# ROTARY INTERNATIONAL PRESIDENT 2023- 2024

R. GORDON R. MCINALLY

Dear fellow Rotary leaders,

As you attend your District Conference, do not forget your vital importance to Rotary. We have been handed the reins of leadership at an historic moment.

Rotary has a chance to capture the world's attention and realize possibilities beyond our expectations. But we must build on the work that has gone before us if we are to reach our goals, such as defeating polio and empowering girls and women.

Rotary offers people of action a chance to connect and find a sense of belonging, and this fellowship gives us hope that we can create lasting change. But in the wake of the COVID-19 pandemic, more people than ever feel hopeless. Many have lost people close to them. Social networks have been uprooted and divisions have grown wider as opportunities for connection have been lost.

To make matters worse, in many parts of the world, asking for help especially in the realm of mental health is considered a weakness. But nothing could be further from the truth. It is brave to be vulnerable and to admit you don't have all the answers. Reaching out for help is courageous and continuing on a path towards wellness is even more so.

Join me in making Rotary a source of strength for all of those who feel they have no hope, within and beyond our membership. Let this be the year we Create Hope in the World, and let Rotary be known as an organization that takes care of its members as well as the people we serve. It is within your power to help bring peace and soothe those afflicted by conflict, both in their communities and in themselves. I hope you take the knowledge gained at this District Conference back to your clubs to help them succeed throughout the coming year. Remember that your work can and will Create Hope in the World.

Warmest Regards,

R. GORDON R. MCINALLY  
PRESIDENT, ROTARY INTERNATIONAL 2023-24

# **ROTARY INTERNATIONAL PRESIDENT REPRESENTATIVE**

**REGIONAL ROTARY FOUNDATION COORDINATOR ZONE IOA  
PDC PENNY POLICARPIO**

Mabuhay!

Greetings from R.I. District 3780 – Quezon City Philippines!

On behalf of Rotary International President Gordon R. McNally and his wife, Heather, we greet all our fellow Rotarians of District 3410, Indonesia. This is the first time that Joan and I will visit the beautiful city of Bandung, and we feel greatly honoured to represent our beloved R.I. President. May we express our heartfelt appreciation and thanks to District Governor Ditte Sukardi, Spouse Ade, and the 2024 District Conference organizing team for their impressive preparations and all the effort to ensure that this much awaited event will be truly memorable. We look forward to an exciting conference at the Sari Ater Kamboti Hotel from the pre-conference events to the general session, discussions and activities.

This year's main theme, Change, Unite, Action underscores the power of Rotary to create hope in the world, in our communities and ourselves when we all rally under the banner of Service Above Self. As this District Conference brings together Rotarians from across your district, we will indeed learn from each other, and act together towards creating positive change in the communities we serve.

I would like to commend District 3410 for exemplifying diversity, equity and inclusion (DEI) especially through the substantial leadership role of women Rotarians in your district. We see this conference as our own personal way to advance international goodwill and understanding. Past District Governor Hidayat Tjokrodjojo and his spouse, Inka, have been appointed as our RIPR Aide, and we specially thank them in advance for the valuable assistance they will provide during our time with you. Please enjoy your time together at the conference—as we look forward to new friendships over the weekend in Bandung. Terima kasih.

Best regards,  
Penny & Joan Policarpio

# ROTARY INTERNATIONAL DISTRICT 3410 GOVERNOR

DITTE SUKARDI

*Good morning, everyone.*

It is an honor to be here with all of you today. Thank you for taking the time and making the sacrifice to come so far for our District conference. You are role models for people of our community.

A very warm welcome to our distinguished guests:

RI President's Representative PDG Rufino "Penny" Policarpio & spouse IPP Joan, Endowment/Major Gift Advisors PDG Sam Showet Hossain, Governor of D3420, Our beloved D3410 Past District Governors, Future leaders: District Governor Elect, District Governor Nominated, District Governor Nominated Designated, Fellow Rotarians, Rotaractors, Members of the Media and Ladies and Gentlemen.

One of the chief highlights of a Rotary District Governor's year is the annual District Conference. It is therefore with great pleasure that I welcome you with heartfelt sincerity this morning to the 11th District Conference of District 3410. The theme of this year's conference is "Change, Unite, Action," taken from Rotary's Vision. We will be addressing matters relating to this theme from our keynote speakers' messages, which we trust you will find enlightening.

If the Conference is one of the District Governor's highlights, the other would have to be the official visits to the Rotary Clubs. Our district, spread from Yogyakarta to Medan, Batam, and Kalimantan, with its different local governments, variety of languages, and a diversity of cultures, is not without its challenges.

Reaching all the clubs has entailed some 20 flights, several train rides, and some long drives—not to mention five months with few nights spent at home! However, for me, the rewards of our wonderful district far outweighed the challenges. The knowledge gained about our district and its people, as well as the knowledge gained about our clubs and their members, has been a most enriching experience that will remain with me for the rest of my life. I know that I also speak for IPP Ade, who accompanied me on many of my official visits.

During these official visits, I met with area district heads, sub-district heads, village heads, and the people's representatives, hoping that Rotary will continue to be well received in our District. The main purpose of the official visits was to meet with the boards of all the clubs, each with its own personality, successes, and problems.

# ROTARY INTERNATIONAL DISTRICT 3410 GOVERNOR

DITTE SUKARDI

Most clubs are healthy and doing good work in their community, while a few clubs are struggling. In many areas, I had the privilege of meeting with the greater family of Rotary—Rotaract and Interact clubs—where it was a joy to witness the enthusiasm of our youth.

Most of the Rotary Clubs in our district were proud to take me on a tour of some of their most worthwhile projects. I witnessed every manner of project, whether related to Health, Literacy, Environment, Community Development, or Water and Sanitation. There are many outstanding projects happening in our District, covering all of Rotary’s areas of focus.

In this district, most clubs are very concerned with improving reading skills in their respective communities. They have carried out various projects, such as providing books and school supplies to schools, storytelling sessions for elementary school students, and renovating schools in Rumpin, Bogor.

In Medan, the Clubs are involved with retirement homes, providing staple food for the needy, and opening several Medical Clinics for free treatment. In the environmental area, Clubs in Yogyakarta and Bandung are educating and supporting densely populated areas to manage and segregate household waste and convert it to organic fertilizer.

# ROTARY INTERNATIONAL DISTRICT 3410 GOVERNOR

DITTE SUKARDI

I have highlighted but a few of the wonderful projects that are being done by our clubs in this District. Tomorrow, at the breakout rooms, there will be presentations of these projects. You may get an in-depth view of some of the work being done by the Rotary Clubs of District 3410.

