1 Smart Water Bottle

2 Magnetic Charger

## STEP-BY-STEP SET-UP GUIDE

---

## 1. SET UP

- a. Remove all items from its original box and charge the smart water bottle for a couple of hours prior to its first-time use using the magnetic charger
- b. Activate the device by touching the LCD display of the lid for at least 10 seconds or up until you hear a beeping sound
- c. Continue setting up the device by downloading the app and configuring its settings on your mobile phone

## 2. INITIAL STATE OF YOUR SMART WATER BOTTLE

### a) Activate Device

- To activate your smart water bottle, make sure to fully charge it first for a few hours using the magnetic charger
- Touch the LCD display on the lid to wake up the device

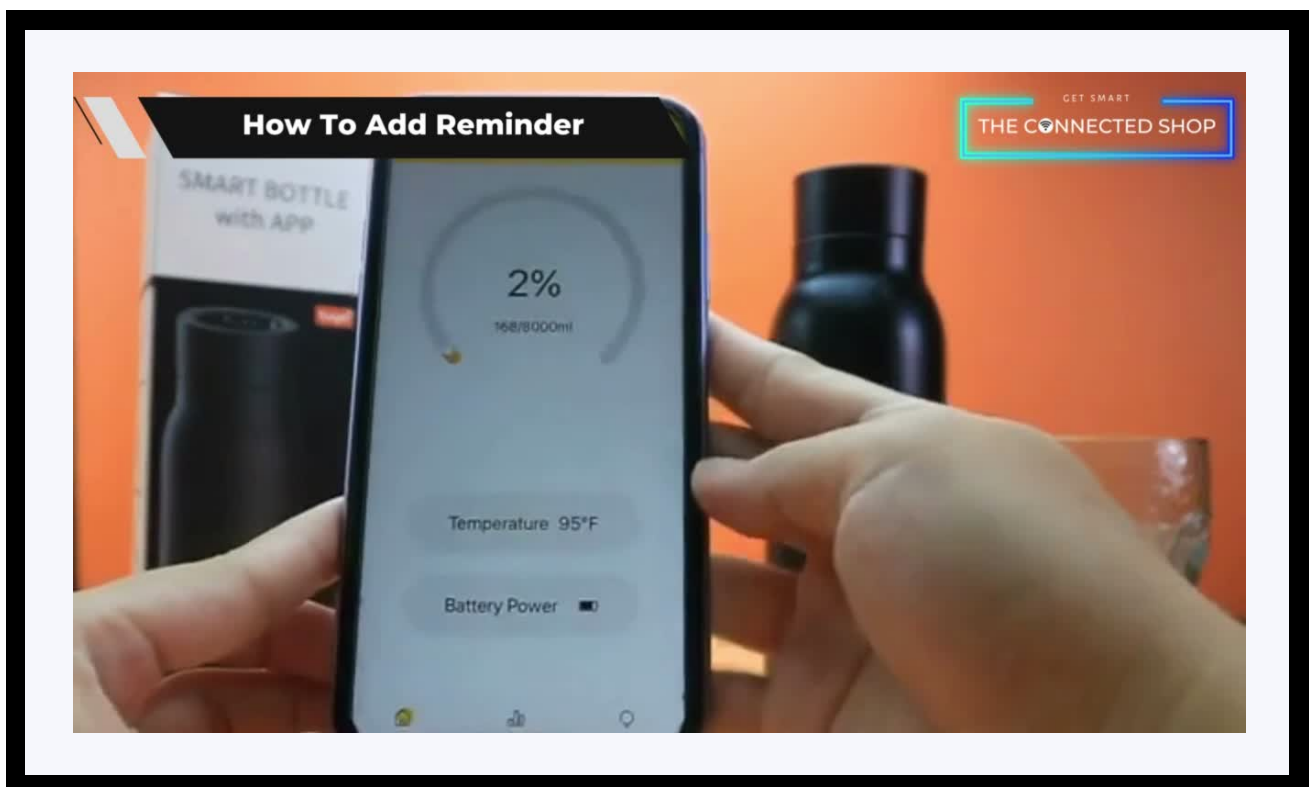

## 2. INITIAL STATE OF YOUR SMART WATER BOTTLE

### b) Add Reminder

- To add an alarm or a reminder, open the mobile app
- Click 'Me' to set a reminder
- Although it is important first to set a 'Water intake goal' to preset your desired daily water intake

