

ORGANO[®]

PRODUCT GUIDE

The image features three large, fan-shaped Ganoderma mushrooms growing on a tree trunk. The mushrooms have a rich, reddish-brown color with a glossy, slightly cracked surface. They are arranged in a cluster, with one large mushroom at the top right, a smaller one in the middle left, and another large one at the bottom. The background is a dark, textured tree bark.

Ganoderma

Central to Our Product Philosophy

Ganoderma isn't just an ingredient; it's a core part of who we are. Known as the "King of Herbs," Ganoderma has been valued in Chinese herbal traditions for over 2,000 years and is a defining element in our products.

THE ORGANO® Ganoderma DIFFERENCE

What makes Organo® products so special?

Ganoderma, an ingredient with a deep-rooted history in traditional Asian wellness practices, is a key component in our products. Known historically as Ganoderma lucidum, it was revered in ancient texts and called Lingzhi in China, which translates to "spiritual potency." In Japan, it was celebrated as Reishi, often referred to as the "King of Herbs" for its revered place in traditional wellness practices.

These references highlight the cultural and historical value attributed to Ganoderma in traditional settings.

Organo® is proud to be a leading North American partner with one of the world's largest certified organic Ganoderma plantations. This partnership highlights our dedication to introducing historically significant ingredients to the Western market. In 2009, we celebrated the opening of the \$240 million Gano Herb Industrial Park, one of the largest facilities of its kind dedicated to Ganoderma. Our collaboration emphasizes the special role Ganoderma plays in our product lineup, distinguishing our offerings in a market where such dedication is rare.

Agricultural and food scientists at Organo® and its partner facilities meticulously handle organically cultivated Ganoderma. Utilizing cutting-edge techniques, they delicately process the mushroom from its tough, wood-like cap into a fine powder through natural means. Once transformed, the Ganoderma powder is incorporated into a variety of products, including gourmet coffee, tea, and OG Kai items.

Why we Love Ganoderma

- Traditional Chinese culture values Ganoderma for its historical use related to wellness practices. Harness the ancient secret of emperors and sages with Ganoderma lucidum. Experience the rich cultural heritage of Ganoderma lucidum, once reserved for royalty in the Far East. This 'King of Mushrooms' is masterfully infused in our products, bringing a touch of tradition to every serving.
- Explore the mystical heritage of Ganoderma lucidum, cherished by ancient healers for its potential to contribute to balance and vitality. Though we honour this history, our modern practices ensure that this unique mushroom finds its way to you in a premium form. ⁽¹⁾
- Delve into the long-held tradition of Ganoderma, which has been intertwined with ancient wellness practices for millennia. Historically respected for its use in helping the body maintain its natural defences, it remains a celebrated part of our product line. ⁽¹⁾
- Ganoderma lucidum, with its rich cultural background, is more than just an ingredient—it's a connection to traditional practices valued for centuries. Our beverages, infused with Ganoderma, offer you more than flavour—they bring the rich heritage of ancient traditions into modern life, providing a bridge between the past and today's health-conscious world. Our Ganoderma is handled meticulously, processed using natural methods to ensure the quality of this ancient ingredient. Through our state-of-the-art partnership, we ensure that Ganoderma reaches your cup in its finest form, offering a modern twist on a traditional favourite.

Other names for Ganoderma

The Chinese name

LINGZHI
means "Spiritual Potency".

The Japanese name

REISHI
translates as "King of Herbs".

The Vietnamese name

LINH CHI
literally means "Supernatural Mushroom".

The word 'Ganoderma' derives from the Greek

GANOS
which translates as "brightness; sheen".

The specific epithet lucidum is Latin for

"SHINING"

Ganoderma by the numbers

1000 kilograms of Ganoderma lucidum to harvest just 1 kilogram of the precious Ganoderma spores.

99.9% of cracked shell spores found in Organo Gold Ganoderma lucidum without crushing the tender spores.

2008 marked the beginning of a journey when a group of dedicated Chinese scientists set out to produce Organo's organic, pure, naturally grown, and log-harvested Ganoderma.