We also urge you to spend time in the House of Friendship, visiting the various booths where clubs will be showcasing their special projects.

Goals for the District:

As governor of the district, I had goals for the district at the outset of my year. The first goal was to increase our support for the Rotary Foundation. Today, we will hear from our Regional Rotary Foundation Coordinator, PDG Rudy Balmater, and Endowment/Major Gift Advisors PDG Sam Showet Hossain on ideas to increase TRF donations.

The ever-difficult goal of increasing membership was my second goal. Rotary membership is dwindling worldwide, and in District 3410, we have been struggling to keep the numbers above 1100. The District membership Chair PDG Keliek placed a good strategic plan to increase our members, and in the first semester, we experienced a fairly large increase in members by 10%. Thank you, PDG Keliek, for your dedication and commitment.

# ROTARY INTERNATIONAL DISTRICT 3410 GOVERNOR

DITTE SUKARDI

On the bright side, I am proud to announce that two D3410 Rotarians have been chosen for prominent roles in Rotary International and at the regional level:

- Our ARPIC PDG Eva Kurniaty is elected as Major Gift Initiative Adviser for Community Economic Development in the RI Level.
- For RY 2024-2027, PDG Eva will hold the role of Asean National Section Chair.
- On the regional side, PDG Rudy Balmater has also been appointed as Regional Rotary Foundation Chair in Zone 1B. Congratulations to both of you!

Rotaract and Interact:

On the Rotaract/Interact scene, two Rotaract clubs in Purwokerto have received their charters, while we have lost one Rotaract Club in Bandung.

Not everything that happens in a district is positive. On a sad note, eight Rotarians have passed away this Rotary year. We will have a special tribute for them at the Governor's Banquet tomorrow night. Additionally, one club in the Bandung area has withdrawn from Rotary.

We were also plagued with an earthquake in Sumedang, a landslide in Subang, and a flash flood disaster in West Bandung. I would like to take the time here to express my thanks to RC Bandung Dago and RC Bandung Kota Kembang and their members who carried out the responsibility of providing assistance to help disaster locations.

# ROTARY INTERNATIONAL DISTRICT 3410 GOVERNOR DITTE SUKARDI

Even though the Conference has only just begun, I would like to express gratitude to RC Bandung Kota Kembang and RC Medan Talenta, representing the Conference Chair. I also thank all the Rotarians and their Partners in Service who have helped make this District Conference possible.

I sincerely thank RI President's Representative RRFC PDG Rufino Penny Polycarpio and IPP Joan for being with us at this conference.

I wish to express my deepest appreciation to my husband IPP Ade and my family for their care and support. Deepest gratitude to my club, RC Jakarta Cinere members, who always helped and supported me as I carried out my duties as Governor.

At this conference, you will hear and see the service that Rotarians perform throughout our district. Rotary is not just about service; it is just as importantly about fellowship through which we hope to promote goodwill and understanding among the people of the world. Fellowship comes naturally to the peoples of Indonesia, and I expect that this will be the order of the day.

Finally, I invite you to make the most of our District Conference.

Finally, I invite you to make the most of our District Conference. We have a House of Friendship complete with Warung D3410 where you can have an authentic taste of the dishes from the areas in the District. There are also booths where you can buy Rotary memorabilia from the Clubs. It is also a place to meet with old Rotarian friends and make new Rotarian friends. We also promise you a new and different Gala dinner experience.

*Together, let us continue toward fulfilling this year's RI Theme Create Hope in the World.*

Distinguished guests and fellow Rotarians I thank you. Enjoy the Conference.

Hi Everyone, I am delighted to be here:

"Assalamu'alaikum warahmatullahi wabarakatuh",

wilujeng sumping.

Salam sejahtera bagi kita semua.

First of all let me greet RI President Representative PDG Penny Policarpio & Spouse IPP Joan Policarpio "Mabuhay, mga Pare! Kumusta kayong lahat? Magandang Umaga. Kami ay okay lang tulad ninyo rin."

Hormat semua PDG, DG, DGN, DGND, Past President, Club Officers,

BOD Rotaract, Interact, sahabat, Komunitas Rotary, dan keluarga yang hadir pada perhelatan yang Luar Biasa ini.

Kita juga ingin menyampaikan penghargaan kepada DG Ditte Sukardi dan Team District Leader Rotary Year 2023-2024 yang telah memperjuangkan Tahun Tema Create Hope In The World dengan Inisiatif nya untuk melakukan Change – Unity & Action.

"We, Jakarta Metropolitan, also embrace DG Ditte's initiative this year with 'Do Good - Be Good - Look Good - Feel Good.' We've even added one more aspect: 'Smell Good,' achieved through recycling soap in collaboration with Ayana Hotel and Langham Hotel for our Community Service Project."

Kita sadari bahwa Rotary International Distrik 3410 menghadapi sejumlah tantangan dalam beberapa tahun terakhir. District kita mengakui ada penurunan anggota, jumlah proyek pelayanan yang masih banyak belum terlaksana, serta donasi kepada The Rotary Foundation yang menantang.

Dan juga persoalan lain yang dihadapi termasuk Balancing & Continuity yang ada pada Club termasuk Stabilitas dan Inovasi, Generasi dan Tradisi, Keseimbangan dan Perubahan, yang bersinggungan dengan aktivitas dan persiapan kepemimpinan yang mengalami kendala.

Rotary International juga menghadapi tantangan dalam hal menarik perhatian publik, "Meskipun Rotary International aktif di Indonesia, gejalanya belum menarik perhatian publik secara luas.

Hal ini mungkin disebabkan oleh kurangnya eksposur terhadap kegiatan Rotary, kompleksitas masalah yang belum sepenuhnya dipahami oleh masyarakat, atau kurangnya dampak yang cukup besar untuk menarik perhatian luas.". Kami memiliki tantangan akibat dari dinamika sosial, ekonomi, politik, dan teknologi yang berkembang.

## GOVERNOR ELECT

DANIEL I. SURJADI

However, we believe there is a resolution to these challenges. We understand that Rotary is not just an organization but a global movement that brings goodness and inspiration. We invite every individual to collaborate, experience the club's activities, and develop their leadership.

As the Governor of Rotary International District 3410, I believe that with spirit and dedication, we can truly make "The Magic of Rotary" touch everyone's heart. We have set priorities under the guidance of Rotary International President Stephanie A. Urchick and are confident in creating tangible positive changes in our world, in our communities, and within ourselves.

Baiklah untuk memudahkan dan menjawab bagaimana kami semua dapat bersama sama mewujudkan mimpi indah kami di District 3410 yang kita cintai ini, saya ajak menyanyikan Mars Everywhere yang kami inisiatif kan bersama saudara Nicholas Rio dan Patty Dina, terima kasih juga kepada PP Tanti yang membantu kami.

