Port & Bell™ ADVANTAGE

Quality Lumber

We select quality lumber specifically for our cabinets, ensuring that our products are dependable and can be enjoyed for many years to come.

Uncompromising Finish

Once we select premium quality lumber, we match and sand each piece. The material then undergoes a multi-step finishing process that ends with the application of a catalyzed conversion topcoat to prevent scratching and improve longevity.

Superior Construction

All cabinets feature durable dovetail construction using premium plywood and solid wood. Interlocking grooves connect the side panels to the face frame, with a ½-inch plywood back and corner braces for added strength—all built to the highest quality standards.

5 Year Limited Warranty

All cabinets come with a limited 5-year warranty covering defects in materials and workmanship. This warranty ensures peace of mind and reflects our commitment to long-lasting quality.

Ever-lock Shelf

This system features stainless steel clips that lock into pre-drilled holes in the bottom of the shelf. This prevents movement and ensures the sturdiness of the shelf and overall structure of the cabinet.

Soft-Close Doors and Drawers

Soft close doors and drawers come standard on every cabinet we manufacture. Our compact hinges are adjustable and feature impeccable functionality while our full-extension drawers maximize storage and feature gentle but fluid motion.

Factory-Built for Lasting Quality

Our cabinets are manufactured in state-of-the-art factories using precise, high-quality production methods. Each piece is built to exacting standards to ensure durability, consistency, and superior craftsmanship.

COLLECTIONS

ANNA

Clean lines, lasting quality, and versatile color options define the Anna Collection. This shaker-style cabinet line brings a fresh, modern touch to any kitchen, with four elegant finishes to suit any design. Built for everyday use with soft-close doors, it's a perfect blend of style and function.

Named after:

**Anna
Zisovics- Schwartz**

1929-2022

At 15, Anna Zisovics-Schwartz and her family were taken and deported by the Nazis to Auschwitz. Out of nine of them, only Anna and two sisters initially survived. After six months there, they were sent to Germany as slave laborers, where one sister died. Anna was liberated alongside her surviving sibling, Eva. When they returned home, they found their once-loving family had all been murdered by the Nazis. In Romania, Anna met Zoltan, a fellow Holocaust survivor, and together they immigrated to the U.S., started a family, and helped establish charities in Los Angeles. By her death in 2022, Anna had over 20 descendants—what she called her ultimate revenge.

ANNA

SNOW WHITE

Anna Snow White features a classic painted white shaker door that brings a bright and clean look to any kitchen. Its timeless finish complements both traditional and modern designs with effortless elegance.

ANNA

NATURAL RIFT WHITE OAK

Anna Natural Rift White Oak is crafted from premium Rift White Oak, highlighting uniquely cut grain patterns that elevate every cabinet. The high-quality material offers exceptional texture and lasting beauty.

ANNA

STONE GRAY

Anna Stone Gray offers cool gray painted shaker doors providing a sleek, sophisticated tone that adds subtle depth to your space. This versatile color blends perfectly with a wide range of styles and palettes.

