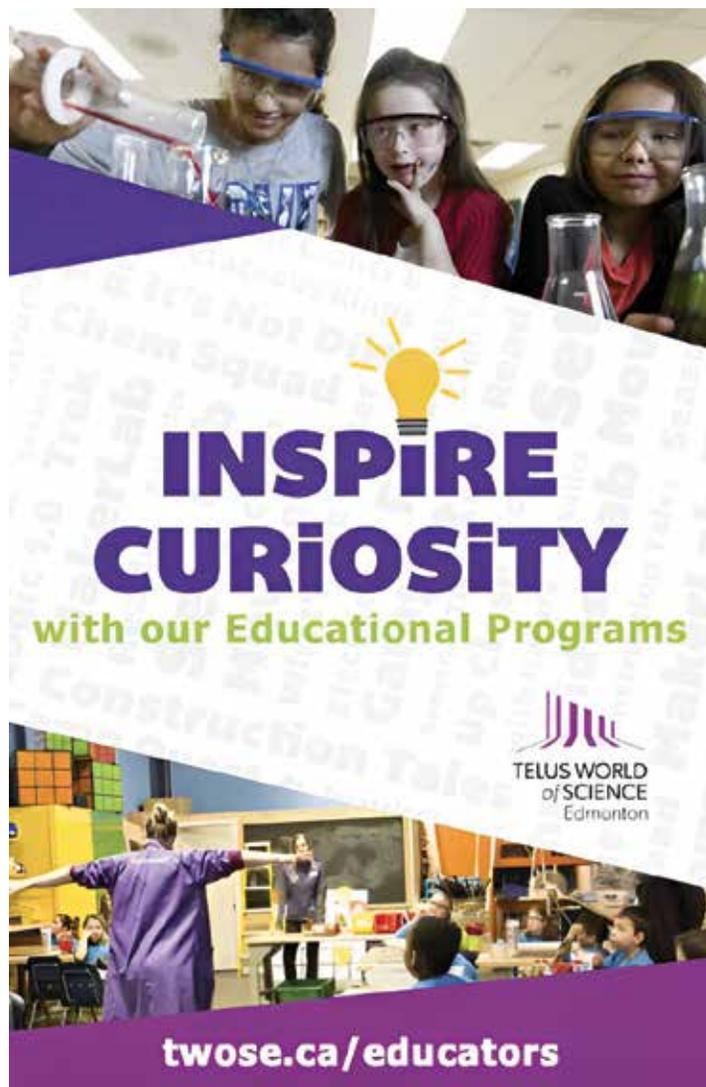

Blast off in the S.P.A.C.E. Gallery! Marvel at the Aurora Borealis before launching rockets and commanding a lunar lander. Even see a real Moon rock! Next, step into the shoes of a naturalist in The Nature Exchange. Here students examine fossils, seashells, insects, and preserved plants at the microscopic level.

In the Health Zone your students will see their heart beat, extract DNA from a strawberry and other hands-on programs.

Don't miss the Arctic Journey, where students can ride a dogsled and learn all about what life is like in the Arctic.

Students 6-years-old and younger will splash, crawl, and play while learning about water systems, aviation, nature, and building fundamentals as they explore a mini-Edmonton in CuriousCITY!

Field trips align with the Alberta Education Curriculum and the Science Centre provides a dynamic and interactive environment to engage and ignite curiosity! To plan your field trip visit www.twose.ca/educators or phone **780-451-3344**.

THE ASSOCIATION OF SCIENCE
AND ENGINEERING TECHNOLOGY
PROFESSIONALS OF ALBERTA

Calling all STEM teachers!

ASET is the self-regulatory association for engineering technology professionals in Alberta.

Partner with us to share exciting STEM learning opportunities like:

- STEM camps where technology professionals help students create their own gadgets
- a presentation introducing engineering technology and its career possibilities!

Visit aset.ab.ca/outreach
for more information

AN EDUCATIONAL EXPERIENCE AT WEM ATTRACTIONS

LET WEST EDMONTON MALL
BRING MARINE LIFE RIGHT TO
YOUR CLASSROOM!

Marine Life offers a number of
curriculum based programs.

MARINE LIFE

REJOICE WITH REPTILES

Reptiles are fascinating creatures and play an important
role in the world's ecosystem. Our interactive program
will teach you all about them!

SPINELESS WONDERS

Our unique, hands-on program is all about our marine
invertebrates. Bring the ocean to your students and have
them experience it by seeing, smelling, and touching!

PENGUINS: A FORMAL AFFAIR

Learn about African penguins from our Marine Life staff
and see the African penguin right in your classroom.

