

Building Brighter Futures Together:

Your Generosity Shining Through

GENEROSITY REPORT 2025

Dear friends,

As I reflect on 2025, I am filled with profound gratitude for your unwavering support. Whether you are a donor, volunteer, or trusted partner, ***your generosity shines through in every family we serve and every brighter future we are building together.***

This Generosity Report celebrates more than outcomes. It honors the community that makes our mission possible. As you read the stories and accomplishments within these pages, know that you helped turn these possibilities into realities. Your belief in our work creates pathways to stability, dignity, and hope.

Your support also helped us raise \$4.6 million toward *Opening New Doors*, an investment campaign to raise \$5 million and provide flexible funding that will help families for years to come. Thanks to your support, this goal is within reach. If you haven't already, there's still time to join in this campaign and open new doors for families facing homelessness. To learn more, please contact Kristin Short at kristin.short@bridgecommunities.org.

This year, we also deepened our commitment to fostering a culture of belonging by investing in staff and mentor trainings and developing a Commitment Statement that reflects our values and the work we do every day. These efforts strengthen our ability to walk alongside families with dignity and respect, ensuring that everyone we serve is seen, valued, and supported.

The following pages detail how your generosity sparked hope and is building brighter futures right here in our community. Thank you for standing with our neighbors and for your continued commitment to ensuring every family has the chance to thrive.

With deepest gratitude,

A handwritten signature in black ink, appearing to read 'Amy Van Polen', with a long, sweeping flourish extending to the right.

Mission: partner with families and their children, providing stable housing and transformational support so they are empowered to overcome homelessness and thrive for generations to come.

Vision: a community where all families are healthy, financially stable, and living in affordable housing.

Values: Each of our core values—Partnership, Hope, Integrity, Respect, and Empowerment, — apply to everyone involved in Bridge Communities – clients, mentors, program partners, volunteers, donors, board members, staff, and community.

Bridge Communities Strategic Plan 2026-2028

As part of a long-standing tradition, Bridge Communities has developed a strategic planning document to guide our work for the next three years. After extensive research and reviewing stakeholder input, this document will help Bridge adapt to changing community needs and ensure our programs remain relevant and sustainable.

We will create more flexible and virtual ways for mentors and volunteers to serve, strengthen partner support, and improve how we share our impact. While maintaining strong relationships with our supporters, we will invest in thoughtful growth through strategic use of our housing assets, sound financial stewardship, and outcome-focused program expansion.

These efforts will position Bridge to continue supporting families as they achieve self-sufficiency for years to come. Please connect with us with your interest or inquiries.

Shining Through: I

Your generosity is shining through, and more families facing homelessness than ever before are feeling

its light. Rising needs from our community called for innovative action in 2025, and together, we delivered. This past year, we saw a **9% increase in the total number of families served**, a milestone made possible by two key areas of growth.

Our Stability Program, launched in 2022, supports families whose complex needs require more intensive care before entering

111 families served, a total of **308 parents and children**

our

Transitional Housing Program. In 2025, we served **18 families through this program, a 22% increase over the prior year.** This program meets families where they are and builds a stronger foundation for lasting self-sufficiency. Its growth reflects both the rising need in our community and our expanded capacity to respond.

Equally exciting is the expansion of our Direct Mentor Model, which opens the door to volunteer mentors not connected to our Program Partners. Today, we support **12 families through this model,**

backed by more than 30 dedicated mentors. This innovation has meaningfully increased the number of mentors available, enabling us to say “yes” to more families seeking support.

Through your generosity, our volunteers’ dedication, and our clients’ resilience, we are serving more families, meeting them where they are, and better preparing them for success in today’s challenging housing environment.

47 new families entered our program, a **12% increase**

25 families exited the Bridge program

Building Her Brighter Future:

Shining a Light on Myia's Journey to Achieving Her Dreams

// was in survival mode," Myia recalled. "I was working and doing delivery apps on the side." With her son entering eighth grade, the stress of leaving him home alone while she worked multiple jobs weighed heavily on her heart. It was a dark time for her family.

Illness and a serious car accident had temporarily forced Myia out of work, and bills had piled up quickly. Despite juggling multiple jobs, catching up felt impossible.

When they were losing their home and running out of options, Myia's family found a fresh start with Bridge Communities.

"When I was accepted into Bridge, I felt elated. I took a true breath of air instead of just a sip for the first time in so long," Myia said. "This is a new start. This is a fresh beginning."

Walking into her new apartment, Myia was overwhelmed with joy. "It was beautiful. I got a care package with everything we would need for our kitchen. Things I did not have. It felt like this was the place I was supposed to be."

With the stability Bridge provided, Myia could finally focus on her family. Her son attended summer camp and participated in after-school activities. Both received the mental health support they desperately needed after a devastating loss.

She started to feel more present as a mother and saw their relationship grow. Myia even received scholarships to help her go back to school for her nursing degree.

"I'm forever grateful for Veronica, my case manager, who came in, saw me, helped me, and encouraged me," Myia shared. "She is such a big part of my success in the Bridge program and in completing my nursing program."

"When I was accepted into Bridge, I felt elated. I took a true breath of air instead of just a sip for the first time in so long...This is a new start. This is a fresh beginning."

Today, Myia is a homeowner and registered nurse pursuing her bachelor's degree. She raised her credit score and achieved the dreams she had since childhood.

Her family is looking forward to a bright future finally within reach. Now, Myia wants to share her experience to help other families facing homelessness build a brighter future.

"Bridge was an answered prayer," Myia said. "My next goal is to support someone else the way Bridge supported me. I want to give someone else that same opportunity I needed."