ANNA

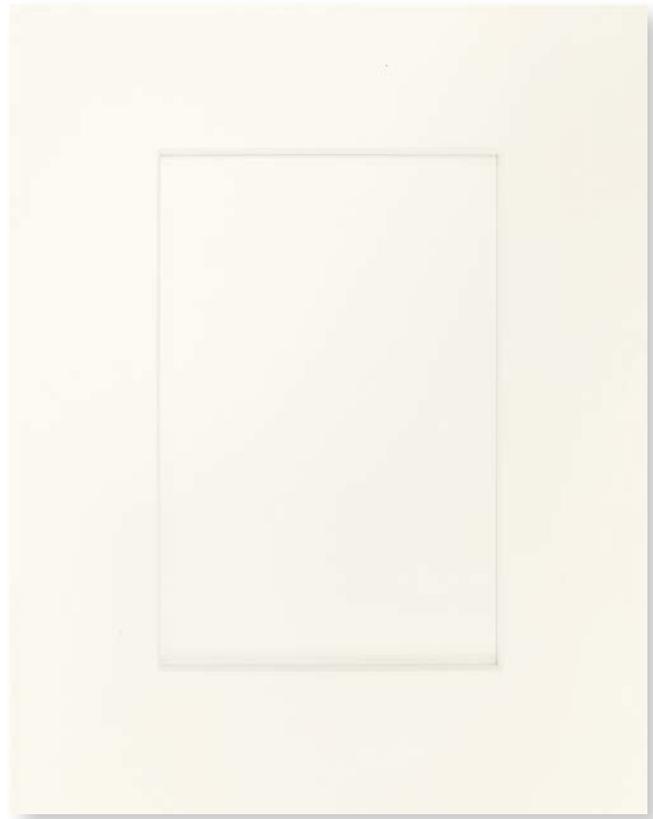

CARAMEL HARVEST

The Harriet Pearl White Collection brings timeless shaker design to life with a soft, warm white finish and clean, classic lines. Thoughtfully crafted to offer both style and savings, Harriet delivers high-quality cabinetry at a budget-friendly price—perfect for homeowners, contractors, and designers seeking refined style without compromise.

Its versatile design works beautifully across traditional and transitional spaces, while the durable finish and smooth construction ensure lasting performance. The Harriet Collection proves that affordable can still be elegant.

Key Features:

- Classic shaker doors with a soft, pearl white finish
- Cost-effective solution without sacrificing quality or style
- Durable painted surface resists wear and fading
- Soft-close doors and drawers for added comfort
- A versatile choice for remodels, rentals, or budget-conscious build

Named after:

**Harriet
Tubman**

1822-1913

Harriet Tubman escaped slavery in Maryland in 1849 using the Underground Railroad, a network of safehouses and antislavery activists. After her escape, she dedicated herself to helping others gain their freedom, making 13 additional trips and leading around 70 people to safety. She famously said she “never lost a passenger.” During the Civil War, Tubman served as a spy and nurse for the Union army. In her later years, she became an advocate for women’s suffrage. Throughout her life, she demonstrated exceptional courage and bravery.

HARRIET

PEARL WHITE

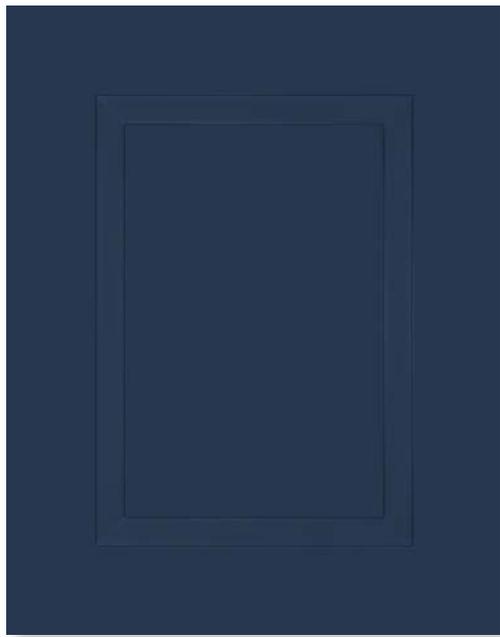

Harriet Pearl White features a soft white shaker door offering gentle elegance with a budget-friendly price point. It delivers quality craftsmanship and a timeless look without compromise.

THE ELEANOR COLLECTION

Snow White

Ocean Blue

Blending classic charm with modern refinement, the Eleanor Cabinet Collection offers a fresh twist on traditional shaker styling. A distinctive bevel detail inside the door frame adds subtle depth and elegance, setting Eleanor apart with just the right touch of sophistication.

With its clean lines and balanced design, Eleanor transitions seamlessly between traditional and contemporary spaces. Available in two timeless finishes, it's an ideal choice for creating a high-end look with enduring appeal.