For Marine Life Educational Programs, contact Marine
Life Education at 780.444.5320 | marinelife@wem.ca

GALAXYLAND

PHYSICS 101

Galaxyland's Mindbender can pull 5.2g's which is more than the space shuttle used to pull. It is also the second most by any roller coaster on earth. The Mindbender is also the worlds largest indoor triple loop roller coaster. Space Shot is the worlds tallest indoor tower ride at 36.5m (120ft).

WORLD
WATERPARK

MATH 101

Immerse your learning experience at the World Waterpark with Math 101; a fun and interactive program that will make Math as easy as pi!

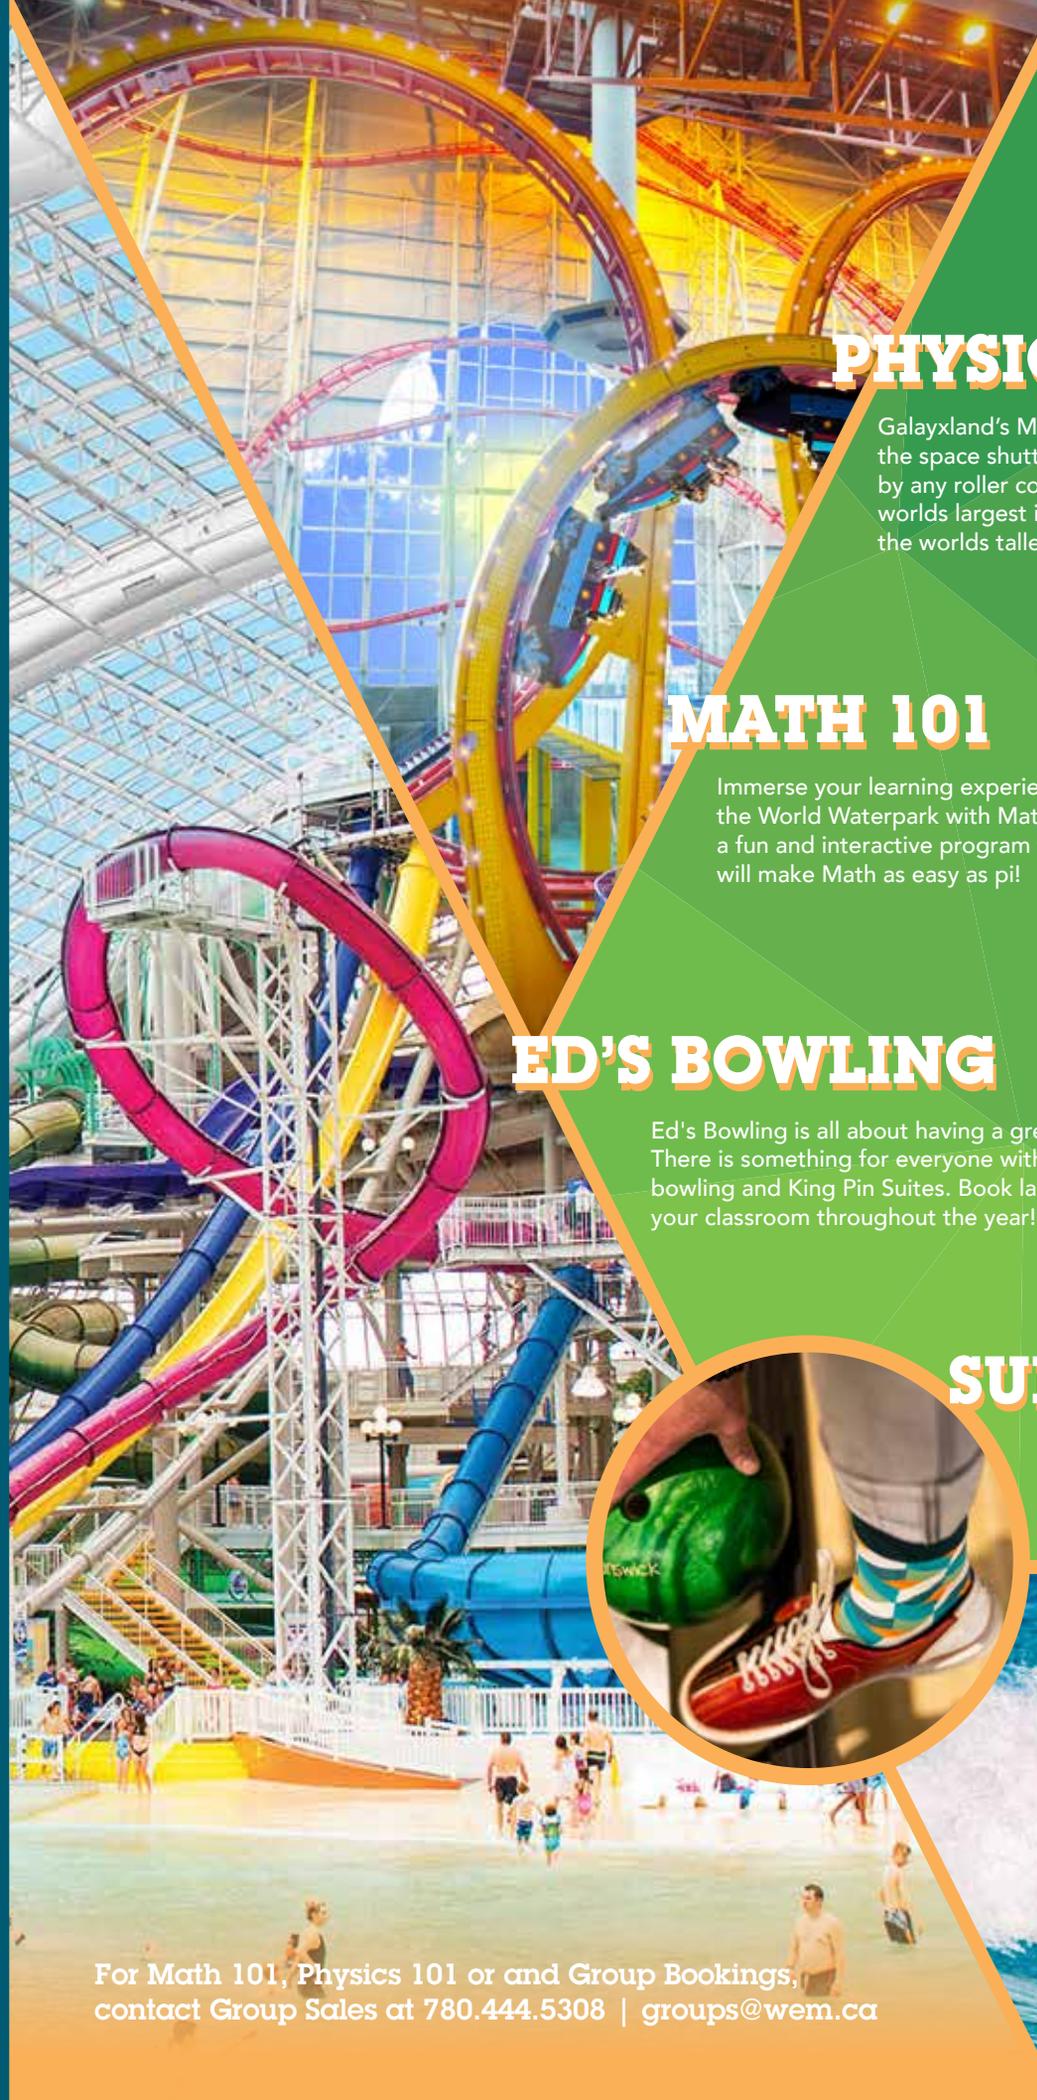

ED'S
BOWLING

ED'S BOWLING

Ed's Bowling is all about having a great time! There is something for everyone with tenpin bowling and King Pin Suites. Book lanes for your classroom throughout the year!

SURF CLUB

The waves are waiting. Learn to surf at the World Waterpark in one of the world's largest indoor wave pools.

For Math 101, Physics 101 or and Group Bookings,
contact Group Sales at 780.444.5308 | groups@wem.ca

RIDE WITH SOUTHLAND

FIELD TRIPS, CAMPS, DAY PROGRAMS & MORE

BOOK TODAY

southland.ca/charters

SOUTHLAND Transportation started in Calgary in 1971 with a single van. Since then, we have expanded our diverse fleet to over 2,200 vehicles, with operations in Alberta, Saskatchewan, Ontario, and Nova Scotia. We take great pride in serving communities across Canada.

Every day, we travel over 150,000 kms and safely transport over 100,000 people to their destinations and then safely home. Yes, a lot of those passengers are indeed schoolchildren, however we want to remind everyone that SOUTHLAND Transportation also offers an excellent charter service that can accommodate any size of group.

