Crafting your light

Imagined in Latvia in 2015 by Līga and Mathieu, the Vassara lamps get their names from the Latvian word for “summer”. It’s from this season that they borrow not only a soft and warm light, but also poetic shadows they project onto your home, almost like magical lanterns.

To match your taste and illuminate all decoration styles, Vassara lamps are created on-demand, whether they are from our collection or entirely custom-made. Any combination of materials and colors is possible: your lamp can look futuristic in plexiglass and nylon, contemporary in natural wood and cotton, or more vintage in wood and pop colors. se.la.jouent.vintage.en.bois.et.fils.de.couleur.pop.
