Hi, I'm Hannah (she/her), the face and creative heart behind Fresh Eye Weddings. I'm a wedding photographer and videographer based in Dorset, working across the UK and beyond. My passion is telling real love stories through a natural documentary style that is candid and unposed, so every gallery and film feels authentically you.

I believe wedding photography and videography should feel effortless. Your day isn't about staged smiles or rigid posing – it's about being fully present, while I quietly capture the moments you'll want to relive forever.

Inclusivity is at the core of everything I do. I'm proud to be part of the LGBTQ+ community, a committed ally, and an accessibility-friendly, neurodivergent creator. My goal is always to create a safe, welcoming space where every couple feels relaxed and celebrated.

With Fresh Eye Weddings, you're not just booking someone to document your day – you're choosing a storyteller who sees the beauty in the unscripted moments and celebrates love in all its forms.

WHAT TO EXPECT *my style*

Your wedding isn't a photoshoot – it's a celebration. My role is to capture it as it unfolds, so you can focus on being fully present with the people you love most.

I work in a natural documentary style, blending into the background to record the real, unscripted moments – the big emotions, the quiet details, and everything in between. You won't find me barking orders or staging endless poses. Instead, I capture your story in a way that feels candid and unposed, letting your personalities shine through.

The result? A collection of images and films that are authentically you – full of warmth, emotion, and genuine connection. Photographs and films that not only show how your day looked, but remind you exactly how it felt.

Before You Book

Booking your photographer or videographer should feel easy and stress-free. We'll start with a relaxed chat to make sure my natural documentary style feels like the right fit for you. I'll guide you through the options – photography, videography, or hybrid capture – so you can choose what suits your day best, with no pressure.

WEDDING

Testimonial

"We were so lucky to have Hannah capture our wedding day. Hannah took the time ahead of the wedding to meet with me to talk through expectations on the day, including any special moments that were important to us that we wanted to ensure were captured. Hannah kept in communication with us throughout the process and ensured we were happy every step of the way. Hannah was a calm and professional presence throughout the day and as a couple we had been apprehensive about being videoed but we actually barely noticed this on the day at all which I think is a real credit to Hannah's professionalism and expertise. We received a preview of our wedding video which was absolutely stunning and meant we were able to have a sneak preview whilst Hannah was undoubtedly busy editing and preparing our final version. The videos received were of such beautiful quality, including not only the moments captured but the sound and visual quality too. The attention to detail that must have gone into ensuring the most special of moments were kept in the final edit are a true reflection of the passion Hannah has for creating these lasting memories. Watching our video was truly magical and we honestly are so so grateful and still cannot believe how beautiful this is."

NEXT STEPS

How to Book

Booking your wedding coverage should feel simple and stress-free. Once you enquire, we'll arrange a relaxed Zoom call (or meet in person if local) to chat through your plans, your vision, and how I can help. This isn't a sales pitch – just a chance for us to connect and make sure my style is the right fit for you.

When you're ready to go ahead, a £500 non-refundable booking fee secures your date in my calendar. I'll then send over a straightforward contract so you have complete peace of mind knowing all the details are confirmed.

Around 6-8 weeks before the wedding, I'll send you a detailed questionnaire to capture timings, group photo lists, and any special requests. If you've booked an engagement shoot, we'll arrange this earlier on, giving you a chance to relax in front of the camera before the big day.

In the weeks leading up to your wedding, we'll also have a quick check-in to confirm timings, logistics, and anything important to you. After that, you can relax knowing everything is taken care of.

NEXT STEPS

Payment Terms

The remaining balance for your chosen collection is due at least 4 weeks before your wedding.

You can choose to:

- Pay in one lump sum anytime before the 4-week deadline.
- Spread the cost with instalments by direct debit in a way that works best for you.

This flexibility is designed to make budgeting simple and stress-free, so you can focus on enjoying the lead-up to your day.

WEDDING

Testimonial

"We hired Hannah as our wedding videographer after seeing her amazing work for a friend's wedding. Before the big day, we had a fantastic engagement shoot with her, and the photos were beautiful. A few months before our wedding, Hannah had an unforeseen circumstance come up and was unable to be there in person. However, she was incredibly professional and handled everything, seamlessly arranging for another videographer to step in. The day went perfectly, and we were so grateful for how smoothly she managed the transition. Afterward, Hannah personally edited our wedding video, and we absolutely love it—it's the perfect way to relive our special day."

WHAT TO EXPECT *on the day*

Every wedding is unique, and no two days ever run exactly the same. What follows is simply a sample of what to expect with me by your side — not a rigid plan. We'll confirm all of the important details together in advance so that you can relax and focus on the day itself, knowing I won't miss a thing.

I begin with the morning preparations, capturing the atmosphere, the details, and those natural moments of excitement and anticipation. From there, I move discreetly through the day, working in a way that is as unobtrusive as possible — the goal is for you and your guests to forget I'm even there, so everything feels natural and relaxed.

During the ceremony, I quietly move to different angles without disrupting the flow, documenting the moments as they unfold. Afterwards, I'll capture the atmosphere of the drinks reception and celebrations. This is often a great time for group photographs or relaxed couple portraits if you'd like them, but my primary focus is always documentary, candid storytelling.

When the wedding breakfast begins, I usually step back and take a short break — giving you space to enjoy your meal in peace. I then return for the speeches, where emotions often run high, followed by the evening entertainment. From dancing to sparklers, games to fireworks, I'll be there capturing it all in my natural style.

Full-day coverage includes up to 10 hours, while a half-day option provides 5 hours — usually enough to cover morning preparations through to the start of the reception, or an afternoon ceremony through to the first dance. Half-day is ideal if you'd like key moments captured while keeping to a smaller budget.

No matter which collection you choose, the heart of my work remains the same: capturing your story with authenticity, sensitivity, and care. If there are particular shots or moments that matter most to you, we'll make sure they're included, while still allowing the day to unfold naturally.

I always bring weather-ready equipment, and rain can make for some of the most romantic and fun shots. We'll plan for sheltered options or make the most of the atmosphere outdoors if you're up for it.

05

Do you need a meal on the day?

Yes, for full-day coverage I kindly ask for a simple hot meal during the wedding breakfast. This is when you're eating too, so I won't miss anything important.

Can you capture evening events?

Definitely. Full-day coverage runs until around 20:00, but you can add extra hours at £100 per hour if you'd like me to stay later and capture more of the evening atmosphere. This is great for any evening entertainment you may have arranged like fireworks, sparklers, bands or just more dancing!