### ***Song Rotary Is Everywhere***

*Mari angkat tinggi nilai Rotary - Wujudkan Rotary dimana-mana  
Bantulah yang memerlukan - Kami pribadi yang bertindak  
Rotary dalam setiap individu - Rotary ada pada Kegiatan nya  
Rotary mempersatukan kita - Rotary mau berbuat baik*

*Rotary Bhineka Tunggal Ika - Transformasi sejati di komunitas  
Kami bersemangat dalam diri - Dunia Rotary ada dimana-mana  
Rotary dalam setiap individu - Rotary ada pada Kegiatan nya  
Rotary mempersatukan kita - Rotary mau berbuat baik*

*Kami ada dimana-mana - Transformasi sejati di komunitas  
Melakukan bagi dunia - Rotary ada pada kita  
Rotary dalam setiap individu - Rotary ada pada Kegiatan nya  
Rotary mempersatukan kita - Rotary mau berbuat baik*

*Rotary is everywhere  
Rotary is everywhere  
Rotary is everywhere  
Berbuat baik*

DANIEL I. SURJADI

The lyrics of "Rotary is Everywhere" express the omnipresence and commitment of Rotary International to humanitarian causes and community service. In the context of Indonesia's challenges regarding public awareness and attention to societal issues, these lyrics serve as a reminder of Rotary's widespread presence and its dedication to making positive changes.

The repetition of phrases like "Rotary within every individual" and "Rotary exists in its activities" emphasizes the inclusive nature of Rotary's mission, suggesting that everyone has the potential to contribute to positive change, regardless of their background or circumstances. This message aligns to raise public awareness and engagement in addressing various social, economic, and environmental issues.

By highlighting Rotary's role in promoting unity, diversity, and community transformation, the lyrics underscore the importance of collective action in tackling public issues. They convey a sense of empowerment and encouragement for individuals to actively participate in humanitarian efforts and contribute to the betterment of society.

Overall, the lyrics of "Rotary is Everywhere" provide a rallying call for individuals to recognize the presence of Rotary's values and initiatives in their communities and to join hands in making a positive impact on the world. In the context of Indonesia's challenges with public attention to societal issues, these lyrics inspire a sense of solidarity and motivation for collective action toward addressing pressing concerns.

Dear Fellow Rotarian,

We stand on the brink of extraordinary change. Before us lies a song we've crafted together, a song that reflects the spirit and presence of Rotary in every corner of the world. Yet, like any great work, we know there's room for improvement, refinement, and making it even more harmonious.

Rotary isn't just an organization; it's a global movement that brings goodness and inspiration to every community. As we embark on the Rotary Year 24-25, let's commit to making the 'Magic of Rotary' truly touch the hearts of everyone, making Rotary so compelling, so captivating, that no one can ignore it.

We invite every Rotarian, from every corner of the world, to join us on this journey. Let's perfect our song, not just with beautiful notes but with blazing spirits. Let's make Rotary more than just a name but an experience, an inspiration that's everywhere.

Together, we have the power to make an extraordinary difference. Together, we can create a world where goodness and justice prevail, where love and appreciation become the universal language.

So, let's join hands, with unwavering determination, towards a bright future for Rotary, towards a future where Rotary becomes inevitable, where Rotary is everything.

Come on, fellow Rotarians, let's turn this dream into reality together!

Rotary is Everywhere

# **DISTRICT ROTARACT REPRESENTATIVE ROTARACT DISTRICT 3410**

**ANDREAS TANUATMADJA**

Dear fellow Rotaractors and Rotarians,

In our collective journey through Rotaract and Rotary, there are times when we may feel adrift, unsure of how to create projects, confused in managing club, or faced with a shortage of active members to drive meaningful projects forward. Yet, amidst it all, we possess an inexhaustible strength: The Unity of Hope.

In the theme "Navigate: Overcome Ups and Downs in Service Above Self" we find a call to be brave together and to face challenges with courage. Let us reflect on the incredible impact we have already achieved together: more than 20 impactful projects, over 35 new members joining Rotaract, and even the establishment of 2 new Rotaract Clubs within a year. These are tangible proof that when we unite, nothing is impossible.

Let us always remember that all the achievements mentioned above are the fruits of our collective hard work, not just the efforts of a few individuals. It's our unity, dedication, and collaboration that have propelled us to these heights of success.

" United in Hope" is more than just a slogan; it's a call to action. Let us dare, together, to step forward and take an active role in creating projects that bring hope to those who need it. Let us open the doors of collaboration wider, allowing inspiration and ideas to merge in our efforts to create real change.

As Rotaractors and Rotarians, we hold the key to creating a brighter future for those we serve. Let us not rely on one individual or one club for success, but together, let us forge an extraordinary impact. As the saying goes, "As long as we're together, nothing's impossible."

We are all part of a great nation, separated by vast islands, yet we all unite as Rotaractors and Rotarians. Let us continue to nurture a spirit of collaboration, mutual support, and bravery in taking steps forward. Together, we can overcome any obstacles and create a better future for all.

## ROTARY INTERNATIONAL REPRESENTATIVE – SPEECH 1

PDG "PENNY" RUFINO POLICARPIO III

### Highlights from the April 2024 Rotary Foundation Board of Trustees Meeting

#### Strategic Initiatives in RY2024-25

□ **The Club Experience**

-aims to enhance club activities & increase member satisfaction through consistent, cross functional efforts that will bring enhanced products

□ **Evidence Based Decision Making**

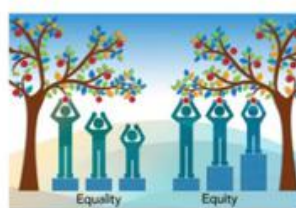

-aims to improve decision quality, enhance innovation, optimize allocation by transitioning toward evidence based approach to decision-making processes

## Rotary's commitment to DEI

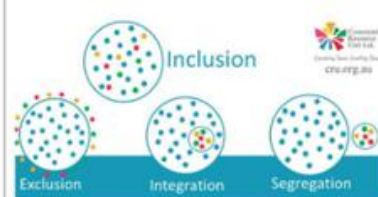

### DIVERSITY

diversity is less about what makes people different—their race, socioeconomic status, and so on—and more about understanding, accepting and valuing those differences

### EQUITY

equity is about creating fair access, opportunity, and advancement for all those different people. It's about creating a fair playing field, to use a familiar metaphor

### INCLUSION

inclusion is the extent to which various team members, employees, and other people feel a sense of belonging and value within a given organizational setting

#### Expectations of Trustee Chair PRIP Mark Maloney

GOALS calls “**Mark’s Magical Markers**” for district leaders next year:

1. LEAD BY EXAMPLE by contributing to the Annual Fund by 31 August and the Endowment Fund by 31 December.
2. INCREASE THE NUMBER OF DONORS in your district who are enrolled in Rotary Direct, our recurring giving program.
3. ENCOURAGE GIVING TO OUR POLIOPUS FUND, and learn how to establish or continue to build a district-administered PolioPlus Society.
4. RAISE AWARENESS OF THE PAUL HARRIS SOCIETY, whose members generously commit to giving US\$1,000 to the Annual Fund every year.
5. RECRUIT A TEAM to plan a million-dollar event to increase giving to our Foundation’s Endowment.

