PHONE MOUNTS BY DESIGN

## Hi, we're i0mounts®

In 2013 we found an epic phone mounting system that we couldn't get enough of. We loved it so much, we started developing motorcycle mounts with the technology. Fast forward seven years to 2020 and we decided - what the heck - let's buy the company!

These phone mounts are made by design which is why we believe they may just be the best phone mounts on the planet - maybe even the universe.

### **IT REALLY IS THE PHONE MOUNT FOR ANY LIFESTYLE**

HOME AND OFFICE - [4-5](#)

UNIVERSAL - [6-8](#)

UNIVERSAL BAR - [9](#)

OFF-ROAD - [10-11](#)

MOTORCYCLE - [12-15](#)

AUTO - [16](#)

COMPONENTS - [17](#)

CAN YOU BELIEVE IT?!

# IT'S THIS SIMPLE

Our magnetic phone mounts incorporate the iOmounts® system and quickly connect to the powerful iOcore™ magnetic carrier. It's a simple, secure and universal system. When you're ready to go, just give your device a tug and you're off and running. No clips, no hassle, just a simple magnet, rotational adjustment, and a sleek modern design.

## MAGNETIC iOcore™

An extra strong magnet with brute strength that is the heart of the system

## SEMISPHERE MOUNT

Allows rotation in any direction for preferred placement

## iOdisc™ (2)

A razor-thin, unobtrusive steel disk that adheres to the device. This is what makes iOmounts® device-universal!

## NECESSARY HARDWARE

We wouldn't leave you hanging. If hardware is necessary, you bet it's included

ADAPT TO THE  
iOmounts® SYSTEM

If installation is even necessary, install the phone mount in its designed location with the included hardware.

Center the iOdisc™ on your case, apply firm pressure and let cure.

Once the iOdisc™ has cured for 24 hours, your device is ready to be attached to **any** iOmount®!

## iOstand®

### FOR FULL-SIZE TABLETS

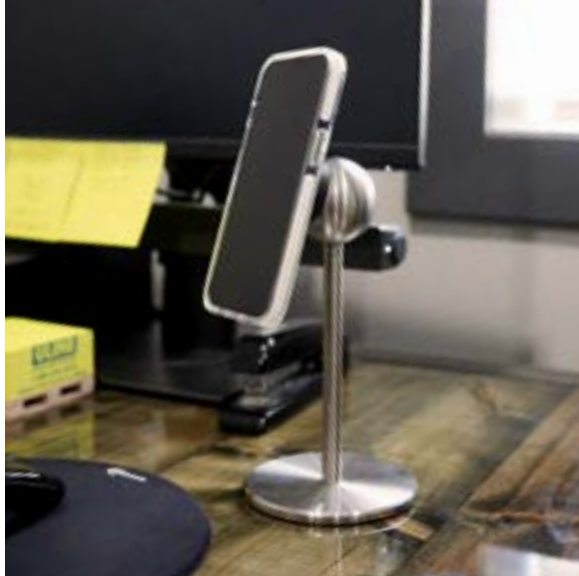

This universal pro tablet stand will change how you use your device. It is the perfect tablet mount for the kitchen, improves the ergonomics of your desktop or workspace, and looks great anywhere in the home or office.

The iOstand lifts your device up 7" and rotates in any direction for the perfect viewing angle (360° rotating). Measures 9.5" tall with a 6" base.

Includes: iOstand®, iOcore™ (black)

DESCRIPTION	PART #
Stainless iOstand	0636-0207
Black iOstand	0636-0208
White iOstand	0636-0209

## iOmini™

FOR PHONES AND SMALL TABLETS

The iOmini™ is 1.75" shorter than the iOstand® and is perfect for phones, small tablets and e-readers.

The iOmini lifts your phone or tablet up 6" and rotates in any direction for the perfect viewing angle. Measures 7.75" tall with a 4" base.

Includes: iOmini, iOcore™ (black)

FIST BUMP

## iOtraveler Device Mount

With its 360° adjustability, position your phone exactly where you want it when you want it. This suction mount attaches firmly to the surface and stays mounted in hot or cold.

