Protect the surface of your workbench and tools from damage with a highly-durable, self-healing cutting mat. Each cutting mat is designed to provide a long-lasting surface suitable for any workshop or industrial environment.

Choose from this wide selection of materials and sizes.

Medium-Duty 3mm

A perfect solution for small or medium application environments.

- 3.0mm thick semi-opaque white medium-duty cutting mat.
- Solvent proof and lightly textured anti-glare surface.

Heavy-Duty 4.5mm

A great solution for larger applications and fabricating environments.

- 4.5mm thick semi-opaque white heavy-duty cutting mat.
- Solvent proof and lightly textured anti-glare surface.

Supaseal Clear 5mm

Long-term durability and excellent self-healing properties. Suitable for medium to heavy-duty applications.

- 5mm thick and double-sided, completely clear with a slight blue tint.
- Features hygienic 'easy clean' and waterproof properties.

Supaseal Grey 5mm

Long-term durability and excellent self-healing properties. Offers the same properties as Supaseal Clear with a solid grey colour.

- 5mm thick and double-sided.
- Ideal mat to provide a smart clean bench finish to hide a worn bench surface.

Ultraseal Grey 6mm

Designed and manufactured for hi-tech industries where there is extreme and constant cutting.

- 6mm thick grey smooth finish.
- Exceptional self-healing and wear properties.

Green 3mm

The perfect cutting mat for craft, textiles, and quilting applications.

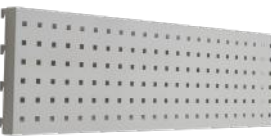

- 3mm premium 5-layer self-healing cutting mat.
- Double-sided and comes complete with printed grid on both sides.

Our SpillZone® Absorbent Stations provide an effective solution for storing absorbent kits within the workplace. Each SpillZone® includes various roll holders and compartments designed to hold absorbent rolls, sheets, and socks. Additionally, there is a lockable cupboard at the bottom for storing replenished stock. Contents within imagery are not included - only the SpillZone® Absorbent Station is available to purchase.

- Made from robust thick mild steel for outstanding strength.
- Three configurations available.
- H1820 x W550 x D550mm.
- Lockable storage cupboard for storing stock absorbent sheets/rolls.
- Fitted as standard with cam locks, supplied with 2 keys. Latch locks are also available as an alternative.
- Finished with a durable powder-coated dark blue paint with yellow door fronts.
- Reaction to Fire Classification EN 13501-1.
- SpillZone units with cam locks are available for express delivery. Latch lock options are on extended lead time.

Many organisations, schools and workplace environments wish to make their premises as attractive as possible for employees, students and visitors alike. The Spectrum Locker range offers the strength and durability of the Standard Locker range but with a variety of exciting colour options.

- Lateral security beam enhances the durability of the locker.
- Hinges are 40mm deep. This again offers greater quality and durability.
- Ideal for schools, universities and public authorities where long-lasting durability is required.
- Frame constructed from 0.7mm steel which ensures strength and security.
- Powder Coated with Germ Guard Active Technology paint.
- Reaction to Fire Classification EN 13501-1.
- Minimum order quantity of 8 lockers, one-door colour.

These lockers are manufactured from pre-coated galvanised steel for damp environments or where frequent washing down is required.

- Strengthened and ventilated doors with rubber buffers.
- Single-tier lockers fitted with top shelf and coat hook.
- Two-tier lockers fitted with coat hook in each compartment.
- Powder coated with Germ Guard Active Technology anti-bacterial paint.
- Hinges are 75mm deep. This offers greater quality and durability.
- Ideal for changing rooms, saunas and food preparation plants.
- 2, 3 and 4 door lockers fitted with security shelf to prevent unauthorised access to the compartment below.
- Moisture-resistant cam locks are fitted as standard for superior lock durability in moist environments.
- Lateral security beam enhances the security of the product.

