# Here's what our valued partners say about us

R. Rowson

Head of Sixth Form, QUEST Trust ★★★★★

We have been working with Eximus Education to provide support for our GCSE English and Maths resit students within the sixth form. M is very hands on with her approach to ensuring the students are present and making the most of the sessions. She is proactive in sending emails to the students and parents to remind them of session timings and is in contact with staff regularly. The lessons are well-resourced, with homework set by the tutors each week which students find beneficial.

Dr. Lucas

Vice Principal, Academies Enterprise Trust ★★★★★

Excellent experience with Eximus.  
The students enjoyed the sessions.

S. Hussain ★★★★★

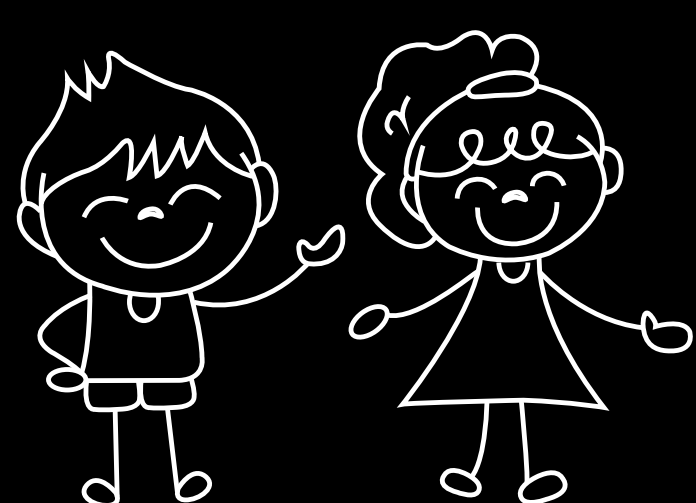

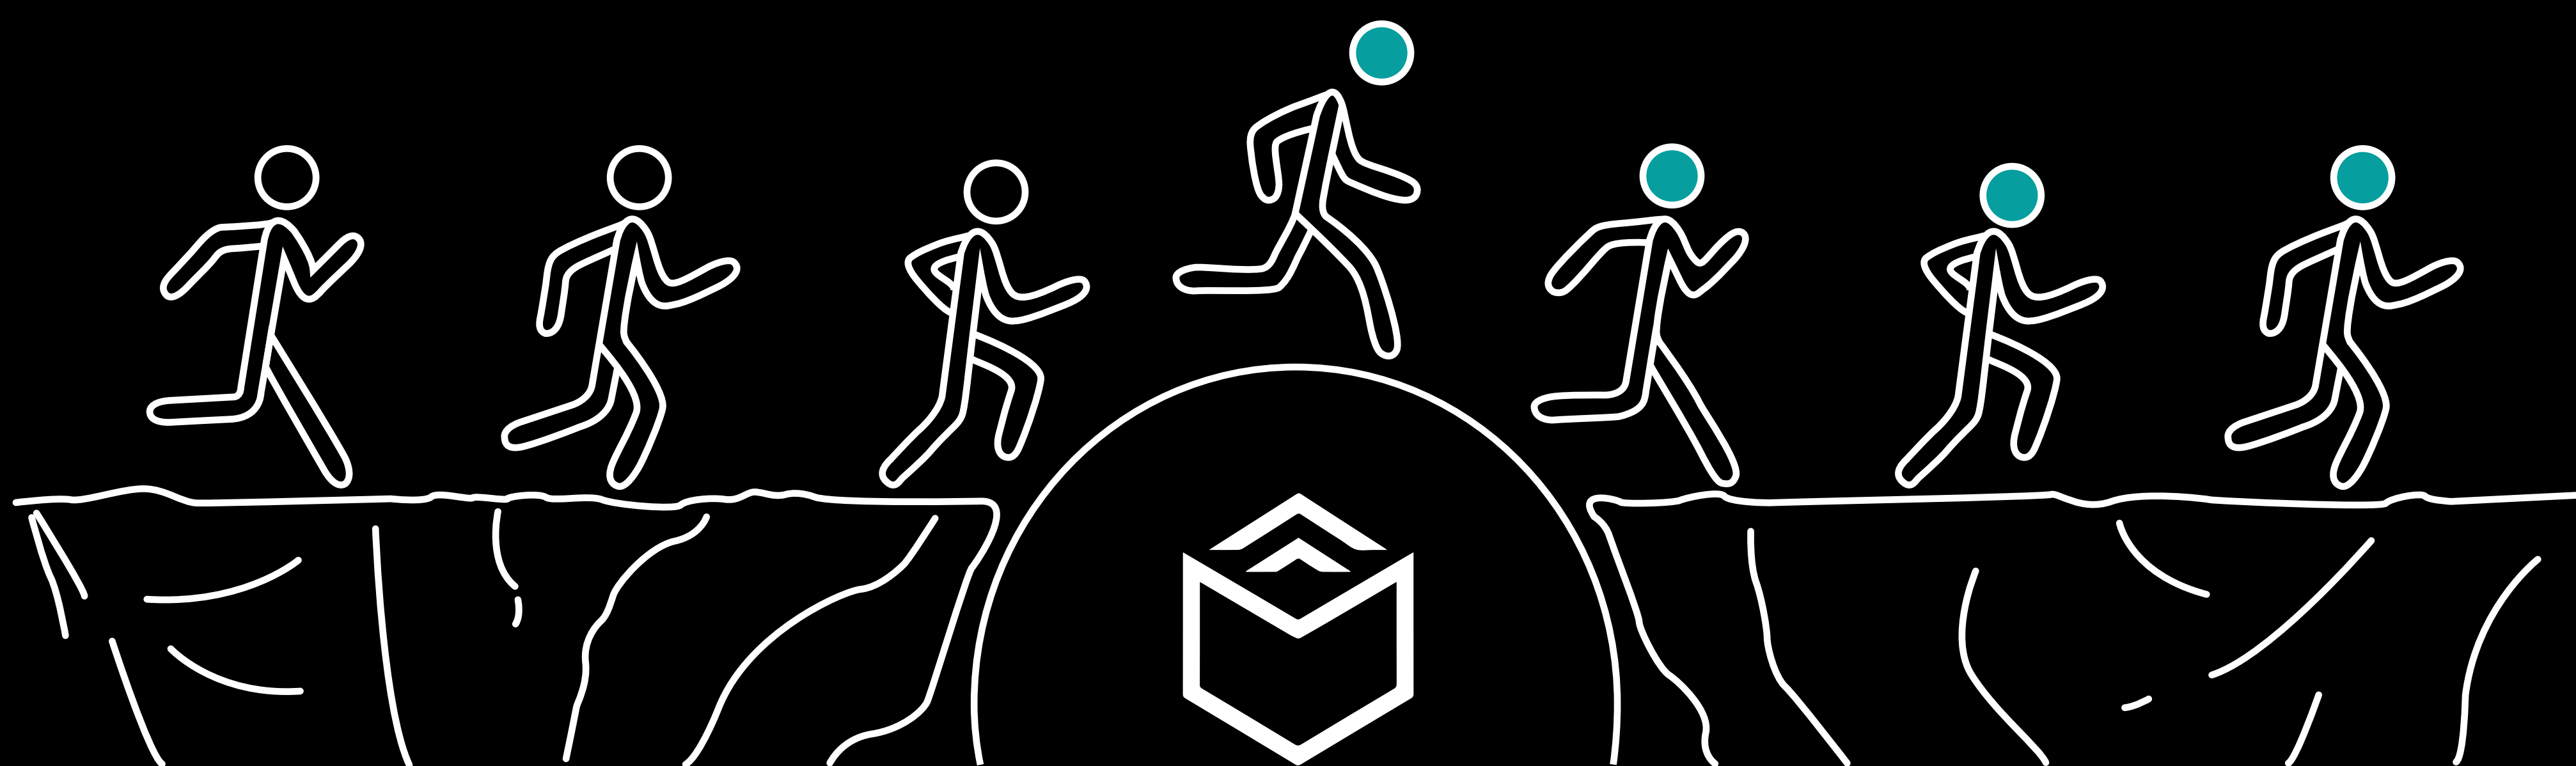

My children are really enjoying their lessons. The management has fine selected the tutors that work full-time with the company. That gives them flexibility to be hands on with tuition amongst students and also be extremely competitive in price.

N. Akbani ★★★★★

I believe it's a great platform for students to take help from extremely competent and very helpful teachers who are always there to support and guide them.