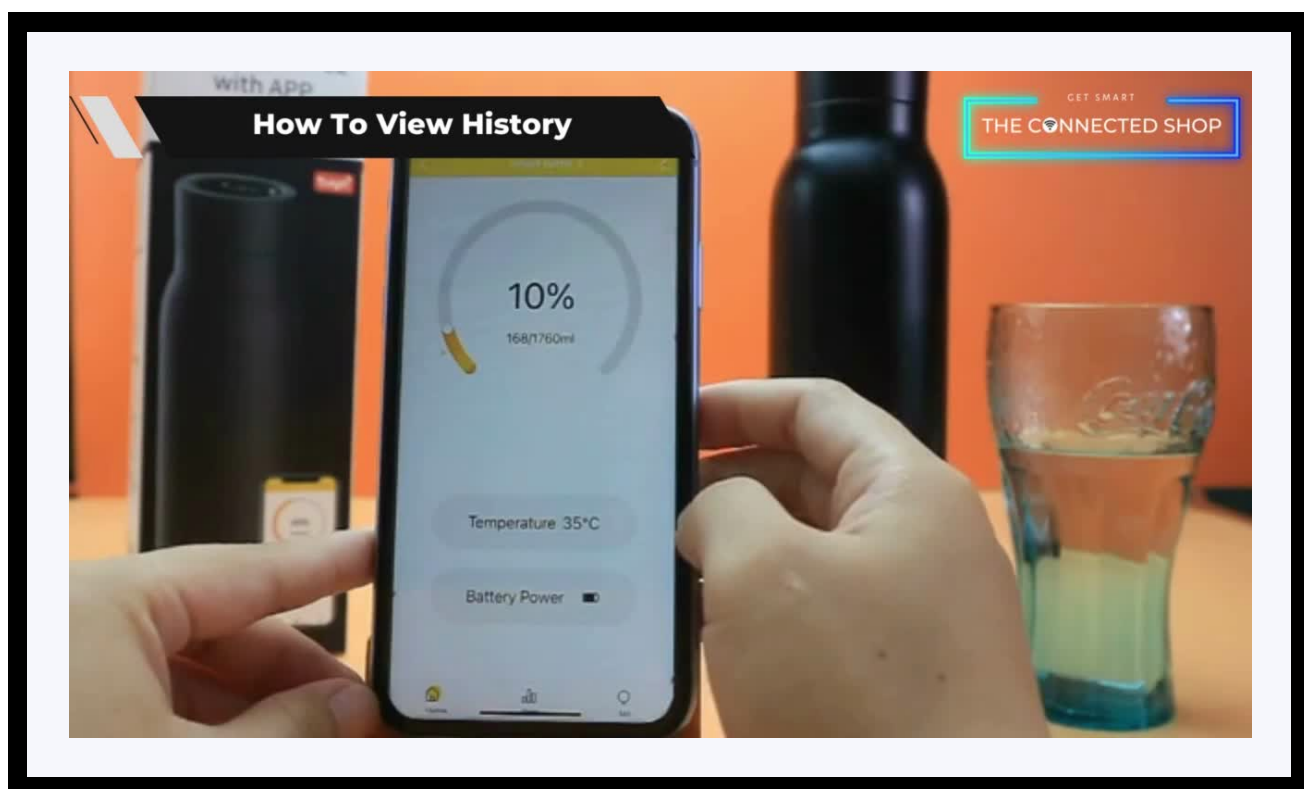

## 2. INITIAL STATE OF YOUR SMART WATER BOTTLE

### c) View History

- To view the drinking history, open the mobile app
- Click 'Data' to check the historical data for up to months

