WHAT'S HAPPENING?

LET'S
PAINT!

BY KATHRYN LANGE

Attention all kids and parents! You may have noticed some drawings on the windows of the Empire State Bank. We all have, and that's because on October 28, they actually painted the windows. All nine artist competitors brought a partner, so there were 18 people who painted the windows. It was for fifth grade and that was it. Everyone who painted the windows made a painting first on art paper and then copied them off that.

It took about four hours to paint them. They were painted at Empire State Bank and Jabour Realty on Third avenue.

Below is a list of the people who participated in the activity.

Winners: Daria, Zoe, Nicholas, Ilana, Jared, Jineen, LillyBelle, Hadlie and Marc.

Artists' assistants: Frida, Charlie, Sophie, Clyde, Aleen, Rena, Angelina and Leila.

It was an amazing experience for the painters. If you were one of the painters, wellllllll..... give yourself a round of applause. You did so well painting the windows at Empire State Bank and Jabour Realty. So the next time you pass these places, you can remember being a winner! 🎉

MARCHING OF THE COSTUMES!

BY: DAVID ARTHUR DIANA

It was a sunny morning and the sun was shining. It was as bright as my excitement of what was going to happen next! I was going to the Ragamuffin Parade! FUN FACT: After searching this up on a Ragamuffin Parade website, I found out that the Ragamuffin Parade was started in 1967 by Father James McKenna and Cliff Scanlon for a fun alternative parade of children. With my pirate costume on, I rushed down the stairs to 3rd avenue with my family and got there right on time!

When the parade started, I felt like I was in a little school parade. Actually, I was! Costume after costume, I was seeing everybody's amazing, awesome, cool, even more extraordinary and great costumes! My favorite costume was a Lilo and Stitch costume. It's unfortunate that I couldn't march with my friend, but other than that, I was having a good time! So, everybody in P.S. 185 marched and marched for a long time.

Finally, after marching and marching, we got noticed. Not from some random person. From someone on a stage that we always see every Ragamuffin Parade. He yelled "P.S. 185!". I felt proud and accomplished for marching. At the end we got handheld toys. It was awesome marching in a parade. It was great. It was extraordinary. It was fun. It was spooky! 🎃

About the writer: David Arthur Diana is a 4th grade boy in class 4-508 (Ms. Wrigley). He likes to draw and play video games. His favorite game is Roblox. He lives with his two moms and sister. He joined the Cub Chronicle because he wanted to again for a second time.

WHAT'S HAPPENING?

BY LILLIAN McCORMICK

Everyone in P.S. 185 always goes to Assembly Day. Assembly Day is when everyone goes to the auditorium to talk about different things. We sing the Pledge. On that day, we wear black and white. A lot of things go on but one of the most important things is the Kindness Club, Kindness tickets and Cub points. You can earn Cub points if your class is quiet in the hallway, in your class, or in an assembly. You can earn a kindness ticket individually. You can get it by holding a door, letting someone pass you, or helping you get up.

It is important because it is important to be kind. It is important so people don't get hurt, people's feelings don't get hurt and so people don't get in trouble. Those are some very important things to know at P.S. 185. I think it is important to be kind to each other. Now that I told you a little about the Kindness club and Kindness tickets, I interviewed Ms. Paraponiaris to find out more about the club.

Q: Why did you start the Kindness Club?

A: One reason why is because I felt like we needed more kindness in P.S. 185.

Q: What do you like about the Kindness Club?

A: I love how excited kids get and I love how kids get promoted to spread kindness throughout the school.

Q: Do you want your kids to achieve more?

A: I always want kids to be treated with kindness and to be treated back with kindness.

Q: Would you like to do more with your club?

A: One thing is for teachers to encourage kindness in their classes.

Q: What do you love doing with your club?

A: We did cards for seniors and bookmarks. ☺

About the writer: Lillian McCormick loves cooking and swimming. Her favorite color is teal. Her favorite food is sushi. She is in 4th grade in 4-506 with Ms. Spoto and Ms. Vidals.

SHARING THE

BY KAIA ORZA

Say hello to the wonderful PTA and the wonderful student government. I interviewed Ms. **Jilian Levinson** from the PTA to learn all about the holiday food and toy drive. The PTA and the student government are organizing the toy and food drive. These wonderful and amazing people are helping many people in need. By the end of this article, I hope you learn more about the toy and food drive and want to participate in it too!

P.S. 185 is participating in the toy and food drive because the PTA's goal is to support students, families, staff and our community. The PTA can't think of a better time than the holiday season for food and toys and the PTA wants to make sure that they can help in a small or big way. The PTA will send the toys and food to the Salvation Army, which is located right around the corner from school. The donations from the toiletry drive will go to the Community Food Pantry located on 4th Avenue in Bay Ridge. One thing the PTA loves about both organizations is that they directly help the families in our neighborhood.

