CUFFLAPEL

Cufflapel" seems like a compound term combining "cuff" and "lapel." Here's how to pronounce each part: - **Cuff**: /kʌf/ - **Lapel**: /lə'pɛl/

So, "Cufflapel" would be pronounced as **/kʌf-lə'pɛl/**. It should sound like **"KUFF-luh-PEL"**

Introducing Cufflapel – a trailblazer in both offline and online bespoke fashion, dedicated to redefining modern style through innovation and personalization. At Cufflapel, we combine traditional craftsmanship with cutting-edge technology to create the perfect fit for men and women, every time.

Our latest AI-driven body measuring solutions ensure precision in tailoring, offering an unmatched level of customization for all types of fashion. With an extensive fabric selection provided by one of Malaysia's largest fabric companies, our sources are virtually limitless, allowing us to cater to your unique taste and preferences.

AFFORDABLE WITH TECHNOLOGY

At Cufflapel, we understand the unique benefits that tailored clothing brings compared to standard ready-made options. Here's how they differ:
