ABOUT US

Established by the Boffa family in 2002, born from our strategy to be the best at what we do.

Our plan was and remains today to provide quality products, services and support that all should expect. From the beginning we specialised in stylish Italian designed kitchen appliances and 2017 saw the expansion of our range to include complete Alfresco Outdoor Kitchen selection.

Today's strategy continues to be at the heart of everything we do. Growing with quality products, services and support that are provided and backed by our loyal customers throughout Australia. We pride ourselves on the services offered and most importantly the 'Euro Peace of Mind' after sales support.

An integral part of our business is the valued industry partnerships that have grown between Euro, our distributors and builders. We appreciate these existing close relationships and extend an open invitation for you to be part of the Euro family.

Managing Director,
Mario Boffa

Design your kitchen IN-STORE!

Bring your kitchen dreams to life with Euro Alfresco Designer platform

FROM VISION TO QUOTE IN MINUTES

The Euro Alfresco Designer is an interactive, real-time design and quotation platform developed by Euro Alfresco to support customers with their immediate alfresco kitchen requirements while they are in-store. This tool is designed to simplify the decision-making process by allowing customers to explore both predesigned layouts and fully customized solutions that suit their lifestyle, space, and preferences.

Customers can easily select their preferred design style, configuration options, colour schemes, and finish materials, ensuring that every detail of their alfresco kitchen reflects their personal taste. The tool also integrates live pricing information, giving customers instant visibility into the cost of their selections. This transparency helps them make confident choices and secure their order details during their store visit.

By combining design flexibility with immediate quotation capabilities, the Euro Alfresco Designer not only enhances the customer's in-store experience but also streamlines the sales process. It ensures that customers leave with a clear, formalized quote that captures their chosen design, specifications, and pricing, making the transition from inspiration to purchase seamless and efficient.

DESIGNER KEY BENEFITS