20 Organo® products that are infused with Ganoderma all around the world.

MORE THAN 15 years of providing you with the best healthier benefits only OG's Ganoderma has to offer!

The Three Forms of Ganoderma

SPORE POWDER

Contains 99.9% open spores, rich in natural compounds. Long admired in traditional wellness practices, it's being explored for its potential in supporting overall well-being.

MYCELIUM

Harvested after 18 days when it's enriched with polysaccharide beta-glucans. It is the 'baby' of the three types of Ganoderma.

GANODERMA LUCIDUM

The 'fruiting' part of the mushrooms, featured in our beverages, selected for its quality and traditional use to support general wellness.

ORGANO® *Beverages*

Gourmet BLACK COFFEE

A STRONG FLAVOUR THAT TRUE COFFEE-LOVERS APPRECIATE.

Experience the aroma of freshly brewed coffee in an instant with Organo® Gourmet Black Coffee. Connoisseurs will appreciate the robust, smooth flavour, which is enhanced with rich Ganoderma lucidum. Awaken your senses and enrich your day with a classic cup of coffee that's as flavourful as it is invigorating.

- A classic coffee for traditional coffee lovers
- Kick-start your day with a strong, flavourful coffee
- Features certified organic Ganoderma lucidum

HOW TO USE IT

Empty 1 sachet into your favourite cup, fill with hot water, stir, and enjoy! Can also be mixed, cooled, and served with ice for a cool coffee treat.

FACTS WORTH SHARING

MEMORY

Scientific research suggests that caffeine, when consumed at a dose of at least 75 mg, may contribute to increased alertness and attention. ⁽²⁾

EXERCISE

Caffeine has been studied for its potential to increase endurance performance and reduce perceived exertion when consumed at a dose of 3 mg per kg of body weight, one hour before physical activity. ⁽³⁾

INSTANT COFFEE

An exceptionally rich and aromatic blend of roasted Arabica and Robusta coffee beans, these instant coffee granules have been specially formulated so that they dissolve instantly in boiling water.

SUGAR FREE

No added sugar or creamer, so you can customize your coffee however you like.

FACTS WORTH SHARING

COFFEE

Our Café Latte combines premium Arabica and Robusta coffee for a rich, bold taste. The natural caffeine content provides a refreshing lift that can help you feel more alert and focused. Enjoy the quality and flavour of a well-balanced latte, perfect for enhancing your daily routine⁽⁵⁾. Enjoy the benefits of high-quality coffee in every sip.

GANODERMA

Ganoderma Lucidum is certified organic by ECOCERT. Organo® sources only the finest Reishi. We guarantee the highest quality organic product without unnecessary intervention. Their long brown stems and orange caps make them a spectacular sight, but in the wild they can be difficult to see as they thrive in such densely forested areas. Several studies have been conducted worldwide to assess the benefits of Ganoderma, such as its ability to help support the immune system.⁽¹⁾

CREAMY TEXTURE

Our Café Latte features a specially formulated whitener that adds a smooth, creamy texture and rich mouthfeel, enhancing the bold flavours of the latte. This whitener offers a convenient dairy-free alternative, providing the indulgent taste of a traditional latte without the need for milk.

ORGANO® GREEN TEA

SAVOUR THIS ORGANIC TEA FOR A MOMENT OF NATURAL CALM.

Organo® Organic Green Tea offers a mild and delicate flavour, with the unique addition of organic ganoderma lucidum for a rich and satisfying taste. Enjoy it hot for a soothing experience or chilled for a cool and invigorating drink. Whether served hot or chilled, it's the perfect tea for any occasion.

- Certified as organic

HOW TO USE IT

Place the tea bag at the bottom of the cup and pour the hot water on top to your desired level. Freshly boiled water, rested for a 2-3 minutes so the temperature drops to 60-85°C, is the ideal heat for when you pour. Steep for 3-5 minutes and drink. Make your own flavours by adding ginger, honey, sugar, or cream. Chill and serve cold over ice with fresh mint or lemon.