Key Features:

- Unique beveled shaker doors for added character
- Clean lines suitable for both classic and modern kitchens
- Premium construction and painted finish
- Soft-close functionality included as standard
- Available in 2 versatile, designer-approved colors

Named after:
**Eleanor
Roosevelt**
1884-1962

Eleanor Roosevelt served as First Lady from 1933 to 1945 during her husband Franklin D. Roosevelt's presidency, making her the longest-serving First Lady in U.S. history. She was a passionate advocate for civil rights, particularly for African Americans, and worked to expand opportunities for women in the workplace. She played a key role in the early years of the United Nations and became the first chairperson of its Commission on Human Rights. Historians consistently regard her as one of the greatest First Ladies in American history.

ELEANOR

SNOW WHITE

Eleanor Snow White features bright white shaker doors with a distinctive beveled edge that adds dimension and refined style. This finish enhances the classic design with a subtle, sophisticated twist.

ELEANOR

OCEAN BLUE

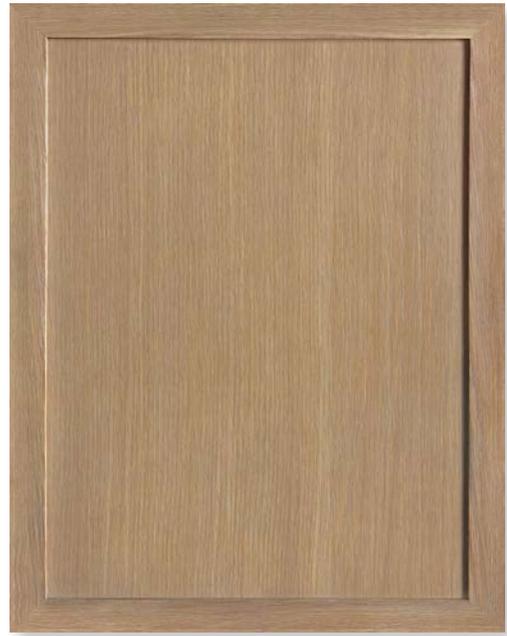

Eleanor Ocean Blue offers deep ocean blue cabinets with beveled shaker styling to bring bold, elegant color to any kitchen. The rich tone makes a striking statement while maintaining timeless appeal.

Named after:

**Maya
Angelou**
1928-2014

Maya Angelou was an acclaimed author and civil rights activist, working alongside Malcolm X and Martin Luther King Jr. on various civil rights causes. Her first autobiography, *I Know Why the Caged Bird Sings*, published in 1969, brought her international recognition for its raw portrayal of her early life. She authored seven autobiographies, often challenging the traditional structure of the genre. She became an inspiration to many, particularly African Americans and women. Her memoirs and poetry continue to be widely taught in schools today. She is seen as one of the most influential figures in American history.

MAYA

SNOW WHITE

Maya Snow White provides bright white slim shaker doors with a sleek, minimalist profile ideal for contemporary spaces. The clean lines create a fresh, modern aesthetic with lasting appeal.

WHY RIFT-CUT WHITE OAK CABINETS?

Premium American White Oak

Our cabinets are crafted from authentic American White Oak, prized for its strength, durability, and stunning straight grain. We exclusively use authentic North American White Oak lumber and veneers, and all our White Oak products are proudly FSC-certified.

Superior Rift Sawing

Rift sawing creates straight, elegant grain patterns and ensures unmatched uniformity. This meticulous process prioritizes quality over quantity, elevating the final product.

Not All Oaks Are Equal

Many competitors use cheaper woods like red oak, or birch and eucalyptus stained to mimic oak. Only real American White Oak offers lasting beauty and resilience.

Flawless Finishes

Choose between two expertly designed finishes, each offering a unique appeal:

- Natural Finish – Brushed, glazed, and toned to bring out the natural beauty and texture of the material, creating an elegant, timeless look.
- Water-Based Stain – Hand-applied to add greater depth, warmth, and character, giving the material a rich and inviting appearance.
