FUZZYWUMPETS

for every good dog!

ITEM NAME

Welcome to Fuzzywumpets!

Fuzzywumpets was born in 2006, when a love of textile and design collided with a desire to make safe and stylish collars for our own dogs. Beginning with our original Everyday Collection of washable, microplush-lined limited slip collars, we have developed a large and faithful following by focusing on safety, comfort, quality, and exquisite style.

Over the years, our offerings have grown to include the Luxe European Crystal Collection featuring elegant jacquard ribbons, solid brass hardware, garment-grade leathers, and – of course – genuine luxe European-imported crystals. Our super popular Private Trainer Collars provide dog owners the utility and safety of a hidden prong training collar with the same durability and elegance found in the Everyday and Luxe Collections. Martingale Walking Leads, Patterned Nylon Leads and Lure Coursing Leads round out the lines.

Fuzzywumpets is committed to remaining 100% USA-made for all of our lines. Our team of artisans crafts each collar by hand in our Chicagoland and St. Louis production facilities. With reasonable MOQs and personalized service, we strive to create lasting, profitable relationships with our independent retailers as we expand our presence in the market.

Thanks for visiting!

LUXE STYLES

Our Kerala Collection is new for 2022! A colorful, bold, yet elegant collection, Kerala collars and walking leads are available in 1 and 1.5" widths in sizes XS-XXL.

Luxe Limited Slip Collars

Limited Slip collars are designed to slip comfortably over the dog's head, but tighten if the dog should try to pull or back out of the collar. Our couture Luxe Crystal Limited Slip Collars are created from exquisite designer jacquard ribbons and lined with genuine garment grade leather. Sturdy nylon webbing and tough brass hardware guarantee that your dog stays safe and looks stunning! Each collar is embellished by hand with dozens of imported European crystals, guaranteed for the life of the collar. This is a designer collar, so we don't recommend wearing it for swimming in the pond or running through mud and underbrush. Clean with damp cloth and mild detergent, leather conditioner.

EVERYDAY STYLES

Everyday Fleece-Lined Collars

Our most popular style! Limited Slip Collars are designed for dogs who can easily back out of their collars. When properly fitted, a limited slip collar should not be able to slide off your dog's head. These collars are designed in a "P" shape and slip over the head like a traditional martingale collar. When the dog pulls, the tail of the "P" tightens the collar a limited amount. This is different from "choke" collars that continue to tighten as a dog pulls. Our Everyday limited slip collars are lined with soft microplush to provide padding and lend durability and style.

Everyday Fleece-Lined Martingale Walking Leads

The All-in-one Martingale Walking Lead is designed to keep your dog both safe and comfortable. This collar and lead all-in-one is easy-on, easy-off, perfect for quick trips or leisurely walks. A walking lead is a collar and leash made as a single unit - the leash is not detachable. The collar part slips over your dog's head and the slider on the leash moves up or down to adjust for a snug fit. The collar portion of the Everyday walking lead is lined with soft microplush to prevent chafing. These are super popular with growing puppies since the collar portion grows with the pooch! Lead portion is 4.5 feet long.

All Everyday Fleece-lined Walking Leads are available in 1/2", 5/8", 1", and 1.5" collar widths, and in sizes to fit every dog.

Everyday Patterned Basic Buckle Collars and Leads

The perfect thing to hold a tag! Our quick release buckle collars are made from durable colorfast webbing, cast zinc hardware and Duraflex side release buckles. Nothing fancy, just a good collar that looks (and works) good. Available in four widths and 5 sizes!

The most important thing about a leash is that it's strong! Our Everyday Patterned and Everyday Basic Leashes are crafted with strength-tested webbing and the best swivel snaphooks we can find. We promise you - you'll give out before our leash does! Available in 4- and 6-foot lengths, and widths of 1/2", 5/8", and 1".

Everyday patterned: Patriot, Camo, Harvest Chevron, Rainbow Hearts, Fire Paisley, Ladybug Picnic, Pink Paisley, Daisy Fields, Sunday Morning, Black and Blue Paisley, Dinomite!, Patriot, Seurat, Red Plaid, Shark Attack, Pink Leopard, Tie Dye Swirl, Serape, Seaside Paisley, Blue Tahitian, Neapolitan Dots, Tropical Paradise, Femme Fatale!

PRIVATE TRAINER STYLES

Private Trainer Collars

Fuzzywumpets Private Trainer Collars hold 2.3mm genuine Herm Sprenger prongs to give security, safety, and control when walking the dog. A custom Wienerlock quick-release buckle makes attaching the collar easier. The nylon webbing conceals the prongs and the Martingale style adjustable loop allows for a precise fit. Prongs are removable as the dog's training progresses or for machine laundering. Not to be left on dog unattended.

Our LUXE Private Trainers have Imported luxury jacquard ribbons and the softest garment grade leathers. Strong brass or nickel-plated brass hardware are standard on these

collars. The addition of European-imported crystals, individually placed by hand on the collar, takes our Luxe Private Prong Collars to exquisite heights. On our Everyday Private Trainers, super strong dye-subbed webbing and cast nickel-plated hardware ensure the dog's safety.

Fit and Sizing

Limited Slip Collars

Measure around the dog's head at the widest part the collar will need to slip over (A). This is usually under the jaw and over or right in front of the ears. These collars have about 2-3 inches of adjustability, but are not fully adjustable, so accurate measuring is important. Examples of breeds for each size are generalized examples. A larger or smaller dog within that breed may require a different size.