#### DISTRICT GOVERNOR NOMINEE SANNY

PARA SAHABAT ROTARIAN DI SELURUH DISTRICT 3410 & 3420

Hal yang menarik bahwa pada tahun 2025, umur saya menjadi 75 tahun. Saya dikarunia kesehatan yang cukup baik. Saya masih setiap hari mempergunakan otak saya belajar, belajar, dan belajar, terutama disiplin ilmu saya adalah bidang teknologi. Teknologi yang sangat dinamis. Orang-orang menamakan saya pakar, yang sebetulnya orang-orang menertawakan saya karena pakar itu singkatan dari 'pandai berkelakar'. Saya bukan itu. Saya adalah seorang expert di bidang teknologi sekuriti. Banyak karya saya di bidang sekuriti yang saya sebagai orang yang memperkenalkan penggunaan sistem peralatan, misalnya anda yang mempunyai ATM BCA (Anjungan Tunai Mandiri/Automatic Teller Machine BCA), dimana saya yang memulai sistem perekaman pada tahun 1990, sekarang tersebar di 26 ribu lokasi di seluruh Indonesia. Kamera yang mengawasi adalah merek Protech (Professional Technology) dimana saya sebagai pemegang merek. Kamera dibuat di Korea dan China. Selain itu saya mengerjakan teknologi X-Ray scanning, Walkthrough Metal Detector, pendeteksi narkoba, pendeteksi bom, cyber security, pengamanan komunikasi, dan semua sistem pengamanan teknologi maupun pengamanan fisik seperti satpam.

PARA SAHABAT ROTARIAN DI SELURUH DISTRICT 3410 & 3420

Pengalaman saya mendidik satpam sebanyak 12 ribu orang. Pengalaman di bidang teknologi hampir semua perusahaan di Indonesia mempergunakan jasa kami dengan bendera PT. Professtama Group tahun 1984. Sekarang Professtama Group berkembang di bidang yang baru antara lain teknologi tenaga surya, sistem baterai yang mem-back up tenaga listrik, dan banyak lagi.

PARA SAHABAT ROTARIAN DI SELURUH DISTRICT 3410 & 3420

*Saya tidak bermaksud untuk menyombongkan diri, namun semua yang saya paparkan dengan umur saya merupakan pengalaman berorganisasi yang saya harapkan dapat membawa karya nyata untuk D3410. Keberhasilan masa kepemimpinan saya sangat tergantung dengan support dan kerja sama antara semua Rotarian D3410 dengan saya Sanny Suharli, dan dibantu oleh tim dari District Governor. Tanpa dukungan kalian, Sanny Suharli bukanlah apa-apa. Untuk itu, saya menghimbau semua Rotarian yang hadir, baik secara langsung maupun melalui zoom mengikuti aba-aba saya, kita melihat apakah kita bisa bersinergi dengan baik karena kita semuanya mau hasil yang baik. Dengarkan tepuk tangan saya, dengarkan yel-yel yang akan saya sebut.*

*Kalian tidak perlu menyebut saya DG. Saya mohon maaf mungkin saya melawan kebiasaan, sebut saya Sanny Suharli, namun kalau dalam acara formal yang dihadiri oleh RI Representative, kita harus menyebut title yang kita sandang. Program saya yang utama sesuai dengan 7 program Rotay International yang saya pilih secara langsung akan membantu kelayakan hidup masyarakat Indonesia, yaitu “WATER FOR HEALTHY FAMILY”.*

# DAY 2 – SPEAKER 2

## INTRODUCTION DGN

DISTRICT GOVERNOR NOMINEE SANNY

### WATER SUPPLY IN INDONESIA

#### Water Resources and Use

Indonesia has over 5,590 rivers, most of them short and steep. Because of high rainfall intensities most rivers carry large quantities of sediment. Average rainfall is above 2,000 mm (79 in) on most islands, except for the Lesser Sunda Islands where it is 1,500 mm (59 in). 80% of rain falls during the rainy season (October to April). While water resources are quite abundant in Sumatra, Kalimantan, Sulawesi, Maluku and Irian, water shortages occur during the dry season in parts of Java, Bali and the Lesser Sunda Islands. In particular in Java, the dry season flows are inadequate to meet the demand, leading to irrigation shortages. Irrigation accounts for 93% of water use. The total storage capacity amounts to only 5–6% of the river flows. Construction of reservoirs is constrained by lack of good reservoir sites, high density of population at possible reservoir sites and expected short reservoir lifetimes due to siltation. Groundwater potential in Indonesia is very limited.

#### Water Resources and Use

However, much of the eastern islands depend on groundwater because of surface water scarcity. Groundwater overexploitation occurs in heavily populated coastal areas of Java, including in Jakarta and Semarang. In Jakarta, it has caused seawater intrusion up to 10 km (6.2 mi) from the coast and land subsidence at a rate of 2–34 cm/year in east Jakarta. In Semarang, land subsidence occurs at a rate of 9 cm/year.

Water utilities abstract water from rivers and lakes (60%), springs (25%) and groundwater (15%). For example, the main water source for Jakarta is the Jatiluhur Dam on the Citarum River 70 km (43 mi) southeast of the city. For those who are self-supplied or receive water from community-based organizations, shallow groundwater and springs are by far the main sources of water on most islands. On Sumatra and Irian, however, rainwater harvesting is also an important water source.