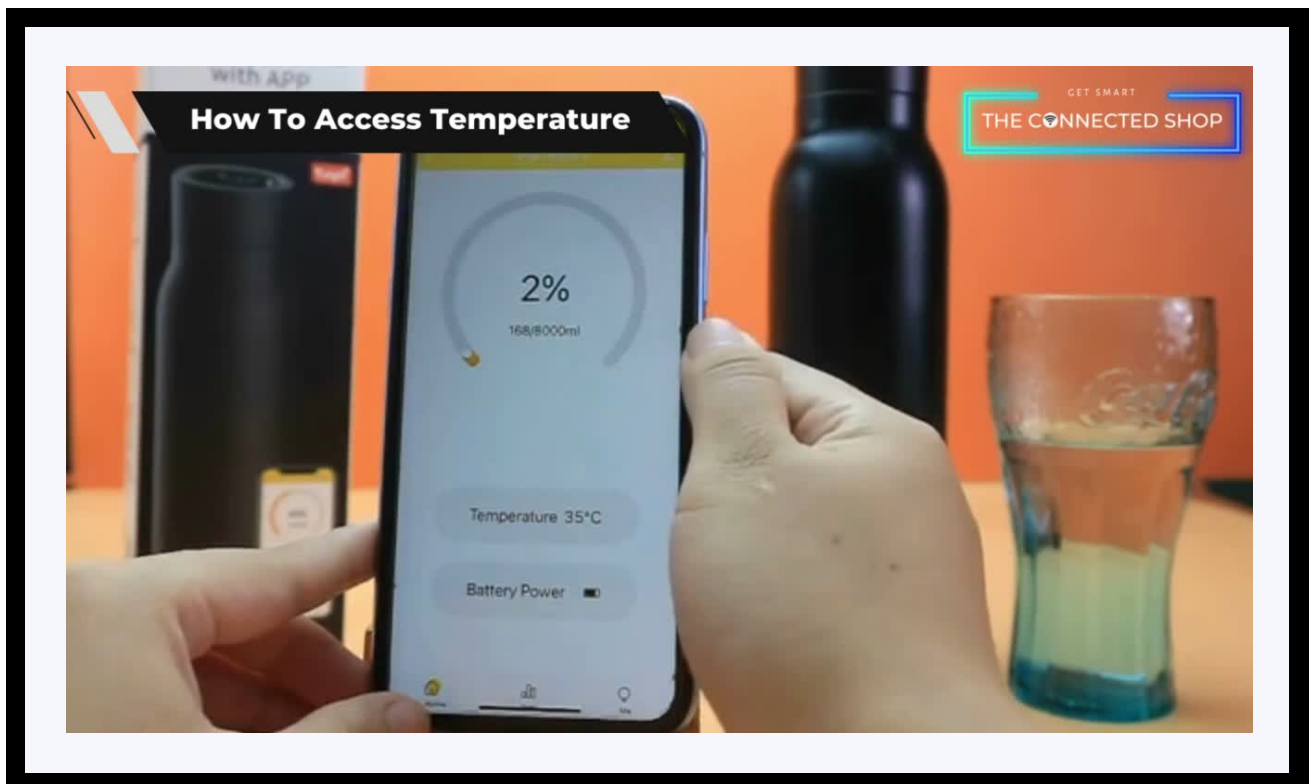

## 2. INITIAL STATE OF YOUR SMART WATER BOTTLE

### c) Access Temperature

- To access the water temperature, activate your smart water bottle by touching the LCD screen on the lid
- The display will flash a green steady light if the temperature of the water is between 0-36°C; Orange/yellow if it's between 37-60°C; and red if it's between 61-99°C
- To change the unit from Celsius to Fahrenheit, go to the mobile app and select your smart device
- Click 'Me' to change the temperature unit and it will display on the mobile app afterwards