Everyone can send in toy and food donations! The food drive ended the day before Thanksgiving. Food was collected and bagged up by the Student Council members and staff from the Salvation Army. Each grade is assigned items for the toiletry drive to ensure they get a range of donations. Items from the toiletry drive get delivered to the Community Food Pantry by December 12th. The Salvation Army comes to P.S. 185 to collect the toys before the holiday school break. Hopefully everyone donated by the time this article publishes! This is the first year that P.S. 185 held a toy and food drive for the Salvation Army. In the spring the PTA will hold another food drive but for the Community Food Pantry. This is the fourth year of the toiletry drive. The PTA hopes to continue to support multiple important community organizations throughout the school year! Ms. **Jilian's** said her favorite part of doing the holiday toy and food drive is: "Watching our student community come together to support important causes. It's very special to watch!"

I hope you learned more about the holiday toy and food drive and want to participate in it too. PTA, staff and students have been hard workers this season and I hope that includes you! ☺

About the writer: Kaia Orza is a third grader in class 3-401. She loves sewing, writing, and taking risks. She joined the Cub Chronicle because of her love of writing and she always wanted to be a part of the newspaper. She wrote about the holiday toy and food drive because it helps our school community and she loves watching people support each other.

FUN FRIDAY

BY ELIZA INTRAVIA

Chip Friday is a really fun time to buy snacks and talk to your friends. It happens once every month and it gives children a chance to buy snacks that they don't usually get to have! The sale also provides toys and candies. There are some cool chips that you can get! Some of the toys that you can get are: Fake vampire teeth, cool pens or even an animal eraser. I usually get erasers, Lays chips and vampire teeth. My friend Olive and I love getting fake fangs together.

I also wanted to interview some of my friends for this amazing Friday. I interviewed Sadie Richter and Marcela Sherman. I have some questions for them. Let's start with Sadie Richter!

WHAT'S HAPPENING?

Q: Do you like chip Friday? Why or why not?

A: I sort of do but sometimes I don't have money and I don't get to have any of the snacks or toys or candies.

Q: What is your favorite thing to buy on Chip Friday?

A: Probably the erasers because I like to collect them.

Q: How much money do you usually bring?

A: Usually two dollars because my parents don't give me more than that.

Q: What would you want to change about chip Friday if you could?

A: I would lower the prices because they seem to be like five dollars for one piece of candy.

That was really interesting and I loved Sadie's answers! Here is the spotlight going to Marcela Sherman!

Q: How much candy do you usually get?

A: I usually get barbecue chips and Snickers candy.

Q: Have you ever gotten toys like erasers?

A: Yeah. Mostly the animal erasers.

About the writer: Eliza is in fourth grade and loves cats, playing the piano, and reading books. She really enjoys writing stories in her free time. She also has a little sister who's in second grade and is named Birdie. Eliza is so happy to be writing in the school newspaper for the second time.

The chocolate sale is a fundraiser in our school. It is for the school. This is how it works: You get a slip for your parents to sign for a chocolate box. Then, you get a chocolate box and it has 30 bars in it. You can sell them to your friends and family, but, you are advised NOT to sell to strangers and cannot sell in school! In the box, you get an envelope that you put \$60 in and if you want another box, you have your parents sign the envelope. Also, this year, there were five golden tickets in five chocolate boxes for the fundraiser.

The fundraiser goes on from October 6TH to November 21ST. Depending on how many boxes you sell, you get a prize.

Time for interviews!

I am interviewing Olive Evans class 4-504 about the chocolate fundraiser:

Q: How many boxes do you want to sell?

A: I want to sell 19 boxes of chocolate.

Q: What prize do you want to win?

A: I want to win the night light and the foam plane.

Q: What is the highest amount of boxes you have sold?

A: 20 or 10.

Q: Who do you sell your chocolate to?

A: People in my building, and people that my dad knows.

Q: What is your favorite chocolate bar and why?

A: My favorite is caramel because it is so sweet and delicious.

The chocolate sale is so amazing! I love the chocolate sale because the chocolates are so yummy! My favorite chocolate bar is caramel, just like Olive Evans, the girl I interviewed likes.

About the writer: Marcela Sherman is in the fourth grade. She loves to sew. She also plays the flute. Her favorite thing to do is hang out with her friends. This is her second time being part of newspaper

★ The Guiding Light in my Classroom! ★

BY FRIDA LOFF

What do you know about teachers in the school? I bet you don't know that much. I interviewed

Ms. Andria. She is someone we all know but some of us don't know that much about her. The reason I said the guiding light in my classroom is because she is more than a helper teacher to us. She is a friend and a kind part of our school. I wrote an article on her to answer all your questions.

