2024 IMPACT REPORT

A Message from our Team

As we reflect on 2024, we feel a deep sense of pride and purpose in the work we've accomplished together. This year marked a new chapter for us as we became more settled in our new home at 8 Main Street in Orleans. With its improved accessibility and functionality, this space has allowed us to serve more people than ever before, meeting the growing needs of our neighbors with greater efficiency.

The past year brought an unprecedented 24% increase in the number of individuals seeking our services. This surge underscores both the challenges faced by our community and the trust placed in HPC to provide real solutions. Each day, we witnessed stories of perseverance and transformation—stories like those of **Madison**, **April**, and **Matt**.

These stories remind us why we do what we do. They highlight the importance of our personalized case management approach that addresses immediate needs while laying the foundation for long-term stability. Whether it's helping someone navigate housing applications, providing financial assistance for a security deposit,

or offering emotional encouragement during life's most challenging moments, HPC is here to ensure that everyone in our community can be stably housed and financially secure.

Our responsive efforts are making a tangible, quantifiable difference in people's lives. By serving a greater number of individuals, we are amplifying our impact on preventing homelessness, one person at a time. **This increased demand not only validates the necessity of our work but also reinforces our commitment to expanding our reach and effectiveness in the community.**

As we look ahead to 2025, we remain committed to expanding our reach and deepening our impact—building a community where everyone can thrive.

Thank you for being part of this journey with us. Together, we are creating lasting change.

With heartfelt gratitude,

Team HPC ❤️

Helping: HPC's Impact by the Numbers

In 2024, we witnessed an unprecedented 24% increase in individuals seeking our services. This surge in demand is a clear indication that **our community's needs are growing, and HPC is rising to meet this challenge head-on.** The sheer number of people turning to us for assistance underscores the critical role we play in providing essential support to those who need it most.

2682 people in 1322 households

were supported with individual case management services.

24%
increase
over 2023

Of the 2682 served in 2024, only 4 individuals entered shelter.

Local housing providers contracted with HPC to offer our specialized case management services to 447 households.

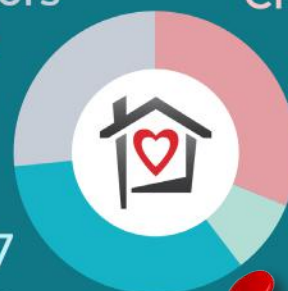

Of the 2682 people we helped stay in their homes, there were:

Seniors
712

Children
835

907
Adults

228
Young Adults

51% of all households are single-person

49% are families of different types

72% of clients rent their homes

58 households participated in the rental assistance program

45%
increase
over 2023

HPC Mission:

*Helping the people in our community to be **stably housed** and **financially secure**.*

When we say our services work, we mean it:

With every new person we help, we are changing lives and making sure fewer people in our community fall into homelessness. We are not just providing services, we are eliminating the barriers that lead to homelessness, creating pathways to stability, and ensuring that our workforce can live and thrive on Cape Cod. By helping people stay in their homes and keep their jobs, we are building a brighter future for all.

People: Creating Pathways to Hope

Meet Matt, leading by example...

For most of his adulthood, addiction had a firm grip on Matt's life, leading him to lose everything he cared about. By the time he connected with HPC, Matt was homeless and feeling like his life had hit rock bottom. "Recovery felt like starting over completely," he recalls. "It was like being reborn at a point where I had nothing."

Matt was referred to HPC, where Senior Case Manager Maureen became his anchor. She helped him break down overwhelming challenges into achievable goals, starting with addressing a \$3,000 excise tax that prevented him from regaining his driver's license. With HPC's financial assistance and Matt's determination, he cleared the debt and reclaimed his independence.

"Matt's unwavering dedication to staying sober and relentlessly pursuing his dreams made him an absolute joy to work with. His passion was infectious, his determination inspiring, and his energy a constant source of motivation for everyone around him."

—Maureen, Matt's Case Manager

Through the mindfulness and goal setting work done in the REACH program, Matt began envisioning a future beyond just survival. "I was afraid to think about the future," he says. "But HPC helped me see that it was possible to rebuild my life." Each small victory—whether getting his license back or securing a donated car—boosted his confidence and motivated him to keep moving forward.

Today, Matt has over two years of sobriety under his belt and is preparing to transition from the Community Development Partnership's Canal House to permanent housing. He dreams of giving back by supporting others in their recovery journeys.

*"Gratitude is an action word," he says.
"I want to lead by example and show others
that change is possible." —Matt*

Matt's story is a powerful reminder of the life-changing impact of HPC's long-term personalized case management services. Through determination and a strong support system, Matt has turned his life around—and now inspires others to do the same.

Madison has faced homelessness not once, but twice...

