

VENTA

The history of the Czech brand Venta began in 1989 when two engineer friends traveled to Northern Europe and were deeply inspired by Scandinavian culture. A respectful attitude towards natural resources and meticulous attention to detail inspired the travelers to develop a line of sanitary ware that had no equivalents in the Czech Republic at the time. The Venta philosophy is based on three core principles: minimalist design, water conservation, and high-quality materials and assembly. Today, an additional principle has been added to this list: affordable pricing. Thanks to these factors, Venta's popularity has expanded far beyond the Czech Republic.

Venta offers a comprehensive line of bathroom and kitchen faucets. Our product range is structured to ensure that all available items meet the functional and aesthetic needs of every customer while remaining constantly in stock. This allows us to deliver products to the buyer in the shortest possible time.

The company provides an official warranty for every product.

Given the high demand for Venta products, we have decided to gradually expand our assortment and introduce our latest developments.

Currently, the Venta brand features a wide range of sanitary ware, allowing customers to fully equip their bathrooms and kitchens with products from a single manufacturer. And we are not stopping there.

BF105MC

BASIN FAUCET

Color: Chrome.

Material: Brass alloy CW617N. Cartridge: 30 mm.

Components: Nylon-braided flexible hoses, length 60 cm (M10x1/2), mounting sleeve, mounting nut.

BF205MC

BIDET FAUCET

Color: Chrome.

Material: Brass alloy CW617N. Cartridge: 30 mm.

Components: Nylon-braided flexible hoses, length 60 cm (M10x1/2), mounting sleeve, mounting nut.

BF305KC

BATH FAUCET WITH SHORT SPOUT

Color: Chrome.

Diverter: Rotary diverter.

Material: Brass alloy CW617N. Cartridge: 30 mm.

Components: Hand shower, hose, holder, eccentrics.

BF305DC

BATH FAUCET WITH LONG SWIVEL SPOUT

Color: Chrome.

Diverter: Rotary diverter.

Material: Brass alloy CW617N. Cartridge: 30 mm.

Components: Hand shower, hose, holder, eccentrics.

BF605SC

SHOWER SYSTEM WITH SWIVEL SPOUT

Color: Chrome.

Diverter: Rotary diverter.

Material: Brass alloy CW617N. Cartridge: 30 mm.

Components: Rain shower head, hand shower, shower head holder, hose, eccentrics.
