Drinking Systems

Hydro+

Hydro+ turns your tap water into alkaline water (9.5+ pH) and hydrogen-rich water with an ORP of -100 to -300, supporting hydration, wellness, and healthier skin, while improving cooking and protecting your plumbing and appliances.

AlkaPlatinum

Alkaline water with a 9.5+ pH helps neutralize body acidity, improve hydration, support wellness, and offers a clean, smooth taste.

Pure

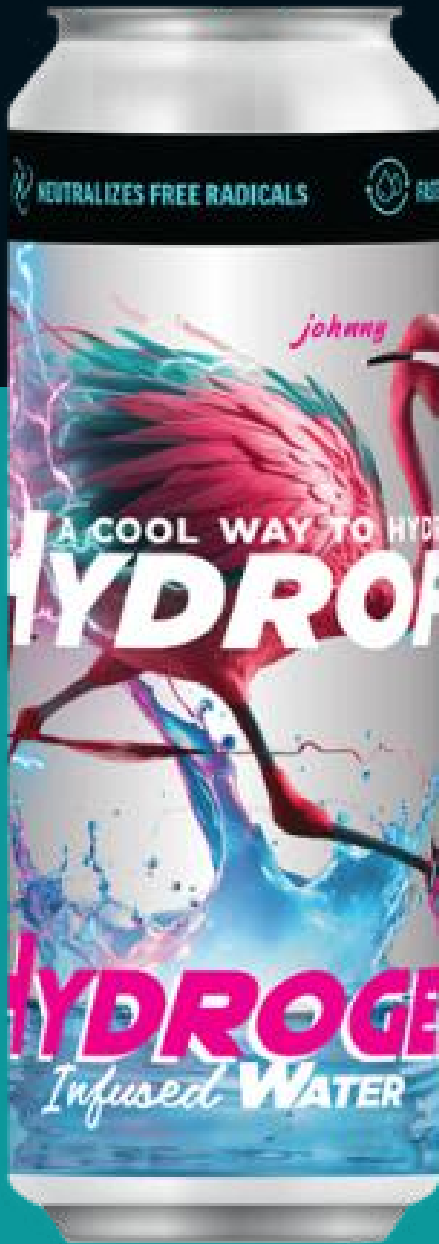

A reverse osmosis system removes contaminants like heavy metals and chlorine, giving you cleaner, safer, and better-tasting water while supporting overall health.