Here are the questions I asked Ms. Andria. The first question I asked her is "How does it feel to be helping out a graduating class?" she said "I'm sad you are leaving the school but I am excited that you are going to start a new chapter in your life." The next question I asked was "What is your favorite subject to help teach?" She said "Math." Next I asked "What do you like to do after school?" She answered, "Bake, and spend time with my family." I also asked "What is your strength?" She said "Patience. You need patience in order to help and work with kids." The last question I asked was "What is your weakness?" She answered by "Wanting to do everything on my own without asking for help."

Mrs. Andria is amazing. When I graduate, then all the kids in the school are lucky to have her. I love her and you will too! 

About the writer: Frida Loff has been in the newspaper for three years. She loves gymnastics, horseback riding, dance, cheerleading and acting. She loves cats and has two of them, plus one lizard. Meet the 2025 Class Rep Running for President: The School Changer

BY MATEO RODRIGUEZ

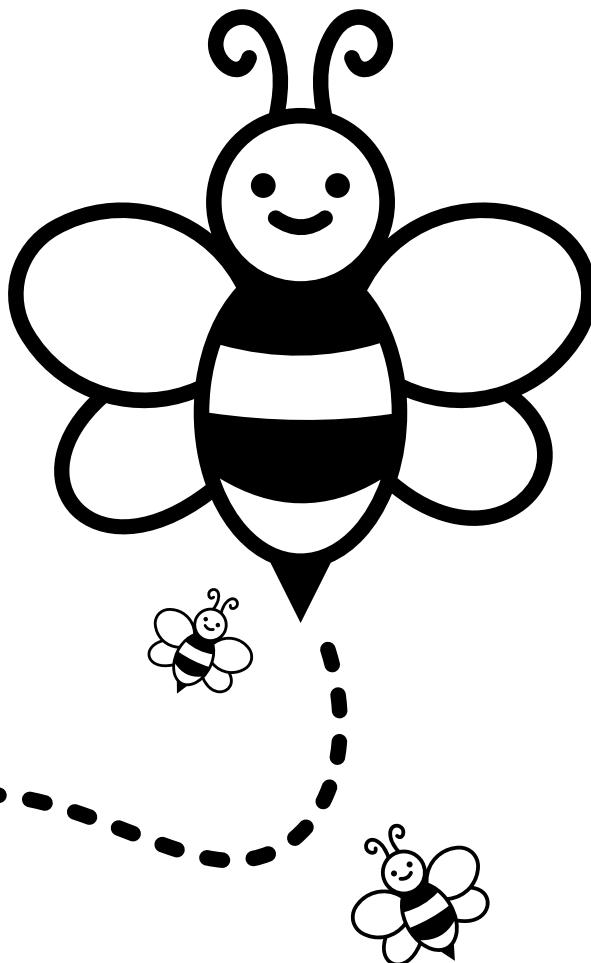

My name is Mateo and I'm here to interview Josie Cheap, a kid who wants to change our school.

Josie chose to join the student government because she wanted to change the school and make it a better place for everyone. Josie's personal favorite food are pickles. Guess what Josie's favorite game is... ROBLOX! Josie had to decide what movie she liked but she found it: Hunger Games. Guess what? I think you guys will like this. Her favorite holiday is Christmas.

In her opinion, the biggest problem in the school is recess. There is nowhere to sit during recess because the benches are either wet or taken up by lunch boxes, so her idea is to get pads to sit on during recess. One of her strengths is that she is able to solve problems. One of her weaknesses is that sometimes she doesn't know how to help people. The biggest problem she wants to fix is the bathrooms. The main people that encouraged her to join student government were her family and friends.

Thank you for your time. I hope you liked the interview. 🐶

About the writer: Mateo is in fourth grade in class 4-508. He's also in student government as a class rep. He lives at home with his mom, dad and sister. He plays baseball for a team called TKR and the St. Anselm basketball team.

Too Loud To Lunch!

BY STELLA KOVARY

My story is about how loud the school cafeteria is. Since I was in kindergarten, the cafeteria has always been soooooo loud! I think everyone should be more respectful. I asked a few students to hear what they think too. My little sister Charlotte from class K-210 said "It's soooooooooo loud!" When I asked my friend Margaret, she agreed with me too and said it's way too loud! Maybe everyone will read this article and then will try to be more quiet so we can have lunch without yelling :)

About the writer: Stella is in the third grade in class 3-404. She has a little sister, a cat and a lot of friends.