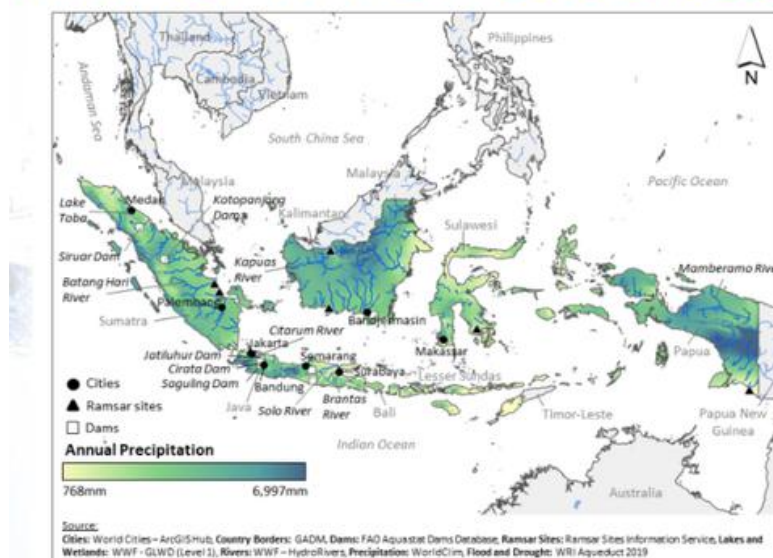

# DAY 2 – SPEAKER 2

## INTRODUCTION DGN

DISTRICT GOVERNOR NOMINEE SANNY

### WATER SUPPLY IN INDONESIA

#### MAP OF WATER RESOURCES

### Pollution

Domestic sewage, industrial effluents, agricultural runoff, and mismanaged solid waste are polluting surface and groundwater, especially in Java. Indonesia ranks among the worst countries in Asia in sewerage and sanitation coverage. Few Indonesian cities possess even minimal sanitation systems. The absence of an established sanitation network forces many households to rely upon private septic tanks or to dispose of their waste directly into rivers and canals. The commonality of the latter practice, together with the prevalence of polluted shallow wells used for drinking water supply in urban areas, has led to repeated epidemics of gastrointestinal infections.

### Domestic Waste

According to Water Environment Partnership in Asia (WEPA), only 42.8% from 51,372,661 houses in Indonesia have domestic waste treatment. More than half of households dispose their domestic waste directly to the river body. Data from the World Bank shows that in 2008, only 52% of Indonesian population has an adequate access to excreta disposal facilities. Such facilities are important as they can help to minimize human, animal, and insect contact with excreta, thereby increasing the hygiene level and enhancing the living conditions for the slum-dwellers. Without proper construction and maintenance of these facilities, domestic wastes are disposed ineffectively and increases the rate of water resources degradation.

# DAY 2 – SPEAKER 2

## INTRODUCTION DGN

DISTRICT GOVERNOR NOMINEE SANNY

### WATER SUPPLY IN INDONESIA

#### Industrial Waste

Industrial activities wastes such as small-scale industries, agriculture, textile, pulp and paper, petrochemical, mining and oil and gas also contribute to the degradation of water quality in Indonesia. Water quality in locations near to the mining areas is potentially contaminated by heavy metal such as mercury (Hg). According to WEPA, some level of mercury (Hg) concentration has been detected at 9 out of 16 sampling points and the highest level of dissolved mercury in one of the area reach 2.78 ug/L.

Therefore, the result of water quality monitoring in 30 rivers in Indonesia indicates that most of river water qualities do not end up meeting water criteria class 1, i.e. water that can be used for standard water, drinking water, and or other usage that requires the same water quality with such usage, due to pollution by domestic and industrial wastes (drinking water raw based on Government Regulation Number 82, 2001, Water Quality Management and Wastewater Controlling).

#### The Challenge

Nearly 25 million people in Indonesia don't use toilets. They defecate instead in fields, bushes, forests, ditches, streets, canals or other open spaces. Open defecation is not only an affront to dignity, it also poses huge risks to child and community health.

Open defecation and untreated wastewater contaminate water supply and facilitate the spread of diarrheal diseases such as cholera. A quarter of all children under 5 in Indonesia suffer from diarrhea, which is the leading cause of child mortality in the country.

Water quality is poor regardless of socio-economic conditions. A 2017 survey of drinking water in Yogyakarta, a well-off urban center in Java, found that 89 per cent of water sources and 67 per cent of household drinking water were contaminated by fecal bacteria. Moreover, only 7 per cent of wastewater in Indonesia is treated.

# DAY 2 – SPEAKER 2

## INTRODUCTION DGN

DISTRICT GOVERNOR NOMINEE SANNY

### WATER SUPPLY IN INDONESIA

#### The Challenge

Building latrines, and safely managed fecal waste – together with hand washing – is key to keeping children and families healthy.

However, the poorest Indonesians are being left behind, with significant gaps in access to sanitation among households in the two lowest wealth tiers of society – 40 and 65 per cent in urban areas and 36 and 65 per cent in rural areas.

Safely managed sanitation is recognized as a top priority for improving health, nutrition and productivity of people, and is an explicit target of the sixth Sustainable Development Goal (SDG). Reaching SDG 6, therefore, requires a closer look at strategies for reaching the poorest Indonesian children and families with better access to safely managed water supply, sanitation and hygiene (WASH).

#### The Solution:

UNICEF supports the Government of Indonesia to accelerate access to safely managed water supply, sanitation and hygiene.

At national level, emphasis is placed on high level advocacy and political will along with aligning WASH policies and programs with ground realities and ensuring that they are based on reliable and up-to-date information and data. One of the biggest challenges with achieving safely managed sanitation is changing behaviors – from building political will to creating a new national social norm in support of safely managed sanitation.

In Indonesia, UNICEF motivates social behavior change through high level advocacy and engagement in the Sanitation and Water for All partnership, peer to peer learning to support sub national advocacy and through social mobilization in marginalized communities where open defecation is widespread.

# DAY 2 – SPEAKER 2

## INTRODUCTION DGN

DISTRICT GOVERNOR NOMINEE SANNY

### WATER SUPPLY IN INDONESIA

#### The Solution:

Primary schools and surrounding communities are also primary partners in strengthening hygiene behaviour. UNICEF helps to improve the capacity of teachers, parents and local village administration in developing and implementing school sanitation plans, which involve promoting healthy practices such as hand washing and menstrual hygiene management. In addition, UNICEF helps to strengthen government data quality and monitoring systems so that WASH programmes with cross-cutting relevance to health, nutrition and wider level health and social interventions can be expanded.

# ARTICLE FROM YOGYA TUGU

## Klinik Sosro Anugrah – The First 10 years

Located in a small alley on Jalan Ndagen, Malioboro, Yogyakarta, there is a small clinic that is committed to providing affordable health services to the community and it is called Klinik Sosro Anugrah.

The clinic opens every day from 16.00 WIB to 20.00 WIB with a medical team consisting of four general practitioners, three nurses, one pharmacist and one admin, with at least one doctor practicing every day, ensuring consistent availability of medical services.

In its first decade, Sosro Clinic has experienced positive growth by adding dental health services. This was realized through close collaboration with the Foundation from the Netherlands.

