The world of SUNS

SUNS creates outdoor furniture with a clear focus on comfort, quality and modern elegance.

Each SUNS design is created to elevate everyday living, transforming outdoor spaces into calm and luxurious places to unwind. Through refined materials and timeless design, SUNS creates an atmosphere of effortless elegance and comfort.

Rooted in Dutch design values and shaped by a family heritage of craftsmanship, SUNS represents quality passed down through generations. This tradition forms the foundation of a collection where design expertise and continuous innovation come together, offering a refined perspective on outdoor living.

The designs connect naturally with contemporary interior design, allowing indoor and outdoor living to flow seamlessly into one harmonious environment. The result is a lifestyle defined by serenity, functionality, and quiet luxury.

Designs that define SUNS

SUNS designs every piece in-house, shaped with refined aesthetics and intelligent detail.

Our design studio is where ideas take shape and outdoor living is refined with intention. Every line and material is considered to create furniture that feels balanced and elegant.

We continuously innovate by developing new fabrics and anticipating evolving preferences, introducing aluminium variations alongside our established teak designs and refining the ropework that has become a defining hallmark of SUNS. Each piece reflects our dedication to craftsmanship and forward-thinking, bringing lasting quality to every outdoor space.

You Create

Our modular elements let you design a lounge set that feels unique to you. Simply mix the pieces you need to craft your perfect arrangement.

Where craftsmanship meets quality

Premium materials and dedicated craftsmanship come together in a way that honours tradition, ensures durability and defines refined outdoor living.

Every SUNS design is shaped through the skilled hands of craftsmen who understand the art of making. From the precision of hand-woven ropework to the natural beauty of certified teak, each material is chosen for its strength, comfort and lasting quality. We focus on durability in every detail using weather-resistant fabrics, thoughtful construction and materials that age with grace.

SUNS Experience Center

Visit a SUNS Experience Center to explore our collection with expert guidance and immersive, one-on-one advice for your outdoor project.

A SUNS Experience Center offers the chance to see, feel and understand our designs up close. You can view complete setups, feel materials and explore options that match your style. Our specialists provide personalised guidance and help translate your preferences into a tailored outdoor concept. Each visit offers clarity, inspiration and a sense of ease.

Global presence

SUNS is present through a carefully selected network of Experience Centers, retailers and partners. At SUNS Experience Centers and selected retailers, you can experience our collection, explore materials and receive personalised guidance for your outdoor space. Alongside this, SUNS collaborates with architects and project partners who integrate our designs into refined residential and hospitality projects, extending the SUNS philosophy into tailored outdoor concepts.

Fabric

Pebble desert bouclé

Softly woven in a subtle mix of textures, this fabric in a neutral sand tone exudes modern sophistication. Its layered weaves add depth and a relaxed sense of style, blending trendiness with timeless appeal.

Rope

Clouded rope

Thick and luxuriously soft, this rope in a warm sand tone is beautifully woven to combine texture and comfort. Its substantial feel adds a sense of quality and thoughtful design.

Frame

Aluminium | bronze

Bronze aluminium with a subtle sparkle catches the light beautifully, revealing a new facet from every angle. Its rich metallic tone adds a touch of luxury to every design piece.

Tabletop

Sintered stone | bronze

This bronze sintered stone tabletop pairs perfectly with bronze aluminium, its subtle stone texture adding depth and character.

Stockholm
Sofa set

A man in a white shirt with black floral patterns and light-colored trousers is sitting on a modern, curved outdoor sofa. He is barefoot and looking towards the right. The sofa is on a wooden deck with a herringbone pattern. In front of him is a small, round, white coffee table with a gold-colored vase. To his right is a modern, white armchair. The background features a brick building with arched windows and a large tree with autumn-colored leaves. The scene is viewed through a large glass window with a black frame.

SUNS had the privilege of shaping the outdoor space of Sam Feldt's Amsterdam home. A quiet place to unwind, it offers him a moment of calm away from the energy of touring and performances.

