PAINT SPRAY GUNS

XTR GUN

Our series of painting guns include three different guns designed to meet all of your painting needs. Each gun is made from high-quality materials, ensuring durability and longevity even with frequent use.

K300 GUN

In addition, NOVABLAST guns are easy to handle and work seamlessly with most tips and tip guards from other manufacturers, allowing for ultimate flexibility and customization.

So whether you're a professional contractor or painter, our guns will make your painting projects easy to handle.

SILVER+ GUN

Our NOVABLAST guns, in combination with original tips and accessories, prevent uneven coverage and messy paint jobs - our airless painting guns are designed to provide consistent, excellent results every time.