FACTS WORTH SHARING

FOR YOU

Our Organic Green Tea is grown without the use of harsh chemicals, herbicides, or synthetic pesticides. Naturally containing antioxidants, it may help contribute to protecting the body from oxidative stress and supporting overall well-being. The addition of Ganoderma lucidum adds an unique flavour profile. ^(10&11)

FOR YOUR COMMUNITY

By using natural herbicides and pesticides, organic farms provide safer work environments that benefit their workers, their families, and overall, their communities. ⁽¹¹⁾

FOR THE NATURAL ENVIRONMENT

Organic methods of production and harvesting reduce air, ground, and water pollution and keep the soil fertile for multiple sowings. ⁽¹²⁾

A woman with voluminous, dark curly hair is smiling and looking to her right. She is wearing a white t-shirt. In her right hand, she holds a clear glass filled with water. In her left hand, she holds a small, white, oval-shaped pill between her fingers, as if about to take it. The background is a soft, out-of-focus indoor setting.

ORGANO® *Supplements*

Ganoderma LUCIDUM

CONSIDERED THE HERB OF 'SPIRITUAL POTENCY' AND HAS BEEN USED FOR THOUSANDS OF YEARS.

Experience the Organo®'s Ganoderma Lucidum. To capture the quality of this incredible fungus, we source only the finest organic Ganoderma, grown undisturbed on logs high in the Wuyi Mountains of China's Fuzhou region.

- Often referred to as the "King of Herbs", this remarkable mushroom has a rich tradition of use in wellness practices for centuries.
- Grown organically in the Wuyi Mountains: Sourced with care to ensure premium quality.

HOW TO USE IT

2 capsules, 3 times per day with warm water. Do not exceed recommended daily intake.

A BALANCED APPROACH TO WELLNESS

In today's busy world, it's important to nourish the body with a variety of wholesome foods. Many plant-based foods like vegetables, fruits, and grains contain naturally occurring compounds that contribute to overall well-being. These foods are recognised for their unique qualities and can be an important part of a healthy and balanced lifestyle.

By incorporating a mix of nutrient-rich ingredients into your daily routine, you support your body's natural processes and enhance your sense of vitality. Our products are designed to complement a well-rounded approach to nutrition, focusing on bringing quality ingredients to your daily diet.

Ganoderma Lucidum: Traditional Support for Well-Being⁽¹⁾

Ganoderma Lucidum, also known as the "Herb of Spiritual Potency," has a long history of use in traditional wellness practices. This revered mushroom is valued for its role in supporting the body's natural defences, contributing to overall balance⁽¹⁾. While Ganoderma Lucidum is traditionally recognised for these benefits, we recommend enjoying it as part of a balanced and varied diet, complementing your overall well-being in line with its historical use.

Ganoderma MYCELIUM

WITH ONLY A HARVEST TIME OF 21 DAYS, ORGANO®'S MYCELIUM HAS THE SHORTEST LIFE CYCLE BEFORE BEING COLLECTED, IT IS THE 'BABY' OF THE THREE TYPES OF GANODERMA.

Early harvest from the Ganoderma Lucidum mushroom provides a unique ingredient known for its rich composition of naturally occurring compounds, including polysaccharides and antioxidants. These compounds are widely studied in plant-based foods.

HOW TO USE IT

2 capsules, 3 times per day with warm water. Do not exceed recommended daily intake.

"BABY" GANODERMA

Mycelium is the early harvest of the Ganoderma Lucidum mushroom, and is packed with nutrients good for your body. It is harvested from the 18-day-old mushroom and is rich in naturally occurring compounds such as:

- Polysaccharides. Known for their role in various plant-based foods, polysaccharides are widely studied for their natural properties.
- Beta-glucan. A form of soluble fiber that is commonly found in a variety of foods, including mushrooms.

400 mg x
90 CAPSULES

NUTRITION INFORMATION PER 6 CAPSULES:

Ganoderma Lucidum Mycelium 2400 mg.*
*Nutrient Reference Value not established.

INGREDIENTS

GANODERMA LUCIDUM MYCELIUM 400 mg,
VEGETABLE CAPSULE (HYPROMELLOSE).

ANATOMY OF A HEALTHY MEAL

Just as Mycelium provides essential nutrients, pairing it with a balanced diet enhances its benefits. An ideal meal consists of the following:

Vegetables (45%):

Rich in fiber, water, vitamins, and minerals, vegetables are a cornerstone of a healthy diet.

