Welcome to

EduTech Symposium

EduTech Symposium, a premier event organized by the Center for Educational Technology (CETE) at The Maldives National University (MNU). This symposium stands as a beacon for those passionate about the transformative power of technology in education. As the digital age progresses, the integration of innovative technologies into teaching and learning becomes not just beneficial but essential.

Attendees will have unparalleled opportunities to explore the practices of tech integration, uncover the latest trends, tackle pressing challenges, and identify emerging opportunities within the realm of Educational Technology.

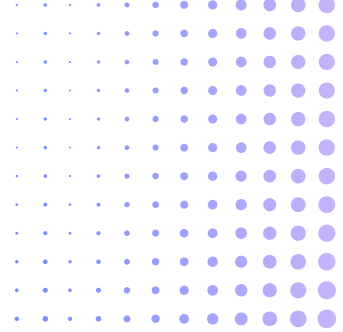

Our Theme

Leveraging Education Through the
Advancement of Technology

Tracks

- Pedagogical Practices in learning design (Instructional strategies and approaches)
- Assessment and Evaluation
- Student engagement and interactions
- Teacher presence
- Data-driven instruction and learning analytics
- Accessible and Inclusive Education
- Vocational Education
- Professional development for educators in skills and literacy
- Student Progress monitoring and feedback
- Subject-specific T&L approaches
- Management and organization
- Adaptive, personalized, differentiated, precision education
- Creation, modification and adaptation of resources and content
- Advancements to LMS and learning environments

Objectives

- To provide a platform for educators to showcase their practice of integrating technology in teaching and learning.
- To showcase successful examples of technology integration that can inspire others.
- To offer opportunities for professionals and experts to interact, share and explore best practices of technology integration in teaching and learning.
- To support educators in advancing their technology integration skills and facilitate networking and connections for a better future.

Who should attend?

The symposium is open to anyone involved or passionate about the intersection of technology and education, aiming to improve teaching and learning outcomes through innovative tech solutions.

Co-events and activities

Aware yourselves with the integration of technology in teaching and learning practices with the pre-symposium webinars held.

Hear from a field expert on the success stories of technology enabled learning and teaching practices as they share their experiences.

A panel of experts will be discussing on the current trends and pressing topics in the field of educational technology.

Explore and experience the recent educational technologies as the EduTech providers showcase their exhibits in the exhibition to be held.

Let yourself upskill on the use of technology in teaching and learning through our post symposium professional development workshops.

Explore the current implementation of educational technology in various faculties within The Maldives National University.

Networking opportunities: Structured and informal meet-ups to connect, collaborate and share experiences with peers, experts and potential partners

Participation Procedure

STEP 1

Attend pre-symposium webinars (optional)

STEP 2

Submit your Synopsis (Refer Synopsis submission guideline)

STEP 4

Submit your presentation

STEP 3

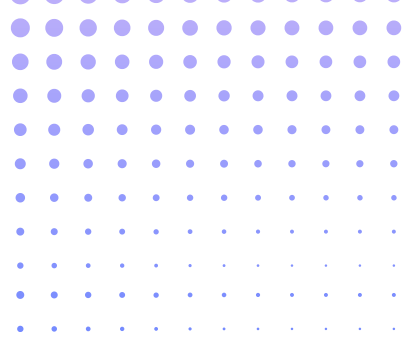

Synopsis acceptance

STEP 5

Showcase your submission at the symposium

STEP 6

Participate in other co-events (optional)
