HEART, VEIN & VASCULAR CLINIC COMPREHENSIVE SIGNAGE SOLUTIONS

Exterior impact. Interior clarity.

Fully ADA-compliant.

Reception Sign

Custom feature wall sign showcasing the clinic logo in brushed aluminum dimensional letters. Designed in warm copper and gold tones with a brushed aluminum finish to complement the clinic's interior aesthetics and create an inviting, professional impression.

Braille & ADA Compliance:

Door identification plaques featuring tactile letters and Grade 2 Braille for all patient rooms, offices, and restrooms, carefully designed to harmonize with the clinic's overall interior aesthetic..

Three large, front-lit channel letter signs were installed on the main building elevations to ensure maximum street visibility. Each sign, measuring approximately 330 sq. ft., was mounted at a height of 110 ft from grade level on a raceway.

To tie the exterior signage to the clinic's interior design, the returns and trims were painted in a rich copper tone, harmonizing beautifully with the bold red letters.