Whole Grains (25%):

Whole grains, like brown rice, oats, or quinoa, provide essential fiber and protein.

Fruits (5%):

Fruits offer natural sweetness and are packed with vitamins, minerals, and antioxidants.

Protein (25%):

Opt for clean and healthy sources of protein such as fish, poultry, beans, or nuts.

Don't forget to stay hydrated by drinking water throughout the day. Proper hydration is essential for all body functions. Incorporate at least 30 minutes of physical activity daily to support overall health and well-being.

Ganoderma SPORE POWDER

IT TAKES 5-7 MONTHS FOR A GANODERMA LUCIDUM MUSHROOM TO RELEASE ITS SPORES AT ITS BASE.

Harness the benefits of the best part of the Ganoderma Lucidum mushroom with this special spore powder, rich in naturally beneficial compounds such as polysaccharides, triterpenes and selenium. These valuable compounds have been widely studied for their roles in supporting overall well-being.

HOW TO USE IT

Take as part of your daily routine, following the instructions on the packaging: 2 capsules, 3 times per day with warm water. Do not exceed recommended daily intake.

FACTS WORTH SHARING ON

Beta-Glucan is a naturally occurring soluble fiber found in many plants, including mushrooms like Ganoderma Lucidum.

As a type of fiber, beta-glucan is known for its role in supporting digestive health and contributing to a balanced diet. It also has prebiotic properties, meaning it can promote the growth of beneficial bacteria in the gut, which can help enhance nutrient absorption.

Polysaccharides are abundant natural polymers found in plants, animals, and microorganisms. In mushrooms like Ganoderma Lucidum, polysaccharides are studied for their role in supporting overall wellness.

INGREDIENTS

ORGANIC GANODERMA LUCIDUM MUSHROOM POWDER (AERIAL) 250 MG, VEGETABLE CAPSULE (HYPROMELLOSE).

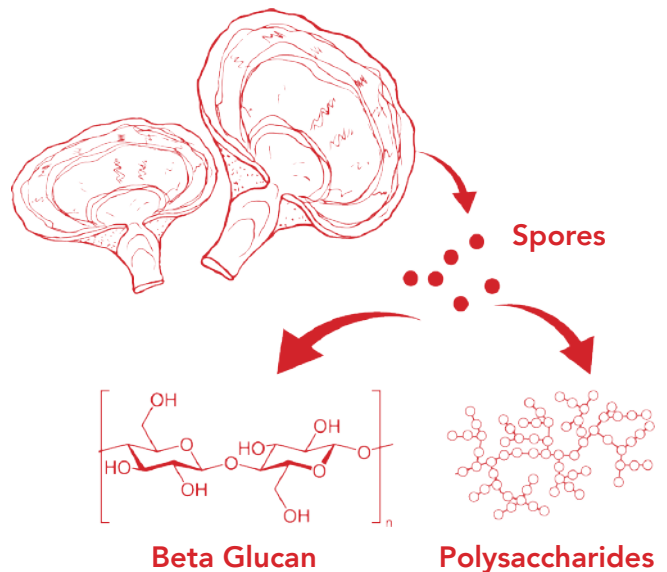

250 mg x
90 CAPSULES

NUTRITION INFORMATION PER 6 CAPSULES:

Organic Ganoderma Lucidum Spores 1500 mg*.
*Nutrient Reference Value not established.

