Supplier fees may also apply where a booking is changed and when tickets or documents are re-issued. Where we incur any liability for a supplier cancellation fee for any booking which you change or cancel, you agree to indemnify us for the amount of that fee. Where you seek a refund for a cancelled booking for which payment has been made to the supplier, we will not provide a refund to you until we receive the funds from that supplier.

AMENDMENTS: An amendment is a change to an existing booking with the same inclusions. Any supplier or airline amendment fees will be charged. A transfer to another package may be treated as a cancellation and operator cancellation fees may apply. By providing personal information to us, you agree that our Privacy Policy will apply to how we handle your personal information, and you consent to us collecting, using and disclosing your personal information, as detailed in our Privacy Policy. In particular, you agree that in certain circumstances (such as where you request us to book international travel for you), we are permitted to disclose your personal information to overseas recipients. Such recipients may include the overseas travel service providers (e.g. airlines, accommodation or tour providers) with whom you make a booking. These travel service providers will, in most cases, receive your personal information in the country in which they will provide the services to you, or in which their business is based. We may also disclose your personal information to our overseas-related entities, and to service providers who perform services for us within and outside of New Zealand. Generally, we will only disclose your personal information to these persons in connection with the facilitation of your travel booking, and/or to enable the performance of administrative and technical services by them on our behalf. Where we disclose your personal information to any person (including all overseas recipients), you agree that we will not be required to ensure that person's compliance with New Zealand privacy laws or otherwise be accountable for how they handle your personal information. When used above, 'disclose' includes to transfer, share, send, or otherwise make available or accessible to another person or entity.