### 3. MOBILE APP CONNECTION

#### a) Downloading the App

Download the application on the Google Play Store or Apple AppStore by searching “Tuya Smart” or by scanning the QR code below

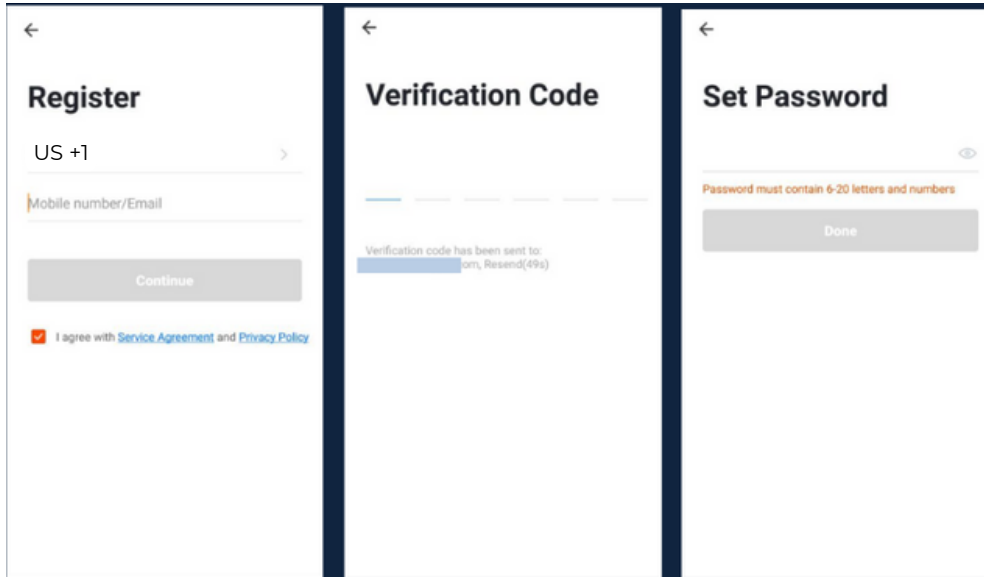

#### b) Logging in and Registering

##### After Downloading the App

- Select the country from which you will be using the device, usually the app will prompt it automatically
- You will be redirected to register via email where a verification code will be sent and proceed to enter it on the app in the allotted time limit
- Once the verification code has been entered into the app, you will be asked to set your password
- You will then have full access to the Tuya Smart Platform

### 3. MOBILE APP CONNECTION

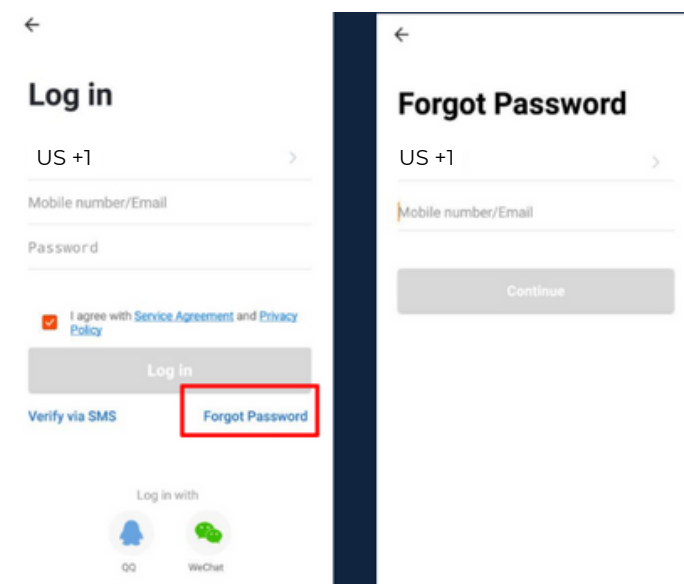

Should you be an existing user to the Tuya Smart Platform, log in using your email and password from the login page.