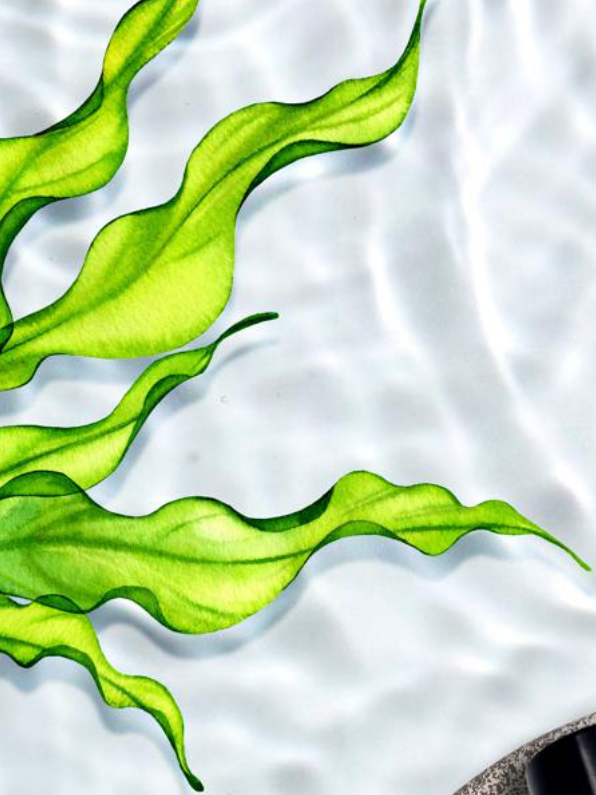

HOW DO WE EXTRACT THE SPORES?

The Spores are the seeds of Ganoderma Lucidum, these tender seeds are protected by a shell which is hard like a coconut, making it impossible for the human body to digest in its original form.

Ganoderma spores are the most expensive because harvesting them must be timed just right. Once released and harvested, they are cracked open twice to release their their potent nutrients, including: **beta glucan and polysaccharides**. How they are cracked to open can also affect the quality and efficacy of the spore therefore the technique is of vital importance.

Ganoderma Lucidum spores are rich in triterpenoids, naturally occurring compounds found in plants and fungi. These compounds have been widely studied for their potential bioactive properties.

ORGANO®
KAI

Seaweed Extract enhanced
with Ganoderma

Seaweed Extract enhanced with Ganoderma.

Organo® Kai Seaweed Extract combines the benefits of Brown Seaweed and our Ganoderma Lucidum to offer you an experience that doesn't always have to conform to the norm.

HOW TO USE IT

TOPICAL APPLICATION - Add 30 ml to a lukewarm bath daily.

INGESTIVE APPLICATION - Drink 15 ml once a day in the morning after breakfast.

FACTS WORTH SHARING (1&13)

GANODERMA LUCIDUM

Ganoderma lucidum, also known as Reishi, is a well-known mushroom traditionally used in Chinese wellness practices. Revered for its historical association with promoting overall health, it has been valued for its potential to contribute to natural immune defences ⁽¹⁾ and is widely used in products focused on skin health ⁽¹³⁾. Ganoderma lucidum, also known as Reishi, is a well-known mushroom traditionally used in Chinese wellness practices. Revered for its historical association with promoting overall health, it has been valued for its potential to contribute to natural immune defences ⁽¹⁾ and is widely used in products focused on skin. ⁽¹³⁾

LAMINARIA JAPONICA

Laminaria Japonica, a type of brown seaweed, has been traditionally valued in wellness practices for its various properties. Known for its historic use in supporting general wellness, Laminaria Japonica is a popular ingredient in products designed to contribute to a balanced lifestyle.

CALENDULA OIL

A globally cultivated annual plant, Calendula oil, is widely used in personal care products. Known for its long-standing traditional use in various cultures, calendula is applied in skincare for its soothing properties, making it a popular ingredient in products designed to support skin comfort. Calendula oil is also featured in ingestible products as part of a balanced wellness approach.

SALVIA ROSMARINUS OIL

Rosemary oil, derived from Salvia rosmarinus, is a fragrant herb with a long history of use in traditional practices. Known for its aromatic and refreshing qualities, it has been commonly used in topical applications to support overall skin comfort and provide a natural scent. Additionally, rosemary has traditionally been utilised in wellness practices related to digestion, but when used in topical formulations, it is valued for its refreshing and soothing properties.

AVOCADO OIL

Avocado, native to Central America and grown globally in warm climates. The Avocado oil, extracted from the fruit of the avocado tree, is renowned for its moisturising and nourishing properties. Rich in essential fatty acids and vitamins, it helps to hydrate and soften the skin, making it feel smoother and more supple. Its antioxidant properties may also help to protect the skin from environmental stressors, supporting a healthy and vibrant appearance.