In these ten dedicated years, the Sosro Anugrah Clinic in Malioboro has become an integral part of Yogyakarta society and continues to play a role in increasing the accessibility of health services for all groups. (RCYT)

### Klinik Husada Hutomo – at Keraton Yogyakarta

The palace gives trust to the Rotary Club of Yogya Tugu to jointly provide special health services for the Abdi dalem and visitors to the palace.

Husada Hutomo Clinic provides health checks for health complaints, direct health care and also checks blood sugar, cholesterol and uric acid and provides a mini pharmacy to support the needs of the clinic.

Hopefully this clinic can help maintain and improve the health of the Abdi dalem who have served the Yogyakarta palace.

## Early Detection of Heart Defects in Children

Congenital Heart Disease (CHD) is a congenital heart defect. Some CHDs can be recognized from birth because they present with typical symptoms and signs, but there are some CHDs that present with atypical symptoms and signs that go undetected during childhood.

In Yogyakarta, it was found that some adult CHD patients had developed complications such as pulmonary hypertension, heart failure, or Eisenmenger syndrome.

One of the causes of the high prevalence of HAP in CHD sufferers is that there is no early detection system in Indonesia that is applied to children so that most children with mild complaints will experience a misdiagnosis.

Until now, early health detection in children does not specifically detect congenital heart defects. By implementing a tiered early detection method, CHD can be detected early before more severe clinical manifestations appear, and corrective action can be taken. (RCYT)

### Beauty Class – Your Glam Look

In the midst of the booming beauty trend in local market, there is a need to educate how to choose a good and reliable products. Also the correct way to apply it according to current trends.

One of the main highlights of this event was the live demonstration session on how to apply beauty products following the latest trends. Beauty experts shared the latest beauty tips and tricks that can be easily followed and applied in our daily care routine.

Not only that, this beauty class is also a golden opportunity to introduce the Rotary Club to the people of Yogyakarta.

This beauty class is being held at Pakuwon Mall Yogyakarta hall in September 2023. One of the reasons is to build awareness of Rotary Club to the people of Yogyakarta by introducing its projects and activities. The Rotary Club of Yogya Tugu provides information about their projects and activities aimed at making a positive impact in the local community. (RCYT)

### IRRIGATION PROJECT FOR DEVELOPMENT RURAL ECONOMY IN LAMPUNG (GG 1870720)

Irrigation for Rural Economic Development in Lampung is a humanitarian project worth USD 113,750.00 organized by Rotary Club Lampung Raden Intan. It is also supported by Rotary Club Harmony and Prosperity Hong Kong, Rotary International District 3410 Indonesia, District 3450 Hong Kong, District 3770 Philippines, District 3820 Philippines, and District 3830 Philippines.

PDG Eva Kurniaty has a big role in raising funds for this humanitarian project, which was obtained from the International Partners at Rotary International, so that this project can be carried out properly and on a large scale.

PDG Eva Kurniaty has a big role in raising funds for this humanitarian project, which was obtained from the International Partners at Rotary International, so that this project can be carried out properly and on a large scale.

This humanitarian project has been audited by Rotary International & reviewed by DRFC Eva Kurniaty, and achieve positive result. It also has been visited by the Assistant Governors of District 3410, Indonesia, and amazed them.

In Rama Dewa Village, there are 2 phases of construction. The first phase is 500 m irrigation canal for 900,000 m<sup>2</sup> paddy field for 100 families. The second phase is 500 m irrigation canal for 900,000 m<sup>2</sup> paddy field for 100 families.

In Rama Gunawan Village, there is 680 m irrigation canal for 450,000 m<sup>2</sup> paddy field for 47 families.

In Rama Nirwana Village, there are 2 phases of construction. The first phase is 500 m irrigation canal for 1,000,000 m<sup>2</sup> paddy field for 100 families. The second phase is 500 m irrigation canal for 1,000,000 m<sup>2</sup> paddy field for 100 families.

In Rukti Harjo Village, there is 500 m irrigation canal for 790,000 m<sup>2</sup> paddy field for 90 families.

In Gedong Tataan Village, there are 2 phases of construction. The first Phase is 530 m irrigation canal for 400,000 m<sup>2</sup> paddy field for 50 families. The second Phase is 170 m irrigation canal for 500,000 m<sup>2</sup> paddy field for 60 families.

The last but not the least, in Bogorejo Village, there is 230 m irrigation canal for 400,000 m<sup>2</sup> paddy field for 40 families.

Total irrigation canal is 4,110 m irrigation canal for 6,340,000 m<sup>2</sup> paddy field for 687 families.

# ARTICLE FROM RC LAMPUNG RADEN INTAN

With 6,340,000 m<sup>2</sup> paddy fields, the farmers can get 3,804 tons of rice (6,340,000 m<sup>2</sup> x 6 tons of rice/10,000 m<sup>2</sup>). The price of rice is Rp 12,000,000/ton (USD 800). So, every harvest, they can get: 3,804 tons x Rp 12,000,000 = Rp 45,648,000,000 (USD 3,043,200.00). And every year they can get Rp 91,296,000,000 or USD 6,086,400.00 (2 harvest times every year).

Through this irrigation project, we strive for the rural economy development, that can make the farmers and their families live more abundantly.

The rice fields that are fed by irrigation canals will grow from year to year. This situation will make the farmer's economy will grow every year. This is in accordance with the concept of irrigation projects that provide benefits to many people in need in a sustainable way.

## About Rotary Club of Lampung Raden Intan

Rotary Club Lampung Raden Intan (RCLRI) was established by Charter President Mustakim Haryanto Widjaja on 18 October 2013. DG Eva Kurniaty came specifically to inaugurate/charter this Rotary Club, as well as inaugurate 32 charter members from RCLRI. So far, DG Eva has provided direction to RCLRI in running the Club well.

RCLRI shares the views of all other Rotarians worldwide for ending Polio and supports projects that fulfill Rotary's 6 focus areas. RCLRI is a group of individuals with high achievements and good hearts who have a long history of friendship and community service.

RCLRI is very active in various social activities such as providing groceries to underprivileged communities, building classrooms (for elementary and junior high schools), etc.

RCLRI has also implemented 6 Global Grant humanitarian projects with a total value of USD 483,256.00 or IDR 7,248,840,000.-.

PDG Eva Kurniaty played a major role in obtaining funding for all of the Global Grant projects from International Partners from various countries such as South Korea, Taiwan, the Philippines and Hong Kong. The Global Grant projects include the Sanitary Improvement Project from the Sanitation Improvement Project for Underprivileged Families in Bandar Lampung Stages 1-3, Clean Water Project, Goat Farming Project for Underprivileged Communities, and Irrigation Project.