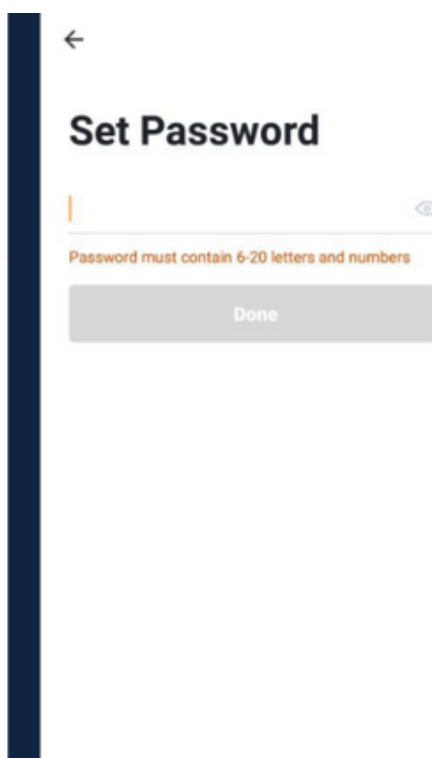

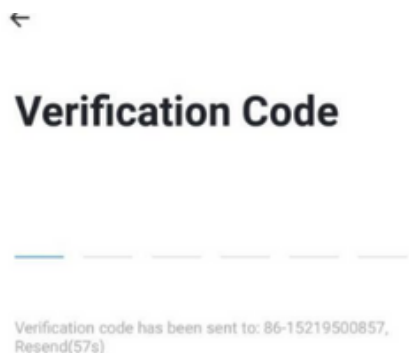

#### c) Resetting your Password

In case you have forgotten your password and need to reset it, please follow the steps below:

- On the Login Page, when prompted for your email & password, click “Forgot Password” button located below the “Login” button
- Select the country from which you will be using the device, usually the app will prompt it automatically

### 3. MOBILE APP CONNECTION

- You will be prompted to enter the email where a verification code will be sent and proceed to enter it on the app in the allotted time limit
- Once the verification code has been entered into the app, you will be asked to set your new password
- You will then have full access to the Tuya Smart Platform

In the case that you would like to change your password from the app, please follow the steps below:

- Tap the 'Me' tab on the bottom right hand corner of your screen
- Click 'Change Login Password'
- You will be taken to the 'Account Verification' page and then tap 'Get Verification Code' button
- This will send a verification to your registered email
- Enter the code in the app
- Proceed to enter the new password

### 3. MOBILE APP CONNECTION

#### d) Adding Devices

To add devices on the app, please follow the instructions below. Your devices and phone must be connected to the same 2.4GHz Wi-Fi network in order for this to work.

- To add a device, click the 'Add Device' or tap the 'Plus' button on the top-right corner of your screen and select 'Add Device'
- This will bring up a list of devices. Go to 'Exercise & Health' from the left side and then click 'Smart Glass' to select your Smart device

### 3. MOBILE APP CONNECTION

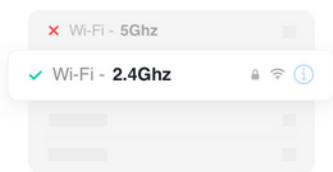

Bluetooth, Wi-Fi, 78% 8:43 PM

#### Select 2.4 GHz Wi-Fi Network and enter password.

If your Wi-Fi is 5GHz, please set it to be 2.4GHz.

