# 3 MAJOR FOOD TRENDS

## 1 Healthy Products

*Cereals and Granola based products represented the leading share of global healthy snacks market.*

*Almost 92% of consumers read the nutrition label and 68% of those focus on the product's total sugar content.*

## 2

### Low sugar content

According to Nielsen, 2/3 European Consumers are trying to lower their sugar intake.

In UK, 51% of consumers agree that a product containing high level of naturally occurring sugar is misleading if it is labelled as 'NO SUGAR'

The Nutrition Claim "NO ADDED SUGAR/ SUGAR FREE" is still very significant for consumers.

## 3

### Functionality

Research confirms that over 37% of consumers look for functional food ( 23% increase in recent years)