Our highway motorcoaches have 56-passenger capacities, while our 72-passenger school bus rental is a great alternative for local day trips. Our 12-passenger Sprinter vans are ideal for smaller groups. Our friendly, reliable service is available throughout Alberta, with 8+ locations across the province. You can easily book your small or large group charters at southland.ca/charters

We aspire to offer the gold standard in reliability and overall customer service. The knowledge, expertise, and passion of our teams in Calgary and across Canada support our reputation as a leader in the people transportation industry.

At SOUTHLAND Transportation, we genuinely believe that our people are our greatest asset, and we're currently looking to hire more drivers. We're determined to employ talented people who share our company's dedication to safety and service.

If a competitive wage, flexible schedule, and paid training sound good, apply today at southland.ca/careers.

ALBERTA'S SAFEST TRAMPOLINE PARK

When two-time trampoline gold medal winner Rosie MacLennan was a child, her grandmother had an activity chart at the family cottage and insisted just like at a summer camp that they try a new skill every day. MacLennan and her older brothers Matt and Michael, and older sister Kate, had to prove they could do an activity three times before getting to colour off a square on the chart. Today encouraging young people to be active and try new things can be hard when they are staring down at a screen. It can be even more difficult when the safety of the new activity is questioned.

Trampolines were originally designed in the 1930 as training devices for gymnasts. The uses quickly adapted into several different uses but soon evolved into consumer products as they became more affordable and the backyard trampoline was born.

Trampolines are a great source of aerobic exercise and help develop balance and coordination if used properly, said Dr. Gary Smith, president of the Child Injury Prevention Alliance and spokesman for the American Academy of Pediatrics.

"We really want to encourage people of all ages to be physically active. We just want them to do it in a smart way so they don't end up decreasing physical activity due to injuries," said Smith.

It wasn't until 2002 that the idea allowing kids to jump in a controlled trampoline environment where safety is the focus.

Darren Balderson, the owner operator of Alberta's first Trampoline Park, LaunchPad Trampoline Park, says the trampolines in his park are specially manufactured for extra stability and endurance. Much greater stability than a typical backyard trampoline. The frames are solid 4 3/4-inch wall steel tubing covered by two inches of high-density foam padding to create give and reduce impact. Backyard trampolines come in a variety of strengths depending on how much the customer is willing to pay. Balderson goes on to say, "Often the padding has worn off these backyard trampolines after a year or two and you'll have kids jumping 10 feet in the air

with metal framing and springs exposed. Balderson continues, "I can most likely tell you that these backyard trampolines are not getting regularly inspected."

Trampoline Parks offer the best and safest way for kids to enjoy the feeling of flying in a controlled environment. Since opening in 2013, Launchpad Trampoline Park is proud to have had over 500,000 happy jumpers enjoy the unique feeling of jumping from one trampoline to another to another. Launchpad upholds the safest possible environment and uses the best practices including regular inspections and maintenance of equipment by well trained staff. LaunchPad has dedicated safety coaches to enforce rules and teach proper jumping techniques to kids. There is always a first aid certified staff member to help with any issues. A safety video is provided to inform customer who are new to jumping of the safest ways to navigate the park. Launchpad has the largest foam pit in Canada with foam six feet deep and a bottom layer of high-density foam. It would be impossible for somebody to touch or even find the ground in Launchpad's massive foam pit.

The safety focus continues as Launchpad has designed their trampolines adjacent to the foam pit with waterfall technology. This technology removes the steel frame of the trampoline on the one side where people jump into the foam pit. There is no metal framing between the trampoline and foam. Not only are all the trampolines in the park double reinforced there is over 15,000 square feet of safety netting under the trampolines. Below each trampoline installed is a dual layer RocBloc netting that provides secondary fall protection in the event a trampoline mat should fail.

Trampoline parks allow kids to move in a way they have never felt. It expands their mind. Encourages creativity and helps them understand themselves. Rosie MacLennan has said, "The trampoline gym helped me develop confidence. It helped me learn the value of struggle and the opportunities you can have when you face a challenge. It helped give me a positive perspective."

VOTED AS ONE OF EDMONTON'S TOP PLACES FOR FUN AND ENTERTAINMENT!

Our ultimate indoor trampoline park offers high-flying fun for every grade. At LaunchPad, you can tire your kids out by having them literally bounce off the walls so the bus ride will be nice and quiet.

We can cater to your curriculum with our variety of activities and have something for all jumping skill levels!

Our Park Areas include:

- Slack line
- Time Rover Interactive Speed Game
- Climbing Walls
- Orbiter Whiteout Game
- Huge Inflatable Astro Jump

With so much to do, LaunchPad Trampoline Park is the **ideal venue for your next field trip.**
