COMPANY PROFILE

2800. S. FINANCIAL COURT, SANFORD, FL 32773
WWW.SKYLINKINTL.COM

- Wasting hours of time sourcing, processing, and chasing material in a complicated supply chain.
- You're tired of working with unresponsive people.
- You feel like you've been taken advantage of by people who want your order.
- Spending your time resolving unnecessary issues that could have been avoided with a trusted material partner.
- A threat of increasing material costs and lead times.
- Every day throws you a new problem, and every day your vendors frustrate you for one reason or another.

*Not
Anymore*

You spend a lot of time and money keeping your aircraft airworthy, yet unresponsive suppliers cost you hundreds of hours and thousands of dollars every year.

It's like flushing money down the lavatory, and wasting precious time - time you'll never get back.

If your goal is to reduce total maintenance costs, lower lead times, and make things easier, invest in a trusted material partner...

YOUR MATERIAL PARTNER

To protect your material investment, work with someone who you trust, and can give you valuable advice - a partner.

When working with Skylink (a Trusted Material Partner), you'll receive nose-to-tail aircraft maintenance material support.

Whether it's an aircraft engine or a bolt, nothing is too big or too small; we support it all.

Our Asset Repair Care program eliminates the day-to-day frustration you experience with aircraft part repairs, which is proven to help you achieve your repair goals and save hours of your time each week.

Most of our Asset Repair Care clients say, one of the most challenging things they face with their aircraft part repairs, is having to chase repair stations for status updates.

Not anymore!

Imagine if you could remove the common maintenance material frustrations, like sourcing material, working with unresponsive partners, and spending hours to coordinate it all.

What if you only needed one PO, one AWB, and received all your aircraft maintenance check material on time, on budget, with less stress?

It's no longer a dream, it's a reality, and we're doing it with clients worldwide.

Acquire your engine investment through our seven-step engine acquisition process, which ensures we remove the frustration, stress, and risk from your high-value purchase.

To deliver a WOW experience, we provide full transparency through the acquisition process, which helps you feel confident that your time, money, and future investment are with a partner who cares about your success.

We'll even prove it to you — with our dedicated engine team, 24/7/365.

Stop putting the trust of your aircraft investments in the hands of people who know nothing about your maintenance operation.

Since 1986, we've helped clients get the material they need, when they need it.

We've shipped millions of aircraft parts all over the world.

Skylink Logistics is a full-service freight integrator, so it's one less thing you need to worry about.