Padlock Lockers

Padlock Lockers are designed for users to securely store their belongings using their own padlock. This feature is particularly useful in public spaces such as leisure centres, gyms, and schools. The lockers are powder-coated in a selection of standard colours and have strengthened doors. Each door panel is vented and equipped with rubber buffers. Additionally, they are fitted with a hasp and staple to accommodate padlocks.

- Single-tier lockers fitted with top shelf and coat hook.
- Two-tier lockers fitted with coat hook in each compartment.
- Strengthened and ventilated doors with rubber buffers.
- Powder coated with Germ Guard Active Technology paint.
- Minimum order quantity of 8 lockers.

3-pin plug or 3-pin plug with USB-C port in each compartment

The Fire Suppression Charging Locker is a high-safety solution for securely charging and storing electronic devices in shared spaces. Featuring integrated FirePro fire suppression technology, it offers enhanced protection when charging batteries, power tools, laptops, and other portable devices. With 4, 6, 8 or 10-door configurations, each equipped with individually lockable compartments, it provides organized, secure storage for multiple users. The lockers are designed with quick fire detection and rapid suppression capabilities to minimise damage, protecting both equipment and surrounding areas.

- Integrated FirePro fire suppression system for enhanced safety.
- Available in 4, 6, 8 and 10-door configurations.
- Perforated 1.2mm shelves for ventilation and effective fire suppression.
- CE tested and compliant with EU safety standards.
- Each compartment includes a 3-pin plug or 3-pin plug with USB-C port for device-specific charging.
- Control unit positioned on top of locker for easy access.
- Fire suppression activates at 68°C.
- Fitted with standard mastered cam locks with 2,000 differs.
- Ventilated, reinforced doors with rubber buffers for durability.
- Powder-coated with Germ Guard Active Technology and distinctive red doors.

Locker Sloping Tops

Keep staff rooms and locker rooms neat and tidy by upgrading your lockers with a sloping top.

- Locker sloping tops discourage the placement of unwanted articles on top of the locker unit.
- Powder coated Light Grey with Germ Guard Active Technology paint.
- Standard sloping top or galvanised sloping tops available, ideal for areas with high levels of moisture such as shower rooms or areas where regular cleaning is required.
- Sloping tops can be specified at time of order or retro fitted later.

Please Note: A rivet gun is required to install sloping tops.

Locker Stands

Locker stands raise the height of locker nests by 150mm.

- Locker stands promote cleanliness and hygiene levels by allowing access to floor for cleaning.
- Fitted with adjustable feet making them ideal for nesting lockers on uneven floors.
- Up to 6 sizes available to suit your locker room configuration.
- Powder coated Light Grey with Germ Guard Active Technology paint.
- Standard or Splash Locker Stands available, ideal for areas with high levels of moisture such as shower rooms or areas where regular cleaning is required.

Folding Bike Lockers

Designed for folding and Brompton-style bikes, our Folding Bike Lockers provide secure, space-saving storage in a compact 450mm x 650mm footprint. Each UK-made unit has three compartments for your bike, helmet, and small personal items — ideal for workplaces, apartments, and public facilities where space is limited. Available in a range of colours and finishes, lockers come with cam locks as standard, with upgrade options including hasp and staple, combination locks, and digital keypads for added security.

- Locker dimensions: H2150mm x W450mm x D650mm.
- Internal locker dimensions: H630mm x W440mm x D650mm.
- Door clearance: 650mm x 370mm.
- Fitted with standard mastered cam locks with 2,000 differs.
- Available with solid or perforated doors.
- Strengthened and ventilated doors with rubber buffers.
- Holes at the base of the locker allow it to be securely fastened to the floor and wall for extra stability.
- Powder coated with Germ Guard Active Technology paint.

Smoking Shelters

- 176 Premier Smoking Shelters
- 177 Traditional Smoking Shelters
- 178 Wall-Mounted Smoking Shelters

- 179 Smoking Canopies
- 180 Smoking Shelter Accessories

Premier Shelter shown with clear perspex sides

If sited within 5 miles of the coast, we strongly recommend an additional weather treatment for the steel work. This is available for a modest additional charge.

