

TEAMWEAR

2023 - 2024

Overview

Our Philosophy

ERIN: A brand for the determined and dedicated gymnastics athlete.

Women's gymnastics is about elegance in movement, artistry in motion, grace under pressure. However, before every glamorous performance in front of judges and fans, there is a backlog of days, weeks, months, and years of unwavering, focused hard work, of soul-shaking perseverance, of immense whole-hearted discipline.

We design and manufacture ERIN apparel so that gymnasts can practice, train, and condition with comfort and confidence. We design and manufacture ERIN teamwear so that the performance of every competitive team and every competitive individual will sparkle uniquely and shine memorably.

Our Mission

- To continuously perfect upon high-performance women's gymnastics apparel.
- To ardently celebrate, encourage and uplift the hard work of gymnasts everywhere.
- To consistently respect the environment and innovate in sustainability and eco-friendliness.

ERIN 4 The Planet

In 2021 we joined prAna's *Responsible Packaging Movement*. By 2023 we are proud to have phased out single-use plastic polybags for individually packaging apparel,

Next steps?

Exploring the use of recycled polyester fabrication!

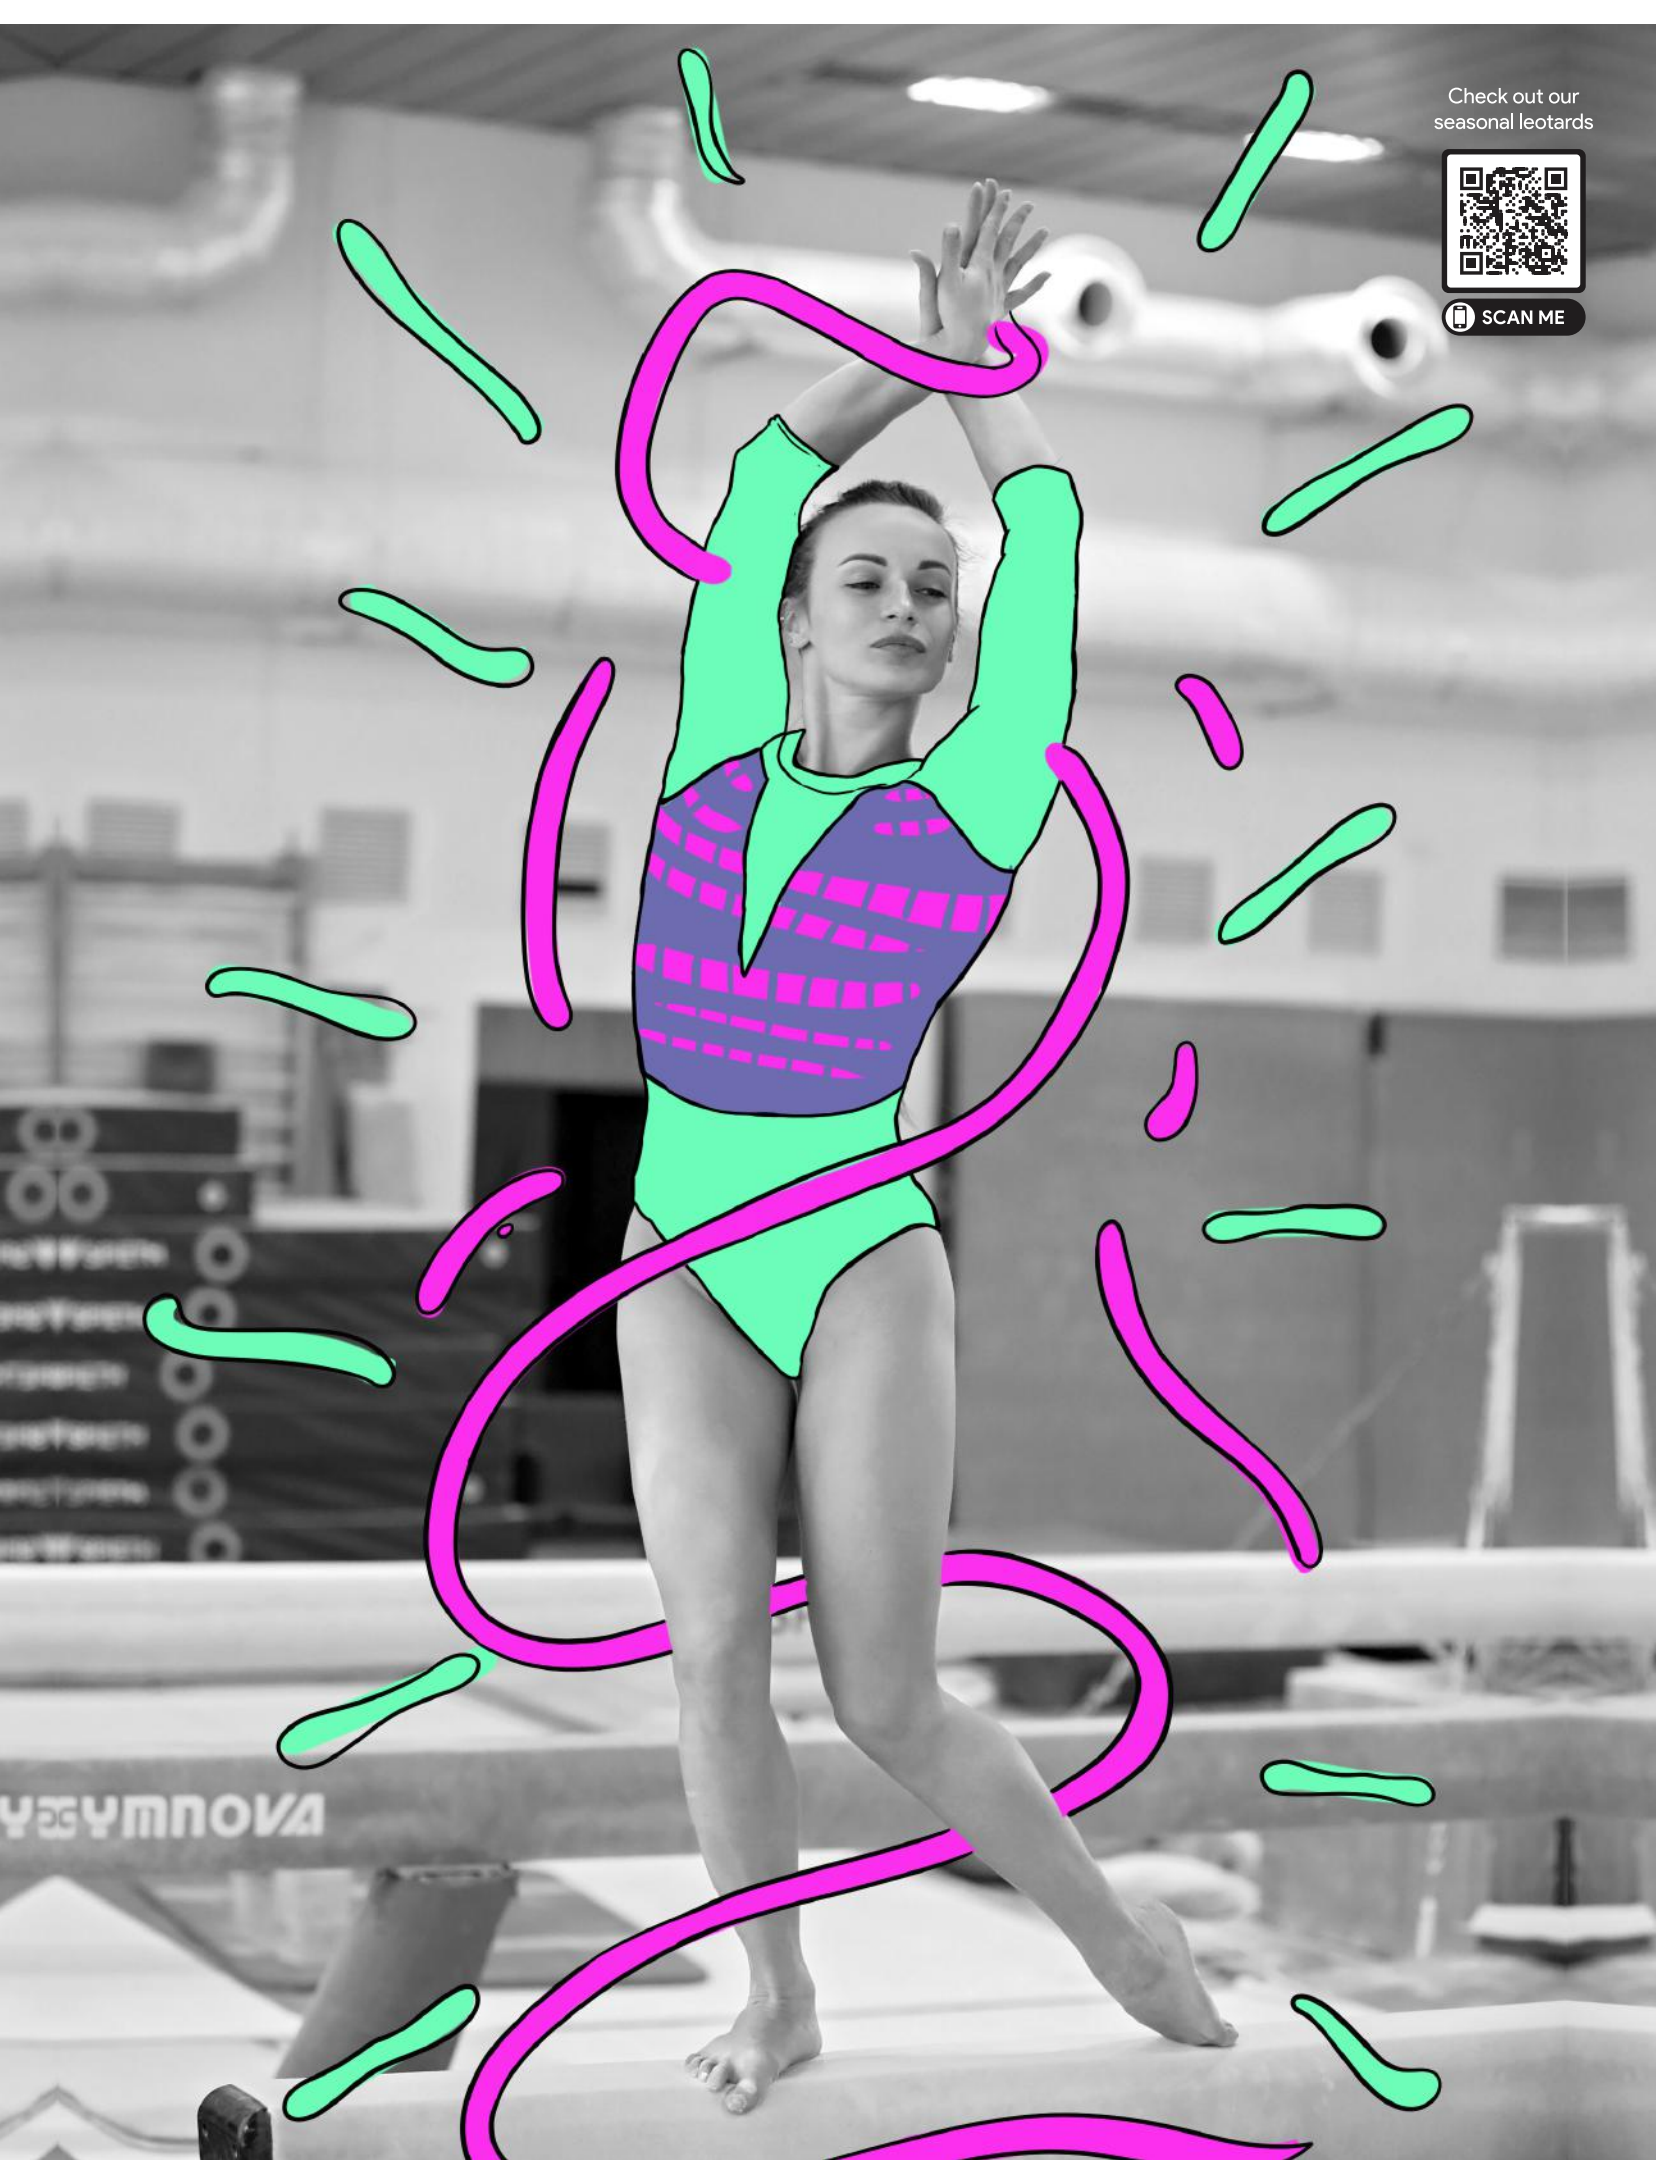

Join us on this journey in looking after planet Earth, after all, it is the only planet with gymnastics.

DESIGN STUDIO

If you've enjoyed this catalog, just wait until you've had a go on our online Design Studio!

Experience an open-ended design process wherein you can play with any of our standard options for warm-up sets, leotards for team training, and leotards for competition. Once you've arrived at solid ideas for looks you'd like to pursue, you can customize even further with signature prints, ombré effects, and unique stone requirements. Our product design specialists will help finish off your design process by making sure your teamwear is exactly what you've envisioned.

STONE STATION

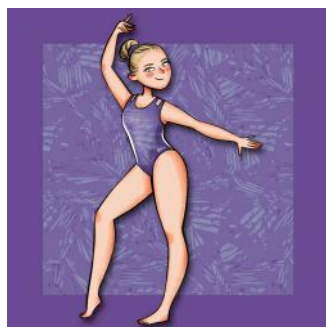

Shimmy into a shimmering style with ERIN!

Every gymnast steps into the competition arena desiring to bring forth their best performance and we are here to help make sure that your competition wear sparkles just as much as your team's showmanship.

From Premiere Korean to Swarovski Crystal rhinestones, we have options that fit all budgets beautifully.

Other options include choices of cut (round, rectangle, teardrop, triangle), color (a rainbow array), size (2mm-5mm), and the patterns of course.

Production time: 8 weeks