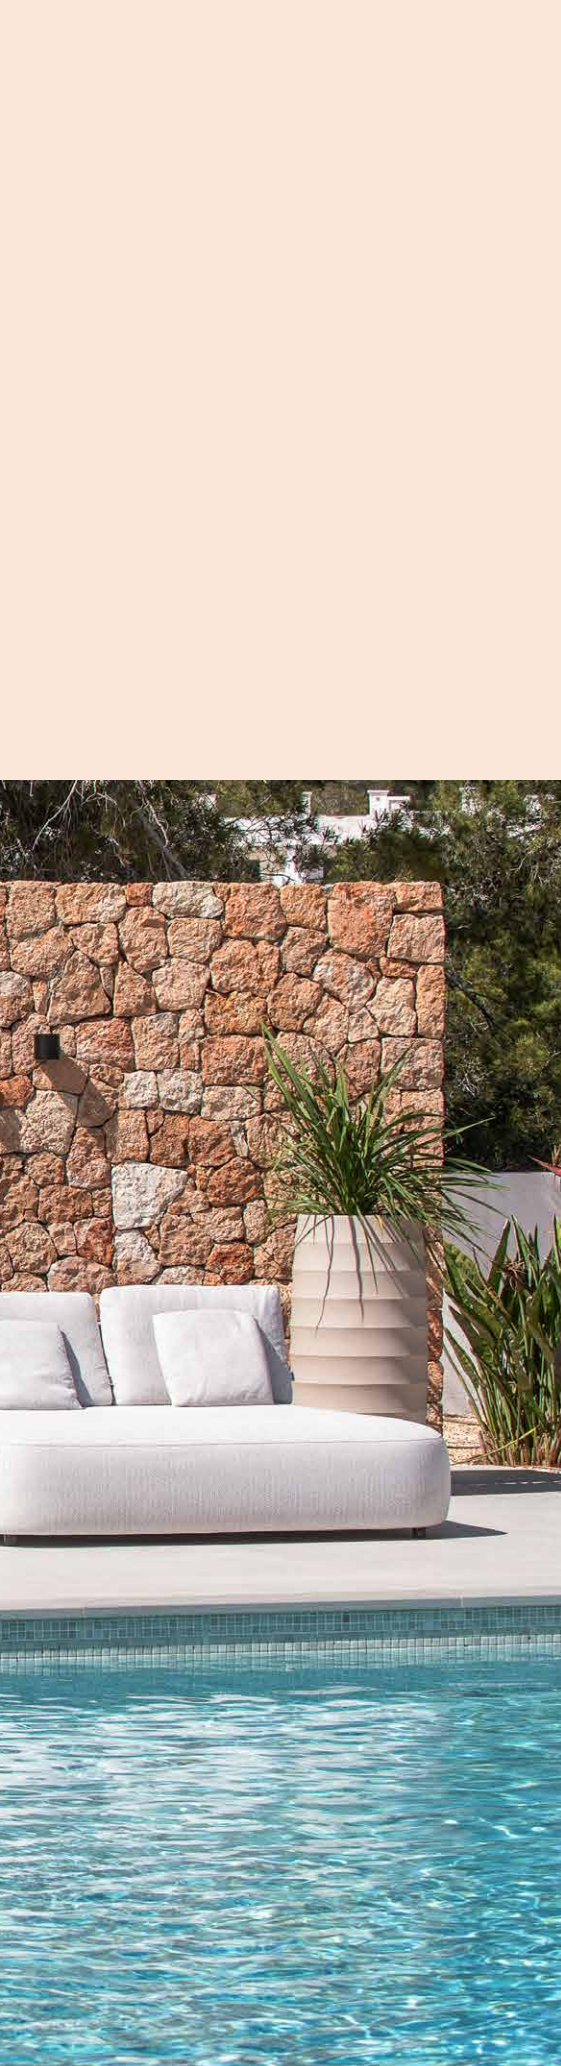

Light, calm, natural elegance

Ibiza, Spain

Set in the bright calm of Ibiza, this garden reflects refined outdoor living. Natural textures, soft tones, and warm stone surfaces blend effortlessly with the landscape. Sunlight fills the open space, creating a clean, serene atmosphere. Relaxed yet sophisticated, the garden is shaped by organic forms and a light, natural palette.

ByLotte

A quiet escape from the city

Working together with SUNS, Lotte transformed her city garden into an inviting outdoor retreat shaped by her refined sense of style. Warm tones, elegant silhouettes and thoughtful material choices come together to create a space that feels serene and effortlessly luxurious.

It is an outdoor setting that brings a hint of the South of France into the heart of Eindhoven, reflecting her love for design, texture and comfort. Whether enjoying quiet moments with her family or hosting long summer evenings with friends, the space offers a feeling of escape within the city.