XSM - 8"-11" (Papillion, Italian Greyhound, Chin, etc.)

SM - 11"-14" (Whippet, Wire Fox Terrier, Norfolk Terrier, etc.)

MED - 14"-17" (Vizsla, Dalmatian, Afghan, Saluki, Greyhound, etc.)

LG - 16"-20" (Doberman, Boxer, Standard Poodle, German Shepherd, etc.)

XLG - 20"-24" (Great Dane, Irish Wolfhound, Bernese Mountain Dog, etc.)

XXLG - 24"-30" (Mastiff, Rottweiler, Cane Corso, etc.)

The Limited Slip Collar rests loosely around the base of the neck when not attached to a lead. When the leash is on and the control loop is pulled, the collar should tighten enough that the dog cannot back out. If the dog can slip the collar, Tighten the slide or choose a smaller size.

Martingale Walking Lead

Measure around the dog's neck at the narrowest part, right behind the ears (B). Choose a size that is 1-2 inches smaller than your dog's neck measurement to prevent slipping the lead. For example, if the smallest part of the dog's neck measures 11", a 10" size would be the appropriate fit.

- 6" - slides 6"-12"
- 8" - slides 8"-14"
- 10" - slides 10"-16"
- 12" - slides 12"-18"
- 14" - slides 14"-20"
- 16" - slides 16"-22"
- 18" - slides 18"-24"
- 20" - slides 20"-26"
- 22" - slides 22"-28"

This is a perfect fit! There is a 1-2" gap between the two sides of the collar portion at the back of the neck, when engaged, this prevents the dog from slipping out of the Walking Lead.

Private Trainers

Choose a size about 1-2 inches smaller than the measurement around the top of the dogs neck, behind the ears (B). When properly fitted, there should be a gap of 1 to 2 inches between the two hardware pieces at the back of the neck. Prongs may be removed as the dog's training progresses and the collar can then be used as an every day Martingale style collar. Prongs should not be inserted in the very front to protect the dog's trachea. Not to be left on dog unattended.

Collar Size	Number of Prongs	Perfect fit for dogs with neck sizes:	Collar at smallest and largest size
12"	6	13"-15"	12"-17"
13"	6	14"-16"	13"-18"
14"	6	15"-17"	14"-19"
16"	8	17"-19"	16"-21"
18"	10	19"-21"	18"-23"
20"	10	21"-23"	20"-25"
22"	12	23"-25"	22"-27"
24"	12	25"-27"	24"-29"
26"	14	27"-29"	26"-31"
28"	14	29"-31"	28"-33"

This dog has a 15.5" measurement behind the ears. To make sure the collar fits appropriately, she is using a 14" Private Trainer to allow for a 1-2 inch gap between the hardware on the back of the neck.

Everyday Basic Buckle

Measure around the dog's neck at the place you would like the collar to lay (C). These collars are fully adjustable. Examples of breeds for each size are generalized examples. A larger or smaller dog within that breed may require a different size.

- XSM - 8"-11" (Papillion, Italian Greyhound, Chin, etc.)
- SM - 11"-14" (Whippet, Wire Fox Terrier, Norfolk Terrier, etc.)
- MED - 14"-17" (Vizsla, Dalmatian, Afghan, Saluki, Greyhound, etc.)
- LG - 16"-20" (Doberman, Boxer, Standard Poodle, German Shepherd, etc.)
- XLG - 20"-24" (Great Dane, Irish Wolfhound, Bernese Mountain Dog, etc.)
- XXLG - 24"-30" (Mastiff, Rottweiler, Cane Corso, etc.)

What people are saying about Fuzzywumpets:

When training is combined with an amazing product like Fuzzywumpets' collars, it leads to **repeat business and satisfied customers!** We highly recommend Fuzzywumpets!

--Amy Bieri, Owner, Happy Tails Ranch, Inc.

The Private Trainers have been a huge hit!! They are, by far, the best made collar of this type that we've seen. There is a lot of attention to the smallest of details. The quality is excellent with customer service to match.

--Tamara Ritzenthaler, Owner, Homestead Veterinary Hospital

Great quality collar

I love this collar! I got it for a shy dog that didn't know how to walk on a leash and it stops her from pulling me all over the place! Great seller!

Simple & reliable

Reviewed in the United States on December 19, 2021

Easy to put on & remove clasp for easy use. Great for people that struggle with traditional training collars

Love these collars!! Have been buying for years.

I just received my Golden girl's new Obedience show collar. **I love it!** Black background with silver design and clear crystals give **just the right amount of bling.**

Love love love these collars! I get the Limited Slip style for my girls and it's the only ones they seem to not slide out from and they've learned not to pull. I like how **sturdy** these collars are and despite getting lighter colors for one of my girls, I've yet to see the collar look dingy and nasty. While my current collars work great for my girls, I'm more than ready to purchase more for variety and possibly offer to have these sold at my salon!

My dog has a very sensitive neck and it tends to get irritated by most collars. The leather lined and microplush lined limited slip collars have been great! We now have 3 collars for him from Fuzzywumpets. They **do not irritate his neck** and he cannot slip out of them. Plus they are great looking. We receive compliments everywhere we go