EUCALYPTUS GLOBULUS OIL

Eucalyptus Globulus, the most widely cultivated and utilized species of Eucalyptus, is traditionally known for its soothing and pleasant effect on the throat, pharynx, and vocal cords.

PEPPERMINT OIL

Peppermint, prized since ancient Egypt for its culinary and medicinal uses, is still studied for its potential to help with indigestion.

NET WT. 250 ml

KAI CONTAINS NATURALLY OCCURRING ANTIOXIDANTS, KNOWN FOR THEIR ROLE IN MAINTAINING OVERALL WELL-BEING.

EACH 15 ml LIQUID CONTAINS:

Ganoderma lucidum Karst. (Organic Reishi Mushroom extract) [fruit body]	0,12 g
Laminaria japonica J.E. Areschoug (Brown seaweed powder) [leaves]	0,075 g
Mentha x piperita L. (Peppermint oil) [leaves]	62,4 mg
Calendula officinalis L. (Pot Marigold Flores) [flowers]	15,6 mg
Eucalyptus globulus Labill. (Eucalyptus Oil) [leave oil]	12,48 mg
Persea americana Mill. (Avocado oil) [fruit]	7,6 mg
Salvia rosmarinus Schleid. (Rosemary oil) [leaves]	3,12 mg

PRESERVATIVES:

Methylparaben 0,10 % m/v
Propylparaben 0,08 % m/v
Contains Ethanol 0,06 % m/v

Sugar free.

ORGANO® *Self-care*

OG SMILE

Naturally Inspired Ingredients is always better! OG Smile toothpaste is crafted with carefully selected ingredients to give you a gentle, refreshing clean.

Get a healthy, happy smile! OG Smile is the fluoride-free toothpaste you've been searching for! Its special formula includes naturally derived ingredients, offering an alternative for those who prefer gentle, effective oral care without fluoride.

HOW TO USE IT

Using a soft toothbrush, squeeze toothpaste to cover bristles (or atleast a 1 inch strip of the product) onto your favorite toothbrush.

Brush teeth thoroughly for at least two minutes.

It is recommended that we brush our teeth at least twice a day, preferably after each meal.

FACTS WORTH SHARING ⁽¹³⁾

RICE BRAN OIL. Helps maintain oral comfort: Known for its moisturising and soothing properties, Rice Bran Oil supports oral care by helping to maintain moisture in the mouth.

TEA TREE OIL. Promotes a clean, fresh feel: Tea Tree Oil is recognised for its purifying and cleansing properties, helping to maintain a fresh sensation in the mouth. It contributes to oral hygiene.

GANODERMA EXTRACT. Adds a nourishing touch: Ganoderma Extract, traditionally used for its antioxidant properties, adds a nourishing element to oral care routines. It supports the well-being of the mouth.

BAMBOO CHARCOAL. Polishes and cleans: With its mild abrasive properties, Bamboo Charcoal helps gently polish teeth and remove surface debris, contributing to a brighter smile without being harsh on enamel.

HYDRATED SILICA. Gentle tooth polishing: As a naturally derived, mild abrasive, Hydrated Silica helps clean and polish teeth, leaving them smooth and clean.

CITRIC ACID. Supports tooth brightness: Used as a pH adjuster, Citric Acid can contribute to maintaining the natural brightness of your teeth, enhancing the cleaning process during brushing.

SODIUM N-LAUROYL SARCOSINATE. Provides effective cleansing: This gentle surfactant derived from amino acids creates foam, enhancing the cleansing experience and leaving a fresh, clean feeling after brushing.

NET WT.
5.2 oz (130 g)

REGULAR BRUSHING WITH OG SMILE TOOTHPASTE WILL MAINTAIN TEETH AND GUMS IN GOOD CONDITION BY HELPING REMOVE BACTERIA THAT CAUSE PLAQUE, FRESHEN BREATH AND HELP SUPPORT HEALTHY LOOKING GUMS AND TEETH.

