

RUGBY SCHOOL  
THAILAND

# *DRAMA*

## *SCHOLARSHIP*

*Information for Applicants*

**Drama at Rugby School Thailand** embodies our mantra, 'The Whole Person, The Whole Point'. As such, Drama is a popular choice for students, and opportunities to develop dramatic talents are vast. All lessons are taught by specialist teachers.

In addition to academic lessons, several productions take place each year, as well as workshops by leading theatre companies, such as Gecko and Splendid Productions. LAMDA lessons are very popular and are provided as part of the Scholarship programme. The Music and Drama Building provides students with the very best facilities, including purpose-built rehearsal spaces, a dance studio and a state-of-the-art theatre.

The purpose of scholarship awards is to recognise outstanding ability. Scholarships may be awarded with or without a fee remission attached. If the main reason to apply for a scholarship is to obtain a fee remission, please talk to the admissions department about the school's bursary scheme.

## *We expect our scholars to:*

- maintain a good minimum average diligence/effort grades in all subjects;
- receive consistently good attainment and diligence/effort grades in drama;
- uphold the values of RST and be an excellent role model to other students in all aspects of school life, but particularly in their approach to commitment in drama;
- involve themselves fully in the co-curricular provision for drama;
- in most cases, to study drama for IGCSE and A-Level.

*Scholarships are reviewed annually.*

## *Scholars' Programme*

All scholars follow a tailored programme and work closely with a specialist mentor.

Scholars will benefit from opportunities such as:

- taking part in the 'Scholars Showcase';
- events which bring together scholars from each area. These events may include a formal dinner, symposium or trips;
- collaborating with fellow scholars from their subject areas to create an assembly presentation;
- the opportunity to undertake an independent research project.

Drama scholars will benefit from:

- attending workshops;
- support with developing their portfolio;
- directing House Drama (supporting the House Sixth);
- LAMDA lessons.

## Assessment Process

Applications are accepted throughout the year from students aged 11+ who demonstrate exceptional ability in their field.

Applicants must first complete and pass the standard admissions process. Following initial screening, comprising a review of achievements, cognitive tests, and an interview with the Head of School, qualified applicants may be invited to undertake further department or subject-specific assessments; plus add additional information to their application to support the application for scholarship.

To apply, please begin **HERE** or contact [admissions@rugbyschool.ac.th](mailto:admissions@rugbyschool.ac.th) for further information.

*Please note that internal candidates (students already attending the School) must be recommended by their teachers in order to apply. Eligible current students will be notified accordingly and are encouraged to discuss this with their tutors if needed.*
