Important Information:

Even though every effort is made to prevent printing errors and whilst all product specifications in this catalogue are stated as accurately as possible, they are for guidance only. We reserve the right to alter prices and specifications without prior notice - we will do our best to give notice when and how possible. We advise contacting us for further information, especially if specification is critical.

Lead times are given as a guide ONLY for single / small quantities. For larger quantities or specific requirements, please contact us on 01446 772614. Lead times may vary during busy periods - we still endeavour to despatch as soon as possible. Lead times are also subject to availability.

Most of the products within this catalogue include standard carriage charges to UK mainland addresses. Some deliveries to Scotland, Rep. Ireland and N. Ireland may be subject to additional charges (other items within this catalogue may also have additional carriage charges, please ask for details). All prices shown are exclusive of VAT.

All orders are subject to our 'Terms and Conditions' of sale, please contact us for further details.

PALM BUTTONS
Move from storage to A-frame to extension ladder configurations by pushing the ladder's palm buttons.

RAPID LOCKS™
Gently twist the rapid locks, and then slide the stiles of the ladder to the desired size. Twist the Rapid Lock once more to lock the ladder stiles in place.

SIDE MOUNTED STABILISER BAR
New to the UK, side-mounted stabiliser bars are independent of each other, so can be used to level the ladder on uneven ground.

- Side-mounted levellers for use on uneven ground
- Rapid-Locks™ make adjusting your ladder quick and easy
- Heavy-wall military grade construction
- Tip & Glide wheels for easy transport
- Lifetime warranty
- 150kg Work Load Capacity
- EN131-4

OPTIONAL ACCESSORIES

Castors

2 swivel, 2 fixed castors, 100mm dia. nylon wheels. Provides for ease of movement and storage independent of forklift truck. Increases height by 125mm

Ref: WGASP4 **£67.75**

Tool Tray

Welded tool tray hooks onto front guard rail. Complete with locking screws.
L x W x D: 1000 x 200 x 200mm
Weight: 10 Kg

Ref: WGASP2 **£95.01**

For use with forklift trucks, the Access Platform has been designed to provide easier access for your maintenance, repair and installation requirements.

Manufactured according to Health and Safety Executive guidance note PM28 (3rd edition) December 2005.

Approved to be used by 2 persons of average weight
- max total load capacity 350kg

- Fully welded with a raised expanded metal floor
- Tubular handrail
- Rear RSA frame with wire mesh panels
- Hinged entry gate fitted with spring to return to closed position
- Spring loaded retention bolt holds gate in closed position
- Platform locks onto the lift truck forks with threaded screw jacks
- Yellow epoxy finish

Raised gate lock and slam bolt

Fork heel lock and screw jack

Capacity	350kg
Platform Width x Length	1000 x 1000mm
Handrail height	1010mm
Total height	1925mm
Overall width (not including screw jacks)	1020mm
Overall depth	1020mm
Gate width	510mm
Weight (approx.)	78kg
Ref	WGASP1
Price	£949.43

IMPORTANT ORDERING REQUIREMENTS:

In the interests of safety, we do not specify standard fork location details. Platform must be manufactured to your forklift truck specification.

On all orders please specify:

1. Length of fork
2. Width and depth (cross section) of fork
3. Maximum standard distance between forks

PROTECTIVE HAND GRIPS / LOAD STRAPS

FROM

£26.09

5 DAYS

PROTECTIVE HAND GRIPS

Fitted as standard to all sack trucks without loop handles. High impact, semi-flexible plastic. Comfortably contoured, protector runs full length of grip. Also available for fixing to existing trucks. (hole for riveting to any 25mm outside diameter tube). Colour: Red.

Ref: WGEC010

£26.09

LOAD STRAPS

Designed to enable trucks to be fully utilised with larger loads, particularly when transporting a variety of products. Easy to use and a great help in cutting down the number of necessary journeys. Snap on to 25mm outside diameter tube (covers most of our truck range). Integral friction locking buckle. The strap is simply pulled through into position. Use for load retention only, not suitable for lifting.

SHELF BINS

FROM

£105.33

5-15 DAYS

- Available in 17 sizes
- Tough, blue polypropylene bins
- Practical alternative solution to cardboard or steel
- Shelf bins are impervious to most oils, greases and chemicals and make the best use of available shelf space, particularly when used with shelving systems
- The bin design includes a semi-open front, a facility for transparent dividers and a bin stop
- For identification, durable plastic holders (complete with labels) are available
- When not in use the bins will nest, reducing the amount of storage space required

MAGNETIC / SELF ADHESIVE LABEL HOLDERS

FROM

£35.00

Easy to update and move. Available in rolls of up to 50 metres.

