

Quarters

Specification

BISLEY

Developed to provide a haven away from the hustle and bustle of a busy workplace, Quarters booths create a secluded space for individual focused work, a private place to take a call, or a cosy, comfortable meeting space for creative collaboration.

Having an inclusive, light space, where you can also store your belongings is vital for wellbeing. The specialised sound dampening panels envelop the storage component, so individuals are always connected to the hubbub of the office but have a buffer – a tranquil and relaxing retreat to work in, whether alone or in groups. Uniquely designed with storage embedded for easy access, Quarters ensures that all your belongings are tucked safely away within the booths while you work.

Features & Benefits

Acoustics - The outer panels are available in two heights for partial or complete privacy. Sturdy MDF panel cores are surrounded by acoustic and upholstery foam, tested to BE EN ISO 354:2003 Equivalent Sound Adsorption Area and Object Sound Absorption Coefficient.

Optional USB - Optional USB type A and C power is available under the seat and at the tabletop height.

Fabric choices - There is a huge range of over 400 panel and soft seating fabrics to choose from.

Security - Choose from a variety of locking solutions for the storage element including digital, RFID, key and combination locks.

Storage - Quarters has been designed to house many of our traditional storage systems including our premium personal storage lockers.

Customise your space - There is a breadth of finishes, storage options and accessories to create a unique Quarters for your workspace. Plus choose from seated or standing height desks, or soft bench seating within each booth.

Range Overview

Meeting Booths

These multifunctional two, four and six person booths encourage collaboration whilst providing a subtle buffer to the rest of the office.

Below is just a selection of meeting booth options.

Double Booths

As the office becomes a hub for collaboration, Quarters double booths provide practical space for ideas and co-working. Keeping the agile worker in mind, the unique storage element delivers flexibility and peace of mind.

Choose from soft bench seating or sitting and standing height desks, plus an array of storage options

Single Booths

When you need to focus, Quarters single booths provide a private, quiet space with everything you need for maximum productivity. With embedded storage for easy access, power and acoustic panels, concentrated work becomes easy within a bustling office environment.

Specification Notes

All Quarters booths have an open space to the rear suitable for Bisley storage.

Quarters can accommodate any of our storage solutions available in 800mm (31.5”), 1000mm (39.4”), 1600mm (63”) or 2000mm (78.7”) wide. There is a huge array of options, meaning you can choose the type of storage to best suit your needs. Whether that’s personal storage cupboards or drawers, finished in wood or steel.

Power options:

We recommend a minimum of one power module to be ordered with each Quarters booth.

All power modules come with a three pin plug and twin USB as standard. Please ensure the correct code is ordered for the application (either table mounted or under seat).

The power codes listed are for UK power, for alternative power options please replace the last two characters in the code listed with the relevant code below:

For **US** power, swap '**UK**' at the end of the code listed for '**US**'

For **EU** power, swap '**UK**' at the end of the code listed for '**EU**'

For example:

QBPOWERS**UK** becomes QBPOWERSE**EU**

Please note: One fabric zip up cable tidy will be provided per booth.

Finish options:

Fabric options:

Quarters booths are available in the below fabric ranges:

- Band two = Abbotsford Classic Melton, Camira Mainline Flax
- Band three = Camira Blazer, Synergy and Penta
- Band four = Kvadrat field
- Band five = Kvadrat atals, Camira Yoredale
- Band six = Camira Revolution
- Band seven = Kvadrat steelcut 3 and trio

Please note: If you would like to pick one band for the screens and another band for the seating, pricing will be calculated using the higher of the two bands.

Table top options:

All Quarters tables are listed based on the our palette one wood finishes, all other finishes may incur a surcharge.

Please note: Table leg and brackets will always be black

Optional extras:

Accessories

There are a range of accessories available for Quarters booths.

Please note: Mosaic hanging panels are compatible with the Mosaic hanging accessories, which must be purchased separately.

Each Quarters accessory will require either one or two Quarters Hooks, which must be purchased separately. Please ensure that you order the correct number required.

BISLEY
