Access Netflix, YouTube, Google Assistant, TV and more from dedicated buttons.

IN TODAY'S WORLD

cutting-edge technology isn't just a perk — it's a necessity for consumers.

This highlights a crucial opportunity: TVs in hotel rooms can be a game changer.

Guests now expect smart TVs with seamless connectivity, advanced features, and stunning picture quality. Meet this demand with tailored solutions, and you can elevate the guest experience to stay competitive in the hospitality industry.

Several models boast Philips' key features, but the Philips MediaSuite takes the lead as the most complete solution on the market.

It's crafted to meet— and exceed— the rising demand for comfort, convenience, and top-tier tech in the hospitality industry.

KEY FEATURES

Integrated Netflix Access:

Stream effortlessly from the world's leading platform

Powered by Android:

Seamless performance with a familiar interface

Built-in Chromecast:

Replaces the need for a Chromecast-Dongle

Customizable User Interface:

Tailor the experience to your brand

Internet Protocol Television (IPTV):

Advanced connectivity for a modern viewing experience

Google Assistant Integration:

Voice control for ultimate convenience

CMND & Check-in Platform:

Personalize TVs remotely with ease, including names, languages spoken, billing or express checkout

59%

of respondents said that streaming services on guestroom TVs would most enhance their hotel experience.¹

Happy Guests, Great Reviews, Repeat Bookings

Satisfied guests who have everything they need at their fingertips, lead to better reviews, increased sales and repeat bookings— all powered by Philips MediaSuite.

Meet your guests expectations with these Smart TVs functionalities

DID YOU KNOW?

Netflix is the most popular streaming platform in the US with over 81 million subscribers!

Built-in Chromecast

Stream content from thousands of apps with a tap. Your guest's smart device becomes the remote— just hit the Chromecast icon and go!

Netflix certified and Integrated VOD Access

Philips MediaSuite offers seamless access to Netflix, Hulu, Disney+, and more— right from the TV. With a dedicated Netflix button on the remote, guests can dive into their favorite shows and movies instantly. Plus, their personal info is wiped clean at checkout, ensuring a secure and hassle-free experience.

Powered by Android

Philips professional TVs with Android are fast, versatile, and easy to use. With regular updates, this adaptable system keeps your technology ahead of the curve and in sync with the latest trends.

Bigger is Better

TVs are an essential part of daily life, with 50" screens in bedrooms and 65" screens in living rooms becoming the new standard. As guests become more tech-savvy, it's crucial to offer entertainment that matches— or even exceeds— their home setup.

Available TV Sizes:

43"

50"

55"

58"

65"

75"

Streamline your operations, allowing both your staff and management to benefit.

Boost your brand visibility effortlessly

Philips MediaSuite's customizable UI lets you incorporate your logo and colors into the search bar, reinforcing brand recognition while delivering a cohesive, branded experience for guests.

Simple steps to a heartfelt welcome

With CMND & Check-in, hotels can personalize the experience using individual details like name and preferred language. This system simplifies staff tasks while enhancing guest satisfaction— whether it's through personalized touches, a smoother billing process, or digital sales. Think QR codes for easy spa bookings, restaurant reservations, and tips.

THE BEST PART?

It's all a breeze—no extra tools, no hassle—everything's already built in and ready to go right on their TV!