Anouk & Edwin

Time to unwind

At the waterside home of Anouk and Edwin Smulders, modern design settles into classic elegance. The veranda captures the warmth of long summer days. A place to sit back, share meals and enjoy unhurried moments together. Elsewhere in the garden, the sofa sets create a calm retreat. Designed for comfort, made for unwinding when the day comes to an end.

Luxurious garden

The Netherlands

The garden features premium SUNS furniture, creating ideal relaxation spots year-round. Around the pool, seating areas are designed for sunbathing, while the outdoor room offers a cozy, sheltered retreat in winter. This outdoor space is perfect for every season and occasion.

Protect

Keep your favorites looking their best

Cover – the ultimate protection

Your outdoor furniture deserves protection that matches its quality. SUNS covers combine durable canvas with a breathable, dirt-repellent finish to safeguard every detail. Each design fits perfectly, preserving shape and beauty throughout the year. Easy to handle and built for longevity, they keep your outdoor space effortlessly refined.

Cushions

Water-repellent fabric

At SUNS, we know outdoor cushions need to stand up to unexpected weather. That's why every cushion in our collection is crafted with water-repellent fabric, designed to keep your outdoor setup looking its best, rain or shine. For our fabrics, we exclusively use premium textile fabrics such as acrylic and olefin.

Textile

Innovation in weather-resistance

SUNS uses premium fabric for its outstanding qualities, designed to thrive outdoors. This high-quality textile resists weather, fading, wear, and UV exposure, staying beautiful and comfortable season after season. Easy to clean and maintain, it's made to keep your outdoor space effortlessly stylish.

Core

Rapid drying technology

At SUNS, comfort and durability come together with our Fast Dry Foam technology. Designed with a spacious cell structure, this innovative core allows rainwater to flow through the cushions effortlessly, promoting quick drying and refreshing air circulation. Built to be weatherproof, these rapid-drying cushions stay ready for use all year long, inviting you to enjoy your outdoor space whenever you please.

Rope

Premium quality

Next to its elegant looks, ropework made from premium quality offers excellent outdoor properties. We use premium quality ropes in our furniture. The ropes are strong, durable, weatherproof, colorfast, easy to clean and dry quickly. Thanks to its tight weaving, ropework seats offer a pleasant sitting comfort.

Teak

The finest type of wood

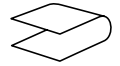

Strong, durable, maintenance-free and extremely weather-resistant. Teak is probably the finest type of wood available. Aging nicely in warm grey tones. What beauty nature brings! SUNS works exclusively with certified teak, originating from controlled plantations in a.o. Indonesia. Our craftsmen combine traditional workmanship, passion and cutting edge process techniques to create furniture of excellent quality and looks.

Aluminium

Industrial quality

Built for strength and designed to last, aluminium is the perfect material for outdoor living. With a thickness of 1.5 mm above industry average, our aluminium frames offer enhanced stability and strength. Each piece is double-coated, ensuring long-lasting weather resistance and an elegant finish that remains attractive season after season.

Neolith®

Nature meets innovation

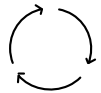

Neolith® is crafted from 100% natural raw materials, combining sustainability with durability. Through advanced sintering and high-pressure technology, it becomes a dense and scratch-resistant surface that withstands all weather conditions – from UV rays and moisture to extreme temperatures. Perfect for tabletops Neolith® retains its sleek appearance year after year.

PET

Recycled plastic bottles

SUNS embraces circular design with our PET line, using recycled plastic bottles to create high-quality outdoor and indoor essentials. Through an innovative process, these bottles are transformed into fibers for cushions, poufs, and rugs. The result is a fabric that feels soft yet stands up to weather and water, offering lasting quality and comfort.

A brief history

From heritage to modern outdoor lifestyle

A brief journey through 12.5 years of milestones. Yet, the story began long before that. With deep roots in garden furniture and entrepreneurship, this legacy is woven into the brand's DNA—a tradition shaped by family history.

Family History

Founder - 1972

SUNS founder Patrick van Rhiene comes from a long line of garden furniture entrepreneurs. His grandfather, Ad van Rhiene, father and uncle, Ad and Alfons, were pioneers in the industry. Innovation has always been at the core of the family's business.

1980 - Revolution

In 1980, the family's brand Jardin revolutionized the market by introducing the first fully plastic garden chair, a groundbreaking design that replaced traditional metal and wood frames. This innovation, mass-produced through injection molding, set the stage for a new era of outdoor furniture.