The Premier Smoking Shelter features a curved roof constructed from translucent polycarbonate panels, offering up to 97% UV protection. This contemporary design allows employers to create a modern and visually appealing smoking area that is separate from main entrances and exits.

- Robust all-weather construction.
- Choice of clear perspex or powder-coated steel perforated side & back panels.
- Adjustable feet for on-site positioning.
- More than 50% open area to allow rapid dispersal of cigarette fumes.
- Suitable for up to 9 people.
- Parabolts for surface mounting included. Must be bolted to 250mm thick concrete for stability.
- Frame-mounted seats available - Please see page 180.
- Site survey and installation service available.

Traditional shelter shown with optional bench seating and smoking bin

If sited within 5 miles of the coast, we strongly recommend an additional weather treatment for the steel work. This is available for a modest additional charge.

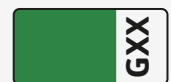

Legislation throughout the UK banning smoking in public places including the workplace has resulted in employers adopting new codes of practice to accommodate smokers. These shelters enable employers and establishments to create a designated smoking area away from main entrances and exits.

- Robust all-weather construction.
- 6mm clear perspex sides with choice of perforated steel or perspex back.
- Adjustable feet for on-site positioning.
- More than 50% open area to allow rapid dispersal of cigarette fumes.
- Smaller shelters suitable for up to 9 people, larger shelters for up to 12 people.
- Parabolts for surface mounting included. Must be bolted to 250mm thick concrete for stability.

Drum Storage Shelters

Designed for the secure storage of cylinders, drums, components, and products, these covered shelters allow safe outdoor storage. Constructed with a square steel frame and galvanised steel panels on the sides and rear, they are robust and weather-resistant.

- Feet supplied for surface mounting as standard.
- Internal storage area is 2.35 wide x 2.1 high x 1.27 metres deep.
- Powder coated dark blue with Germ Guard Active Technology paint.
- Corrosion resistant galvanised panels.
- Full site survey and erection service available.

Pallets & Drum Storage

Keep gas cylinders secure and your site compliant with our Gas Cylinder Storage Cages. These tough, box-section steel enclosures are built for busy workshops and industrial areas where safe, tidy cylinder storage is essential.

Choose from four configurations in either mobile or static options. Mobile cages are fitted with two swivel and two fixed castors for easy movement, while static versions come with pallet feet for stable, practical positioning. Every cage includes hinged doors with a padlock-ready hasp (padlock not included) plus a gas storage warning label for clear identification.

- Fully-welded heavy-duty box section steel.
- Holds up to 8 propane cylinders or 16 smaller bottles in four different configurations.
- Internal dimensions: H1585mm x W1710mm x D810mm.
- Load capacity - 800kg.
- Hinged doors with padlock-ready hasp for secure access (padlock not included).
- Powder coated dark blue with Germ Guard Active Technology paint or galvanised finish.
- Supplied with warning identification label.

Fitted with pallet feet or castors

NEW PRODUCT

Barriers

These gate barriers feature a durable, soft-close hinge that automatically returns the gate to its closed position after each use. This ensures the gate barrier is always secured once someone passes through.

Available in both single and double panel configurations, they offer the flexibility to suit a wide range of applications. Whether you're working on a new build or upgrading an existing site, our self-close gate barriers are a practical, reliable solution for almost any access point.

- Fully-welded construction.
- Available with single or double panels.
- Available either open or with mesh infills.
- Saloon and Double Gate Barriers can be fitted with a lock for additional safety and security.
- Powder coated in high visibility yellow Germ Guard Active Technology paint.
- Order quantities may apply, please speak to the sales team.

Special Products

Although we offer a wide range of products, we understand that some users may have specific needs that can only be met by a custom-designed solution. In such cases, our technical team would be happy to discuss how we can adapt our standard design to meet those unique requirements. This could involve accommodating existing features or equipment safely, as well as modifying dimensions, colours, and material specifications from our standard options.

Our Special Product Design Service includes:

- Examining the original sketch or idea.
- Developing the concept in alignment with QMP manufacturing methods.
- Producing a drawing or sample for approval prior to production.
- The expertise of an in-house designer utilising SolidWorks and Radon software.
- Comprehensive project management covering the entire process from concept to design, delivery, and installation.