For the Sanitary Improvement Project, we have built nearly 500 toilets for underprivileged families in Lampung Province. We help them to improve the quality of their sanitation, and prevent them from various diseases.

On July 19th, 2015, in Hsinchu City, Taiwan, Past President Tri Gunadi Widjaja signed a Sister club agreement with the Rotary Club of Hsinchu Peace, Taiwan. Since then, the Lampung Raden Intan Rotary Club and the Hsinchu Peace Rotary Club, Taiwan are brothers until now. We are also very open for people who have the same goals to join us. (RCLRI)

## Inauguration Ceremony

The Inauguration Ceremony is a formal event where it serves as a formal gathering of the 11th Batch Interact Club. With this, they get to meet other members and CoreComs of the club, former CoreComs, BINUS SCHOOL Managements and even the representatives from Rotary Club Jakarta Metropolitan District 3410 who members will get to know are our sponsoring rotary. With this, we conduct our 4-Way test as well as explaining how rotary and Interact works. We formally induct members into the club by conducting a pinning ceremony which was held on 20th of September last year.

During this, speeches are being said as well and performances which helps showcase the individual talents of Interactors and help strengthen our bond as an organization that will work on a lot of projects together in the future.

## Kilo Shop

The club hosts a semestral initiative to sell used or unused items donated by people within the school community to a Tukang Loak or also known as a flea market. The entire school community is invited to take part and take action in striving to save and preserve the environment by promoting SDG 12: Responsible Consumption and Production.

Kilo Shop accepts items ranging from cardboard boxes, books to electronic devices. The proceeds from these sales will support "The Learning Farm" which is a residential organic farm for street youths and other vulnerable individuals. Additionally we align our goals with SDG: 1 No Poverty and SDG 2: Zero Hunger in which we strive to end poverty in all its forms everywhere as well as end hunger, achieve food security and promote sustainable agriculture.

## Passion Project

In celebration of Valentines Day which is a day to express love and gratitude to your loved ones, BSS Interact Club hosts an annual project where we sell Valentines-related items such as roses, bouquets and serenades for the school community to buy and give to their loved ones. With this, we are promoting SDG 3: Good Health and Well-Being by allowing students, teachers, and staff to express their love, gratitude and support to each other.

Our proceeds will again be donated to "The Learning Farm" which revolves around educating youths and equipping them with important life skills such as entrepreneurial and arming skills. And this aligns with SDG 4: Quality Education by supporting organizations that advocate for education for the less fortunate.

## Eid Al-fitr Parcel Donation

BSS Interact Club aims to aid the school staff during the holy month of Ramadan by donating parcels to the ISS, Security and ME of BINUS School Serpong. We wish to give back to the staff that works endlessly even during the time of fasting to support the school. This directly addresses SDG 1: No Poverty as well as SDG 3: Good Health and Well-Being by providing them with necessities that we hope may reduce their burden to provide for themselves and their families.

## Tonights Unite

The Interact Club of BINUS SCHOOL Serpong has launched an exciting initiative named "Tonight's Unite," as part of its commitment to fostering community engagement and social responsibility. This three-day event invites both students and teachers to participate in a lovely experience, centered around the screening of movies such as "La La Land," "Dune: Part Two," and "Gran Turismo."

Participants are encouraged to contribute a nominal fee, not only to enjoy the cinematic offerings alongside their peers but also to support a charitable cause - the proceeds will be channeled towards The Learning Farm. By aligning with SDG 3: Good Health and Well-Being, this event seeks to enhance a positive environment where students are able to bond amongst one another.

Furthermore, by leveraging ticket sales, the Interact Club aims to generate funds that directly address SDG 1: No Poverty. This dual-purpose endeavor serves as a demonstration of our collective commitment to social impact

## KAMPANYE ANTI NARKOBA BAGI GENERASI MUDA

*RCJM dan BNN berkolaborasi dalam kampanye anti narkoba di Interact (Raffles Christian School, Kebon Jeruk).*

Rotary Club JakartaMenteng (RCJM) mengadakan acara penyuluhan anti-narkoba, berkolaborasi dengan Badan Narkotika Nasional (BNN) di Interact RCJM. Acara ini bertujuan untuk memberikan pemahaman yang lebih baik kepada siswa-siswi tentang bahaya narkoba serta cara untuk menghindari godaan dan dampak negatifnya.

Kegiatan ini merupakan bagian dari upaya bersama untuk mencegah penyalahgunaan narkoba di kalangan generasi muda, yang merupakan salah satu masalah sosial yang serius di Indonesia. Dengan melibatkan BNN, sebuah lembaga negara yang secara konsisten bekerja untuk memberantas peredaran dan penyalahgunaan narkoba di Indonesia, acara ini diharapkan dapat memberikan informasi yang akurat dan terpercaya kepada para siswa-siswi.

Dalam sesi penyuluhan, para narasumber dari BNN memberikan penjelasan mendalam tentang jenis-jenis narkoba yang sering ditemui. Kemudian ada juga efek sampingnya yang merugikan, serta strategi untuk menghindari godaan narkoba dalam kehidupan sehari-hari. Mereka juga memberikan wawasan tentang peran penting keluarga, teman-teman, dan lingkungan dalam mendukung pencegahan penyalahgunaan narkoba.

Selain itu, RCJM juga mengambil bagian aktif dalam memberikan informasi tentang pentingnya memiliki gaya hidup sehat dan aktif, serta menciptakan lingkungan yang mendukung pertumbuhan positif bagi para remaja. Dengan pendekatan yang holistik, acara ini bertujuan untuk tidak hanya memberikan pengetahuan tentang bahaya narkoba, tetapi juga mendorong para siswa-siswi untuk mengembangkan kebiasaan hidup yang sehat dan membangun hubungan yang positif dengan lingkungan dan masyarakat sekitar.

Keterlibatan Interact dalam acara ini menunjukkan komitmen mereka untuk menjadi bagian dari solusi dalam mengatasi masalah sosial yang memengaruhi generasi muda. Dengan mendukung kegiatan-kegiatan seperti ini, tidak hanya meningkatkan pemahaman mereka tentang bahaya narkoba, tetapi juga menjadi agen perubahan di lingkungan sekolah dan masyarakat mereka.

Sebagai bagian dari komitmen jangka panjang untuk mendukung pendidikan dan kesejahteraan generasi muda, RCJM berencana untuk terus melaksanakan kegiatan-kegiatan serupa di sekolah-sekolah lain di wilayah Jakarta dan sekitarnya. Dengan kerja sama yang kuat antara organisasi masyarakat, lembaga pemerintah, dan sekolah, diharapkan bahwa upaya pencegahan penyalahgunaan narkoba ini akan semakin efektif dan berkelanjutan.

