Still not sure what the latest decor trend is for walls? Then the **metallic trend** could be just the thing for you. From now on, brass, copper, silver or chrome create extra lustre in your home and bathe rooms in warm, welcoming light. Because these elegant wallpaper designs look anything but cool and metallic.

The floral patterns, **fine embossing** and **natural colours** cleverly combine modern luxury and a cosy, inviting feel.

For a more elegant look, opt for **silver-grey accents**, while brass-gold styles are more suitable for a touch of retro. And the fresh **Scandi look** can be emphasised wonderfully with unit wallpaper in shades of copper and mother-of-pearl. Sometimes a softly shimmering eye-catcher is enough, sometimes the entire wall looks its best clad in exquisite metal. But one thing is clear: you can always expect a **masterpiece** here.