SUNS History

Private label - **2009**

SUNS began as Sunsit, producing private label garden furniture and laying the foundation for quality and innovation.

2013 - Trendsetter

SUNS debuted at Spoga+gafa with standout design and craftsmanship. The brand quickly became a trendsetter with its motto, “Sharing the sun together.” It also introduced the Ferro lounge set with Mix & Match personalization.

Customer driven - **2018**

SUNS shifted to a customer-driven outdoor style and has seen success with influencer collaborations. Its You Create collection offers modular lounge and sofa sets for full customization.

2020 - Outdoor lifestyle

SUNS has evolved into a global outdoor lifestyle brand. It brings indoor-style sophistication to outdoor living, offering solar lights, vases, poufs, rugs, trays, and elegant gazebos.

SUNS Brand Experience - **2025**

SUNS differentiates itself from traditional garden furniture brands. It has opened global Experience Centers for immersive brand engagement and blends its heritage with modern outdoor lifestyle trends.

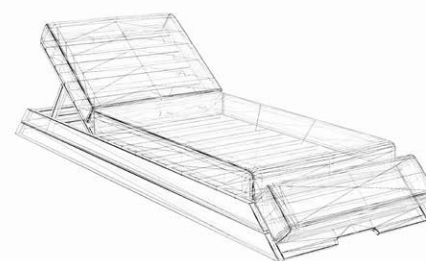

Project design

Stylish solutions for outdoor spaces

SUNS works with designers, landscape architects and hospitality professionals to create outdoor spaces that feel refined and inviting. Through a considered balance of style and comfort, our furniture elevates every setting with quiet sophistication. With timeless designs and durable materials, SUNS ensures elegance that endures year after year.

Design your project easily with the 3D models from SUNS

Discover the SUNS 3D models for Sketchup

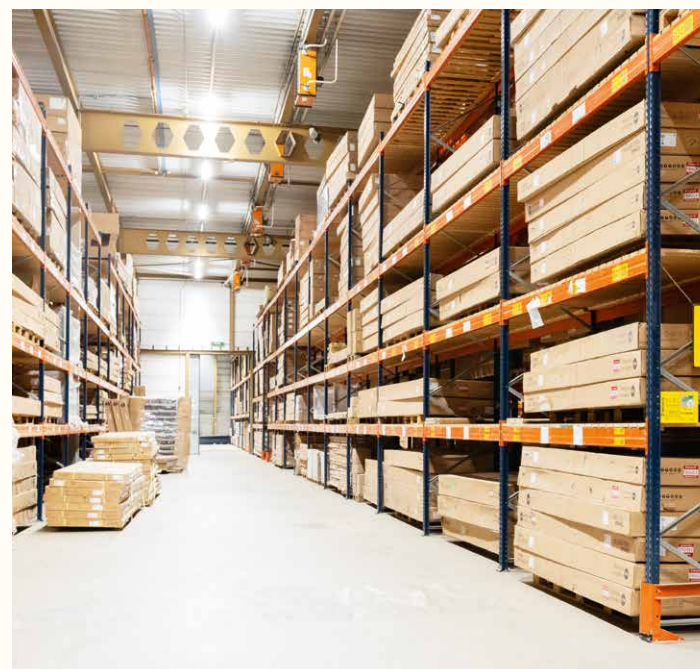

A place to slow down

The Netherlands

Designed by SUNS, this outdoor space brings dining, lounging and sunbathing together in an effortless way. Gentle lines and a soft, welcoming atmosphere make every moment feel unrushed.

Our core values

SUNS, a brand of Sunsit

Design, sustainability and availability define everything we create. At SUNS, our in-house designs blend craftsmanship with innovation, shaping outdoor furniture that is refined, timeless and distinctly our own. Our commitment to sustainability and reliable product availability ensures lasting quality, season after season.

Design

Every SUNS piece is designed in-house, giving each product a unique and thoughtful character. Our designers focus on original forms, refined details and enduring craftsmanship, creating furniture that feels both modern and timeless.

Sustainability

We are dedicated to responsible practices. By innovating with eco-conscious materials, durable constructions and solar-powered facilities, we reduce our environmental footprint while maintaining the high standards expected from SUNS.

Product availability

We keep our collection consistently available through efficient stock management and close support for our dealers. This ensures smooth ordering, reliable delivery and a seamless experience for every customer.