Password

Next

- Activate your smart device by tapping or touching the LCD display on the lid
- The light indicator should blink rapidly when connecting or pairing to your phone via the mobile app
- Make sure to keep the devices near to each other, and keep your Bluetooth enabled
- Connect your phone to the 2.4 GHz Wi-Fi network and follow the onscreen instructions
- Once the device has been successfully added, rename it

- After successfully adding the device, the smart water bottle should appear at the home page of the app

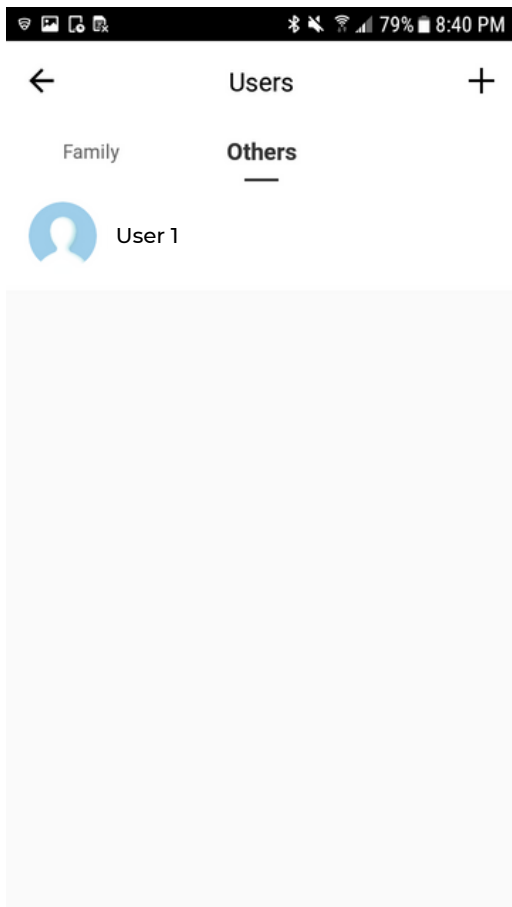

### 3. MOBILE APP CONNECTION

#### e) Adding Members (optional)

In order for others to gain access to the same device, they will have to be added as members or users.

To add a member to a location within the mobile app, please follow the following steps:

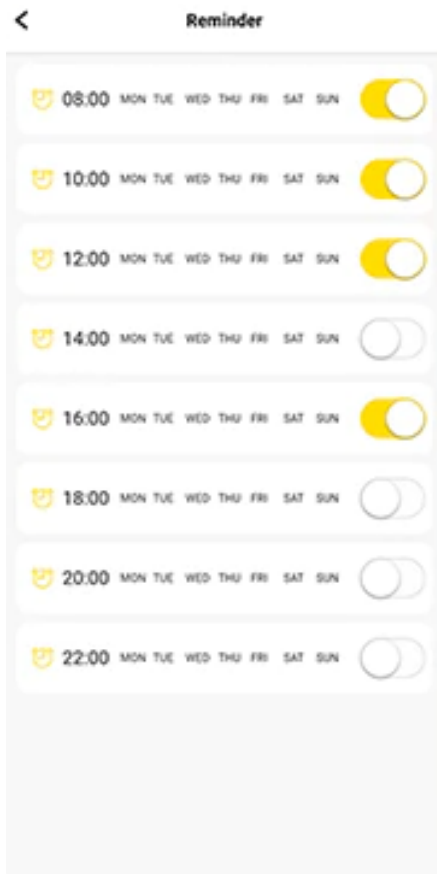

- Tap the 'Me' tab at the bottom-right corner of your screen
- Click on the 'edit' icon at the top-right corner
- Select 'Share Device'
- Afterwards, follow the onscreen instructions

## 4. DEVICE FUNCTIONS

### a) Remote Functions via The Mobile App

- Select the smart device that you would like to use from the Home Page
- Go to the mobile app and remotely perform the following:
  - Click 'Reminder' to set a reminder
  - Click 'Data' to check the historical data
  - Click 'Temperature' to view real-time water temperature

## Congratulations!

You have successfully set up your very own Smart Water Bottle  
Thank you for being a valued customer of The Connected Shop.
