BLUE POWER

## INVERTERS

Our off-grid power systems, powered by 45 years of problem solving and innovation, makes them perfect investment opportunities. Victron's solar based solutions are ready to power the smallest homes to the most demanding mini-grids. Our robust systems have been proven to deliver time and again, offering unequalled reliability which converts into secure investments.

# INVERTERS

All system sizes and types: The Sunny Tripower Smart Energy, Sunny Island, Sunny Boy Storage and Sunny Central Storage battery inverters enable the integration of storage systems into the utility grid or self-sufficient off-grid systems. They assume important grid management functions and ensure a reliable energy supply worldwide as well as the optimal integration of renewables into the power supply

Sol-Ark is a solar and energy storage technology firm founded in 2013 by local Veterans and security-minded power engineers. Combining innovative minds and a mission to “Power Families Through Life” with or without the grid, Sol-Ark was born. In a short time, Sol-Ark continues to rapidly scale its vision of being the go-to thought leader and recognized brand in the design and manufacture of solar plus energy storage solutions. Assembled and engineered in Plano, Texas Sol-Ark solar generators are EMP proof, affordable, easy to install, powerful, portable, and expandable.