Includes: iOtraveler Suction Mount, Black iOcore (1), iOdiscs (2), 3M Adhesive Plate

DESCRIPTION	PART #
iOtraveler Device Mount	KWD-TRAVELER

## Universal Phone Mount

Want to have your device within arms reach on the trail, on the farm, on the boat or in your hot rod? The Universal Phone Mount attaches easily to any flat surface you can imagine.

Comes complete with everything needed for both a bolt-on (hardware) and adhesive (3M adhesive patch) installation.

Includes: Semisphere Mount, Backing Plate, 3M Adhesive Patch, iOcore (black), iOdiscs (2), phone tether and hardware

DESCRIPTION	PART #
Universal Phone Mount	0636-0192

PERFECT FOR YOUR BOAT, RV, SEMI,  
HOT ROD, GOLF CART AND MORE!

## iOkwik™ Device Mount

The iOkwik is a universal magnetic mount that is designed to quickly attach to any magnetic surface. Common locations are gym equipment, tool boxes, metal posts, metal panels, etc.

Flip the iOkwik! The iOkwik was designed with the iOcore attached to the design, but this product can be used both ways should you find yourself in a situation that needs a bit more grip to the surface.

Includes: iOkwik Mount, iOcore (black), iOdiscs (2)

DESCRIPTION	PART #
iOkwik Device Mount	KWD-KWIK

## nomad+™ Device Mount

The nomad+™ uses a quick-release snap over clamp that makes removal and installation quicker than ever. Adjust the tightness of the mount in location by simply spinning the lever clockwise or counterclockwise. Works anywhere with the proper diameter tubing.

Includes: nomad+™ mount, iOdiscs (2) and phone tether

DESCRIPTION	PART #
7/8" nomad+ Mount	KWD-NOMAD+0.875
1.0" nomad+ Mount	KWD-NOMAD+1.0

DESCRIPTION	PART #
iOdisc™ - Pack of 2	0636-0045

# FAQ

## WHAT KIND OF DEVICES CAN I USE WITH THE MOUNTS?

**SHORT ANSWER:** ANY device.

**LONG ANSWER:** Some mounts work better with certain devices in certain situations.

**iOstands:** Works best for full-size tablets like the iPad Air, iPad Pro or Samsung Galaxy Tab, but is compatible with any device with a SSD hard-drive (most modern tablets and smartphones).

**iOmini™ stands:** Works best for small tablets and e-readers, like the iPad Mini, Nexus 7 or Kindle, and smartphones like the iPhone or HTC One.

### **Model-specific, nomad™ or nomad+™ mounts:**

We do not recommend using full-size tables or other larger devices on these mounts. They are intended for phones, GPS, and other smaller devices only.

## WILL THE MAGNET DAMAGE MY DEVICE?

No, don't worry! The magnets won't damage your phone or tablet, and there are no magnets in the iOdisc™ that gets attached to your device.

## ARE MOTORCYCLE AND OFF-ROAD MOUNTS REALLY THAT SECURE THAT MY PHONE WON'T FALL OFF?

Yes! Enjoy your ride knowing that these mounts truly are strong enough to withstand the pressure of high speeds when riding.

Our motorcycle and off-road mounts come with an iOcore™ that is an extra strong magnet with brute strength.

That said, we get it - phones and devices are expensive - that's why we've included a tether with these mounts that can be added to your case for an extra level of security.

## WHAT KIND OF PHONE CASE DOES THIS WORK WITH?

For best results, Klock Werks recommends the use of a smooth plastic, non-silicone case.

While a very strong 3M VHB adhesive is used, The iOdisc will not stick to silicone, highly textured surfaces, and many soft cases.

## DO I HAVE TO USE THE SAME PHONE WITH THE SAME MOUNT FOREVER?

Absolutely not! Any mount can be used with any device as long as an iOdisc™ is adhered. The iOmounts® system is forward compatible. Meaning - if you upgrade to a new phone or GPS, you don't have to buy a new mounting system!

It's always a good idea to keep a couple of extra iOdiscs on hand!

## GOT A QUESTION?

Don't hesitate to reach out - we'd love to hear from you! You can contact us through our Live Chat at [GetKlocked.com](https://www.getklocked.com), email us online at [info@getklocked.com](mailto:info@getklocked.com) or call us at (605) 996-3700.
