- EYFS and Nurseries
- Multi Academy Trusts
- Colleges
- Local Authorities

Welcome to **Spencer Clarke** Group.

Established in 2017, we are a dynamic, ambitious, and award-winning education recruitment agency based in the heart of the North West.

Our dedicated team of specialists supports schools, nurseries, multi-academy trusts and local authorities with tailored recruitment solutions across the full education landscape. From Teaching Assistants to Teachers, SENCOs to Educational Psychologists, and Headteachers to Directors of Education, we can supply exceptional and talented individuals across the UK.

In 2024, we were honoured with three prestigious industry awards - including Recruitment Agency of the Year at the Recruiter Awards - a recognition of the hard work, passion and commitment that define our team.

In 2025, we also won Best Public/Third Sector Recruitment Agency and Best Temporary Recruitment Agency at the Recruiter Awards.

What Sets Us Apart

Comprehensive pool of experienced teaching, support and facilities professionals

Unrivalled expertise within school recruitment

Regular school visits to ensure your needs are always being met

Contact us from 7am for last minute cover

Candidates available on a temporary, permanent or temp-perm basis

75% of our team are fully qualified Teachers and Teaching Assistants

Dedicated compliance support

Award winning recruitment agency

An Unwavering Commitment to **Safeguarding**

We are APSCo Compliance+ Education accredited (with a first-time score of 99.58%) which demonstrates our commitment to providing schools and teaching professionals with the highest possible standards of safeguarding and service.

“Spencer Clarke Group helped us by recruiting a very good Caretaker who we later employed full-time as our Site Manager. They were a pleasure to deal with!”

Business Manager, SEND High School

Why Schools Love

Working With Us

“We were facing the challenge of managing a significant intake of new pupils. This sudden increase put a strain on our existing resources and required additional staff to ensure that we could maintain a high standard of education and support for all students.

Spencer Clarke Group provided an effective solution to our staffing challenge by supplying high-quality staff on a short-term basis. They took the time to understand our specific needs and promptly sent experienced professionals who seamlessly integrated into our team.

Spencer Clarke Group’s services have improved our operational efficiency. By providing qualified staff on a short-term basis, they alleviated the workload on our existing team, reducing stress and preventing burnout.”

Deputy Head, SEMH School

Why Schools Love

Working With Us

“At times we can be a very busy, fast paced and growing environment that requires additional staffing. The staff required can range from Teaching Assistant support to teaching staff on a long term and short term basis. In addition to subject specialisms we require staff who have the skills to work with learners with complex needs.

I am very lucky to have only worked with Niall Murphy and his team at Spencer Clarke Group. Other staff have said the approachable manner of the company and their consistent support has made them our first choice.

Niall has really taken the time to get to know the individual requirements of each site. Our structure is complex with staff teaching across multi-sites and his own experience of teaching in a similar PRU environment has meant he has an insight into what skills a member of staff requires to work in a PRU.

Niall recognises the needs of our learners and the whole school ethos and values. We communicate regularly so we can forward plan and discuss any changes required. His staff have access to CPD to support them in their role and we have been able to expand to meet the needs of our learners and provide them with the best experience.”

Deputy Headteacher, PRU in Lancashire

Building Brighter Futures:

From Early Years to Lifelong Careers

As a recruitment agency, our core purpose and competency is to connect individuals to great career opportunities. However, in socially deprived areas, some people face disadvantages from an extremely early age which can hinder their career prospects later in life.

The five core aspirations of our CSR strategy is to take a holistic approach and drive change from an early age to help families break free from generational poverty cycles. With the right support and skills in place, children can dream and build a brighter future for themselves.

Core Aspirations

- Support early years development to lay the foundation for lifelong learning, health, and wellbeing
- Support basic needs which are essential for survival and wellbeing
- Champion people and diversity
- Support individual career growth
- Protect the environment and achieve net zero emissions by 2045

CSR

Highlights

As part of our 'Big Community Build' initiative, we renovated an entire playground at Mereside Primary Academy to create five learning zones. This included a construction zone, an outdoor library, a music wall, an art wall and a curiosity shed to ignite their imaginations.

Supported family charity Home-Start Blackpool, Fylde and Wyre with 200 pieces of school uniform, toys and games to support summer holiday clubs.

Supported a SEND school to deliver a magical Christmas experience for its pupils. As well as supplying arts, crafts and nibbles, all 150 children visited Santa's grotto to receive a present.

Sponsored Active Lancashire, an initiative designed to embed sport and physical activity into the everyday life of young people in Lancashire.

Donated 100 festive food parcels to support local children and their families throughout the Christmas period.
