## Story Of Us

Founded over 24 years ago in Bali, Indonesia, by Nurul Madjid, Home Basket began as a small initiative rooted in a deep appreciation for traditional craftsmanship and the belief that hand-made objects carry a soul. Inspired by Bali's rich cultural heritage and its harmonious relationship with nature, the brand has grown into a global name that brings the spirit of tropical village life into homes around the world.

From the very beginning, Home Basket has been committed to working in harmony with nature. Each piece is crafted using locally sourced, natural materials, carefully selected with respect for the environment. Our production processes rely on traditional, time-honored techniques passed down through generations, ensuring that every product reflects authenticity, character, and cultural integrity. No two pieces are ever exactly the same each carries its own story, texture, and rhythm.

At the heart of Home Basket is not only design, but people.

We collaborate closely with artisan communities across Bali and other regions of Indonesia, building long-term, ethical partnerships based on trust, fairness, and mutual respect. Through this collaboration, Home Basket provides sustainable livelihoods for hundreds of families, empowering them to preserve their ancestral skills while achieving economic stability within their own communities. Every basket, vessel, and decorative piece represents patience, dedication, and pride in cultural heritage.

Sustainability is not a trend for Home Basket. It is a responsibility. We continuously strive to minimize our environmental footprint through mindful sourcing, responsible production, and conscious design. We believe that true beauty should never come at the expense of the earth or the people who inhabit it.

Today, after more than two decades of dedication and growth, Home Basket remains true to its founding values integrity in craftsmanship, beauty in imperfection, and respect for nature and community.

Every Home Basket creation tells a story of quiet villages, skilled hands working with care, and a shared belief that meaningful homes are built from pieces made with heart.

Welcome to Home Basket.

Where handcrafted beauty, cultural heritage, and sustainable living come together.