Special Colours and Finishes

To personalise a product and ensure it matches your organisation's logo, brand, or corporate colour scheme, you can select from a wide variety of colours and finishes. Most RAL colours can be applied to our product ranges. In addition to gloss finishes, we also offer matte and metallic options. Please note that these choices are subject to a modest additional charge and have a minimum order requirement.

Made in Great Britain

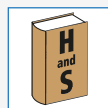

Installation

In addition to designing, manufacturing, and delivering your QMP product, we also offer installation services at your customers' premises. For a reasonable fee, our expert installation team, supported by our professional project management staff, will ensure that your order is installed on-site at a convenient time and to high standards.

Please note: If you need to cancel or change an installation date for any reason, we require 48 hours' notice. Otherwise, additional charges may apply.

Our experienced and fully trained installation team:

Work safely within current Health & Safety regulations and willingly comply with site rules and regulations.

Work quickly to minimise any disruption.

Bring all necessary tools and equipment with them.

Are courteous and friendly at all times.

Carry ID if required.

Ask for a signature to confirm complete satisfaction with work.

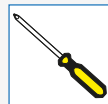

Our service includes:

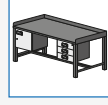

Moving the order from point of delivery to point of use.

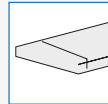

Unpacking the order from its protective transit packaging.

Assembling all product supplied in flat-pack format.

Positioning the product in the correct place.

Securing product to wall or floor as applicable.

By prior arrangement, carrying out any selected groundworks.

Small Order Charges - Orders of less than £350 excluding VAT after any applicable discounts may, at our discretion, attract a small order charge of £35 per delivery to mainland UK addresses. Certain low value orders may be made available only on an ex-works basis.

Call-Off Orders - We accept call-off orders provided the delivery date for all call-offs is confirmed in writing on the purchase order. Once the order is placed, call off dates may not be changed except by prior agreement. Should call-off dates not be confirmed at the time of order, QMP will price and manufacture the call-offs as separate orders.

Offshore Deliveries - We can arrange delivery at extra cost to offshore locations. Details are available on request from our sales office.

Payment Terms - QMP payment terms are 30 days net end of month following the month of invoice for credit accounts. Credit accounts are available subject to status.

Returns - In the unlikely event of you wishing to return goods, please contact the QMP sales department for authorisation. Manufactured to order and bespoke products cannot be returned into stock.

Selected items from our 'Express Delivery' range can be returned to stock, please contact sales for more information.

Please note that a re-stocking fee of 25% of the invoice value plus delivery costs will apply. Customers are expected to arrange transport of goods at their own expense.

Damages - If an item is delivered damaged we ask that the customer does not sign to accept the delivery, deliveries should only be signed for once inspected by the customer for signs of damage.

We ask that any damages be reported to QMP Sales immediately who will arrange for a replacement to be dispatched.

Shortages - If items are missing from the delivery customers must notify QMP Sales immediately who will arrange for the missing items to be dispatched.

Refusal of Goods - If delivery of goods is refused, then a re-delivery will be arranged by our sales department and customers will be notified of the re-delivery costs.

Cancelling Orders - Please call us immediately should you wish to cancel an order. We accept order cancellations without charge provided we have not started to make your order. If production has started, cancelling your order will be subject to a cancellation charge in proportion to our incurred costs.

Product Design - QMP reserves the right to change the design of our products from time to time without prior notice. Images within this catalogue are correct at time of going to press, but may differ at point of order. We also reserve the right to discontinue products. If you require a product to exactly match a particular design, please contact us before placing an order to ensure this is possible.

Colour Matching - Whilst we will always use paints manufactured to specified RAL numbers, no guarantee can be given to provide an exact match of colour or finish with previously made products. This also applies to worktops for workbenches and compact laminate for locker doors.

Retention of Title - Goods remain the property of QMP until paid for in full.
