RTown Gallery is dedicated to fostering a vibrant art community in the heart of historic downtown Grapevine, Texas and surrounding region.

ABOUT THE EXHIBIT

The Female Gaze is a group exhibition celebrating the depth and diversity of women's artistic voices. Presented during Women's History Month at RTown Gallery, the exhibition brings together artists whose work reflects the many ways women observe, interpret, and express the world around them.

Beyond the Walls: An Unedited Look at the Female Gaze extends this vision. This catalogue features one work from each artist who submitted to the exhibition, creating space for a broader range of voices and perspectives. By including a single piece from every participating artist, this collection seeks to honor more stories, experiences, and creative expressions, expanding the conversation beyond the gallery walls.

Each artist offers an individual vision while contributing to a broader conversation about authorship, identity, and creative agency. The exhibition highlights themes of identity, relationships, place, history, vulnerability, strength, and self-definition. The Female Gaze invites viewers to consider what changes when women shape the narrative and define the lens through which a subject is seen. The result is an exhibition that feels both personal and expansive, intimate and collective.