INGREDIENTS

Sorbitol, Water/Eau, Hydrated Silica, Xylitol, Sodium Lauroyl Sarcosinate, Stevia Rebaudiana Leaf/Stem Powder, Xanthan Gum, Mentha Piperita (Peppermint) Oil, Citric Acid, Sodium B carbonate, Melaleuca Alternifolia (Tea Tree) Leaf Oil, Oryza Saliva (Rice) Bran Oil, Ganoderma Lucidum (Mushroom) Extract, Charcoal Powder, Ammonium Glycyrrhizate, Sodium Benzoate.

SMILE WITH GANODERMA-INFUSED TOOTHPASTE EXPERIENCE A REFRESHING CLEAN WITH OUR GANODERMA-INFUSED TOOTHPASTE, DESIGNED TO CARE FOR YOUR GUMS AND TEETH.

- Fluoride-Free: For those seeking a natural alternative.
- SLS-Free: Gentle on teeth and gums.
- Freshens Breath: With the natural flavour of peppermint for a long-lasting freshness.
- Bamboo Charcoal: Helps gently polish and whiten teeth, without scratching enamel.
- Supports Oral Health: A carefully crafted formula aimed at promoting overall mouth health.

Essentials

CLEANSING SOAP BAR

The new Essentials soap is crafted using thoughtfully selected ingredients to help nourish your skin. Its creamy formula and unique fragrance make it suitable for cleansing hands, face, and body.

Organo® Essentials is a cold-processed soap. This is quite a time-consuming process that allows for more gradual saponification. It can take 4-6 weeks for the soap to complete its process. The lack of heat keeps the essential oils intact. It takes patience, but we think it's worth it! Cold-process soap has the advantage of a gradual, more natural chemical reaction, resulting in a more nourishing, skin-compatible soap.

FACTS WORTH SHARING ⁽¹³⁾

APRICOT SEEDS:

Apricot seed powder, derived from 'Prunus armeniaca' seeds, offers gentle exfoliation. Exfoliants are granular agents that signal sensory cleansing when applied to the skin, removing old cells and promoting skin renewal.

COCONUT OIL:

Coconut oil is extracted from the coconut pulp and has a soothing and emollient action.

GANODERMA LUCIDUM:

Ganoderma Lucidum, also called "Lingzhi," "Reishi," or "Linh Chi," is revered in traditional Asian culture for its diverse qualities. Organo® collaborates with GanoHerb, a leading producer of 100% organic certified Ganoderma Lucidum.

GRAPE SEEDS:

Grape seeds are an ingredient that helps not to dry the skin.

AND ALSO

GLUTATHIONE:

Glutathione helps maintain the skin in good condition, thanks also to its emollient functions.

GLYCERIN:

Known for its emollient and refreshing properties, Glycerin is one of the most used ingredient in personal care products.

NET WT. 132 g

MADE FROM NATURE-BASED INGREDIENTS, IT PROMOTES THE REVITALIZATION OF THE SKIN TO HELP YOU LOOK BETTER AND FEEL BETTER.

INGREDIENTS

SODIUM COCOATE, AQUA, GLYCERIN, SODIUM CHLORIDE, COCAMIDE DEA, GANODERMA LUCIDUM EXTRACT, PARFUM, GLUTATHIONE, PRUNUS ARMENIACA SEED POWDER, SODIUM CITRATE, VITIS VINIFERA SEED EXTRACT, POTASSIUM SORBATE, SODIUM BENZOATE, CI 77891.

WHAT DOES IT DO?

The skin is one of the most important parts of your body and deserves great maintenance. Organo® Essentials Soap cleanses, refreshes and helps improve your appearance.

Made with carefully selected ingredients, it gently cleanses the skin, supporting a refreshed and balanced appearance.

Organo® Essentials Soap has an emollient action that helps to maintain skin softness and hydration, and is suitable for those who want to take action daily, with small and quick gestures.

HOW TO USE IT

Germs invisible to the naked eye continually pass from surfaces to skin through simple contact and remain there until we remove them.

Careful washing, performed in the right way and with a suitable product, is sufficient to eliminate most of these unwelcome guests.

Use Daily on Face and Body. In the event of contact with eyes, rinse thoroughly with water. Rinse-off product.
