Tanning Stages

STAGE I ACCELERATORS

For people who have never done indoor tanning before, who have not tanned for a couple of months, or who don't like using bronzers.

STAGE II BRONZERS

For people who tan quite regularly and maintain their tan at a medium level.

STAGE III TINGLE

For people who regularly use tanning beds, and who want to exceed their individual tan barrier. Not suitable for sensitive skin, advanced tanners only.

STAGE IV AFTER TAN

For everyday use and after each tanning session.
