Become Part Of Our Historic Legacy And Experience The CVS Difference!

Dear Friends,

In November 2023 we celebrated Coenraad's 80th birthday and the incredible legacy he has forged! Regarded by his peers as one of Africa's most legendary Professional hunters, his reputation as an outstanding Outfitter and PH is admired around the world. Coenraad laid sturdy foundations for CVS - something which we are extremely grateful for!

Hunting has played a vital role in our family for 5 generations, starting with Coenraad's grandfather who embarked on two-to-three month hunting trips into the vast wildernesses of the South African lowveld and Mozambique in the early 1900s. And so it was that hunting and an immeasurable respect for wildlife and wild places became a way of life in our family.

For 54 years we have remained consistent in providing our clients with outstanding safaris, wonderful experiences and

memories that will last a lifetime. We are privileged to hunt and spend time in Africa's most beautiful places. We are grateful for all the wonderful sights we have seen, for the magnificent animals we have hunted with our clients and, most of all, how invigorating it is to see Africa through our clients' eyes - especially first timers!

We are known for our quality destinations which are unique and highly sought

after. We have an amazing team of dedicated and enthusiastic professionals who are committed to the success of your safari and I thank them all for their hard work and passion.

Thank you to all the folks and their families who chose us for their safaris in 2023. We greatly appreciate your support which means the world to us.

2024 is going to be one of the busiest seasons we have had in several years and we are eagerly awaiting our first safari which kicks off in early March.

Coenraad has always stated that although we are in the hunting business and take wonderful people on great adventures, we are actually in the "Memory Making" business! We look forward to continuing this legacy!

Wishing you all a happy, exciting and prosperous 2024!