Madison first faced homelessness as an eight-year-old child, and later as a young adult. Her journey was complicated by autism and a chronic fainting disorder. After fleeing an unsafe home, Madison lived in an unheated camper with her cat and partner. Despite these daunting circumstances, she persevered, working multiple jobs while attending school full-time and earning an impressive 4.0 GPA—a testament to her determination.

Madison's life changed when her doctor introduced her to HPC. There, she met compassionate case managers, Mary and Emalee, who provided the guidance and support she needed. Together, they navigated complex housing applications, secured government assistance, and connected Madison with essential resources like food and warm clothing. When the security deposit for a year-round rental seemed out of reach, HPC stepped in to cover the cost, giving Madison the stability she had long hoped for.

Today, Madison is thriving in a safe, pet-friendly apartment where her health and peace of mind have significantly improved. She has built a life filled with purpose—working as an animal care technician, teaching children's dance classes, and contributing to a nonprofit that supports the homeless.

“Madison is resilient, passionate, and extremely inspiring, and I am thankful to have been part of her journey towards stabilization at HPC.”

—Emalee, Madison's Case Manager

Madison's transformation is a testament to the impact of HPC's services. By addressing immediate needs and fostering long-term solutions, HPC empowered Madison to overcome homelessness and create a brighter future. Personalized case management not only stabilized her housing but also allowed her to focus on personal growth and meaningful work.

Madison's story highlights how organizations like HPC transform lives by providing critical support when it's needed most. Her journey proves that with determination and the right resources, anyone can overcome adversity and achieve their dreams.

“Living in the camper when it started to become wintertime was really cold.”

—Madison

April's Journey to Healing and Recovery...

For April, a survivor of abuse, navigating the complexities of divorce and rebuilding her life became a testament to resilience and empowerment.

After enduring years of abuse, April found the courage to seek help. She connected with Independence House, a local organization supporting survivors of domestic violence, where she began to understand the full extent of the abuse she had endured. The aftermath of her 14-year marriage left her facing emotional upheaval and financial uncertainty, as her husband had controlled every aspect of her life, including her finances.

Referred to HPC by Independence House, April connected with HPC Case Manager Jen. Jen provided practical guidance and emotional encouragement, helping her navigate housing applications and legal paperwork. HPC also offered immediate relief through its Backpack to School and Adopt a Family programs, which met her children's needs during this challenging transition. Most importantly, HPC helped April secure stable and affordable housing—a crucial step in providing a safe environment for her family and reducing her stress.

With Jen's support, April opened her first bank account—a milestone symbolizing her reclaiming control over her finances and future. She began working part-time to establish financial stability despite ongoing

"During one of the most vulnerable times for myself in the crisis, my foremost concern was my children—their education, their needs, and their future. HPC's Backpack to School Program has not only provided essential school supplies for my children and household but has also given us something even greater—hope. Knowing that there are organizations like HPC that truly care and support families like mine means the world to us."

"Your generosity and kindness have made a lasting impact, and I cannot thank you enough for the difference you have made in our lives. Thank you from the bottom of my heart." —April

obstacles posed by the divorce process. Jen continued to provide invaluable support as April prepared for court battles and advocated for herself.

Today, April is focused on rebuilding a life filled with hope and possibility. Inspired by HPC's assistance, she dreams of opening a center to support other women who have suffered from abuse. Her goal is to create a safe space where survivors can find strength and know they are not helpless. By sharing her journey, April hopes to educate others about resilience and highlight the importance of organizations like HPC in transforming lives.

"She sent me a heartfelt thank-you note, mentioning that she didn't even have enough money for postage to submit housing applications, and how my help made a difference. Reading her words brought tears to my eyes as I recalled the defeated look on her face when we first met. At the time, I didn't realize the profound impact that small gesture would have on her."

—Jen, April's Case Manager

Community: Partners in Prevention

A 24% increase in clients not only underscores the urgent need for our services, but it also highlights the critical role that our community partners play in helping us address the needs of our clients. By collaborating with local organizations, government agencies, and community leaders, we can provide comprehensive support that goes beyond HPC's capabilities. These partnerships allow our team to amplify our impact, ensuring that critical prevention services are always within reach. As demand continues to grow, we are deeply grateful for the strong network of community partners who make our work possible and reinforce our shared goal to keep individuals and families securely housed and thriving on Cape Cod.

Spotlight: Calmer Choice

Since launching the REACH Project in 2019, Calmer Choice has been an essential partner in its success. Their mindfulness programming has profoundly impacted our participants and team alike. Most recently, they introduced monthly mindfulness sessions during our HPC team check-ins, which have strengthened our staff's well-being.

Calmer Choice's legacy of fostering peace and gratitude will continue to resonate in our community. We are deeply thankful for their contributions and wish their entire team the same serenity they have brought to so many in our community.
