SAFETY

DRIVING SAFETY TIPS

BECAUSE SMOOTH TRAVELS MAKE HAPPY TRAVELERS

When it comes to exploring Namibia's vast landscapes and vibrant cities, safety is always in style. At Camel Car Hire, we believe a great trip starts with smart driving habits and a good understanding of local road rules.

LET'S TALK SAFETY

Namibia boasts one of the best road networks in Africa — wide, mostly well-maintained roads that stretch across stunning deserts, scenic mountains, and everything in between. But even the smoothest tarred road deserves respect. After all, the goal is to enjoy every mile, not rush through it.

HERE ARE A FEW TIPS TO HELP KEEP YOUR JOURNEY BOTH ADVENTUROUS AND SAFE:

KNOW THE SPEED LIMITS

Speed may be fun, but it's also the leading cause of accidents. To stay safe (and legal), here's what you need to know:

- Urban areas : 60 km/h
- Tarred roads outside urban areas : 120 km/h
- Gravel roads outside urban areas : 80 / 100 km/h

Always adjust your speed based on weather, visibility, and traffic conditions. If it's dusty, rainy, or just plain tricky out there, slow down and take extra care.

DRIVE SMART, STAY SAFE

Remember, the open road is part of the adventure — not a race. Take your time, enjoy the views, and drive responsibly. With these simple tips, you'll not only protect yourself and your passengers, but also make the most of your journey across this incredible country.

SAFETY PRECAUTIONS WHILE DRIVING

A little caution goes a long way — especially when you're behind the wheel in a new place. Here are some practical steps to follow:

- Stay alert : Watch for wildlife, wandering livestock, and unexpected pedestrians, especially on rural roads.
- Buckle up : Seatbelts aren't just a rule — they're life-savers. Make sure everyone in the car is buckled in at all times.
- Avoid night driving : Visibility drops after sunset, and many animals come out to play. Stick to daylight hours unless absolutely necessary.
- Keep your eyes on the road : We love selfies too, but now is not the time. No texting, no distractions.
- Fuel up regularly : Petrol stations can be few and far between. Don't let your tank get low — plan ahead.
- Respect local laws : Namibia has strict drink-driving laws. Keep your blood alcohol level at zero if you're behind the wheel.

INSURANCE

YOUR JOURNEY, OUR PRIORITY

PEACE OF MIND ON EVERY MILE

When it comes to hitting the road, we believe freedom should come with confidence – not confusion. That's why our car hire insurance options are designed to give you peace of mind without burying you in jargon or hidden surprises.

WHAT'S INCLUDED IN THE RENTAL PRICE?

Every vehicle we hand over comes with a solid foundation of coverage, because no one wants to start a journey stressed. Here's what's included:

- Third Party Liability Insurance (TPL) : This covers damage to third-party vehicles or property during your rental period. It's your safety net when the unexpected happens.
- Theft Protection (TP) : In case of vehicle theft (touch wood), this helps cover the cost, as long as the incident is reported properly and all required documentation is provided.

Please note: These standard protections usually come with a deductible (also known as an excess amount) that you may be liable for in the event of a claim.

WANT EXTRA PROTECTION? WE'VE GOT YOU COVERED

For those who like a little more wiggle room, we offer optional upgrades to reduce or eliminate that deductible. Think of it as giving yourself a worry-free buffer while you explore.

1. COLLISION DAMAGE WAIVER (CDW)

This reduces or removes the deductible in the event of accidental damage to the vehicle. Perfect for first-time renters or anyone who'd rather not lose sleep over parking dents.

2. ZERO EXCESS INSURANCE UPGRADE

Want full peace of mind? This option eliminates the excess completely. If something happens to the car, you won't be left holding the bill (as long as the incident is covered and reported correctly, of course).

3. PERSONAL ACCIDENT INSURANCE (PAI)

This optional extra provides coverage for medical expenses in the unlikely event of injury during your rental period. Great for solo travelers or families on the move.

4. PERSONAL EFFECTS COVERAGE (PEC)

Helps protect your personal belongings in case of theft or damage while they're inside the rented vehicle. Ideal if you're carrying valuables like cameras, laptops, or your grandma's vintage sunglasses.

INSURANCE

YOUR JOURNEY, OUR PRIORITY

PEACE OF MIND ON EVERY MILE

HOW DO I ADD INSURANCE?

It's simple! You can:

- Add your preferred insurance upgrade at the time of booking online
- Or speak with our friendly team before pick-up to tailor your coverage

Just keep in mind that some upgrades may require additional payment upfront or at the time of collection.

3. A FEW IMPORTANT REMINDERS

To make sure your insurance works when you need it most:

- Always follow local traffic laws
- Don't drive under the influence (obviously)
- Keep all documents handy – including your driver's license, rental agreement, and accident report forms
- Report any incidents immediately to both the police and Camel Car Hire

STILL HAVE QUESTIONS?

We get it—insurance isn't exactly beach reading material. If you're unsure which package suits your trip best, just drop us a line. Our team is always happy to explain things in plain English (or whatever language you prefer).

CAMEL CAR HIRE - DRIVING CONFIDENCE, DELIVERING FREEDOM

So whether you're cruising through cities, chasing sunsets in the countryside, or navigating urban jungles, rest easy knowing you've got the right protection beneath your wheels.

Drive safe. Drive smart. And definitely drive with Camel. 🐪🚗💨
