LITERACY IMPROVES LIVES

United Way Southwest Louisiana Literacy Kits inspire a love for reading in the children who receive them and the freedom of creativity in the dedicated volunteers who assemble them.

A Literacy Kit includes a book, related volunteer-designed props, and other activities to make reading interactive. Bringing books to life for children makes reading more fun, ensuring they're more likely to spend more time with the book.

United Way Southwest Louisiana Literacy Kits are designed for one-on-one situations or with small groups of children at schools or childcare centers.