Our magnetic and self-adhesive label holders are supplied from stock in pre-cut lengths but special sizes can be supplied on request. Each holder is supplied with white card inserts and a cover strip. Pre-printed inserts can also be supplied for each of the holders incorporating barcodes and location codes. Please contact our sales office for further details.

Magnetic are ideal for applications where regular changes are required, easier and quicker to move than adhesive backed holders. They are also suitable for use in cold stores.

- Instant and highly visible identification
- Easy to update and cut to size
- Standard sizes supplied from stock

IMPACT PROTECTION

FROM

£30.60

2 DAYS

- For indoor and outdoor use
- High quality PU foam
- Absorbs impacts while retaining shape
- Resistant to UV light and solvents
- Temperature resistant

Effective in providing both visual warning and safety cushioning of hard and unyielding objects. They are manufactured from Polyurethane (PU) foam which is flexible and age resistant, the self-adhesive backing adheres to dry, smooth, clean dust free and degreased surfaces permanently. In addition to the above qualities Impact Protection features the following advantages:

- Quick and easy installation
- UV and solvent resistant
- CFC and silicone free
- Temperature resistant from -40°C to +90°C
- Fire resistant to UL 94
- Completely non-porous
- Easily handled 1000mm lengths
- Easy to cut to length with a sharp knife or fine toothed saw

Length: 1000mm

Standard Marking: Yellow/Black (according to DIN 4844)

Note:

Other colours available on request (Red/White or Black).

Use 1 metre lengths for small to medium installations, for longer installations use 5 metre lengths

Tip:

For extreme load conditions fixing can be reinforced with standard PU adhesive

COBASWITCH BS EN:61111

FROM

£38.11

3 DAYS

- Specialist electrical insulating matting to protect operatives from electrical shocks.
- Conforms to the most recent internationally recognised safety standard IEC 61111:2009 /BS EN 61111:2009.
- Designed specifically for use in front of switchboards and for other areas with high voltage equipment.
- Three thicknesses available to meet the different classes of working voltage, Class 0, Class 2 and Class 4.
- Colour coded on the reverse clearly identifying the working voltage classification.
- Ribbed surface helps to provide a firmer footing, reducing the risk of slips while improving standing comfort.

ORTHOMAT®

FROM

£23.67

3 DAYS

The Orthomat® range has been specifically designed to reduce the onset of fatigue caused by prolonged standing, while providing some underfoot grip in dry environments.

- Manufactured from 100% closed cell PVC foam
- Underfoot cushioning stimulates blood circulation
- Reduces pressure to the feet, legs and back
- Pebbled 'textured' surface.
- Available as with bright yellow bevelled edge borders
- Fire tested to BS EN 13501-1
- Product height: 9.5mm

Size	Colour	Ref	Price
0.6m x 0.9m	Charcoal	WGAF010001	£23.67
0.9m x 1.5m	Charcoal	WGAF010002	£57.46

RAMP MAT

FROM

£34.14

3 DAYS

Banish cold hard concrete floors with our entry level rubber anti-fatigue mat. Provide standing relief to all workers with this economical anti-fatigue mat.

- Raised circular surface provides effective slip resistance.
- Open drainage holes capture spilt liquids, swarf or other debris to help prevent slips.
- Moulded ramped edges to reduce the risk of trips and allow wheeled access.
- Made from hardwearing rubber for durability.
- Slip tested to DIN 51130.
- Low cost but durable comfort mat for the workplace.
- Raised circular surface for slip resistance.
- Open drainage holes for spilt liquids.
- Made from hardwearing NBR rubber.
- Moulded bevelled edges reduce trip hazards.

Need something out of the ordinary? Why not use our specials service.

This catalogue contains many hundreds of products and variations, but no matter how many we offer, there will always be a requirement for something different or special.

Our specials service is here to provide solutions to those specific requirements. All you need to do is tell us what you need it to do, or sketch it out. Our design team will work with you to produce the ideal product for your special requirements.

We can help in two ways, either adapt a product, starting with one of our standard products and amend it to your requirements. Or, design from scratch, starting from a blank piece of paper we will come up with a solution to solve your needs.

All our special products can be made as a 'one off' or on batch production, just tell us how many you need.
