2026 AUDI A6 | TECHNOLOGY & DRIVER ASSISTANCE

Digital stage.

The Audi MMI virtual cockpit pairs an 11.9" digital instrument cluster with a seamlessly integrated 14.5" MMI® display, creating a fully immersive digital driving experience. This latest update delivers a redesigned interface that enhances clarity and keeps all key information and controls accessible at a glance.

OLED Taillights.

The available OLED taillights provide a unique look to the A6. Using cutting-edge lighting technology, OLED lights deliver a sharp and precise lighting signature.

New camera system.

View your vehicle's exterior with the available top view camera and Virtual 360, which can alert you of potential obstacles with parking. Toggle between 3D camera views and swipe the screen angles—all from the comfort of the driver's seat.

Audi exclusive.

Make it your own with the Audi exclusive design package, featuring Dinamica elements in Baikal blue with Neodymium stitching, front sport seats plus with massage function, and more.

Record. Save. Secure.

The forward facing camera captures footage in 4K at 30fps. It can be captured automatically based on smart recording logic or can be stored locally on a microSD card.

Passenger display.

Long drive ahead? Your front passenger can enjoy their favorite entertainment on the available 10.9" passenger display screen—turning every journey into a first-class experience.

Adaptive cruise assist.

Adaptive cruise assist helps maintain a set speed and distance from the vehicle ahead, with added support for steering, acceleration, and braking within system limits—helping to reduce driver fatigue and enhance comfort on every drive.

The 2026 Audi A6 combines intuitive technology with advanced driver assistance systems to deliver a more connected, safer, and more enjoyable driving experience.

▼ Progressive exterior design.

The A6 features the iconic Singleframe® grille, offering a refined yet bold design. Sleek aerodynamic lines with flush door handles, cutting edge LED headlights and a continuous LED taillight bar with dynamic indicators create a synthesis of elegance and technology.

▼ Stylish and comfortable.

The A6 features a driver-centric cockpit, complemented by standard ventilated front sport seats and refined wood inlays for elevated comfort. Standard LED interior lighting plus package and a six-segment dimmable glass roof enhance the cabin's ambiance, creating a personalized experience.

▼ Luxury package.

The newly available Luxury package includes Fine Nappa / Pearl Nappa leather seats with individual contour front seats featuring massage function for front seats and passenger seat memory.

Headrest speakers not available in Luxury package.

▼ Sport plus package.

The available Sport plus package brings a bold performance aesthetic and experience to the A6 with front sport seats plus, carbon micro-twill structure inlays, a 3-spoke flat-bottom-and-top steering wheel, as well as all-wheel steering, sport rear differential, and sports suspension.

Bang & Olufsen®.

Feel like you're there with the available 810-watt Bang and Olufsen Premium sound system with 3D sound and headrest speakers. 20 strategically placed speakers, including 4 integrated into the front seat headrests, immerse you in rich, emotive sound.

Headrest speakers not available in Luxury package.

Panoramic glass roof.

The standard panoramic glass roof on the A6 is imbued with electrochromic 6-segment shading technology allowing to adjust the shade level to your preference.

Audi connect® CARE with remote engine start.

(limited time subscription)

Experience fully integrated assistance tools with Audi connect CARE including functions such as remote vehicle services and security features that help offer peace of mind on every journey.

Drive select.

When activated, Audi drive select assistant supports the driver by automatically selecting the most suitable Audi drive select mode based on the driving situation.

Progressive exterior design.

The A6 features the iconic Singleframe® grille, offering a refined yet bold design. Sleek aerodynamic lines with flush door handles, cutting edge LED headlights and a continuous LED taillight bar with dynamic indicators create a synthesis of elegance and technology.
