DESIGNED BY
Foster + Partners

DEDICATED TO INTERNATIONAL EXCELLENCE

Founded in London by Sir Norman Foster in 1967, Foster + Partners is now a worldwide studio of over 1200 staff with projects completed in over 75 countries. Over the past four decades, the company has undertaken a strikingly wide range of work, including civic and cultural buildings, offices, private houses and public infrastructure. It was responsible for the design of the single largest building on the planet, Beijing International Airport, and at the other end of the scale, the practice has designed a variety of furniture commissions and products, including a pen.

PRINCIPAL TOWER and the Gherkin, both iconic designs by Foster + Partners, will bookend London's City Centre.

EDUCATIONAL ESTABLISHMENTS

London is home to some of the most famous colleges and universities in the world.

King's College, London Business School, University College of London (UCL) and London School of Economics and Political Science (LSE) are to name but a few.

DAY AND NIGHT

By day, the apartments are flooded with natural light, providing an ambience that is both energising and life-enhancing. By night, residents will enjoy a privileged view of the lights and romance of the world's most famous capital city.

A modern bedroom interior featuring a large bed with a dark headboard and a dark wood base. The bed is dressed in white linens and a dark blue throw blanket. A large window on the right side of the room offers a panoramic view of a city skyline at night, with lights from buildings and streets visible. The room is dimly lit, with a small lamp on a bedside table and recessed ceiling lights. A framed abstract artwork hangs on the wall above the bed. A modern armchair is visible on the right side of the room.

TONAL VALUES

The interior design team has chosen two palette options for the Upper House kitchens and bathrooms:

CHAMPAGNE:

Kitchen units are finished in luxurious 'Figured Sycamore' timber veneer. The master bathrooms will feature a bespoke marble bath surround and vanity units in polished 'Arabescato Corchia' marble from Italy, contrasted by the 'Dark Bleu de Savoie' marble on the walls and floors.

CAVIAR:

Kitchen units will be finished in 'Eucalyptus' timber veneer. The master bathroom will feature a bespoke marble bath surround and vanity unit in polished 'Grey Marquina' marble and contrasted by 'Light Bleu de Savoie' marble to walls and floor.