Melalui kolaborasi seperti ini, masyarakat Indonesia dapat bersama-sama melindungi generasi muda dari ancaman narkoba dan memastikan bahwa mereka memiliki kesempatan untuk tumbuh dan berkembang menjadi individu yang sehat, produktif, dan berkontribusi positif bagi bangsa dan negara. (RCJM)

## Rotaract Club of Palembang Persembahkan Program 'Sekolah Kita Untuk Membantu Pendidikan Anak-Anak

Sekolah Kita adalah project sosial yang bertujuan untuk memberikan akses pendidikan berkualitas yang sama kepada peserta didik tanpa memandang status ekonomi. Sekolah Kita menekankan pada pentingnya pembentukan karakter, kesadaran lingkungan, dan ilmu pengetahuan. Sekolah Kita diharapkan bisa menjadi wadah bagi anak didik untuk meningkatkan ilmu pengetahuan, melawan keterbatasan kemampuan, dan mengembangkan potensi yang ada.

Project ini memiliki prioritas target yaitu memberantas buta aksara di Palembang. Ada kelompok khusus bagi adik-adik yang masih kesulitan dalam membaca dan menulis. Pembelajaran yang diberikan lebih spesifik kepada pengenalan alfabet dan kemampuan menulis. Diharapkan dengan adanya kelompok ini, adik-adik lebih lancar dalam menulis membaca, sehingga bisa lebih efektif dalam mengikuti pembelajaran di kelas. Sekolah Kita mencoba memberikan pendidikan kepada adik-adik dengan metode yang menyenangkan (belajar sambil bermain). Terdapat 100 anak yang ada di Sekolah Kita, kelompok bisa baca dan tidak bisa baca yang terdiri dari: 73 anak di kelompok bisa baca dan 41 anak di kelompok yang belum bisa baca. Periode program 3 Desember 2023 sampai 3 Maret 2024. Lokasi Program di Musholla Al-Hidayah Lorong Sei Jeruju, Kelurahan Kuto Batu Palembang.

Apa dampak proyek tersebut terhadap penerima manfaat?

1. Memperoleh akses pendidikan gratis.  
Adik-adik mendapatkan pengetahuan dan materi sekolah. Adik-adik mendapatkan materi-materi yang ada di sekolah, seperti Bahasa Inggris, Matematika, Lingkungan, Budi Pekerti.

2. Meningkatkan literasi dan kemampuan CALISTUNG.  
Adik-adik lebih lancar lagi dalam membaca, menulis, dan berhitung.
3. Membantu para orang tua dalam memberikan pendidikan karakter (basic manners) kepada anak-anak. Peserta didik setelah di Sekolah Kita lebih paham bagaimana cara bersikap dan telah diterapkan di kehidupan sehari-hari. Mereka mulai terbiasa mengucapkan maaf, terima kasih, permissi, tersenyum, bersalaman kepada orang yang lebih tua, makan minum duduk, dan mengambil pemberian menggunakan tangan kanan, mengantri, dan sebagainya.
4. Adik-adik lebih mengenal potensi diri dan mengembangkannya. Adik-adik lebih mengenali tujuan mereka belajar dan cita-citanya, serta cara menggapainya (dengan kesabaran, ketekunan, dan kerjasama). Adik-adik diberikan motivasi dan semangat untuk meraih mimpinya.

## Gerakan Diet Plastik Oleh Rotaract Club of Palembang dan IAAS LC Universitas Sriwijaya. "Sayangi Lingkungan untuk Masa Depan"

Bertempat di Taman Kambang Iwak Kota Palembang pada tanggal 16 Juni 2023 digelar Gerakan Kampanye #DIETPLASTIK oleh IAAS (International Association of Agricultural Students and Related Sciences) Local Committee Universitas Sriwijaya dan Rotaract Palembang sebagai usaha untuk meminimalisir penggunaan plastik sekali pakai masyarakat dengan mendorong kebiasaan untuk menggunakan totebag atau kantong belanja ramah lingkungan yang diikuti oleh setiap elemen masyarakat mulai dari anak-anak, remaja dan orang dewasa yang sedang beraktivitas di Kambang Iwak.

Selain itu, dalam gerakan ini juga dilaksanakan Social Survey sebagai langkah edukasi masyarakat dan untuk mengetahui seberapa jauh pengetahuan masyarakat terhadap lingkungan. Hasilnya masyarakat ternyata sangat paham pentingnya diet plastik. Namun, membawa kantong belanja sendiri, belum menjadi kebiasaan sehari-hari.

Harapannya, dengan dilaksanakannya gerakan Diet Plastik ini akan menumbuhkan kesadaran dan menanamkan pengetahuan mengenai pentingnya kantong ramah lingkungan bagi pelaku usaha UMKM, dan seluruh elemen masyarakat dapat menerapkan kebiasaan baru di kehidupan sehari-hari demi terjaganya lingkungan dan kesehatan.

## Rotaract Club Palembang Internal Engagement and Personal Development Program

Kami percaya bahwa semangat melayani sesama muncul dari pemahaman tujuan hidup diri sendiri dan dukungan perasaan kekeluargaan dan kebersamaan. Oleh karena itu, IPP Andy Gunardi sebagai Youth Chair di Rotary Club of Palembang mencetuskan program Internal Engagement and Personal Development. Program ini jadi salah satu bentuk kolaborasi antara Rotary Club of Palembang dan Rotaract Club of Palembang.

Pada Bulan Pertama, bertemakan Team Building agar Kekompakan Rotaractor yang lama dan dan yang baru dilantik makin solid dan terjaga. Kami mengundang Presiden Ferdi Kawi untuk mengisi dengan games-games seru nya. Di Akhir sesi, kita semua merefleksikan makna dari tiap games yang sudah dilakukan dan manfaatnya bagi Rotaractor

Di Bulan Kedua, giliran IPP Andy yang mengisi sesi Personal Branding. Sesi ini Rotaractor belajar mengenal diri sendiri, mulai dari purpose hidup, value hidup, kekuatan diri, dan merancang branding apa di social media masing-masing.

Pada Sesi bulan ketiga, Past President Jony Yusuf mengisi sesi dengan tema 'Transformasi Diri Melalui Perubahan Mindset'. Di sesi ini Rotaractor belajar mengenali pola pikir yang salah dalam hidup, mengenali hambatan-hambatan yang selama ini jadi sandungan untuk maju. Dengan pembekalan sesi ini, diharapkan Rotaractor punya bekal mindset yang baru, mindset yang bertumbuh menjadi leader masa depan yang sukses.
